# Our Vision An open, fairer, greener Cheshire East

## Open

We will provide strong community leadership and work transparently with our residents, businesses and partners to deliver our ambition in Cheshire East

## Fair

We aim to reduce inequalities, promote fairness and opportunity for all and support our most vulnerable residents

## Green

We will lead our communities to protect and enhance our environment, tackle the climate emergency and drive sustainable development

## Our Priorities

### An open and enabling organisation

- Ensure that there is transparency in all aspects of council decision making
- Listen, learn and respond to our residents, promoting opportunities for a two-way conversation
- Support a sustainable financial future for the council, through service development, improvement and transformation
- Look at opportunities to bring more income into the borough
- Support and develop our workforce to be confident, motivated, innovative, resilient and empowered
- Promote and develop the services of the council through regular communication and engagement with all residents

### A council which empowers and cares about people

- Work together with residents and partners to support people and communities to be strong and resilient
- Reduce health inequalities across the borough
- Protect and support our communities and safeguard children, adults at risk and families from abuse, neglect and exploitation
- Be the best Corporate Parents to our children in care
- Support all children to have the best start in life
- Increase opportunities for all children and young adults with additional needs
- Ensure all children have a high quality, enjoyable education that enables them to achieve their full potential
- Reduce the reliance on long term care by improving services closer to home and providing more extra care facilities, including dementia services

### A thriving and sustainable place

- A great place for people to live, work and visit
- Welcoming, safe and clean neighbourhoods
- Reduce impact on the environment
- A transport network that is safe and promotes active travel
- Thriving urban and rural economies with opportunities for all
- Be a carbon neutral council by 2025

## Our Values

# Foreword

## Welcome to our new Corporate Plan for 2021-2025

The Covid-19 pandemic has allowed us to re-think what is important for Cheshire East. We have seen great community spirit, people helping people, businesses helping businesses and our staff and partners going the extra mile in unprecedented circumstances.

We want to build positively on the changes we have seen in the last few months to how we live, learn, work and travel.

The Plan is based around a key vision of being **open, fair and green**, leading to the following strategic priorities:

- An open and enabling organisation
- A council which empowers and cares about people
- A thriving and sustainable place

In this Plan, we explain why we think these things are important and what we think the actions should be to deliver a more sustainable, happier and fairer borough over the next few years.

The new vision reinforces the council's commitment to meeting its equalities duties; promoting fairness and working openly for everyone. Cheshire East is a diverse place and we want to make sure that people are able to live, work and enjoy Cheshire East regardless of their background, needs or characteristics. We also recognise that the wellbeing of residents is vital to a thriving place and economy.

We want to build trusting and constructive relationships between the council and the voluntary sector, promoting community activities and great places to live. We want Cheshire East to be a place where everyone can thrive.

# About the Plan

The Corporate Plan is the council's overarching strategic document. It is the only plan which covers the full range of the council's responsibilities and is an important tool to set out our ambitions for the borough and help focus our effort and resources on the right things. This is even more important in the context of constrained budgets, increases in demand and rapid change.

By prioritising a clear set of commitments and actions, the Corporate Plan also helps residents to hold the council to account for its performance and challenge it to improve.

The Corporate Plan informs other key strategies and plans, whether council documents or those of our partners. These documents vary widely in purpose, scope, and lifespan.

The Corporate Plan does not replace these other documents, but it should shape them whenever they are being updated.

Good strategic planning also means aligning financial and service planning. **The council's day to day budget for services is £301m per year**, excluding schools funding. In addition, we are investing £500m in major projects such as roads, town centre regeneration, infrastructure and schools. This plan has been developed alongside the Medium Term Financial Strategy and will be agreed alongside the Budget by the full Council in February 2021. More detail can be found on page 10.

## Consultation and engagement

Thanks to all those residents, partners, councilors and staff who responded to the consultation.

The vast majority of responses were very positive about the vision of this Council going forwards and included many detailed comments and suggestions.

These have been fully considered and changes have been incorporated to reflect these views.

