Please state the ground(s) for review (please read guidance note 1)

The premises are continuing to allow entertainment noise to emanate from the playing of amplified music, particularly live bands so as to cause regular and repeated disturbance to neighbouring residential properties.

This is in despite of a Section 80 Abatement Notice being served upon the premises under the provisions of the Environmental Protection Act 1990 on the 22nd June 2009, which deemed the premises to be causing a Statutory Noise Nuisance and was effective immediately. The notice required Mr Lee Sean Hulme to abate the music from noise generative entertainment activities and prevent the recurrence of the same from this date onwards. The notice was not appealed. This notice has not been complied with.

Please provide as much information as possible to support the application (please read guidance note 2)

Michael Goodfellow – Cheshire East Council Environmental Health Officer

Recent events leading upto this request for a review began on the 9th January 2009 when two complaints were received from separate residential properties in connection with amplified music (in particular live bands playing at the premises) emanating from the Music Box premises so as to cause disturbance to them within their properties.

9th January 2009: The standard complaint procedure was followed in that a letter was sent to each complaint requesting they maintain a diary sheet of events recording dates and times they were affected by noise from the premises, additionally a letter was sent to the premises on the 9th January 2009 and Enterprise Inns, Solihull.

13th January 2009: reply received from Enterprise Inns, Solihull in which they state that such matters of noise emanating from the premises are the responsibility of the licensee

5th February 2009: Follow up letters were sent requesting diary sheets back from both complainants.

25th February 2009: Phone calls received from complaints and spoke of nature of problem and that live music is played too loud compared to normal music.

26th February 2009: Visit to the premises regarding the complaints and also issues in relation to noise from live music and how to keep windows, doors closed during music events to contain the noise from the premises.

7th March 2009 (Saturday night) : Reports of live music from a complainant (could hear a band in the background whilst a message was left on my phone at 22:11, 22:23 and 22:25).

14th March 2009 (Saturday night) : Reports of live music from a complainant (could hear a band in the background whilst a message was left on my phone at 22:08 and 23:05).

4th April 2009 (Saturday night) : Reports of live music from a complainant (could hear a band in the background and identify the songs played by the band whilst a message was left on my phone at 19:42 and 23:20).

22nd April 2009: Transcript of a digital audio tape recording installed in a complainants property reveals music from a live band so loud that you can identify the songs.

1st May 2009: Transcript of another digital audio tape recording installed in a complainants property reveals music from a live band so loud that you can identify the songs

26th May 2009 : Reports of live music from a complainant (could hear a band in the background whilst a message was left on my phone at 22:18).

29th May 2009: Personal visit to premises to discuss issues with Mr Lee Hulme. Specifically discussed volume of music clearly audible at residential properties, the necessity to keep windows and doors closed and to reduce the volume of the music.

6th June 2009 (Saturday night): I undertook a visit around the area of premises (Mill Street, Congleton) between 23:20 and 23:55, noise of amplified live music loud and clearly audible at residential façades in South Street, Holford Street and Antrobus Street, Congleton.

9th June 2009: Letter sent to premises and Enterprise Inns, Solihull stating that a Statutory Nuisance exists from the premises owing to the volume of the music. Additionally I enclosed the following paragraphs:-

"....I wish to give you 7 days from the date of this letter, in which to provide Cheshire East Council with a written scheme of mitigation to attenuate the music / entertainment noise emanating from your premises. It may be appropriate to consult not only with Enterprise Inns PLC, 3 Monkspath Hall Road, Shirley, Solihull, B90 4SJ, but also appoint an Acoustic Engineer who can provide you with the appropriate engineering solution and mitigation measures that you shall require in order to abate the noise nuisance.

However, should you fail to take this opportunity then the above mentioned Abatement Notice shall be served on you as the person responsible and any subsequent breaches of the notice shall be subject to potential prosecution by Cheshire East Council and in addition your Premises Licence LAPRE/1227/05 shall be reviewed by this department in view of the breaches of Condition 4 in Annex 2 namely: Noise or vibration shall not emanate from the premises so as to cause a nuisance to nearby properties."

10th June 2009: reply received from Enterprise Inns, Solihull in which they state that such matters of noise emanating from the premises are the responsibility of the licensee

22nd June 2009: Written report not received from either Enterprise Inns, Solihull or Mr Hulme as requested, therefore a Section 80 Abatement Notice was served under the provisions of the Environmental Protection Act 1990 by post upon Mr Lee Sean Hulme (the Designated Premises Supervisor) and The Company Secretary of Enterprise Inns PLC (the holder of the premises licensee).

24th June 2009: reply received from Enterprise Inns, Solihull in which they state that such matters of noise emanating from the premises are the responsibility of the licensee.

4th July 2009 (Saturday night): I undertook a visit around the area of the premises between 22:55 and 23:30. No live music audible from the Music Box but premises open and having a disco rather than live music.

23rd July 2009: transcript of another digital audio tape recording installed in a complainants property to monitor for notice breach reveals music from a live band so loud that you can identify the songs and is a clear indication that despite several and an Abatement Notice served on both Enterprise Inns and Mr Lee Sean Hulme they have had little or no effect and this is why a review of the licence is being sought rather than prosecution for breaches of the notice first.

Dear Sir/Madam

RE: ENVIRONMENTAL PROTECTION ACT 1990

I regret to inform you that a complaint has been received by this Division alleging noise nuisance arising from amplified music emanating from your premises.

