1 Introduction

Role of Statement of Community Involvement

- 1.1 The Statement of Community Involvement (SCI) sets out how Cheshire East Borough Council intends to involve all sectors of the community in the planning process. It relates to the preparation of planning policy and the determination of planning applications.
- 1.2 The SCI explains how and with whom the Council will consult when carrying out its planning duties. Whilst this document relates only to planning functions it is intended to dovetail with the Council's wider approach to community engagement.

In response to the on-going Covid-19 pandemic, the October 2020 SCI includes temporary changes to the way the Council will consult and engage its stakeholders on matters related to its planning function. Primarily this means a greater emphasis on use of digital engagement methods whilst ensuring alternative options are available as mitigation for those who cannot easily access digital services. To ensure the Council enables its residents and stakeholders to fully participate in the Council's planning functions, the measures set out in this SCI will be reviewed as appropriate.

Status of Document

- 1.3 The Statement of Community Involvement reflects the requirements of the Town and Country Planning (Local Development) (England) Regulations 2012. It also reflects temporary changes to these regulations, introduced by the Town and Country Planning (Local Planning) (England) (Coronavirus) Amendment Regulations (2020), the National Planning Policy Framework and the National Planning Practice Guidance.

- 1.3 The National Planning Practice Guidance states that:

Local Authorities have discretion about how they inform communities and other interested parties about planning applications. Article 15 of the Development Management Procedure Order sets out minimum statutory requirements.....In addition, local authorities may set out more detail on how they will consult the community on planning applications in their Statement of Community Involvement, prepared under section 18 of the Planning and Compulsory Purchase Act 2004.

Publishing information online in an open data format can help facilitate engagement with the public on planning applications.

Paragraph: 004 Reference ID: 15-004-20140306

Revised Statement of Community Involvement

- 1.4 The first Cheshire East Statement of Community Involvement was adopted by the Council in June 2010. This update reflects current statutory requirements and national planning policy and guidance.
- 1.5 It is proposed that the Draft SCI be subject of consultation alongside other planning policy documents in the Autumn of 2018.

Monitoring and Review of the Statement of Community Involvement

- 1.6 The Council will review its Statement of Community Involvement from time to time in the light of any changes to statutory requirements, national policy or guidance and good practice.
- 1.6 There is no requirement to consult on a SCI, however, the approach set out here will be communicated to stakeholders and published on the Councils website for public viewing.

Monitoring and Review of the Statement of Community Involvement

- 1.7 The measures set out in this SCI are temporary and the Council will review its Statement of Community Involvement from time to time (and at least every 5 years) in the light of any changes to statutory requirements, national policy or guidance and good practice.

2 Community Involvement in Planning

National Policy

- 2.1 The NPPF stresses the importance of engaging the community in plan making and decision taking:

The Framework states that Local Plans should be

shaped by early, proportionate and effective engagement between plan-makers and communities, local organisations, businesses, infrastructure providers and operators and statutory consultees; [Paragraph 16]

It also stresses the benefits for development and planning processes that arise from effective engagement:

Early engagement has significant potential to improve the efficiency and effectiveness of the planning application system for all parties. Good quality pre-application discussion enables better coordination between public and private resources and improved outcomes for the community. [Paragraph 39]

he Framework also emphasises the role that community involvement can play in securing good design:

The creation of high quality buildings and places is fundamental to what the planning and development process should achieve. Good design is a key aspect of sustainable development, creates better places in which to live and work and helps make development acceptable to communities. Being clear about design expectations, and how these will be tested, is essential for achieving this. So too is effective engagement between applicants, communities, local planning authorities and other interests throughout the process [paragraph 124]

Design quality should be considered throughout the evolution and assessment of individual proposals. Early discussion between applicants, the local planning authority and local community about the design and style of emerging schemes is important for clarifying expectations and reconciling local and commercial interests. Applicants should work closely with those affected by their proposals to evolve designs that take account of the views of the community. Applications that can demonstrate early, proactive and effective engagement with the community should be looked on more favourably than those that cannot [Paragraph 128]

Local Principles and Linkages with Other Strategies

- 2.2 Cheshire East Borough Council recognises and appreciates the positive contribution that community involvement can have in all aspects and areas of planning. The Statement of Community Involvement explains how the local and wider community (including stakeholders and specific, general and other consultation bodies such as statutory consultees) will be engaged and consulted on planning issues.
- 2.4 There is no legal requirement to consult on a SCI and therefore, to avoid stakeholders suffering from “consultation fatigue”, the Council will publish its updated SCI on its webpages and communicate the changes to stakeholders appropriately.
- 2.5 It is important to consult a broad range of groups during the preparation of each planning policy document and at various stages thereafter. In general terms, key stakeholders include:
- Ward Councillors
 - General public – residents and people who undertake business, leisure activities or have a general interest in the area;
 - Town and Parish Councils;
 - Business interests and major landowners including developers and agents;
 - Government departments and statutory bodies;
 - Infrastructure providers;
 - Interest groups - environmental, amenity, community and voluntary groups at a local, regional or national level.
- 2.6 In the production of planning policy documents, the Council will aim to achieve the following:

