# 1 Introduction

## Local Development Scheme

- 1.1 The Local Development Scheme (LDS) is a public statement of the Council's programme for the production of Local Development Documents (LDDs). It provides the starting point for local communities and stakeholders to find out what local planning policies relate to their area and outlines the timetable for the preparation of LDDs over a 3-year rolling period.
- 1.2 LDDs form the policy content of the Local Development Framework (LDF), and are defined as Development Plan Documents (DPDs), which are statutorily tested and Supplementary Planning Documents (SPDs) which are not statutory. The status of the LDDs, either DPDs or SPDs, is expressed in the Schedule of Proposed LDDs and the individual LDD profiles later in this document.
- 1.3 The Council have consulted with the Government Office for the North West in the development of the LDS, to ensure the timing of the examinations of the DPDs are appropriate.

## Local Government Reorganisation

- 1.4 In December 2007, the Secretary of State for Communities and Local Government (CLG) announced that there would be a reorganisation of local government in Cheshire from April 2009. Cheshire County Council and the six districts of Cheshire namely Chester, Ellesmere Port & Neston, Vale Royal, Macclesfield, Crewe & Nantwich and Congleton, will cease to exist and be replaced by two new unitary councils – Cheshire West and Chester (Cheshire County Council, Chester, Ellesmere Port & Neston and Vale Royal) and Cheshire East (Cheshire County Council, Congleton, Crewe & Nantwich and Macclesfield).
- 1.5 Local government reorganisation in Cheshire will radically affect the drawing up of development plans covering the area. All four councils which currently cover Cheshire East (Cheshire County Council, Congleton, Crewe & Nantwich and Macclesfield Borough Councils) will be abolished on 31<sup>st</sup> March 2009 and a new unitary authority established.
- 1.6 The new unitary authorities have been set up with the aim of streamlining and improving the delivery of local services, as well as promoting greater community involvement. The Unitary Authority will be facing challenges not only of its own in bringing together the four authorities, but also with respect to changes in the Planning Bill; new planning Regulations and guidance and the potential for joint working.

## Cheshire East in Context

- 1.7 Cheshire East has a population of 358,900 and an area of 116,638 hectares. In addition to 'Cheshire West and Chester' on the west, East Cheshire is bounded by the Manchester conurbation to the north, the Peak District

National Park to the east, and Stoke-on-Trent to the south. It contains the industrial town of Crewe, the old mill towns of Macclesfield, Bollington and Congleton, the market towns of Nantwich, Knutsford and Sandbach, the salt town of Middlewich, the commuter town of Wilmslow, as well as the smaller settlements of Alsager, Holmes Chapel and Poynton.

- 1.8 Cheshire East has quite diverse features and characteristics reflecting its location within the Cheshire Plain, but close to the Manchester City Region, the Potteries conurbation and the uplands of the Peak District.
- 1.9 Much of the northern part of the authority and a smaller area to the east lie within the Green Belt which is intended to prevent urban sprawl by keeping the land permanently open, in order to safeguard the countryside and to assist in the urban regeneration of the neighbouring Manchester City Region and the Potteries conurbation. Cheshire East also has a number of other designated areas where development is restricted, including the Jodrell Bank Consultation Zone, which restricts development near to the Radio Telescope. The map below highlights some of the key features within Cheshire East.
- 1.10 There are a number of issues within Cheshire East which will need to be considered within the LDF, these include:
  - Affordability of housing;
  - Supply and distribution of housing;
  - Regeneration of the town centres;
  - Maintaining viable rural communities;
  - Changes in education provision;
  - Facilities for children and young people;
  - Pockets of deprivation;
  - Reducing anti-social behaviour
  - Protection of the natural environment;
  - Achieving sustainable management of waste resources;
  - Enhancement of the historic environment;
  - An ageing population;
  - High dependency on the car;
  - Provision of national minerals such as silica sand and salt; and aggregates;
  - Provision of an appropriate range and variety of employment land;
  - Reducing worklessness and improved skills
  - Congestion on key transport routes;
  - Improving road safety
  - The availability of public transport;
  - Major developments, such as Manchester Airport; and
  - Climate change.

## 2 Local Development Framework

2.1 The local development framework is a collection of documents that will form the planning policy basis for the Cheshire East authority. This shown diagrammatically in Appendix 4 (Diagram 1).

2.2 The document that will make up the LDF are:

### **Local Development Scheme (LDS) (this document)**

2.3 This document provides the starting point to the preparation of the LDF the Government requires local planning authorities (LPAs) to submit a Local Development Scheme to the Secretary of State. The LDS will be a statutory project management plan for the preparation of the LDF covering at least three years.

### **Development Plan Documents (DPDs)**

2.4 Development Plan Documents (DPDs), together with the Regional Spatial Strategy (RSS), will form the statutory development plan for the Authority. DPDs must be in conformity with the RSS. They will be subject to independent assessment at an Examination by an Inspector, whose report will be binding.

2.5 DPDs include the following types:

**Core Strategy** – This sets out the vision for the area and the primary policies for meeting that vision together with housing and employment provisions in accordance with the Regional Spatial Strategy (RSS). It may also allocate strategic sites for development, which should be central to achievement of the strategy. National advice is that this document should be produced as a priority, in a timely and efficient manner.

**Site Specific Allocations** – this will set out the detailed policies and proposals to deliver and guide land allocated for specific purposes.