As you may imagine, Environmental Health receive many complaints of this nature, some of which are found, upon investigation, to be unjustified. However, as we have a statutory obligation to respond to all complaints received, I am currently writing to you informally to ask for your co-operation in this matter.

I would ask you to consider whether or not any of your actions could give rise to a noise nuisance and if so, what action you could take to minimise any noise disturbance from your premises and so negate the need for a formal investigation by this Division.

Where necessary however, this Division will begin investigations in accordance with any evidence supplied by the complainant. It is necessary to inform you therefore that you may in the coming weeks become the subject of noise monitoring by use of either recording equipment or by officer attendance. The results of such monitoring will be communicated to you as necessary.

Please also note that the licensing division will also be informed of any evidence gathered. If the evidence gathered does indicate that a statutory nuisance is present then a review of your premise licence may be called.

I am grateful for your assistance in this matter. If you require further information then please do not hesitate to contact me.

Yours Sincerely

Saturday 25 th April 2009	20:47:35	20:49:03	Music very clearly audible (sounds like live music just ending), guitar and drumming very loud. Music ends and just background noise of slight traffic and birds. Bass guitar and lead guitar now audible (sounds like testing / tuning up). Heavy riffs on lead guitar and then singing starts with lyrics clearly audible. Tape stops before able to identify song title	
	20:50:35	20:51:01	Tape starts again, lots of background noise, in the room but no music audible.	
	20:52:26	20:55:50	Water running in bathroom in close proximity to microphone. Guitar audible in background clearly above this and drumming starts. Music very intermittent, music starts again along with distorted lyrics and very loud very heavy bass weighted drumming. Plays briefly then stops again after approx 30 seconds. Background quiet is returned when music stops. Internal movement sounds like window is closed. However music can be heard briefly in background, particularly through the closed double glazed bathroom window.	
	22:14:14	22:20:20	Music back again, extremely loud drumming and singing, talking and shouting from pub beer garden just about audible due to the loudness of the music emanating from the premises. Live cover version of Green Day's "Welcome to paradise" albeit very distorted and very loud. Band song changes to cover of Oasis "What's the story morning glory", very heavy bass weighted sound at property, little attenuation offered at premises during drumming solos, extremely loud and distorted at property owing to bass weighting. Drummer finishes set, whistles, cheers and shouts, then quiet resumes and low background noise.

Dear Mr Hulme

RE: ENVIRONMENTAL PROTECTION ACT 1990

You may re-call that I wrote to you on the 9th January 2009 informing you that a complaint had been received with regards to music emanating from your premises so as to cause disturbance to neighbouring properties owing to its volume at night.

Since that letter was sent to both yourself and Enterprise Inns PLC, Solihull, I have gathered evidence from both diary sheets completed by complainants and additionally I have undertaken noise monitoring within the vicinity of your premises. I wish to provide you with the following evidence.

Answer phone messages were left by a complainant as follows in relation to noise emanating from your premises:

DATE	TIME	INFORMATION
Saturday 7 th March 2009	22:11, 22:23 and 22:25	Music clearly audible in background whilst complainant was describing the noise from the premises.
Saturday 14 th March 2009	22:08 and 23:05	Music clearly audible in background whilst complainant was describing the noise from the premises

As a result of the above information, noise-monitoring equipment was installed, collected and transcribed by myself between the following dates Tuesday 7th and Tuesday 14th April 2009 and Friday 24th and Monday 27th April 2009. (please refer to the enclosed sheets for exact details). Of particular note is the fact that both occasions relate to live bands. Firstly Firegarden billed as playing at The Music Box in the Congleton Chronicle dated 19th March 2009 and secondly, a live band called WKD as advertised on Sean Latham's myspace page <http://www.myspace.com/seanwkdguitarist> as billed to play on your premises on Saturday 25th April 2009.

Appendix A1

It is my opinion that music, in particular live music / bands playing on your premises are at a volume and duration that amount to a significant disturbance given the dates, times and I believe the problem of noise emanating from your premises is due to the excessive volume of the music / bands, and doors and windows remaining open whilst such events occur.

Therefore it is strongly recommended that you reduce the volume, keep all windows and doors closed during regulated entertainment during licensable activities i.e. when either live bands or amplified music (disco's) are undertaken so that noise does not emanate from your premises so as to cause further disturbance to neighbouring residential properties.

Once again where necessary however, this Division will begin investigations in accordance with any evidence supplied by the complainant. It is necessary to inform you therefore that you may in the coming weeks become the subject of noise monitoring by use of either recording equipment or by officer attendance. The results of such monitoring will be communicated to you as necessary.

Failure to adhere to this advice shall amount to service of a Statutory Nuisance Section 80 Abatement Notice under the Environmental Protection Act 1990 that shall require you to do the same or face prosecution on summary conviction should the notice be breached.

Copies of this letter have been forwarded to Enterprise Inns PLC, 3 Monkspath Hall Road, Solihull, West Midlands, B90 4SJ and Cheshire East Licensing Department for action.

I am grateful for your assistance in this matter. If you require further information then please do not hesitate to contact me on the above number.

