Call-in of Key Decision CE12/13-18 Delivery of Streetscape and Parking Maintenance Activities

The 9 councillors listed below have called in the decision of the Cabinet on the grounds:

Streetscape works well, perhaps excellently. Highways contract is unproven and insufficient evidence is available to show that the service will not deteriorate or even to make the decision to change. Also:

- Professional advice was not taken from officers or not duly considered.
- The decision was taken in the absence of adequate evidence.
- There was inadequate consultation relating to the decision.
- Viable alternatives were not considered.