**Proposals Map** – This will be on an Ordnance Survey base. It will show area of protection and illustrate locations and identify sites for particular land uses and development proposals included in the adopted plan and set out the areas to which specific policies apply. Separate inset maps may also be included. The proposals map will be updated every time a DPD is adopted.

**Area Action Plans** – These may be used to provide a planning framework for areas of change and areas of conservation.

### **Supplementary Planning Documents (SPDs)**

2.6 Supplementary Planning Documents (SPDs) may cover a range of issues, both thematic and site specific, which may expand policy or provide further detail on policies in a DPD. They may take the form of design guides, area development briefs, master plans or issue-based documents which supplement policies in a DPD. SPDs will not be subject to independent examination and will not form part of the statutory Development Plan but

should be included in the LDF. They will be 'material considerations' in Development Control decisions.

### **Statement of Community Involvement (SCI)**

2.7 This will set out how the Council intends to achieve continuous community involvement in the preparation of Local Development Documents (LDDs) in their area.

### **Annual Monitoring Report (AMR)**

2.8 The Annual Monitoring Report (AMR) sets out progress in terms of producing LDDs and implementing policies. Monitoring performance of the LDF is a key requirement of government guidance on Development Plans. Continual monitoring of targets and indicators is essential to maintain progress and to ensure that development documents are delivering what they set out to achieve.

## 3 Purpose of the Local Development Scheme

### **Purpose of the Local Development Scheme**

3.1 This document is the Cheshire East Council's Scheme for the next three years and beyond. It sets out the rolling programme that the Cheshire East Council intends to follow in the production of its LDF. Its main purposes are:

- To inform the community and other partners of the LDDs that will make up the LDF for the area and the timescales they can expect for their preparation; and
- To establish the Council's priorities for the preparation of the LDDs and their associated work programmes, including information in relation to programme management and resources.

### **New PPS12 and Regulations**

3.2 A new planning policy statement (PPS) - PPS12 "Creating Strong Safe and Prosperous Communities through Local Spatial Planning" was published by Communities and Local Government (CLG) on 4<sup>th</sup> June 2008. It is accompanied by an online 'plan making manual' and a revised set of regulations governing LDF preparation. This new PPS and the 'plan-making manual' replace the old PPS 12 'Local Development Frameworks' and its companion guide 'Creating LDFs'. One of the key elements of this revised PPS is to present the 'tests of soundness' in a different and more simple way, rather than the previous 9 tests, DPDs now need to be 'justified', 'effective' and consistent with National Policy. Another change is that Core Strategies may now allocate strategic sites for development.

3.3 The Town and Country Planning (Local Development) (England) (Amendment) Regulations 2008 came into force on 27<sup>th</sup> June and updated the 2004 regulations. The amended regulations change the procedure for preparing local development plans. The Issues and Options and Preferred Options stages of consultation are combined to create a single stage. The submission stage also changes so that the statutory period for making representations will occur before submission. This will give the local authority a greater opportunity to consider representations before the examination and will also potentially reduce the length of time between submission and the start of any oral hearing.

3.4 Other procedural changes may follow the enactment of the Planning Bill currently in Parliament. Including the introduction of the Community Infrastructure Levy (CIL), this will allow the Authority to introduce a charge on development for infrastructure provision, the CIL is likely to form part of the LDF and will be subject to examination.

### **Transitional regulations for Local Government Reorganisation**

3.5 CLG has also issued a draft of Regulations to assist the preparation of LDFs in new unitary Councils. Government's general policy in respect of land use planning functions in the context of local government restructuring is that the

Shadow Council leading the transition to unitary status becomes the local planning authority (LPA) except in relation to development control (ie. decisions relating to planning applications will continue to be undertaken by existing districts). The Shadow Council is required to submit a LDS to the Secretary of State by the end of December 2008.

- 3.6 In the absence of a Statement of Community Involvement (SCI) for the new unitary, the authority is required by law to meet the minimum requirement for consultation set out in the Regulations. However, each of the predecessor Councils had an adopted SCI and we will strive to meet the standards in those documents until such a time as a SCI for Cheshire East is produced. A SCI for Cheshire East will produced at the earliest possible opportunity, whilst allowing for appropriate community consultation and involvement from the Cheshire East Local Strategic Partnership.

### **Local Development Scheme Milestones**

- 3.7 The new PPS12 indicates that the LDS should set out the following DPD milestones:
- Consulting statutory bodies on the scope of the Sustainability Appraisal
  - Publication of the DPD
  - Submission of the DPD
  - Adoption of the DPD
- 3.8 In addition it is recommended that the LDS also sets out the following additional DPD elements:
- Regulation 25 consultation
  - Pre-examination meeting
  - Examination Hearing
  - Receipt of the Inspectors Report
- 3.9 The new Regulation 25 consultation provides a more flexible stage of engagement in which reasonable alternatives can be evaluated and consulted upon. This stage is likely to encompass a variety of consultation and involvement techniques over a variety of time periods. It is also possible that consultation undertaken on the Sustainable Community Strategy (SCS) could include a number of areas which are covered by both the SCS and the Core Strategy.
- 3.10 Under the current Planning Bill, amendments would be made to the 2004 Act relating to the preparation and revision of SPDs. Until this is in force the LDS should continue to set out the timetable for producing SPDs, giving the timings of production of the draft SPD and its adoption. If the Planning Bill does remove the need to list SPDs within the LDS, their progress can still be tracked through the authority's Annual Monitoring Report (AMR).