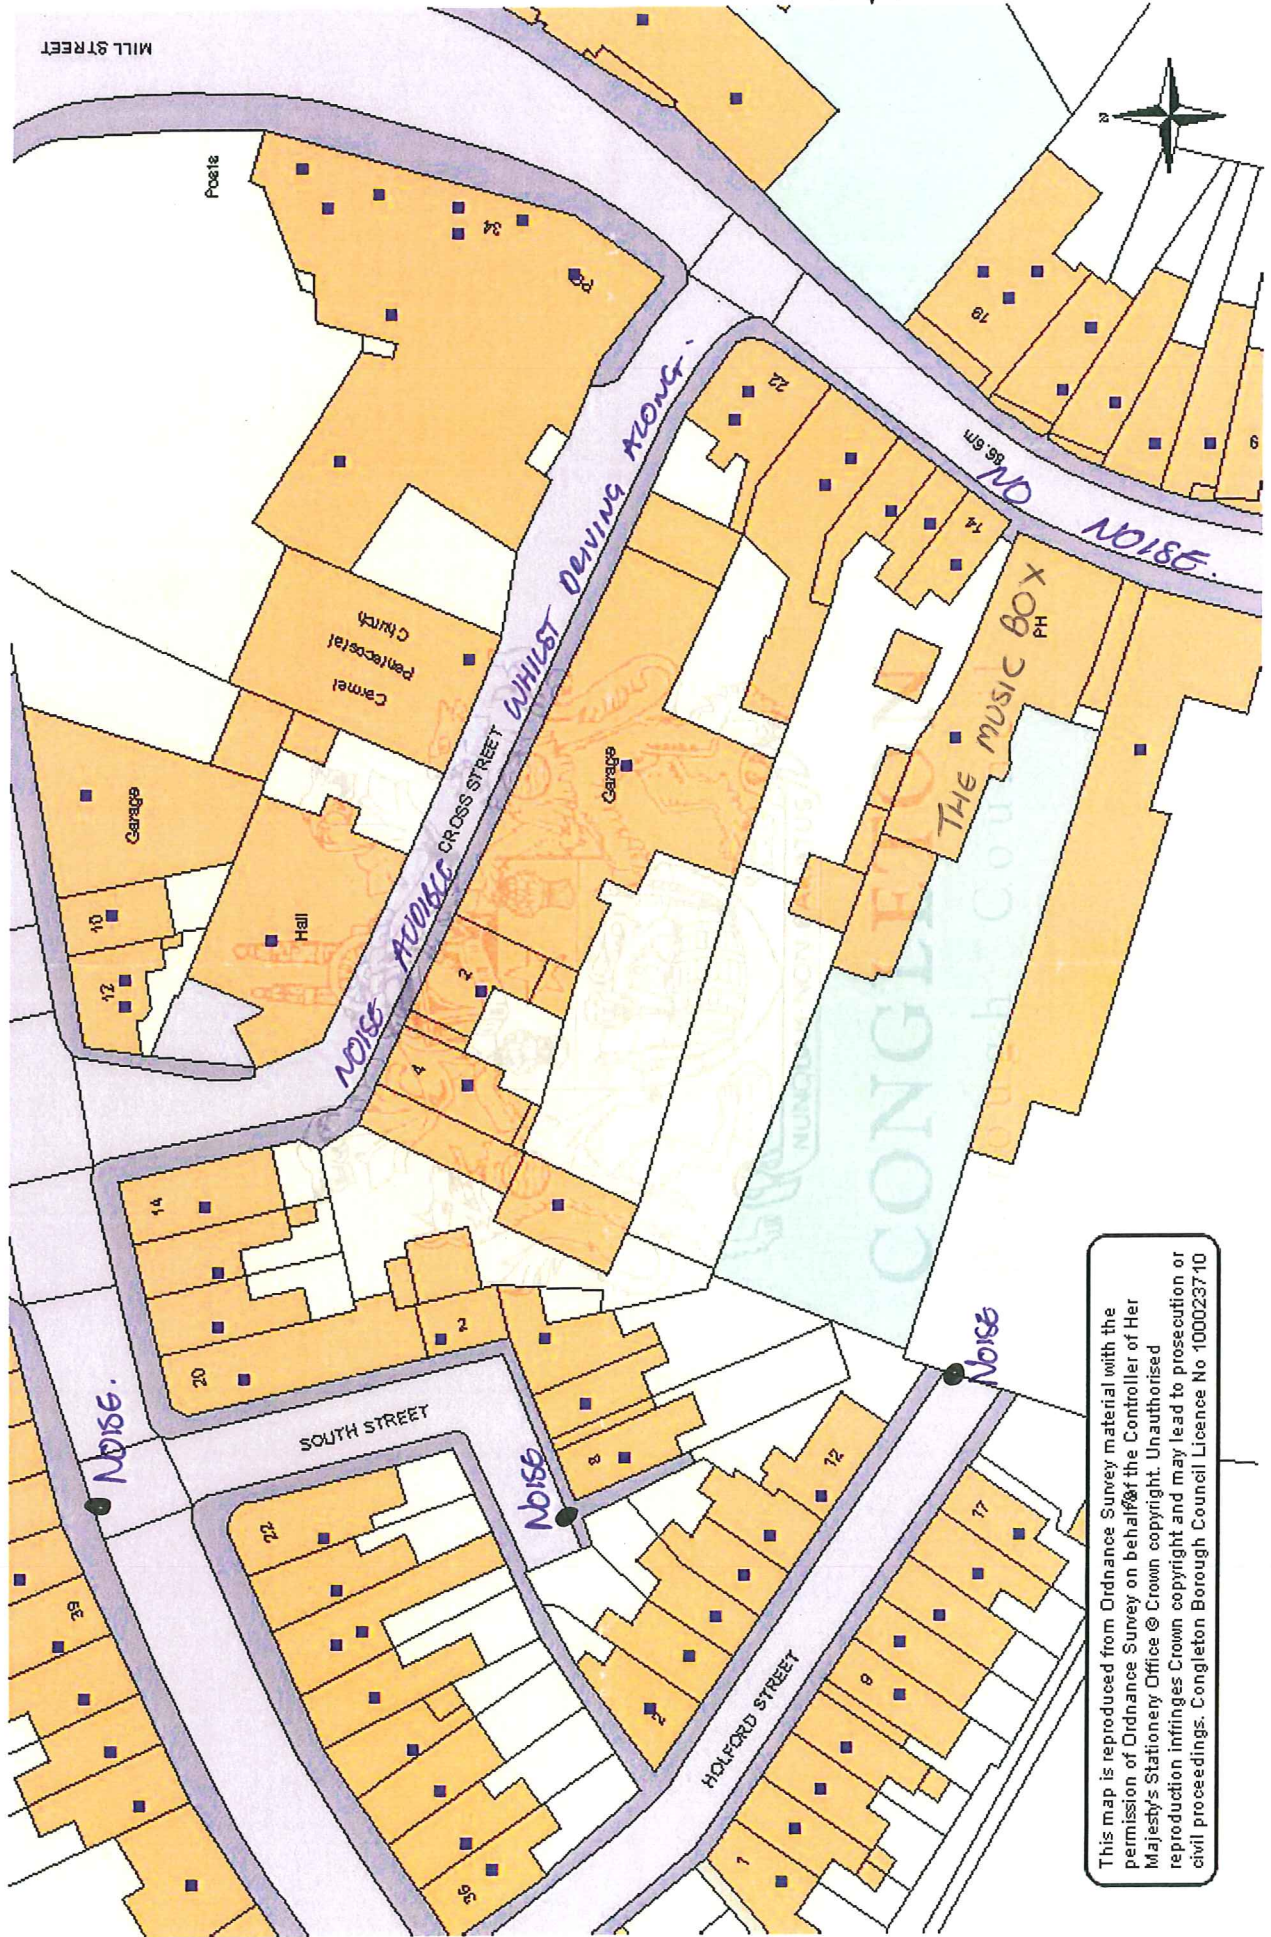

Yours sincerely

Dear Mr Lee Hulme

**RE: ENVIRONMENTAL PROTECTION ACT 1990
CLEAN NEIGHBOURHOODS AND ENVIRONMENT ACT 2005
LIVE AND AMPLIFIED MUSIC EMANATING FROM YOUR PREMISES**

I write with reference to the continuous investigation into the matter of live music and entertainment noise emanating from your premises so as to cause disturbance to neighbouring properties.

During the evening of Saturday 6th June 2009 I undertook routine surveillance of Congleton and other surrounding towns and villages between the hours of 22:00 (Saturday) and 01:00 (Sunday). At approximately 23:20 I parked my car in Antrobus Street and opposite South Street, I was immediately met with noise from live and amplified music clearly audible above any passing traffic. This location is approximately 70 metres directly from the rear of your premises, although no direct line of sight exists.

I then walked to the top of South street and the noise was becoming louder, clearly audible as a live band. This location is approximately 50 metres directly from the rear of your premises, although no direct line of sight exists.

I then walked around to the end of Holford Street to the closed metal gates leading to the Bulls Head Hotel car park, again the noise was increasing in volume and was a live band. The lead singer was talking to an audience and this was going to be the last song of the evening at around 23:50. This location is approximately 30 metres directly from the rear of your premises, although no direct line of sight exists.

