37 21/6364N - LAND OFF, CREWE ROAD, HASLINGTON: PROPOSAL TO CONSTRUCT 17 NO. APARTMENTS, WITH ASSOCIATED LANDSCAPING AND PARKING ON LAND FORMALLY KNOWN AS MEDICAL CENTRE LAND

Consideration was given to the above planning application.

The following attended the meeting and spoke on the application:
Councillor Steven Edgar (ward councillor) and Ms Victoria Welsh (agent).

Councillor S Hogben left the meeting during consideration of this application and did not return.

RESOLVED:

That the application be REFUSED for the following reasons:

- 1 the proposed development by reason of its height, scale and bulk would result in a development that would appear incongruous and jarring within the context of the wider two-storey development. Furthermore, the dense form of development which would be car-dominated with a lack of soft landscaping and amenity space for the future occupiers is due to an over-development of the site. The proposed development is a poor design that fails to take the opportunities available for improving the character and quality of the area and the way it functions. The proposed development is contrary to Policies SE1, SD1, SD2 AND SE4 of the Cheshire East Local Plan Strategy, GEN1 AND ENV5 of the Site Allocation and Development Policies Document, The Cheshire East Design Guide and the NPPF.
- 2 insufficient information has been provided to demonstrate that the proposed development would provide 30% affordable housing on site or a contribution in-lieu of affordable housing. As a result, the proposed development would not represent sustainable development and is contrary to Policy SC5 and IN2 of the Cheshire East Local Plan Strategy, the Housing Supplementary Planning Document and the NPPF.
- 3 Insufficient information has been provided in terms of the Finished Floor Levels of the proposed development together with a cross section for the adjacent drainage basin. As a result, it is not clear whether the development will be the subject of flood risk. The proposed development is contrary to Policy SE13 of the Cheshire East Local Plan Strategy, EN16 of the Site Allocations and Development Policies Document, Policy NE.20 of the Crewe and Nantwich Local Plan and the NPPF.

In order to give proper effect to the Southern Planning Committee's intent and without changing the substance of its decision, authority is delegated to the Planning and Enforcement Manager in consultation with the Chair (or in their absence the Vice Chair) to correct any technical slip or omission in the resolution before issue of the decision notice.

38 22/1550C - GLEBE FARM, PEEL LANE, ASTBURY, CHESHIRE, CW12 4RQ: PROPOSED SITING OF MINIATURE RAILWAY, ASSOCIATED STATIONS AND OVERFLOW CAR PARK AT GLEBE FARM, ASTBURY

Consideration was given to the above application.

The following attended the meeting and spoke on the application:
Aston and Moreton Parish Councillor Nick Sharman and Mr Henry Brown (agent).

RESOLVED:

That the application be REFUSED for the following reasons:

- 1 the proposed development is located within the Green Belt and in the opinion of the Local Planning Authority the proposed development does not preserve the openness of the Green Belt. No very special circumstances have been identified and planning permission should not be granted. The proposed development is therefore unacceptable in principle and conflicts with the NPPF, Cheshire East Local Plan Strategy Policy PG3 and saved Congleton Local Plan Policy PS7.
- 2 the application site is located within the open countryside/green belt. There are open views across the site from the highway network and public rights of way crossing the site. The development will result in an urban form of development which would be visible from the most sensitive receptors. Insufficient information has been submitted to enable a consideration of the landscape impact and limited landscape mitigation has been provided. The proposed development is contrary of Policies SD1, SD2 AND SE4 of the Cheshire East Local Plan Strategy, and P13 and P26 of the Astbury and Moreton Neighbourhood Plan and the NPPF.
- 3 There are a number of mature trees within the site. The application does not include an arboricultural impact assessment/topographic survey. In this respect the submission does not accord with BS5837:2012 Trees in relation to design, demolition and construction – Recommendations. Based on the information provided it is not possible to determine whether the proposed development could be accommodated on site whilst retaining the trees and hedgerows. There is insufficient information contained within this application and proposed development would not comply with Policy SE5 of the Cheshire East Local Plan Strategy, and P12 of the Astbury and Moreton Neighbourhood Plan and the NPPF.
- 4 The proposed development would result in less than substantial harm and fails to conserve or enhance the Conservation Area. The benefits of this scheme would not outweigh the identified harm. The proposed development fails to take the opportunities available for improving the character and quality of the area and is contrary to Policies SD1, SD2, SE1 and SE7 of the Cheshire East Local Plan Strategy, Policy BH9 of the Congleton Borough Local Plan, HER1 and HER3 of the Site Allocations and Development Plan Document, Policy P18 of the Astbury and Moreton Neighbourhood Plan and guidance contained within the NPPF.

In order to give proper effect to the Committee's intent and without changing the substance of its decision, authority is delegated to the Head of Development Management in consultation with the Chair (or in their

absence the Vice Chair) to correct any technical slip or omission in the resolution before the issue of the decision notice.
