  - (a) whether there are sufficient preventative services in place
  - (b) whether a personalised approach is suitable for people with dementia
  - (c) whether the provision in health and social care is suitable and sufficient for the more advanced dementia conditions
  - (d) whether the needs of carers are being assessed and met effectively
  - (e) whether there are any gaps in services and support and, if so, how these might be addressed through the relevant bodies' development plans
  - (f) whether there are any specific transport issues arising from current services and future provision
  - (g) what safeguarding provisions are in place and what monitoring arrangements are made
- (2) To consider the broader implications of the current Age UK review of provision in day services, and the proposed transfer of resources to the Supporting You programme.
- (3) To consider and review specific proposals under the Council's Dementia Strategy, including proposals involving residential accommodation, and to advise the Cabinet accordingly.