It is most unfortunate that despite a personal visit on the 29th May 2009, repeated letters to both yourself and Enterprise Inns Plc in Solihull requesting that you take such measures so as to prevent the music disturbing neighbouring residential properties (of which I witnessed and also recorded previously using Digital Audio Tape within a nearby residential property), such communication appears to have been in vain.

Therefore, I am satisfied that in accordance with the provisions of the Environmental Protection Act 1990 that a Statutory Noise Nuisance under Section 79(1)(g) exists from your premises and as such an Abatement Notice in respect of Noise Nuisance shall be served upon you as the person responsible for the said nuisance.

Appendix A1

Under the provisions of the *Clean Neighbourhoods and Environment Act 2005, Part 7, Chapter 2: General; Noise from premises, paragraph 86*, (see below)

86 Deferral of duty to serve abatement notice

In section 80 of the Environmental Protection Act 1990 (c. 43) (summary proceedings for statutory nuisances), at the beginning of subsection (1) insert "Subject to subsection (2A)" and after subsection (2) insert—

"(2A) Where a local authority is satisfied that a statutory nuisance falling within paragraph (g) of section 79(1) above exists, or is likely to occur or recur, in the area of the authority, the authority shall—

(a) serve an abatement notice in respect of the nuisance in accordance with subsections (1) and (2) above; or

(b) take such other steps as it thinks appropriate for the purpose of persuading the appropriate person to abate the nuisance or prohibit or restrict its occurrence or recurrence.

(2B) If a local authority has taken steps under subsection (2A)(b) above and either of the conditions in subsection (2C) below is satisfied, the authority shall serve an abatement notice in respect of the nuisance.