### **Content of LDS**

- 3.11 The LDS sets out:
- The present Development Plan for Cheshire East and the existing policies that are saved;

- The LDDs that are to be prepared over the forthcoming 3-year period to replace existing policies, and whether they are to be DPDs or SPDs;
- The subject matter and the geographical area to which each LDD relates;
- Which, if any, are to be prepared jointly with other local planning authorities; and
- The arrangements for future monitoring of the LDF, including the timetable for the preparation and review of the LDDs.

3.12 The LDS also covers the following matters:

- The evidence base for the LDDs;
- Arrangements for community involvement and the relationship to the Sustainable Community Strategy (SCS) and other Council strategies;
- Resources and the project management arrangements for the LDDs preparation;
- Sustainability Appraisal (SA) and Habitats Regulations Assessment (HRA); and
- An assessment of the risks involved in the LDF's production.

## 4 Existing Development Plan for Cheshire East

- 4.1 The Development Plan forms the starting point in the consideration of planning applications for the development or use of land and consists of both the Regional Spatial Strategy (RSS), prepared by the regional planning bodies, saved policies from the Cheshire Structure Plan and the Local Plans prepared by Congleton, Crewe and Nantwich and Macclesfield Borough Councils and Cheshire County Council. The purpose of preparing the Cheshire East LDF is to replace these saved policies.

### **Regional Spatial Strategy**

- 4.2 The Regional Spatial Strategy (RSS) for the North West (2003) will be replaced by a new RSS. The North West Regional Assembly (NWRA) submitted a draft version of the new RSS in January 2006. Following this, an independent panel held an examination in public into the new draft RSS between November 2006 and February 2007. The panel subsequently published a report making a number of recommendations for changes to the new draft RSS. The Secretary of State has produced a document detailing a number of proposed changes to the new draft RSS which was published for public consultation until 23rd May 2008. Following consideration of all the responses to the proposed changes, the Secretary of State intends to publish the final version of the new RSS on 30<sup>th</sup> September 2008.

### **Regional Spatial Strategy Partial Review**

- 4.3 As the successor organisation to the NWRA, the Regional Leaders' Forum (4NW) is responsible for progressing the RSS Partial Review and will also be the only organisation that will have responsibility to agree and sign off the single regional strategy. 4NW operates with a board structure, with council leaders from each of the five sub-regions, Cumbria, Cheshire, Lancashire, Merseyside and Greater Manchester, along with seven representatives from the private, non-governmental sector.
- 4.4 Even prior to the publication of the final version of the RSS later this year, a need has been identified to further update specific policy areas of the strategy in response to the recommendations of the independent panel's report, recent developments in government policy, and new research and evidence.
- 4.5 On 16th November 2007 4NW, as the Regional Planning Body, agreed to undertake a partial review of RSS covering a number of issues focused on housing, renewable energy and waste. It was also agreed to look at policies relating to Gypsies and Travellers, Travelling Showpeople and the regional parking standards. 4NW has recently produced a series of papers setting out the issues and some options for dealing with the issues in each policy area. These were published for public consultation between 2<sup>nd</sup> June and 4<sup>th</sup> July.
- 4.6 4NW are currently revising the timetable for the Partial Review, due to a recent decision to change the scope of the Partial Review of RSS, to focus on a limited number of discrete technical issues addressing strategic gaps in RSS

policy. The Partial Review will now focus on Gypsies & Traveller's, Travelling Showpeople and Regional Car Parking standards.

### **Integrated Regional Strategy**

- 4.7 Following proposals set out in the Government's Sub National Review of Economic Development and Regeneration, the North West Development Agency (NWDA), the Regional Leaders' Forum (4NW) and the Government Office for the North West (GONW) agreed that the region should work together over the next two years to produce a Northwest Regional Strategy. This will bring together spatial, economic and environmental strategies and investment plans in order to create the conditions for achieving higher levels of sustainable economic and social well being while strengthening the Northwest's contribution to tackling climate change.
- 4.8 The strategy will be spatially focussed and will:
- Refresh economic development actions and build on the 2006-9 Regional Economic Strategy (RES);
  - Integrate priorities in the Regional Housing Study (RHS), Regional Spatial Strategy (RSS) and the RSS Partial Review with sustainable economic priorities in a strategic review;
  - Set out a delivery and implementation plan with actions and accountability for all relevant partners.
- 4.9 Although the strategy will not be statutory, its development will allow the region to prepare a statutory Integrated Regional Strategy quickly and effectively after the necessary legislative changes, which are unlikely to occur before 2010. Until these legislative changes take place, the RSS will remain the statutory basis for spatial planning.

### **Local Planning Policy**

- 4.10 The **Congleton Borough Local Plan First Review** sets out the planning policies and proposals for the Borough until 2011. This document has been through inquiry and modification stages and was adopted by the Council on 27<sup>th</sup> January 2005.
- 4.11 The **Crewe and Nantwich Replacement Local Plan 2011** (Adopted February 2005), covers the whole of the Borough of Crewe and Nantwich and it relates to development up to the year 2011.
- 4.12 The **Macclesfield Borough Local Plan** (Adopted January 2004) contains the planning policies and proposals to shape the environment of the whole Borough up to 2011.
- 4.13 The **Cheshire Replacement Waste Local Plan** has been prepared under the transitional arrangements and was subject to a local plan inquiry in 2006. It was adopted in July 2007 and covers the period to 2017. The plan is pan Cheshire and provides planning policies and allocations relating to future waste development.

