Subject: Re: Objection - Hot Spot, 46 Crewe Road, Alsager

Dear Amanda

Thanks for your e-mail and I have taken your points on board. Also thank you for the link informing me of the license application.

Does The Hot Spot have an application number, I would like to track it on your website and see if any other members of the public have objected?

I have re written my objection.

I would like to object to The Hot Spot selling light night refreshments on Friday to Sunday 23:00 to 02:00 hours

I am objecting under Prevention of Crime and Disorder and Prevention of Public Nuisance.

My reasons are set out below

It will to lead an increase of anti-social behaviour in a prominent village centre location and cause considerable disturbance and nuisance to residents and villagers alike. There will be large groups people hanging around the shop, there will also be car door slamming and there is insufficient car parking outside the shop.

The disturbance will also adversely impact upon visitor's perception of Alsager given that most of the village's restaurants and pubs are located close by.

Please can you acknowledge this e-mail. Look forward to hearing from you.