(2C) The conditions are—

(a) that the authority is satisfied at any time before the end of the relevant period that the steps taken will not be successful in persuading the appropriate person to abate the nuisance or prohibit or restrict its occurrence or recurrence;

(b) that the authority is satisfied at the end of the relevant period that the nuisance continues to exist, or continues to be likely to occur or recur, in the area of the authority.

(2D) The relevant period is the period of seven days starting with the day on which the authority was first satisfied that the nuisance existed, or was likely to occur or recur.

(2E) The appropriate person is the person on whom the authority would otherwise be required under subsection (2A)(a) above to serve an abatement notice in respect of the nuisance."

In accordance with the above, I wish to give you **7 days** from the date of this letter, in which to provide Cheshire East Council with a written scheme of mitigation to attenuate the music / entertainment noise emanating from you premises. It may be appropriate to consult not only with Enterprise Inns PLC, 3 Monkspath Hall Road, Shirley, Solihull, B90 4SJ, but also appoint an Acoustic Engineer who can provide you with the appropriate engineering solution and mitigation measures that you shall require in order to abate the noise nuisance.

However, should you fail to take this opportunity then the above mentioned Abatement Notice shall be served on you as the person responsible and any subsequent breaches of the notice shall be subject to potential prosecution by Cheshire East Council and in addition your Premises Licence LAPRE/1227/05 shall be reviewed by this department in view of the breaches of Condition 4 in Annex 2 namely: Noise or vibration shall not emanate from the premises so as to cause a nuisance to nearby properties.

Additionally a copy of this letter has been sent to Enterprise Inns PLC, Solihull and Cheshire East Licensing Department for appropriate action and information.

ENVIRONMENTAL PROTECTION ACT 1990, section 80

Abatement Notice in respect of Noise Nuisance

Appendix C

To: Mr Lee Sean Hulme
Of: Music Box, 12 Mill Street, Congleton, Cheshire, CW12 1AB

TAKE NOTICE that under the provisions of the Environmental Protection Act 1990 the **CHESHIRE EAST BOROUGH COUNCIL**, being satisfied of the occurrence of noise amounting to a statutory nuisance under section 79(1)(g) of that Act at

Music Box, 12 Mill Street, Congleton, Cheshire, CW12 1AB

[within the district of the said Council] arising from:-

Noise generative entertainment activities.

HEREBY REQUIRE YOU as the occupier of the premises from which the noise is or would be emitted with **immediate effect** from the service of this notice, to abate the same and also **HEREBY PROHIBIT** the recurrence of the same.

This is a notice to which paragraph (2) of regulation 3 of the Statutory Nuisance (appeals) Regulations 1995 applies and, in consequence, in the event of an appeal this notice shall NOT be suspended until the appeal has been abandoned or decided by the Court, as, in the opinion of the Council, the expenditure which would be incurred by any person in carrying out works in compliance with this notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance.

IF without reasonable excuse you contravene or fail to comply with any requirement of this notice you will be guilty of an offence under section 80(4) of the Environmental Protection Act 1990 and on summary conviction will be liable to a fine not exceeding level 5 on the Standard Scale **, together with a further fine of an amount equal to one-tenth of that level for each day on which the offence continues after conviction. A person who commits an offence on industrial, trade or business premises will be liable on summary conviction to a fine not exceeding £20,000.

The Council may also take proceedings in the High Court for securing the abatement, prohibition or restriction of the nuisance. Further, if you fail to execute all or any of the works in accordance with this notice, the Council may execute the works and recover from you the necessary expenditure incurred.

DATED 22ND JUNE 2009 (Signed).....

Michael Goodfellow... Environmental Health Officer...
(The officer appointed for this purpose)

Please address any communications to:

Environmental Health, Cheshire East Borough Council,
Westfields, Middlewich Road, Sandbach, Cheshire CW11 1HZ

N.B. The person served with this notice may appeal against the notice to a magistrates' court within twenty-one days beginning with the date of service of the notice. See notes on the reverse of this form.

APPEALS UNDER SECTION 80 (3) of the ENVIRONMENTAL PROTECTION ACT 1990 ("the 1990 Act")