- Ask for views at an appropriate stage;
- Provide sufficient information to enable an effective response to any consultation;
- Provide details of how to respond to any consultation and in what time period;
- Avoid jargon and include a glossary of terms where required;
- All comments will be made publicly available and the Council will report on all consultation stages;
- Publicise any consultation events on the Council's website and hold them at appropriate locations in the Borough that are accessible with appropriate disabled access.

Your Data

- 2.7 When engaging with consultations on local plan documents individuals personal information and data will be treated in accordance with the Councils [Strategic Planning Privacy Notice](#).

3 Duty to Cooperate

- 3.1 As part of the statutory Duty to Co-operate, neighbouring councils and other relevant organisations must work together across boundaries on strategic planning issues that affect them all. In future such cooperation will be formalised within the forthcoming Statements of Common Ground.
- 3.2 In accordance with the Town and Country Planning (Local Planning) (England) Regulations 2012, the Council will work together on strategic planning issues with the following organisations:

Duty to Co-operate Bodies

1. Environment Agency
2. English Heritage
3. Natural England
4. Civil Aviation Authority.
5. Homes and Communities Agency
6. Clinical Commissioning Groups.
7. NHS England
8. Office of the Rail Regulator
9. Highways Agency
10. Integrated Transport Authorities
11. Highway Authorities
13. Local Enterprise Partnerships
14. Neighbouring and other relevant Local Authorities
15. The Greater Manchester Combined Authority.

- 3.3 In addition to the above, the Council is required to consult ‘specific’ and ‘general’ consultation bodies and other consultees including the community, business and third sector groups when consulting on planning policy documents. The following list of organisations will be informed of any consultation being undertaken, as appropriate.

DRAFT

4 Planning Policy Documents

The Cheshire East Local Plan

- 4.1 The Cheshire East Local Plan is the principal statutory development plan for the Borough. It comprises three distinct documents – and once adopted each forms the benchmark for planning decision making in the Borough.
- 4.2 The three parts of the Local Plan are
- Cheshire East Local Plan Strategy sets out the overall vision, objectives and strategy for how Cheshire East will develop between 2010 and 2030, including strategic sites. This Plan was adopted in July 2017.
 - Cheshire East Site Allocations and Development Policies Document contains a suite of detailed policies to support the delivery of the Local Plan Strategy alongside more detailed and localised development proposals / site allocations. A Policies Map on an Ordnance Survey base will show proposals, designations and site specific policies. This Plan is currently in production.
 - Cheshire East Minerals & Waste Development Plan Document which will set out policies for dealing with Minerals and Waste and identify specific sites and areas. This Plan is currently in production.

Area Action Plans

- 4.3 An Area Action Plan is a Development Plan Document that relates to specific areas of significant development or dynamic change.
- 4.4 It is proposed within the 2018 Local development Scheme that an Area Action Plan be prepared for Crewe Railway station and its environs. As such the Crewe Hub Area Action Plan is currently in preparation, to establish a planning framework to support the Councils regeneration and growth ambitions for Crewe in response to the arrival of HS2.

Neighbourhood Plans

- 4.5 A Neighbourhood Plan is a Planning Policy document that sets out policies for the area in question and can be used to influence the shape and form of development that will take place in the Neighbourhood Plan area. A Neighbourhood Plan can also allocate sites for development including land for housing and employment.
- 4.6 There has been a considerable take-up of Neighbourhood Plans across the borough.

Supplementary Planning Documents

- 4.7 These documents cover a range of issues, both thematic and site specific. They provide more detailed guidance on how Development Plan policies are to be applied or design guidance for the development of a site or area. Supplementary Planning Documents will be a “material consideration” in the determination of planning applications.

5 Planning Policy - Consultation and Engagement

5.1 This section details the process involved in the production of documents contained within the Local Development Framework. The legal requirements for consultation and engagement for the Local Development Framework are set out within the Town and Country Regulations (Local Planning) (England) 2012.

