**Supplementary Revenue Estimate and  
Supplementary Capital Estimate (First  
Financial Review 2023/24)**

---

**Report of: Alex Thompson – Director of Finance and Customer  
Services – Section 151 Officer**

**Report Reference No: [To be provided by Democratic Services]**

**Ward(s) Affected: Not Applicable**

### **Purpose of Report**

- 1 This report seeks approval from Council for a supplementary revenue estimate and a supplementary capital estimate as part of the forecast outturn reporting for the financial year 2023/24. These items were noted by the Corporate Policy Committee on 5<sup>th</sup> October 2023.
- 2 The report supports the Council's vision to be an open Council as set out in the Corporate Plan 2021 to 2025. In particular, the priorities for being an open and enabling organisation, and ensuring that there is transparency in all aspects of Council decision making.

### **Executive Summary**

- 3 Council is being asked to approve increased expenditure related to one fully funded supplementary revenue estimate and one fully funded supplementary capital estimate. The transactions form a part of the First Financial Review 2023/24 report presented to Corporate Policy Committee on 5<sup>th</sup> October 2023.
- 4 Both the supplementary revenue estimate and the supplementary capital estimate relate to expenditure budget for grants that are in addition to those grants approved in the MTFs report in February 2023.

- 5 The supplementary revenue estimate is for the Bus Service Improvement Plan+ (BSIP+), which is a new grant from the Department for Transport, and the supplementary capital estimate relates to a grant award from Active Travel England, following a bidding process.

## RECOMMENDATIONS

The Council is recommended to:

1. Approve the fully funded Supplementary Revenue Estimate over £1,000,000 as detailed in **Appendix 1**.
2. Approve the fully funded Supplementary Capital Estimate over £1,000,000 as detailed in **Appendix 1**.

## Background

- 6 The budget and policy framework sets out rules for managing the Council's financial affairs and contains the financial limits that apply in various parts of the Constitution. As part of sound financial management and to comply with the Constitution any changes to the budgets agreed by Council in the MTFS require approval in line with the financial limits within the Finance Procedure Rules.

## Consultation and Engagement

- 7 As part of the budget setting process the Pre-Budget Consultation provided an opportunity for interested parties to review and comment on the Council's Budget proposals. The budget proposals described in the consultation document were Council-wide proposals and that consultation was invited on the broad budget proposals. Where the implications of individual proposals were much wider for individuals affected by each proposal, further full and proper consultation was undertaken with people who would potentially be affected by individual budget proposals.

## Reasons for Recommendations

- 8 The Council monitors in-year performance through a reporting cycle, which includes outturn reporting at year-end. Reports during the year reflect financial and operational performance and provide the opportunity for Members to consider, approve or recommend changes in line with the Council's Financial Procedure Rules.

- 9 The overall process for managing the Council's resources focuses on value for money and good governance and stewardship. Financial changes that become necessary during the year are properly authorised and this report sets out those areas where any further approvals are now required.
- 10 This report provides strong links between the Council's statutory reporting requirements and the in-year monitoring processes for financial and non-financial management of resources.