- 4.14 The **Cheshire Replacement Minerals Local Plan**, was adopted in 1999 and covers a period to 2007. The document is pan Cheshire and provides planning policies and proposals relating to mineral development.
- 4.15 **Cheshire County Structure Plan, Cheshire 2016**. A number of the policies within this document are in the process of being saved through the RSS review, see appendix 1 for details. The policies to be saved are identified as filling a policy void in the present development plan system.
- 4.16 A significant number of the policies contained within these Local Plans have been 'saved' by the Secretary of State, or are still relevant a full list of all the saved policies can be seen in Appendix 1. 'Saving' policies means that these policies will remain part of the statutory Development Plan and can still be used to determine planning applications.

### **Existing Supplementary Planning Documents (SPDs)**

4.17 The following Supplementary Planning Documents (SPDs), which are not part of the development plan, have been adopted and are a material consideration in planning decisions.

4.18 **Congleton:**

- Affordable Housing and Mixed Communities (April 2006)
- Trees and Development (October 2006)
- Sustainable Development (April 2005)
- Rural Development (July 2008)
- Mid Point 18 Development Brief (February 2007)

4.19 **Crewe and Nantwich:**

- P Way Development Brief (September 2005)
- Stapeley Water Gardens Development (September 2006)
- Crewe Rail Gateway (September 2006)
- Extensions and Householder Development (July 2008)
- Development on Backland and Gardens (July 2008)

4.20 **Macclesfield:**

- Locally Important Buildings (February 2008)
- Prestbury Village Design Statement (May 2007)
- Supplementary Planning Document for Poynton (May 2007)
- Nature Conservation Strategy (October 2006)
- Designing Out Crime (January 2006)
- Supplementary Planning Document for Bollington (January 2006)

### **Existing Supplementary Planning Guidance (SPGs)**

4.21 The following Supplementary Planning Guidance notes (SPG), which are not part of the development plan, have also been adopted and will continue to be material considerations.

4.22 **Congleton:**

- Public Open Space (October 2003)
- Provision of Private Open Space (November 1993)
- Shop Front Security (September 1994)
- Telecommunications Development (July 2004)
- Sandbach Business Park (October 1989)
- Arclid Hospital (July 1992)
- ERF Site, Sandbach (September 1999)
- Danesford School, Congleton (January 1997)
- Cranage Hall (September 1996)

#### 4.23 **Crewe and Nantwich:**

- Basford East Strategic Industrial and Business Park Development Brief (April 2004)
- Basford West Regional Warehouse and Distribution Park Development Brief (April 2004)
- Tipkinder Park Supplementary Planning Guidance (February 2003)

#### 4.24 **Macclesfield:**

- Tytherington Business Park (April 1989)
- South Macclesfield Development Area (December 1998)
- Alderley Park Planning Brief (April 1999)
- Rieter Scragg, Langley Development Brief (January 2000)
- Stamford Lodge Development Brief (2002)
- Floodlighting (Originally adopted June 1998; policy in MBLP Jan 2004; SPG reproduced April 2005)
- Equestrian facilities (Adopted August 2002; policy in MBLP Jan 2004; reproduced Jan 2005)
- Trees & Development Guidelines (February 2004)
- Areas of Archaeological Potential (February 2004)
- Shopfronts and Security Shutters Guide (January 2003)
- Conservation Area Appraisal for Alderley Edge (June 2004)
- Dingle Bank Quarry (July 2004)
- Housing Character Areas (July 2004)
- Section 106/Planning Obligations (June 2004)

## 5 Proposed Cheshire East Local Development Framework

- 5.1 The table below sets out the schedule of proposed Local Development Documents (LDDs), including: a brief description for each LDD; key consultation milestones; the specific LDD's status within the Local Development Framework (LDF) process; its position in the chain of conformity; and a brief description of the LDD's contents. Detailed profiles of each of the Development Plan Documents (DPDs) and Supplementary Planning Documents (SPDs) can be found in Appendix 2.
- 5.2 Based on the experience of Local Planning Authorities at the forefront of the process it has become clear that it is crucial to have an appropriate evidence base and to ensure that there is sufficient time between the Core Strategy document and subsequent key development plan documents to enable a coherent and consistent policy approach within the Cheshire East LDF.

## Local Development Documents in previous Local Development Schemes

5.3 Paragraph 18 of The Local Government (Structural Changes) (Transitional Arrangements) Regulations 2008 requires that the LDS specifies any local development document which was referred to in a LDS prepared by a predecessor Council; but will no longer be a LDD under the successor Council's scheme.

# 6 Timetable for LDD Production

- 6.1 The chart below sets out the timetable and key milestones for the production of each Local Development Document (LDD).
- 6.2 The timetable for the Core Strategy Development Plan Document (DPD) has been produced to reflect the timetable for the North West Regional Spatial Strategy (RSS) and the Cheshire East Sustainable Community Strategy. This is to ensure that the policies included within the Core Strategy can be in general conformity with the policies contained within the RSS and reflects the spatial aspects of the Sustainable Community Strategy.
- 6.3 The timetable for each of the DPDs and SPDs incorporates the time taken for the Habitats Regulations Assessment and Sustainability Appraisal (SA) and where appropriate the Strategic Environmental Assessment (SEA) process.

