Health & Wellbeing Board Lead:	Dr Matt Tyrer

Executive Summary

Is this report for:	Information <input type="checkbox"/>	Discussion <input type="checkbox"/>	Decision <input checked="" type="checkbox"/>
Why is the report being brought to the board?	The purpose of this report is to seek approval for the 2023/4 JSNA work programme.		
Please detail which, if any, of the Health & Wellbeing Strategy priorities this report relates to?	Creating a place that supports health and wellbeing for everyone living in Cheshire East <input type="checkbox"/> Improving the mental health and wellbeing of people living and working in Cheshire East <input type="checkbox"/> Enable more people to live well for longer <input type="checkbox"/> All of the above <input checked="" type="checkbox"/>		
Please detail which, if any, of the Health & Wellbeing Principles this report relates to?	Equality and Fairness <input checked="" type="checkbox"/> Accessibility <input checked="" type="checkbox"/> Integration <input checked="" type="checkbox"/> Quality <input type="checkbox"/> Sustainability <input checked="" type="checkbox"/> Safeguarding <input type="checkbox"/> All of the above <input type="checkbox"/>		
Key Actions for the Health & Wellbeing Board to address. Please state recommendations for action.	The Health and Wellbeing Board is asked to approve the 2023/24 JSNA work programme		
Has the report been considered at any other committee meeting of the Council/meeting of the CCG board/stakeholders?	This report has been considered by the Cheshire East Council Adults, Health and Integration Directorate Management Team, and the Cheshire East Council Corporate Leadership Team.		

<p>Has public, service user, patient feedback/consultation informed the recommendations of this report?</p>	<p>No</p>
<p>If recommendations are adopted, how will residents benefit? Detail benefits and reasons why they will benefit.</p>	<p>It is envisaged that adopting the JSNA recommendations will help to reduce inequalities and enhance existing work to improve overall health and wellbeing in Cheshire East.</p>

1 Report Summary

1.1 The purpose of report is to seek approval of the 2023/24 work programme:

- Special educational needs and disabilities (SEND) deep dive review
- Isolation deep dive review
- Care for older people deep dive review
- Macclesfield light touch review
- A lifestyle survey.

1.2 Health and Wellbeing Boards have a duty to produce JSNAs which are an in-depth assessment of the current and future health and social care needs. They are informed from a wide range of sources to produce recommendations for commissioners and partners to use to improve the overall health and wellbeing of residents of Cheshire East whilst looking to reduce inequalities.

2 Recommendations

2.1 The Health and Wellbeing Board is asked to approve the 2023/24 JSNA work programme.

3 Reasons for Recommendations

3.1 The 2023/24 work programme has been developed through a multi-stage, multi-partner consensus building approach.

3.2 Publishing updated JSNAs allow partners and commissioners to use up to date information, evidence and research when designing services in Cheshire East.

4 Impact on Health and Wellbeing Strategy Priorities

4.1 The production of the JSNA supports the four outcomes from the Health and Wellbeing Strategy 2023-28:

- Cheshire East is a place that supports good health and wellbeing for everyone.
- Our children and young people experience good physical and emotional health and wellbeing.
- The mental health and wellbeing of people living and working in Cheshire East is improved.
- That more people live and age well, remaining independent; and that their lives end with peace and dignity in their chosen place.

5 Background and Options

5.1 Health and Wellbeing Boards have a duty to produce Joint Strategic Needs Assessments (JSNA) for their area.

5.2 JSNAs are assessments of the current and future health and social care needs of the local community. These are needs that can be met either by the local authority or by the NHS. JSNAs are informed by a wide range of sources including research, evidence, local insight, and intelligence to help to improve outcomes and reduce inequalities. They also consider wider factors that impact on their community's health and wellbeing, produce recommendations, and identify where there is a lack of evidence or research.

5.3 The 2022/23 JSNA work programme is summarised at Appendix A. There has been a new approach to the development of a JSNA chapter over the course of this programme, which is to create three separate products designed for different audiences. They are as follows:

- A resident summary produced to be accessible for all audiences
- An executive summary which contains the key findings
- A full report which contains all the findings, link to the website location. The full report acts as a reference manual for informing strategic developments.

The executive summary and the full report are produced for planning and commissioning purposes.

5.4 The priorities for the 2023/24 JSNA programme were developed by the JSNA Steering Group through extensive consultation with stakeholders, during the 2022/23 year and particularly during January/February 2023. A poll was undertaken with the JSNA steering group and VCFSE partners which then informed a consensus building conversation and led to five priorities being identified.

5.5 They are:

- Special educational needs and disabilities (SEND) deep dive review
- Isolation deep dive review
- Care for older people deep dive review
- Macclesfield light touch review
- A lifestyle survey.

The SEND JSNA was a priority for the 2022/23 JSNA programme but due to system pressures, it has been re-allocated to the 2023/24 work programme.

5.6 There is a plan to evaluate the JSNA programme over the course of 2023/24. This will seek to understand how the new JSNA is received and how partners found the new approach to collaborative working. Evaluation will initially involve a survey. In addition, the JSNA website will be analysed to understand how many people are viewing the JSNA and which chapters are viewed the most. This will be used to inform the future development of the JSNA.

6 Access to Information

6.1 The background papers relating to this report can be inspected by contacting the report writer:
