Since preparing the report for the Cabinet, Natural England has submitted its comments on the Habitats Regulations Assessment undertaken on the interim policy. Natural England is seeking additional clarification on the mitigation measures required to ensure that the policy does not impact on European Habitats Sites, and the following revision has been proposed to the justification to the policy:

#### **Recommendation 41: Amend paragraph 3.4 to read:**

The development of any greenfield sites adjacent to the settlement boundaries will be considered as exceptional development and will be required to be of a high design standard and deliver 35% of the development as affordable housing in accordance with the Interim Affordable Housing Policy. ***New development will also incorporate open space and community facilities in accordance with the relevant saved Local Plan policy and will aim to provide access to open space in line with relevant accessibility standards outlined within the Cheshire East Open Space Assessment.*** They will also be required to contribute towards the improvements to the strategic and local transport networks and public transport in and around Crewe. ***In order to safeguard European Sites in proximity to Crewe, any highway improvements to serve the new development will not be located within 300m of a European Site and where necessary will incorporate run-off interception measures.***

Natural England has also commented that the Regulations governing European Habitats should be updated to “the Conservation of Habitats and Special Regulations 2010”

#### **Recommendation 39 be revised to replace the “Conservation (Natural Habitats) Regulations 2007” with “Conservation of Habitats and Special Regulations 2010”**

**At its meeting on 8 February the Environment and Prosperity Scrutiny Committee approved the above amendments and the recommendations contained in this report.**