2. - (1) The provisions of this regulation apply in relation to an appeal brought by any person under section 80(3) of the 1990 Act against an abatement notice served upon him by a local authority.
- (2) The grounds on which a person served with such a notice may appeal under section 80(3) are any one or more of the following grounds that are appropriate in the circumstances of the particular case-
 - (a) that the abatement notice is not justified by section 80 of the 1990 Act;
 - (b) that there has been some informality, defect or error in, or in connection with, the abatement notice;
 - (c) that the authority have refused unreasonably to accept compliance with alternative requirements, or that the requirements of the abatement notice are otherwise unreasonable in character or extent, or are unnecessary;
 - (d) that the time, or, where more than one time is specified, any of the times, within which the requirements of the abatement notice are to be complied with is not reasonably sufficient for the purpose;
 - (e) where the nuisance to which the notice relates -
 - (i) is a nuisance falling within section 79(1)(a), (d), (e), (f) or (g) of the 1990 Act and arises on industrial, trade or business premises, or
 - (ii) is a nuisance falling within section 79(1)(b) of the 1990 Act and the smoke is emitted from a chimney, that the best practicable means were used to prevent, or to counteract the effects of, the nuisance;
 - (f) that, in the case of a nuisance under section 79(1)(g) of the 1990 Act, the requirements imposed by the abatement notice by virtue of section 80(1)(a) of the Act are more onerous than the requirements for the time being in force, in relation to the noise to which the notice relates, of-
 - (i) any notice served under section 60 or 66 of the Control of Pollution Act 1974 ("the 1974 Act"), or
 - (ii) any consent given under section 61 or 65 of the 1974 Act, or
 - (iii) any determination made under section 67 of the 1974 Act;
 - (g) that the abatement notice should have been served on some person instead of the appellant, being-
 - (i) the person responsible for the nuisance, or
 - (ii) (i) in the case of a nuisance arising from any defect of a structural character, the owner of the premises, or
 - (iii) in the case where the person responsible for the nuisance cannot be found or the nuisance has not yet occurred, the owner or occupier of the premises;
 - (h) that the abatement notice might lawfully have served on some person instead of the appellant being-
 - (i) in the case where the appellant is the owner of the premises, the occupier of the premises, or
 - (ii) in the case where the appellant is the occupier of the premises, the owner of the premises, and that it would have been equitable for it to have been so served;
 - (i) that the abatement notice might lawfully have been served on some person in addition to the appellant, being-
 - (i) a person also responsible for the nuisance,
 - (ii) a person who is also an owner of the premises, or
 - (iii) a person who is also an occupier of the premises,
 and that it would have been equitable for it to have been so served
- (3) If and so far as an appeal is based on the ground of some informality, defect or error in, or in connection with, the abatement notice, the court shall dismiss the appeal if it is satisfied that the informality, defect or error was not a material one.
- (4) Where the grounds upon which an appeal is brought include a ground specified in paragraph (2)(h) or (i) above, the appellant shall serve a copy of this notice of appeal on any person referred to, and in the case of any appeal to which this regulation applies he may serve a copy

of his notice of appeal on any other person having an estate or interest in the premises in question.

- (5) On the hearing of an appeal the court may-
 - (a) quash the abatement notice to which the appeal relates, or
 - (b) vary the abatement notice in favour of the appellant, in such manner as it thinks fit, or
 - (c) dismiss the appeal;
 and an abatement notice that is varied under sub-paragraph (b) above shall be final and shall otherwise have effect, as so varied, as if it had been so made by the local authority.
- (6) Subject to paragraph (7) below, on the hearing of appeal the court may make such order as it thinks fit-
 - (a) with respect to the person by whom any work is to be executed and the contribution to be made by any person towards the cost of the work, or
 - (b) as to the proportions in which any expenses which may become recoverable by the authority under part III of the 1990 Act are to be borne by the appellant and by any other person.
- (7) In exercising its powers under paragraph (6) above, the court-
 - (a) shall have regard, as between an owner and an occupier, to the terms and conditions, whether contractual or statutory, of any relevant tenancy and to the nature of the works required, and
 - (b) shall be satisfied, before it imposes any requirement there under on any person other than the appellant, that that person has received a copy of the notice of appeal in pursuance of paragraph (4) above.

SUSPENSION OF NOTICES

3. (1) Where-
 - (a) an appeal is brought against an abatement notice served under section 80 of the 1990 Act, and-
 - (b) either-
 - (i) compliance with the abatement notice would involve any person in expenditure on the carrying out of works before the hearing of the appeal, or
 - (ii) in the case of a nuisance under section 79(1)(g) of the 1990 Act, the noise to which the abatement notice relates is noise caused in the course of the performance of some duty imposed by law on the appellant, and
 - (c) either paragraph (2) does not apply, or if it does apply but the requirements of paragraph (3) have not been met, the abatement notice shall be suspended until the appeal has been abandoned or decided by the court.
- (2) This paragraph applies where-
 - (a) the nuisance to which the abatement notice relates-
 - (i) is injurious to health, or
 - (ii) is likely to be of a limited duration such that suspension of the notice would render it of no practical effect, or
 - (b) the expenditure which would be incurred by any person in carrying out of works in compliance with the abatement notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance,
- (3) Where paragraph (2) applies the abatement notice-
 - (a) shall include a statement that paragraph (2) applies, and that as a consequence it shall have effect notwithstanding any appeal to a magistrates' court which has not been decided by the court, and
 - (b) shall include a statement as to which of the grounds set out in paragraph (2) apply.

Dear Mr Lee Hulme

**RE: ENVIRONMENTAL PROTECTION ACT 1990
CLEAN NEIGHBOURHOODS AND ENVIRONMENT ACT 2005
LIVE AND AMPLIFIED MUSIC EMANATING FROM YOUR PREMISES**

I write with reference to the continuous investigation into the matter of live music and entertainment noise emanating from your premises so as to cause disturbance to neighbouring residential properties.

Following my letter to you dated Monday 8th June 2009 in which you were requested to forward in **7 days** from the letter, to provide Cheshire East Council with a written scheme of mitigation to attenuate the music / entertainment noise emanating from your premises. It was also suggested that it may be appropriate to consult not only with Enterprise Inns PLC, 3 Monkspath Hall Road, Shirley, Solihull, B90 4SJ as the holder of the premises licence, but also appoint an Acoustic Engineer who can provide you with the appropriate engineering solution and mitigation measures that you might require in order to abate the noise nuisance.

As of Monday 22nd June 2009 this department has not received any such written scheme or indeed have had any contact directly from you. However a letter from Enterprise Inns PLC was received on the 11th June 2009 (see copy enclosed) in relation to this matter.