## 7 Resources and Project Management

- 7.1 No structure has been set for the delivery of planning policy within the new Authority or the level of staff and financial resources available to it. The Executive Member for People responsible for the LDF work is aware that in order to undertake the authority's statutory function as a Local Planning Authority and to deliver the programme of documents set out in the LDS a team has to be adequately resourced both financially and in staffing terms.
- 7.2 Some elements of the LDF process are likely to involve other service areas such as Development Control, Housing and Leisure. It will be crucial to the LDF process that appropriate resources are allocated in these service areas to areas of work such as Housing Needs and Open Space. There will also be resource implications for other service areas particularly Education, Social Services and Highways and public agencies such as the Central and Eastern Cheshire Primary Care Trust. Consultants may also be engaged to work on some areas of the LDF where there is a lack of expertise or capacity in house.
- 7.3 Further information will also be required to determine the exact route that any LDD will go through in terms of Council procedures as further committees and sub-groups are currently in the process of being set up. Information in relation to the resources and project management of the LDF will be updated in future reviews of the LDS.

### **Joint Working**

- 7.4 One of the culture changes brought about by the LDF is the ability to work jointly between Councils, across the authority and with other organisations. Joint working can be undertaken to ensure that LDF documents are produced more effectively and efficiently. This could be through jointly preparing a DPD or SPD or by working together to produce an appropriate evidence base.

## 8 Evidence Base

- 8.1 The LDF needs to be based on a sound, relevant and up to date evidence base. This evidence base is the information that will be used to support the policies contained within the LDF. This evidence base may well be taken from existing published sources as well as from research carried out by the authority and consultants. LDDs will establish the Council's planning policies. However, in preparing these LDDs, a range of background work has been prepared and collated which needs to be taken account of.
- 8.2 Whilst a number of current background documents have been listed in Appendix 3, it should be noted that the Council may well publish others in the course of preparing LDDs to improve upon the robust and credible evidence base for the LDF.
- 8.3 The list below highlights a number of documents which will be prepared or updated to provide the evidence base for the Cheshire East LDF. It is possible that further documents will be required during the production of the LDF and where possible such additions will be listed in Local Development Scheme (LDS) review documents.
- Annual Monitoring Report
  - Aggregate Resources
  - Census 2001
  - Corporate Strategy
  - Employment Land Monitoring Report
  - Employment Land Review
  - Gypsy & Travellers Study
  - Habitats Regulations Assessment
  - Housing Land Availability Report
  - Infrastructure Study
  - Landscape Character Assessment
  - PPG17 Open Space Assessment
  - Retail Schedule
  - Retail Study
  - South Cheshire Sub-Regional Study
  - State of the Authority Report
  - Strategic Flood Risk Assessment (SFRA)
  - Strategic Housing Land Availability Assessment (SHLAA)
  - Strategic Housing Market Assessment (SHMA) and Housing Needs Survey
  - Sustainability Appraisal
  - Sustainable Community Strategy
  - Tourism Study
  - Transport and Accessibility Studies

## 9 Sustainable Community Strategy

9.1 The Government intends that spatial planning objectives for local areas, as set out in the LDF, should be aligned not only with national and regional plans, but also with the shared local priorities set out in the Sustainable Community Strategy (SCS) where these are consistent with national and regional policy. Local authorities should therefore ensure that:

- Their SCS takes full account of spatial, economic, social and environmental issues;
- Key spatial planning objectives for the area as set out in the LDF Core Strategy are in harmony with the SCS priorities; and
- The Local Area Agreement (LAA), as the delivery agreement with central Government, is based on the priorities of the SCS supported by the local planning policy to deliver the agreed outcomes. (PPS12 Para 1.6).

The Sustainable Community Strategy should therefore set out the vision for Cheshire East.

9.2 An interim Cheshire East Sustainable Community Strategy has been prepared based upon the existing 4 community strategies and the agreed LAA which will be able to be divided between East and West Cheshire. It is expected that a high level shadow Local Strategic Partnership (LSP) will be in place by January 2009. There is work in progress concerning the future function and structure of the LSP, thematic boards etc.

9.3 From April 2009 onwards a new Cheshire East Sustainable Community Strategy will be developed. Joint consultation can be carried out on a draft Cheshire East Sustainable Community Strategy and any LDF options that need to be consulted on. The development of the Cheshire East Sustainable Community Strategy and the Regulation 25 work for the Cheshire East Core Strategy can therefore run in tandem achieving joint consultation with the relevant stakeholders, partners and the community.

## 10 Sustainability Appraisal and Habitats Regulations Assessment

- 10.1 The Government's policy is that Sustainability Appraisal (SA) should incorporate the requirements of the Strategic Environmental Assessment (SEA) Directive (2001/42/EC) which requires a formal environmental assessment of certain plans and programmes including those in the field of Planning and land use. Currently, all LDDs (except the Annual Monitoring Report, Statement of Community Involvement and LDS) are subject to a SA to ensure that they reflect sustainable development objectives, however, it should be noted that the forthcoming Planning Bill may remove the requirement for SPDs to be subject to SA.
- 10.2 The SA forms part of testing the 'soundness' of DPDs to ensure that they are consistent with each other in terms of their objectives and policies. All DPDs are subject to independent examination to assess whether they are sound in terms of their content and the process by which they are produced. SPDs are subject to Statutory procedures in terms of preparation but are not subject to examination.
- 10.3 Habitats Regulations Assessment (HRA) of the DPDs and SPDs will also be undertaken. This relates to Articles 6(3) and (4) of the Habitats Directive (Directive 92/43/EEC) and is concerned with assessing the likely significant effects of land use plans on European Sites (including Ramsar sites). It is the responsibility of the LPA to decide if a HRA is required and to undertake the Appropriate Assessment if it is considered necessary. The purpose of an HRA is to assess the impacts of land use plans upon the conservation objectives of a European Site. HRA could potentially be relevant to all DPDs and SPDs. There is a need to consider proposals for all options in plans and also to consider the impacts of plans in combination. The level of detail is only that required for an HRA to do its job. Impacts should be assessed using the precautionary principal. Natural England can advise on the HRA process. HRA should be tied in with SA and SEA process, however, recent guidance from Natural England suggest that it should be an on-going process as the LDF evolves.
- 10.4 The SA and HRA work will be continually updated as the LDF progresses, with community and stakeholder involvement. The SA of each LDD will be subject to public consultation at the same time as the consultation period of the LDD in question.

