VARIATION

Do you want the proposed variation to have effect as soon as possible? Yes No

Do you want the proposed variation to have effect in relation to the introduction of the late night levy?

Yes No

You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable to the late night levy.

If your proposed variation would mean that 5,000 or more people are expected to attend the premises at any one time, state the number expected to attend

Describe Briefly The Nature Of The Proposed Variation

Describe the premises. For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies, you must include a description of where the place will be and its proximity to the premises.

Grange Barn Weddings & Events is a weddings and events venue on our family farm in Marbury. Last year we renovated an unused barn on the premises to be a venue, bringing in an additional revenue stream to the farm and supporting jobs within the local area. The premises is located rurally with the nearest neighbour being 220m from the premises building, and only 5 neighbouring properties within 400m. The premises building is separated from neighbours by extensive farm buildings and the altitude is 13m below the nearest neighbour, all of which assist with minimising potential disturbance.

We opened last year (June 2019), hosting 5 weddings and have our first Summer of weddings this year (2020). Our license allows us to host one wedding a week on a Saturday. We have the following licensable activities authorised by the license:

- > Performance of Live Music
- > Playing of Recorded Music
- > Sale and Supply of Alcohol

The above licensable activities are restricted to the following times:

- > Performance of Live Music. Saturday 18:00 - 00:30 hours
- > Playing of Recorded Music. Saturday 18:00 - 00:30 hours
- > Sale and Supply of Alcohol. Saturday 8:00 - midnight

The opening hours of the Premises are: Saturday 08:00 - 01:00 hours

Due to Covid-19, we are unfortunately having to postpone all of the weddings we had booked for May, June and July 2020. We are also beginning to postpone weddings August and September 2020. As a new business we are desperately trying to do everything we can to accommodate these couples because if we are forced to cancel and therefore refund couples, we won't survive as a business. There will also be a knock on effect on the businesses that we have begun to support within

Continued from previous page...

the local area and the county as a whole (B&Bs, caterers, bar, cleaners, florists, photographers etc).

In Summer 2021, we already have weddings booked in on a weekend. Therefore, to be able to move couples dates to next year due to Covid-19, our only option is to hold a wedding during the week as well as at the weekend and therefore amend our current license.

We will only carry out one additional wedding a week, so therefore there will be a maximum of 2 weddings a week at the venue. Therefore, the impact on the licensable objectives will be minor. We have clear policies and procedures in place to ensure we are upholding the four licensing objectives and we will continue to adhere to all of the conditions in our license for events held on another day of the week.

Due to wedding events being the primary focus, it is not expected that crime & disorder or harm to children will be an issue due to the family nature of such events. However, representatives will be on-site at all times to ensure that this is monitored and the police alerted immediately should any of these issues occur (nearest police station is 3.5 miles away, 4 Station Rd, Whitchurch).

Overcrowding will not be an issue as the venue is pre-booked confirming number of guests and will only host private parties.

Regarding safety, building regulations, fire regulations, H&S and disabled facilities are all supplied and satisfied. Fire Station is 3.6 miles away (SY13 1QL).

Regarding prevention of public nuisance (noise has been addressed) we will keep litter to a minimum by providing bins on the site (40 acres) and there is more than enough on site parking (69 spaces & also approved by highways). We have also already hosted several weddings and the feedback from neighbors has been positive.

Section 16 of 18

LICENSING OBJECTIVES

Describe the steps you intend to take to promote the four licensing objectives:

a) General – all four licensing objectives (b,c,d,e)
List here steps you will take to promote all four licensing objectives together.

The applicant recognises that they and our staff are responsible for the safe and effective management of the premises and the promotion of the four licensing objectives listed below. The applicant has already clear policies and procedures in place regarding public safety and will continue to adhere to all of the conditions in their license for events held on another day of the week.

Ongoing training will be key to delivering this. Although it is critical that training covers all four objectives, due to the nature of the business particular focus in training will be given to the responsible sale of alcohol, entertainment and safety elements of our service.

As mentioned earlier, we will only carry out one additional wedding a week, so therefore there will be a maximum of 2 weddings a week at the venue. Therefore, the impact on the licensable objectives will be minor.

b) The prevention of crime and disorder

We will continue to adhere to all of the conditions in our license for events held on another day of the week to prevent crime and disorder. We will continue to carry out risk assessments before the site is open to the public. Consideration to the final design of the venue has been given to minimise crime and disorder.

The building will not house any valuables so it is not vulnerable to theft. External motion sensing has been fitted. An on-

Continued from previous page...

site representative will be present at all times. Any cash generated from sale of alcohol will be removed from site each evening.

The premises will continue to be searched carefully before and during events for any suspect packages. Staff will be trained to handle such events and be equipped with police contact details. Daily staff briefing and debriefing will be scheduled for every event. Staff to be trained to handle any situation involving crime and disorder e.g. drugs, weapons, violence, etc.