Therefore, a Section 80 Abatement Notice is now duly served upon you Mr Lee Sean Hulme under the provisions of the Environmental Protection Act 1990.

This notice requires you to immediately prohibit the occurrence and recurrence of a Statutory Nuisance from noise generative entertainment activities. You shall comply with this notice in respect to any noise from your licensable activities as per your Premises Licence LAPRE/1227/05.

Appendix C1

The licensable activities authorised by Premises Licence LAPRE/1227/05 are as follows:

- Supply of alcohol
- Exhibition of a film
- Indoor sporting events
- Performance of live music
- Performance of recorded music
- Dancing
- Making music
- Provision of facilities for dancing

Such measures to abate the noise nuisance could include ensuring all windows and doors are closed during licensable activities, reducing the volume and bass of the music so that it does not continue to disturb neighbouring residential properties and the wider community, the installation of a noise limiting device and/or consultation with an acoustic professional such as those who are members of the Institute of Acoustics.

This letter has been copied to The Company Secretary of Enterprise Inns PLC, 3 Monkspath Hall Road, Shirley, Solihull, B90 4SJ and an Abatement Notice has been duly served upon them as the person responsible for your premises as they are named as the holder of the premises licence in accordance with Premises Licence LAPRE/1227/05.

Should you require further information or clarification in connection with this matter then please do not hesitate to contact me directly.

Yours sincerely

Dear Sir/Madam

RE: Music Box, 12 Mill Street, Congleton, CW12 1AB
ENVIRONMENTAL PROTECTION ACT 1990
CLEAN NEIGHBOURHOODS AND ENVIRONMENT ACT 2005
LIVE AND AMPLIFIED MUSIC EMANATING FROM YOUR PREMISES

I write by way of copying you in to correspondence sent to Mr Hulme, The Music Box, 12 Mill Street, Congleton, CW12 1AB.

Despite repeated attempts to resolve the issues of noise from entertainment at the premises with Mr Hulme a Section 80 Abatement Notice has now been duly served upon Mr Lee Sean Hulme, today Monday 22nd June 2009. Additionally an Abatement Notice has been duly served upon you, The Company Secretary as the person responsible for the premises as Enterprise Inns PLC are named as the holder of the premises licence in accordance with Premises Licence LAPRE/1227/05. Whilst Mr Lee Sean Hulme is named as the Designated Premises Supervisor.

Hopefully the enclosed letter sent to Mr Hulme is self-explanatory but should you require any further clarification then please contact me directly at your earliest opportunity to discuss the matter further.

I am grateful for your assistance in this matter.

Yours sincerely

NOTICE REGISTER

ENVIRONMENTAL PROTECTION ACT 1990, section 80

Abatement Notice in respect of Noise Nuisance

To: The Company Secretary
Of: Enterprise Inns PLC, 3 Monkspath Hall Road, Shirley, Solihull, B90 4SJ
Company Registration Number 02562808

TAKE NOTICE that under the provisions of the Environmental Protection Act 1990 the **CHESHIRE EAST BOROUGH COUNCIL**, being satisfied of the occurrence of noise amounting to a statutory nuisance under section 79(1)(g) of that Act at

Music Box, 12 Mill Street, Congleton, Cheshire, CW12 1AB

[within the district of the said Council] arising from:-

Noise generative entertainment activities

HEREBY REQUIRE YOU as the person responsible for the said nuisance with **immediate effect** from the service of this notice, to abate the same and also **HEREBY PROHIBIT** the recurrence of the same.

This is a notice to which paragraph (2) of regulation 3 of the Statutory Nuisance (appeals) Regulations 1995 applies and, in consequence, in the event of an appeal this notice shall NOT be suspended until the appeal has been abandoned or decided by the Court, as, in the opinion of the Council, the expenditure which would be incurred by any person in carrying out works in compliance with this notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance.

IF without reasonable excuse you contravene or fail to comply with any requirement of this notice you will be guilty of an offence under section 80(4) of the Environmental Protection Act 1990 and on summary conviction will be liable to a fine not exceeding level 5 on the Standard Scale **, together with a further fine of an amount equal to one-tenth of that level for each day on which the offence continues after conviction. A person who commits an offence on industrial, trade or business premises will be liable on summary conviction to a fine not exceeding £20,000.

The Council may also take proceedings in the High Court for securing the abatement, prohibition or restriction of the nuisance. Further, if you fail to execute all or any of the works in accordance with this notice, the Council may execute the works and recover from you the necessary expenditure incurred.

DATED 22nd June 2009 (Signed).....
Michael Goodfellow, Environmental Health Officer...
(The officer appointed for this purpose)

Please address any communications to:

Environmental Health, Cheshire East Borough Council,
Westfields, Middlewich Road, Sandbach, Cheshire CW11 1HZ

N.B. The person served with this notice may appeal against the notice to a magistrates' court within twenty-one days beginning with the date of service of the notice. See notes on the reverse of this form.