Within these regulations, the statutory requirements for Local Planning Authorities to make documents available for inspection, (at our principal office and at such other places within our area as we consider appropriate), during normal office hours and to provide a copy of a document as soon as reasonably practicable after receipt of a person's request is suspended until the end of the year (31.12.20).

The approach set out below recognises the temporary suspension of some consultation methods and The SCI will be reviewed at the end of the year and, if necessary, be updated to reflect the most current guidance on these matters.

Development Plan Documents

5.2 The following table sets out a summary of the consultation stages and methods that the Council will use when consulting on a Development Plan Document.

Development Plan Document Stage	Consultation Duration	Consultation Methods
Scoping Consultation (Regulation 18-Town and Country Planning Regulations (Local Planning) 2012)	No minimum	<ul style="list-style-type: none"> Written/Email consultations with statutory consultees, general consultees on our database, other relevant stakeholders, individuals and organisations who have expressed a wish to be consulted or have previously made comments and;

5.3 Further Information on the Cheshire East Local Plan can be found on the relevant section of the Council's [website](#).

Neighbourhood Plans

5.3 Consultation on the early stages of the Neighbourhood Plan preparation is carried out by the Town or Parish Council preparing the Neighbourhood Plan. A Statement has to be submitted along with the draft Plan indicating what consultation has been carried out and how it has informed the preparation of the draft Plan.

5.4 Once the Neighbourhood Plan is submitted, the Council is required to consult on the draft Neighbourhood Development Plan as set out below.

5.5 Following receipt of the Examiner's report and before the Neighbourhood Plan can be 'made' by the Council, a referendum must be held for the community to approve the Plan in its final form. A simple majority of the votes is required before Cheshire East Council can formally 'make' the Plan so that it becomes part of the Development Plan.

Neighbourhood Plan Stage	Consultation Duration	Consultation Methods
Neighbourhood Area Designation consultation	Minimum of 6 weeks (excluding Bank Holidays) Where a neighbourhood area application is coterminous with an existing parish boundary, there is no requirement to consult on the application.	<ul style="list-style-type: none"> • Written/Email consultations with statutory consultees, general consultees on our database, other relevant stakeholders, individuals and organisations who have expressed a wish to be consulted or have previously made comments • Consultation document available on the Council's website • Notice on the Council's website.
Submission Consultation & Publicity of a plan	6 weeks consultation (including Bank Holidays)	<ul style="list-style-type: none"> • Inviting representation on the document through social media advertisement.

5.6 The Council will publish any decision notices relating to the designation of a Neighbourhood Plan area, as well as all Examiner's reports on its website.

- 5.7 The Council will also update details of the progress of each Neighbourhood Development Plan (including details of examination or referendum arrangements) on the same section of its website
- 5.8 The website also details the support that the Council is able to provide to Town & Parish Councils undertaking Neighbourhood Plans. The Current support package is set out in Appendix 5

Supplementary Planning Documents

- 5.9 When preparing Supplementary Planning Documents (SPD) and other Non-Development Plan planning documents the Council will use the methods to engage with the local community as set out in the table below.
- 5.10 It is generally expected that one stage of consultation will be necessary, since the SPD will expand upon adopted Development Plan policy which has already been subject to extensive engagement. However, exceptionally, a preliminary consultation may be necessary to scope out the form or content of an SPD.

SPD Stage	Consultation Duration	Consultation Methods
Optional scoping consultation (where necessary)	No minimum	<ul style="list-style-type: none"> Digital consultation using the Council's on-line consultation portal; Use of digital engagement tools Promotion of the plan and advice on how to engage with its development through social media platforms; Consultation documents available for public inspection on the Council's website; Public & Parish Council digital consultation events as appropriate; and Written/Email consultations with statutory consultees, general consultees on our database, other relevant stakeholders, individuals and organisations who have expressed a wish to be consulted or have previously made comments and; Inviting representation on the document through a notice on the Council's website.
Draft SPD consultation	4 weeks consultation	
Final Draft SPD consultation	4 weeks consultation (including Bank Holidays)	

Commented [ET2]: Update to reflect recent guidance/regs and emphasis on digital

Appropriate mitigation where persons are not able to access the development plan by electronic means or are finding it difficult to do so.

The Council will take reasonable steps to ensure sections of the community that do not have access to the Development Plan by electronic means are not unduly prevented from accessing it if they wish to. Such steps may include:

- Pre-arranged visits to offices or libraries to view hard copies of documents (subject to relevant Covid-19 guidance in place at the time);
- Engagement with representative groups rather than directly with individuals and targeting those in areas directly affected by the proposed plan, and allowing individuals to nominate an advocate to share views on their behalf.
- Consulting in writing or using the telephone, where this is feasible, and alternatives cannot be identified.

