

Equality Impact Assessment (EIA)

Engagement and our equality duty

Whilst [the Gunning Principles](#) set out the rules for consulting ‘everyone’, additional requirements are in place to avoid discrimination and inequality.

Cheshire East Council is required to comply with the Equality Act 2010 and the Public Sector Equality Duty. The Equality Act 2010 simplified previous anti-discrimination laws with a single piece of legislation. Within the Act, the Public Sector Equality Duty (Section 149) has three aims. It requires public bodies to have due regard to the need to:

- eliminate unlawful discrimination, harassment, victimisation and any other conduct prohibited by the Act, by consciously thinking about equality when making decisions (such as in developing policy, delivering services and commissioning from others)
- advance equality of opportunity between people who share a protected characteristic and people who do not share it, by removing disadvantages, meeting their specific needs, and encouraging their participation in public life.
- foster good relations between people who share a protected characteristic and people who do not.

The Equality Duty helps public bodies to deliver their overall objectives for public services, and as such should be approached as a positive opportunity to support good decision-making.

It encourages public bodies to understand how different people will be affected by their activities so that policies and services are appropriate and accessible to all and meet different people’s needs. By understanding the effect of their activities on different people, and how inclusive public services can support and open up people’s opportunities, public bodies are better placed to deliver policies and services that are efficient and effective.

Complying with the Equality Duty may involve treating some people better than others, as far as this is allowed by discrimination law. For example, it may involve providing a service in a way which is appropriate for people who share a protected characteristic, such as providing computer training to all people to help them access information and services.

The Equality Act identifies nine 'protected characteristics' and makes it a legal requirement to make sure that people with these characteristics are protected from discrimination:

- Age
- Disability
- Gender reassignment
- Marriage and civil partnerships
- Pregnancy and maternity
- Race
- Religion or belief
- Sex
- Sexual orientation

Applying the equality duty to engagement

If you are developing a new policy, strategy or programme you may need to carry out an Equality Impact Assessment. You may be able to ascertain the impact of your proposal on different characteristics through desk-based research and learning from similar programmes, but you also need to carry out some primary research and engagement. People with protected characteristics are often described as ‘hard to reach’ but you will find everyone can be reached – you just need to tailor your approach, so it is accessible for them.

Contacting the [Equality and Diversity mailbox](#) will help you to understand how you can gain insight as to the impacts of your proposals and will ensure that you help the Council to comply with the Equality Act 2010 and the Public Sector Equality Duty.

The actions taken included:

- Introducing a rubble/construction waste charge that has resulted in total throughput at sites dropping by 25%
- Enabling sites to accept small trader waste.
- Introducing a digital permit scheme for vans/commercial vehicles.

There are now 7 Household Waste Recycling Centres [HWRC] within Cheshire East:

- Alsager, off Hassall Road, Alsager ST7 2SJ

The current contract for the operation and management of the HWRCs was awarded to HW Martin, in February 2008. The Contract has now been novated to Ansa Environmental Services.

The end date of the existing contract was March 2023. A decision has been taken to extend the current contract for 18 months beyond its term expiry, placing a target for a new contract arrangement to be in place for end of 2024.

CEC will procure this new contract (Environmental Services as lead) with ANSA appointed as the managing agent.