# 11 Monitoring and Review

- 11.1 The Government requires that the LDS is annually reviewed and kept up to date by taking account of progress on the programme and monitoring of the evidence base and adopted policies. However, there may be a need to review the LDS more frequently if unforeseen changes occur to the LDF programme.
- 11.2 The LDS will be reviewed through the Annual Monitoring Report (AMR), which in turn will lead to the review of the LDS. The AMR monitors the implementation and effectiveness of policies, from the beginning of April to the end of March. The AMR will be submitted to the Secretary of State before 31st December each year and published following submission.
- 11.3 The AMR will review actual plan progress over the year compared to the targets and milestones for LDD preparation set out in the LDS. It will assess:
- whether the Council is meeting, or is on track to meet, the targets and consultation milestones set out in the LDDs;
  - if the Council is falling behind schedule or has failed to meet a target or milestone, the reasons for this;
  - the need to update the LDS in light of the above, and if so, the necessary steps and timetable;
  - whether any policies need to be replaced to meet sustainable development objectives; and
  - what action needs to be taken if policies need to be replaced.
- 11.4 The AMR is also used to monitor both National and Local Indicators to provide evidence, and allow for monitoring of the LDF. In July 2008 a number of the National Indicators were updated to better reflect Government guidance.
- 11.5 Due to the current monitoring situation it is expected that Cheshire County, Congleton, Crewe and Nantwich and Macclesfield Borough Councils will monitor the 2007/08 period individually<sup>1</sup>. However, in subsequent years a single AMR will be produced by Cheshire East covering the entirety of the new Authority, although it may take a little time to ensure that the monitoring is undertaken consistently across the new Authority.

---

<sup>1</sup> Links to the AMR can be found in Appendix 3.

## 12 Risk Assessment

12.1 Government guidance requires that the LDS should contain a risk assessment that identifies all possible risks that could be encountered in the implementation of this LDS. The following table identifies those risks. The key risk is at present Local Government Reorganisation. With no decisions over the level of staff; location of staff and budget/resourcing it may well be that this LDS needs to be reviewed quite quickly, once this information becomes available.

No.	Risk	Commentary (where appropriate)	Problem	Mitigation Measures	Risk Assessment (Probability x Impact)
1	Local Government Reorganisation.	<p>Four authorities are being brought together to form East Cheshire. The new East Cheshire will be the LPA in April 2009. Transitional arrangements are in hand Summer 2008.</p> <p>As we draft this document there is a lack of information on resources to carry out the LDF (both staffing and financial) as well as location of the Service and staff and Service / Departmental priorities.</p> <p>Co –location of key linked services has yet to be decided.</p>	<p>- Programme slippage</p> <p>-objectives on quality compromised</p> <p>-Work can not be progressed;</p>	<p>The Council has taken a realistic and pragmatic view when putting together the work programme.</p> <p>Budget needs to be kept under review once allocated, including the potential for reassessment of work programme.</p> <p>Need to consider how remote working can be managed and programme management kept to schedule.</p>	<p>4 x 5 = <b>20</b></p>

No.	Risk	Commentary (where appropriate)	Problem	Mitigation Measures	Risk Assessment (Probability x Impact)
2	Staff turnover /inability to recruit / loss of staff /staff motivation / staff absence.	There are significant uncertainties for staff within the authorities prior to vesting day. Staff may well leave which may also lead to a loss of experienced staff. Recruitment may well be difficult.	-the need to reschedule the LDS. Requirement to buy in expertise.	It is expected that staff resources will be drawn from the planning services of all four authorities. Day one needs are being considered at the outset. Staff are being kept informed of progress. Use of temporary staff and consultants may be considered although this will be dependant upon budget.	4 x 4 = <b>16</b>
3	National / regional changes to policy through PPS/RSS etc		Additional work will be required to comply with the guidance/policy.	Keep up to date with emerging policy/ guidance and have an input into such policy where appropriate.	4 x 4 = <b>16</b>
4	Culture Change and challenge	The new authority has to hit the floor running. There may well be steep learning curves for politicians and staff alike.	Disenfranchisement and programme slippage.	Set out a clear vision and ensure strong leadership. Carry out staff and councillor training.	4 x 4 = <b>16</b>
5	Political delay	Council meeting dates and procedures still to be formalised. New work areas being taken on that some Councillors may not be familiar with.	Deferring decision making or the inability to meet the identified draft dates for Council.	Involvement of members at an early stage in the process. Council dates (where available) have been considered in the programme timetable. Councillor training	3 x 4 = <b>12</b>
6	DPD fails test of soundness		DPD cannot be adopted without	Work closely with GONW & PINs to ensure risk is minimised.	2 x 5 = <b>10</b>

