Dear Sirs

Premises Licence Application on Land at Bridgemere Lane.

I wish to object to a Premises Licence on land at Bridgemere Lane, as I believe this application falls foul of all four of the Licensing Objectives, for the following reasons:

- This is an inappropriate location – agricultural land with no infrastructure, buildings or toilet facilities. It should be maintained as open countryside to preserve the quality of the environment for wildlife and surrounding residents.
- X • Excessive traffic movements on narrow country lanes with an inadequate highway network, as judged by the Planning Inspectorate. X
- Unacceptable impact upon crime, anti-social behaviour, adverse impacts on wildlife and nesting birds.
- X • Open air amplified music will result in noise and disturbance at many residential properties further afield. Local residents have a basic right to peace and quiet. X
- Mud on highways from parking on the field, given our unreliable British summer weather, also during October, November and December.
- Possible use of fireworks, causing pollution, noise, disturbance to wildlife, farm stock, domestic animals and horses, also fire hazards with barns close by.
- Inadequate access routes for policing and emergency vehicles.
- Duration of events, given set-up and dismantling time.
- Potential trespass and nuisance from gatecrashers. Vague numbers impossible to police.
- Site too small to accommodate the proposed large number of people and vehicles.
- Residents' concerns of alcohol and drug abuse and its potential influence on young people.
- Concern about inadequate removal of litter after events at the site and in the vicinity.
- Concern about adequacy of toilet facilities given infinite numbers of attendees.
- Effect on long-standing events in Audlem/Crewe/Nantwich, many of which are charitable or sponsored by the community.
- Potential impact on site and classification for planning purposes (brown field site?)
- Future variations increasing the antisocial aspects of the site.

Yours Faithfully