APPEALS UNDER SECTION 80 (3) of the ENVIRONMENTAL PROTECTION ACT 1990
 ("the 1990 Act")

2. - (1) The provisions of this regulation apply in relation to an appeal brought by any person under section 80(3) of the 1990 Act against an abatement notice served upon him by a local authority.
- (2) The grounds on which a person served with such a notice may appeal under section 80(3) are any one or more of the following grounds that are appropriate in the circumstances of the particular case-
 - (a) that the abatement notice is not justified by section 80 of the 1990 Act;
 - (b) that there has been some informality, defect or error in, or in connection with, the abatement notice;
 - (c) that the authority have refused unreasonably to accept compliance with alternative requirements, or that the requirements of the abatement notice are otherwise unreasonable in character or extent, or are unnecessary;
 - (d) that the time, or, where more than one time is specified, any of the times, within which the requirements of the abatement notice are to be complied with is not reasonably sufficient for the purpose;
 - (e) where the nuisance to which the notice relates -
 - (i) is a nuisance falling within section 79(1)(a), (d), (e), (f) or (g) of the 1990 Act and arises on industrial, trade or business premises, or
 - (ii) is a nuisance falling within section 79(1)(b) of the 1990 Act and the smoke is emitted from a chimney, that the best practicable means were used to prevent, or to counteract the effects of, the nuisance;
 - (f) that, in the case of a nuisance under section 79(1)(g) of the 1990 Act, the requirements imposed by the abatement notice by virtue of section 80(1)(a) of the Act are more onerous than the requirements for the time being in force, in relation to the noise to which the notice relates, of-
 - (i) any notice served under section 60 or 66 of the Control of Pollution Act 1974 ("the 1974 Act"), or
 - (ii) any consent given under section 61 or 65 of the 1974 Act, or
 - (iii) any determination made under section 67 of the 1974 Act;
 - (g) that the abatement notice should have been served on some person instead of the appellant, being-
 - (h) the person responsible for the nuisance, or
 - (i) (ii) in the case of a nuisance arising from any defect of a structural character, the owner of the premises, or
 - (iii) in the case where the person responsible for the nuisance cannot be found or the nuisance has not yet occurred, the owner or occupier of the premises;
 - (h) that the abatement notice might lawfully have served on some person instead of the appellant being-
 - (i) in the case where the appellant is the owner of the premises, the occupier of the premises, or
 - (ii) in the case where the appellant is the occupier of the premises, the owner of the premises, and that it would have been equitable for it to have been so served;
 - (i) that the abatement notice might lawfully have been served on some person in addition to the appellant, being-
 - (i) a person also responsible for the nuisance,
 - (ii) a person who is also an owner of the premises, or
 - (iii) a person who is also an occupier of the premises,
 and that it would have been equitable for it to have been so served
- (3) If and so far as an appeal is based on the ground of some informality, defect or error in, or in connection with, the abatement notice, the court shall dismiss the appeal if it is satisfied that the informality, defect or error was not a material one.
- (4) Where the grounds upon which an appeal is brought include a ground specified in paragraph (2)(h) or (i) above, the appellant shall serve a copy of this notice of appeal on any person referred to, and in the case of any appeal to which this regulation applies he may serve a copy

Appendix C 1

- of his notice of appeal on any other person having an estate or interest in the premises in question.
- (5) On the hearing of an appeal the court may-
 - (a) quash the abatement notice to which the appeal relates, or
 - (b) vary the abatement notice in favour of the appellant, in such manner as it thinks fit, or
 - (c) dismiss the appeal;and an abatement notice that is varied under sub-paragraph (b) above shall be final and shall otherwise have effect, as so varied, as if it had been so made by the local authority.
 - (6) Subject to paragraph (7) below, on the hearing of appeal the court may make such order as it thinks fit-
 - (a) with respect to the person by whom any work is to be executed and the contribution to be made by any person towards the cost of the work, or
 - (b) as to the proportions in which any expenses which may become recoverable by the authority under part III of the 1990 Act are to be borne by the appellant and by any other person.
 - (7) In exercising its powers under paragraph (6) above, the court-
 - (a) shall have regard, as between an owner and an occupier, to the terms and conditions, whether contractual or statutory, of any relevant tenancy and to the nature of the works required, and
 - (b) shall be satisfied, before it imposes any requirement there under on any person other than the appellant, that that person has received a copy of the notice of appeal in pursuance of paragraph (4) above.

SUSPENSION OF NOTICES

- 3. (1) Where-
 - (a) an appeal is brought against an abatement notice served under section 80 of the 1990 Act, and-
 - (b) either-
 - (i) compliance with the abatement notice would involve any person in expenditure on the carrying out of works before the hearing of the appeal, or
 - (ii) in the case of a nuisance under section 79(1)(g) of the 1990 Act, the noise to which the abatement notice relates is noise caused in the course of the performance of some duty imposed by law on the appellant, and
 - (c) either paragraph (2) does not apply, or if it does apply but the requirements of paragraph (3) have not been met, the abatement notice shall be suspended until the appeal has been abandoned or decided by the court.
- (2) This paragraph applies where-
 - (a) the nuisance to which the abatement notice relates-
 - (i) is injurious to health, or
 - (ii) is likely to be of a limited duration such that suspension of the notice would render it of no practical effect, or
 - (b) the expenditure which would be incurred by any person in carrying out of works in compliance with the abatement notice before any appeal has been decided would not be disproportionate to the public benefit to be expected in that period from such compliance,
- (3) Where paragraph (2) applies the abatement notice-
 - (a) shall include a statement that paragraph (2) applies, and that as a consequence it shall have effect notwithstanding any appeal to a magistrates' court which has not been decided by the court, and
 - (b) shall include a statement as to which of the grounds set out in paragraph (2) apply.