No.	Risk	Commentary (where appropriate)	Problem	Mitigation Measures	Risk Assessment (Probability x Impact)
			additional work or may well need to have the core strategy approved prior to submission of the DPD.	Utilise soundness toolkit.	
7	Legal challenge		Adopted LDD quashed.  Additional work loads.	Ensure robust and up to date evidence base. Audited stakeholder and community engagement.	2 x 5 = 10
8	Joint working with other internal departments and or external authorities	More complex management of the process – needs continual agreement between parties with a potential for delay  Joint working needs close political management and risk may arise were one of the authorities pull out at a late stage	Cause a slippage in programme	Ensure that timescales for DPD's is realistic and reflect partner authorities ability to contribute to joint working.  Ensure commitment to milestones, dates and resource allocations from relevant parties in advance.  Political liaison.	2 x 4 = 8
9	Project team required to undertake other unforeseen work	Resources are finite. The project team and work area are still to be decided, there may well be instances	Cause slippage in the programme.	Make LDF a corporate priority.  Identify core staff to be shielded from other work.	2 x 3 = 6

No.	Risk	Commentary (where appropriate)	Problem	Mitigation Measures	Risk Assessment (Probability x Impact)
		where the team are called upon to input in to other priority areas of the Authority.		Staff training.	
10	Volume of work greater than anticipated	This may well be, for example, a higher number of representations than expected, particularly given the boundary changes, new work areas etc.	Cause slippage in the programme.	Ensure timetable is realistic and has a degree of built in flexibility.  Monitor against LDS.  Consider resources available at peak times.	2 x 3 = 6
11	IT and remote working	Uncertainties remain over how the 4 old authorities will be united and how remote working can be utilised. IT plays a significant part in the new authority's ability to deliver.	Cause slippage in the programme.	Pre day one issue that needs to be considered from the outset.	2 x 3 = 6
12	Linkages to SCS	SCS is quicker and less rigorous process.  Some LSP partners may become impatient with I&O /evidence based work.  Procedural synchronicity required. SCS contains much which	Poor understanding of the process and slippage in the programme.	Ensure key linkages internally within the Authority and with key stakeholders.  Staff and Councillor training.	1 x 5 = 5

No.	Risk	Commentary (where appropriate)	Problem	Mitigation Measures	Risk Assessment (Probability x Impact)
		is non spatial.			
13	Consultation fatigue /overload		Lack of response. Lack of understanding of vision.	Link to SCS wherever practicable.	$2 \times 2 = 4$
14	The capacity of the Planning Inspectorate (PINS) and GONW		Inability of PINS or the GONW to meet deadlines due to nationwide demand will lead to delays in adoption.	This is outside of the Council's control, however PINS and the GONW have been consulted on the proposed timetable for the production of the LDS documents. PINS and the GONW consider this timetable to be acceptable.	$1 \times 4 = 4$
15	LDF programme too ambitious		May result in key milestones within the LDS not being met.  Programme slippage.	The Council has taken a realistic view to the programme. Resources will be requested to manage the programme. The LDF is now a priority of the council.	$1 \times 3 = 3$
16	Secretary of State directs revisions /changes to the LDS		- Approval of LDS delayed;  - Cause overall slippage in LDF programme	Close liaison with Government Office on emerging LDS.	$1 \times 2 = 2$

## Appendix 1: Saved Policies

- 12.2 Under the Planning and Compulsory Purchase Act 2004 adopted structure and local plan policies are saved for 3 years from whichever is the later of:
- The date of the commencement of the Act [27th September 2004] or
  - The date the plan was adopted.
- 12.3 However, the Act does allow the Secretary of State to extend the saving of policies beyond that date. Providing that the policies to be extended comply with the following criteria:
- Where appropriate, there is a clear central strategy
  - Policies have regard to the community strategy for the area
  - Policies are in general conformity with the regional spatial strategy
  - Policies are in conformity where the LDF Core Strategy has been adopted
  - There are effective policies for any parts of the authority's area where significant change in the use or development of land or conservation of the area is envisaged, and
  - Policies are necessary and do not merely repeat national or regional policy.

## **Cheshire 2016 Replacement Structure Plan**

The Planning and Compulsory Purchase Act 2004 includes a mechanism whereby structure plan policies can be saved for a period of up to three years from commencement of the Act or adoption of the Structure Plan (December 2005). Scope exists for the Regional Planning Board, in discussion with the Structure Plan authority, to consider whether any policies should be saved for a longer period, in order to fill a policy void. The Secretary of State will then decide whether such policies should be saved. In the RSS proposed changes, the Secretary of State has identified the following policies in the Cheshire Structure Plan which should be saved in this way:

GEN 5 – Jodrell Bank Zone  
HOU6 – caravan sites for gypsies  
T4 - Strategic improvements to the transport network  
T5 - Former railway infrastructure  
T8 - Improvements to the rail network  
T9 - Motorway and trunk road networks  
T10 -Roadside services.

The County Council has made representation to 4NW on saving a small number of other policies and / or suggesting relevant changes to the RSS to accommodate the following Structure Plan policies:

R6 - Electricity generation from non renewable fuels  
GEN3 - General requirements for the quality of new development  
GEN8 – Regional Parks  
IND3 - Freight movements  
T7 – Parking  
TR3 -Visitor accommodation  
TR4 – Extensive outdoor recreation

A formal decision will be made as part of the adoption of RSS in autumn 2008.

## **Cheshire Replacement Waste Local Plan**

All policies within the Cheshire Replacement Waste Local Plan are saved for a period of three years from adoption, from July 2007 until July 2010. If after this date it is still necessary to 'save' the policies of the Cheshire Replacement Waste Local Plan it will then be possible to request a further extension from the Secretary of State.

