### Section 2: Initial screening

<b>Who is affected?</b> (This may or may not include the stakeholders listed above)	The policy will impact on all residents of the Borough and people referred from outside the Borough and will form a basis for the working relationships and practices with both internal colleagues and external agencies.										
<b>Who is intended to benefit and how?</b>	Resources targeted at the right time and place will enable vulnerable people facing homelessness to receive appropriate advice and guidance to enable an improvement in their housing situation. External agencies and internal colleagues will benefit from improved working relationships and pathways.										
<b>Could there be a different impact or outcome for some groups?</b>	None identified.										
<b>Does it include making decisions based on individual characteristics, needs or circumstances?</b>	The Strategy allows for flexibility and thinking outside the box by providing pathways suited to individual characteristics.										
<b>Are relations between different groups or communities likely to be affected?</b> (eg will it favour one particular group or deny opportunities for others?)	No, as the Strategy will ensure equality in service provision for all Cheshire East residents and people from outside the area who access our services.										
<b>Is there any specific targeted action to promote equality? Is there a history of unequal outcomes (do you have enough evidence to prove otherwise)?</b>	Not at the moment but this can be monitored by the Homelessness Strategy Steering Group who meets about 4 times a year.										
<b>Is there an actual or potential negative impact on these specific characteristics? (Please tick)</b>
