RESOLVED

- (a) That the application be REFUSED for the following reasons:
1. The proposed residential development is unsustainable because it is located within the Open Countryside, where according to Policies PS8 and H6 of the adopted Congleton Borough Local Plan First Review 2005, there is a presumption against new residential development. Such development would be harmful to its open character and appearance, which in the absence of a need for the development should be protected for its own sake. The Local Planning Authority can demonstrate a 5 year supply of housing land supply in accordance with the National Planning Policy Framework. As such the application is also contrary to the emerging Development Strategy. Consequently, there are no material circumstances to indicate that permission should be granted contrary to the development plan.
 2. Visibility at the proposed access to the site from the A534 Spark Lane, is substandard and would result in an unacceptable impact in terms of road safety, contrary to Policy GR9 of the adopted Congleton Borough Local Plan First Review 2005 and the provisions of the National Planning Policy Framework.
 3. The proposed development, by virtue of its isolated location and dangerous walking environment along Spark Lane (A534), due to the lack of pavement on both sides of this 50 and 60 miles per hour speed limit road, would be car dependant and thereby comprises unsustainable development contrary to the National Planning Policy Framework.

4. The proposed conversion of the building referred to as The Stables, would involve significant extension of the building. As a result the proposal does not comply with the requirements of Policy BH15 of the adopted Congleton Borough Local Plan First Review 2005, which, inter-alia, states that the conversion of rural buildings will only be allowed if the building is permanent and substantial and would not require extensive alteration, rebuilding or extension.
5. Insufficient information has been submitted with the application relating to changes in levels in order to assess adequately the impact of the proposed development having regard to trees to be retained on the site. In the absence of this information, it has not been possible to demonstrate that the proposal would comply with Development Plan policies and other material considerations.
- (b) That, in order to give proper effect to the Committee's intentions and without changing the substance of the decision, authority be delegated to Planning and Place Shaping Manager, in consultation with the Chairman (or in her absence the Vice-Chairman of the Southern Planning Committee), to correct any technical slip or omission in the wording of the resolution, between approval of the minutes and issue of the decision notice.

The Committee considered a report regarding the above planning application and a written update.

Note: Mr C Bowen attended the meeting and addressed the Committee on behalf of the applicant.

The Committee considered a report regarding the above planning application and a written update.

The proposed residential development is unsustainable because it is located within the Open Countryside, contrary to Policies PS8 and H6 of the Congleton Borough Adopted Local Plan First Review 2005 and the principles of the National Planning Policy Framework which seek to ensure development is directed to the right location and open countryside is protected from inappropriate development and maintained for future generations enjoyment and use. As such it and creates harm to interests of acknowledged importance. The Local Planning Authority can demonstrate a 5 year supply of housing land supply in accordance with the National Planning Policy Framework, consequently the application is premature to the emerging Development Strategy since there are no material circumstances to indicate that permission should be granted contrary to the development plan.

70 13/2901C - LAND ADJACENT TO MEADOW VIEW, 118 DUNNOCKSFOLD ROAD, ALSAGER, ST7 2TW: DEVELOPMENT OF 8 MARKET DWELLINGS ON LAND TO THE NORTH OF CLOSE LANE, ALSAGER FOR STEPHANIE HURSTFIELD

The Committee considered a report regarding the above planning application.

RESOLVED

(a) That the application be REFUSED for the following reason:

The proposed residential development is unsustainable because it is located within the Open Countryside on Grade 2 Agricultural Land, where according to Policies PS8 and H6 of the adopted Congleton Borough Replacement Local Plan 2005, there is a presumption against new residential development. Such development would be harmful to its open character and appearance, which in the absence of a need for the development should be protected for its own sake. The Local Planning Authority can demonstrate a 5 year supply of housing land supply in accordance with the National Planning Policy

Framework. As such the application is also contrary to the emerging Development Strategy. Consequently, there are no material circumstances to indicate that permission should be granted contrary to the development plan.

- (b) That, in the event of any changes being needed to the wording of the Committee's decision (such as to delete, vary or add conditions/informatives/planning obligations or reasons for approval/refusal) prior to the decision being issued, the Planning and Place Shaping Manager be granted delegated authority to do so in consultation with the Chairman of the Southern Planning Committee, provided that the changes do not exceed the substantive nature of the Committee's decision.

**76 FORTHCOMING APPEAL CONCERNING APPLICATION 12/3807C
(LAND ADJ TO ROSE COTTAGES, HOLMES CHAPEL RD,
SOMERFORD)**

Note: Mr A Lindsay (supporter) attended the meeting and addressed the Committee on this matter.

The Committee considered a report regarding a forthcoming planning appeal in respect of the site at land adjacent to Rose Cottages, Somerford. At the Southern Planning Committee meeting on 13 December 2012, application 12/3807C had been refused contrary to the planning officer's recommendation for approval.

Since 13 December, the Council had published its up-to-date Strategic Housing Land Availability Assessment (SHLAA), which demonstrated that the Council could demonstrate a five year housing land supply.

RESOLVED

1. That authority be delegated to the Southern Area Manager – Development Management to ensure that the committee's earlier decision remains, which delegated authority has been exercised in the manner set out at paragraph 3 below.
2. That the Council contests the appeal on the basis that the proposal, due to its remote location, isolated from shops, services, employment sites, schools and other facilities, coupled with its scale, which is not considered to be "limited infilling"; does not constitute sustainable development. Given that the Authority can demonstrate a housing land supply in excess of 5 years, there is no need for the development, and the housing which it would provide could be accommodated elsewhere in a more sustainable location. The proposed development is therefore contrary to policies PS8 and H6 of the adopted Congleton Borough Local Plan First Review and the National Planning Policy Framework.
3. The Council maintains the reason for refusal specified by members on 13 December 2012 irrespective of the finding or otherwise of a Housing Land Supply of 5 or more years.
4. Additionally, given the Appeal is proceeding, to ensure appropriate provision of affordable housing and play space provision on site, that the Borough Solicitor be authorised to enter into a S106 Legal Agreement/ Unilateral Undertaking negotiations with the Applicants' legal representatives.

The meeting commenced at 1.00 pm and concluded at 7.00 pm

Councillor G Merry (Chairman)