No events will be promoted. Private events only that are pre-booked with admissions numbers pre-agreed and managed are allowed.

Outdoor and emergency lighting is provided to reduce trip risk. We will have security present at each event where numbers are over 100 guests.

c) Public safety

We have clear policies and procedures in place regarding public safety and will continue to adhere to all of the conditions in our license for events held on another day of the week.

A full risk assessment has been completed taking into account public safety by highlighting any potential hazards and methods for minimising these and actions should the unfortunate occur. This will be reviewed every 12 months and apply to events held on any day of the week.

Over consumption and under-aged drinking is avoided as we have a "Challenge 25" Policy is operated at all times and we have public materials notifying customers of this policy displayed at the premises.

First aid boxes are available. At least one member of staff will hold a first aid qualification. A documented capacity is set for the premises and pre-booking will control numbers attending each event. Spillages will be quickly signed and cleaned up to reduce risk of slippages.

A written policy to deal with accidents and emergencies is in place to handle such incidents. This has been based on the risk assessment.

Fire detection system have been put place with clearly labeled means of escape. A Fire risk assessment has been completed and approved by building regulation.

There will be a zero tolerance policy to drugs use. Smoking areas will be clearly labeled outside.

d) The prevention of public nuisance

We will continue to adhere to all of the conditions in our license for events held on another day of the week. Please note that the project has planning approval. This included approval from the Amenity & Quality of Life consultee with regards to noise impact. The consultee has attended site and had no concerns regarding noise impact to neighbours.

With the 5 events we held last year, we were extremely considerate of the local residents and have had positive feedback from them. We have engaged with them on multiple occasions via letters and emails so they are aware of event dates we have coming up and we are working with them to minimise any impact the venue has on them. We have a noise management policy in place to enforce sound attenuation. Staff are trained on the contents of this on which copies will be available for inspection. Bands and DJs are made aware of the policy before events. We have invested substantially in changes to the barn to minimise sound travelling, for example we have purchased a sound monitoring kit to control the noise levels from amplified music. Windows and doors will be kept closed during entertainment times. No windows have been installed on the elevation facing the neighbours. A lobby area is in place entrance and exit on the elevation facing the neighbours. Speakers are not wall mounted, but free standing with rubber feet. For each event, they are aimed in the opposite direction to the neighbours. The trained on-site representative will conduct perimeter checks to make sure that noise pollution is acceptable, this will be completed each time a new entertainer takes over. A contact number will be provided to local residents to report any concerns/issues if any occur.

Continued from previous page...

Noise and nuisance for arriving and leaving guests will be minimal due to the long private access drive. The drop-off area is right next to the buildings entrance so circa 220m from the nearest neighbour and parking even further away. Arrival times will be pre-planned so arrival will take place over a short window. Due to pre-booked private parties, no queuing for entry will be required. Upon exit the entertainer and on-site rep will encourage all to leave quietly and peacefully, whilst discouraging drink driving. For each event we have security to support with guests leaving in a quiet and orderly manner. Due to the nature of a wedding guests often leave gradually throughout the night. We operate a customer dispersal policy to encourage this including; gradual change in music, reduction in volume, increasing lighting, etc.

We have well trained bar staff who are experienced in managing the responsible consumption of alcohol. We have clear and documented policies and procedures in place to identify potential public nuisance risks and will implement measures to prevent, respond and manage these risks.

Prior to the event a list of approved taxi companies is promoted to each client for guest pre-booking. The only external area accessible for guests will be on the opposite side of the building to the neighbours. No music will be played outside. The on-site rep will monitor the outside area to ensure no excess noise.

Although deliveries will be minimal, these will be restricted to working hours.

External lighting is on timers and triggered by motion, so that light pollution is not caused outside of operation hours.

Comments from earlier about the venue: The premises is located rurally with the nearest neighbour being 220m from the premises building, and only 5 neighbouring properties within 400m. The premises building is separated from neighbours by extensive farm buildings and the altitude is 13m below the nearest neighbour, all of which assist with minimising potential noise impact. Potential noise sources will be from bands or DJ's but these will only take place within the premises that is a contained unit with special care given to minimising impact to neighbours. The following will also be enforced to minimise noise impact: No fireworks, windows and doors shut during playing of music, large soft curtains used to dampen noise, sound limiters, no outdoors music, speakers face away from neighbours and reduce bass to a minimum.

e) The protection of children from harm

There is very limited risk to children due to the nature of the premises offering a venue for weddings. However, we will continue to adhere to all of the conditions in our license for events held on another day of the week. We have policies and procedures to identify age restricted risks to the premises, for example a "Challenge 25" Policy is operated at all times and we have public materials notifying customers of this policy displayed at the premises. Trained bar staff will operate the sale of alcohol. The staff will also be able to prevent overconsumption which will protect children from over individuals under the influence.

No gambling will take place on site, including gaming machines.