6 Planning Applications

- 6.1 Development Management is a positive and proactive approach to shaping, considering, determining and delivering development proposals. It is led by the Local Planning Authority (LPA), working closely with those proposing developments and other stakeholders. It is undertaken in the spirit of partnership and inclusiveness, and supports the delivery of key priorities and outcomes.
- 6.2 The Council is committed to engaging both individuals and the wider community in the decision making process. The scale and scope of the consultation process will depend on the nature of the application.
- 6.3 No system for publicising planning applications can be totally effective, however extensive. A balance needs to be struck between providing a reasonable opportunity for people to comment on applications, and the cost and speed of decision-making.

Consultation on planning applications

- 6.4 The Council undertakes appropriate consultation with statutory and other consultees on the majority of applications received. While not exhaustive these are listed within Appendix 3

Pre-application Advice

- 6.5 The Council strongly encourages applicants to undertake pre-application discussions prior to the submission of planning applications., and/or related applications (e.g. Conservation Area Consent applications, Listed Building Consent applications and Tree Works applications).
- 6.6 Pre-application discussions are critically important and benefit developers, the Council and the wider community in ensuring a better understanding of the existing, and potential, objectives and constraints to a development. In the course of such discussions proposals can be adapted to ensure they better reflect community aspirations. The benefits of such an approach include:
- better quality, more straightforward, applications which can be quickly processed;
 - a means of resolving problems at an early stage;
 - an inclusive and transparent approach to determining applications;
 - better design, and greater opportunity to meet the needs and aspirations of local communities;
 - greater efficiency in both time and resources for both developers and the Council.
- 6.7 For significant or major applications, developers will be encouraged to carry out pre-application consultation with interested local parties and community

bodies. This should allow any issues to be addressed early in the planning process, and hopefully prior to the submission of a planning application, to reduce the potential for delay in the decision making process, and improve the quality of applications. The content and method of any pre-application consultation exercise should be agreed with Council planning officers in advance, and a summary of both the methods used and results should normally accompany the submitted planning application. Councillors may be involved in pre-application discussions in accordance with the Council's Code of Conduct Protocol in relation to planning matters.

Publicity on Applications

- 6.8 Once registered applications will appear on the Council's website. This will include the appropriate application form, plans and supporting information in accordance with the Council's statutory requirements which form Part 1 of the Planning Register.
- 6.9 Article 15 of the Town & Country Planning (Development Management Procedure) Order 2015 sets out the statutory framework for publicity on applications. This requires certain specified types of application to be publicised by way of a site notice and newspaper advertisement and in some cases also by way of notification for adjoining owners or occupiers.
- 6.10 The Council's procedure for publicising applications is contained in the *Publicity for Planning Applications Protocol*. This is available on the Council's website and updated from time to time. A copy of the latest protocol is attached as Appendix 4 for reference however it should be noted that any updates to this Protocol will take precedence over information contained in this document.
- 6.11 Where appropriate and the type of application requires it the timeframe for responding is generally 21 days, unless any notifications specify otherwise. Regardless of how you hear about a proposal, anyone can submit comments on an application (of the required type). Any comments must focus on planning matters and will become 'public documents' as part of the application.
- 6.12 Applications are available to view on the Council [website](#) . Further information on Committee decisions can be found on the Council & Democracy web page. The publication of some material may be restricted by law e.g.: material containing racist or other offensive comments, or falling within statutory exemptions or protected by confidentiality" in line with the Anti-social Behaviour Act 2003

Making a Decision

- 6.13 Decisions on planning applications are made by either Planning Officers under delegated authority, or by Planning Committee. The Council's scheme of delegation is available on the Council's website.

- 6.14 For delegated applications made by Officers a report will be written summarising the main issues, including comments received and then an assessment of the application will be made. The report and subsequent decision will be made by a Senior Officer.
- 6.15 For committee applications, Planning Officers will prepare a report summarising all the relevant issues, comments received and then an assessment of the application. The report and Officer's recommendation will be published on the Council's website in advance of the meeting.
- 6.16 In both instances consideration is given to all consultation responses, and comments received. However decisions on applications must be made in accordance with the development plan unless material considerations indicate otherwise.
- 6.17 Following the determination of the application the decision is sent to the applicant/agent. The decision notice will also appear on the Council's website which forms Part 2 of the statutory Planning Register.

Appeals

- 6.18 In circumstances where an application has been refused, or a decision is not made within a specified timeframe, the applicant may choose to appeal. When this happens, an independent Planning Inspector or the Secretary of State will make a final decision. There are associated notification processes for those who commented on the original application including an opportunity for further comments or involvement in the process.