**N.B. POLICY RES 7 AS MODIFIED** (Affordable Housing within the Settlement Boundaries of Nantwich and the Villages listed in Policy RES4)

The Government Office for the North West states that the direction to save policies under paragraph 1(3) of Schedule 8 to the Planning and Compulsory Purchase Act 2004 would only apply to those policies adopted within the original version of the Adopted Replacement Local Plan 2011 (Adopted on the 17th February 2005).

As such, Policy RES. 7 (As Modified) could not be included within the saved policies direction. However, as the original policy refers to the importance of the use of an up to date evidence base, and the fact that the modified policy is based upon the most

up to date Housing Needs Survey (undertaken in 2005), then the modified policy is still relevant and used by staff within Development Management processes at the Borough Council.

Moreover, as both the evidence base and approach taken within policy RES.7 (As Modified), reflects the advice in Planning Policy Statement 3, then its continued use is justifiable. In fact the Government Office for the North West, specifically stated: *'In particular, we would draw your attention to the importance of reflecting policy in Planning Policy Statement 3 Housing and Strategic Housing Land Availability Assessments in relevant decisions'*.

This advice therefore seems to endorse the approach undertaken by the Borough Council.

## Appendix 4: Glossary

AMR	<b>Annual Monitoring Report</b>	A report which is published to show how the authority is performing against all relevant targets and to show what changes may be required to the Local Development Framework (LDF).
AAP	<b>Area Action Plan</b>	Area Action Plans (AAPs) may be used to provide a planning framework for areas of change and areas of conservation. AAPs are a type of Development Plan Document (DPD).
CIL	<b>Community Infrastructure Levy</b>	The Community Infrastructure Levy (CIL) will be a new charge which local authorities will be empowered, but not required, to charge on most types of new development in their area. CIL charges will be based on simple formulae which relate the size of the charge to the size and character of the development paying it. The proceeds of the levy will be spent on local and sub-regional infrastructure to support the development of the area.
CLG	<b>Communities and Local Government</b>	Communities and Local Government is a department of Central Government that sets policy on local government, housing, urban regeneration, planning and fire and rescue.
-	<b>Core Strategy</b>	This Development Plan Document (DPD) sets out the vision for the area and the primary policies for meeting that vision together with housing and employment provisions in accordance with the Regional Spatial Strategy (RSS).
-	<b>Development Plan</b>	The Development Plan is the statutory element of the Local Development Framework. It consists of Development Plan Documents (DPDs) and the Regional Spatial Strategy (RSS).
DPD	<b>Development Plan Document</b>	A Local Development Document (LDD) with significant weight in the determination of planning applications. Independent scrutiny is required before its adoption.
-	<b>Independent Examination</b>	All Development Plan Documents (DPDs) will be subject to independent examination by a person (the Inspector) appointed by the Secretary of State. The purpose of the examination is to determine the 'soundness' of the plan. Following the examination the Inspector will produce a report which will be binding.

LAA	<b>Local Area Agreement</b>	Local Area Agreements (LAAs) are made between central and local government in a local area. Their aim is to achieve local solutions that meet local needs, while also contributing to national priorities and the achievement of standards set by central government.
LDD	<b>Local Development Document</b>	There are two types of Local Development Document (LDD): Development Plan Documents (DPD) and Supplementary Planning Documents (SPD)
LDF	<b>Local Development Framework</b>	The Local Development Framework (LDF) will contain a portfolio of Local Development Documents (LDDs) which will provide policies for meeting the community's economic, environmental and social aims for the future of the area, where this effects the development and use of land. (Diagram 1 below shows the make up of the LDF)
LDS	<b>Local Development Scheme</b>	The Local Development Scheme (LDS) will set out what Development Plan Documents (DPDs) and Supplementary Planning Documents (SPDs) the Council propose to prepare over a three year period and the timetable for their production.
LSP	<b>Local Strategic Partnership</b>	Local Strategic Partnerships (LSPs) are bodies with representatives of the community, public, private sector and other agencies that work to encourage greater public participation in local governance by drawing together local community plans and producing an overall community strategy for each local authority area. Local Development Frameworks (LDFs) must have regard to, and should be the spatial expression of, the community strategy.
PPS	<b>Planning Policy Statements</b>	A series of statements issued by the Government, setting out policy on different aspects of planning. Local Planning Authorities must take their content into account in preparing their Local Development Framework (LDF).
RSS	<b>Regional Spatial Strategy</b>	Planning policy produced at a regional level to tackle issues of strategic importance that can be best dealt with over a larger area. The Regional Spatial Strategy (RSS) is part of the Development Plan.
SA	<b>Sustainability Appraisal</b>	Sustainability Appraisal (SA) and Strategic Environmental Assessment (SEA) seek to inform decision-making by providing

		information on the potential implications of policies.
SCI	<b>Statement of Community Involvement</b>	The Statement of Community Involvement (SCI) will set out how the Council intends to achieve continuous community involvement in the preparation of Local Development Documents (LDDs) in their area.
SCS	<b>Sustainable Community Strategy</b>	A Plan or Strategy for enhancing the quality of life of the local community which each local authority has a duty to prepare under the Local Government Act 2000. The plan is developed and implemented by the Local Strategic Partnership.
SPD	<b>Supplementary Planning Document</b>	Supplementary Planning Documents (SPDs) are not subject to independent examination but the matters covered must be directly related to policy in the Development Plan Documents (DPDs).