Information Updates

- 6.19 Appendix 1 sets out contact details for the Development Management service. The Council's website is the primary source for information about planning applications including updated information, when they may be determined and if they are due to go before a committee and when. The link <https://www.cheshireeast.gov.uk/planning/planning.aspx> will take you to the main planning pages for further information and any updates.

7 Further Information

- 7.1 Further information on the planning policy process can be obtained by contacting the Spatial Planning Team, as detailed in Appendix 1. Alternatively, the following organisations offer advice and information on all aspects of the planning system and process:
- **Planning Portal** - This is a Government sponsored website setting out the current process and systems of town and country planning. The site can be used to learn about the planning system, the LDF process, and the latest government policy. The site also details how to apply for planning permission, how to find out about development near to where you live or work, and how to appeal against a planning decision (www.planningportal.gov.uk).
 - **Ministry of Housing, Communities and Local Government** - The Planning Directorate of the MHCLG is the Government Department that legislates, regulates, and prepares guidance on planning in England and Wales. (<http://www.communities.gov.uk/planningandbuilding/>).
 - **Planning Aid** - Planning Aid is a voluntary service linked to the Royal Town Planning Institute, offering free, independent and professional advice on town planning matters to community groups and individuals who cannot afford to employ a planning consultant. Planning aid is a vital part of the planning system. It enables local communities, particularly those with limited resources, to participate effectively in planning matters. Every effort will be made to seek to ensure that members of the community are aware of the advice and support that may be available from this source (www.planningaid.rtpi.org.uk).

Consultation Methods

Council Website

Once registered, applications are posted on the Council's website, along with all representations and consultation responses made.

Site Notices

Site notices are normally posted as near as possible to the site, but not necessarily on the site itself, in a prominent position (often making use of lampposts, road signs, street furniture and fences)

For minor developments, site notices will only be used where landowners cannot be identified e.g. where the application site is next to open land or in a rural location.

Neighbour notification

Occupiers of adjacent land or premises most likely to be directly affected by a proposal, which includes adjoining occupiers whose properties have a common boundary with the application site – this can include boundaries located diagonally. In addition, occupiers immediately opposite the site (on the other side of a road) will be notified if they are within 20m.

Such adjacent properties are identified using the submitted application documents and the Council's mapping systems.

Newspaper Advertisement (Press Notice)

The Council will publicise applications by formal advertisement in a local newspaper where it meets the criteria identified above.

Amendments to Applications

Minor amendments to applications under determination are generally made to overcome a particular objection or concern so there is often no need to re-consult. Re-notification of neighbours on minor amendments is left to the Case Officer's discretion.

More significant alterations will require neighbour notification; however, a reduced timescale for a response to re-notification is set (normally between 10-14 days). Parish Councils and relevant statutory consultees will also be re-consulted on any significant alterations.

APPENDIX 5 - SUPPORT FOR NEIGHBOURHOOD PLANS (As at September 2018)

DRAFT

Neighbourhood Planning Service Level Agreement January 2018

Free Support:

CEC will provide:

- Two weeks dedicated officer support to write a first version of your plan.

At the end of the two weeks you will have a project plan and an outline draft document to take forward and develop with your community.

The two weeks of time will be continuous, based at Cheshire East Council offices and organised to be appropriate to your circumstances. This support will cover:

1. How to write a plan
2. Managing the project
3. Consultation and engagement
4. Understanding issues and options
5. Establishing an evidence base
6. Drafting policy themes

To access this support you will need to have:

1. An established steering group
 2. Appropriate governance arrangements in place
 3. A designated neighbourhood area
 4. The results of a first consultation with your community
- Open door planning surgeries at Council offices, on a rotating basis around the Borough, each Wednesday
 - Advice on the Local Plan Strategy, the Settlement Hierarchy and your local housing needs
 - A series of toolkits, guides and resources, alongside advice on their use
 - Provision of a Neighbourhood Plan Template
 - Access to our national monitoring database of neighbourhood plans
 - Suite of background core maps
 - Advice on consultation and engagement
 - Advice on your draft plan including:
 - The preparation of a Strategic Environmental Assessment (SEA) Screening Report
 - Pre-consultation comments on your draft plan (prior to regulation 14 stage)
 - Support through the examination process including timeframes for examination, referendum and adoption stages
 - Implementation of any modifications arising through examination of your plan
 - Post plan implementation guidance and advice
 - Advice on modifying a made neighbourhood plan

Chargeable Support:

The Council can also offer more detailed and specialist advice at a cost and can provide:

- Housing Needs Advice Reports (£500)