# Our Journey

Cheshire East is a great place, full of potential. We have strong employment opportunities, attractive places to live and standards of education are high. The challenge is how we maintain our position, continuing to create sustainable growth that will support the wellbeing of our residents and the economy on which that depends, whilst protecting existing residents and green spaces.

We are proud that the borough has one of the most successful and resilient economies in the UK which was valued at £14.4bn at December 2019 (Gross Value Added). Our economy includes successful multinational companies such as Bentley, Waters, Astra Zeneca, Barclays, Royal London, Mornflake as well as a buoyant range of small and medium size enterprises. Furthermore, the borough has a rich cultural, heritage and visitor economy which contributes more than £920m to the overall economic output of the borough.

Our borough is home to 380,800 residents and more than 175,000 households. It contains the major towns of Crewe, Macclesfield, Congleton and Wilmslow (with populations above 20,000). There are also a number of other significant centres of population (over 10,000) in Sandbach, Poynton, Nantwich, Middlewich, Knutsford and Alsager.

Whilst the population is predominantly White British (93.6%), Cheshire East is becoming an increasingly diverse borough due to its proximity and continually improving transport links to Manchester, Birmingham and London. It is also the home of choice for many migrant communities from across the world.

Whilst most residents enjoy a good standard of living, there are pockets of deprivation, which impact on the quality of life and opportunities for some people. Average life expectancy varies from 74 years in the most deprived areas to 83.3 years in the most affluent.

An ageing population comes with its own challenges and, following national trends, we see increasingly complex needs across all age ranges. Similarly, we have seen an increase over recent years of children coming into care, with 542 children (September 2020) currently being fostered or in other care arrangements.

Maximising our opportunities and overcoming our challenges will take time. Whilst it is right to be ambitious, we can't do everything at once, or without our partners and we know resources will remain constrained for the foreseeable future.

We are therefore setting a clear new vision for Cheshire East, one which sets out what we want both for the area, and for the council as an organisation.

# Opportunities and Challenges

## Opportunities

**A great location** – Cheshire East offers a range of attractive and vibrant towns that are well connected to the major centres in the UK including Birmingham, Manchester, Liverpool and London. These great connections will be further enhanced with the delivery of HS2 which will also act as a catalyst for sustainable and inclusive growth across the whole borough.

**Environment** – Cheshire East is home to some fantastic natural assets including part of the Peak District National Park, the Cheshire Plain, areas of outstanding natural beauty and a wealth of historic buildings. The borough is also leading the way in environmental management and clean growth and there are significant opportunities to deliver sustainable and inclusive economic growth.

**Economy and Inward Investment** – The borough is home to a number of thriving and successful sectors including life sciences, advanced manufacturing, digital and carbon zero industry. The combination of a vibrant economy operating within a beautiful environment with great connectivity is a significant asset that can attract more businesses to invest in the area which will provide more and better paid local jobs for residents.

**Learning and skills:** The area has a high proportion of good or outstanding schools (88% as of 2019), and excellent further and higher education colleges with a continual improvement in the percentage of students achieving A\*-C in A-levels and a very high overall pass rate of 98%. The performance of students that take broad vocational qualifications e.g. BTECs is also high with an average pass grade of Merit which is in line with the national results.

**Communities** – Cheshire East has a variety of different communities, ranging from large towns to villages and rural settlements. There is a network of formal and informal community groups which together provide an enormous range of activities, support and services.

**Digital revolution** – new and emerging technologies are bringing opportunities to rethink how services can be provided. We want to improve

connectivity for all our communities and help residents and business to benefit from the convenience and flexibility it can bring.

**Business investment** – attracting businesses to continue to invest in the area, to provide more and better paid local jobs, and promote sustainable growth in sectors like the green economy, food and drink and the visitor economy.

**Innovative staff** – our staff have shown great resilience and creativity to maintain quality services. Constrained resources will continue to spur innovation in how we manage demand and deliver and fund services.

**Partnerships** – we have good relationships with our partners across the public, private and third sectors. There are opportunities to work together even better to deliver our priorities.

## Challenges

**Resource constraints** – after a decade of unprecedented reductions in government funding, resources are expected to remain constrained throughout the timeframe of this plan.

**Climate emergency** – The serious impact of global warming is already evident. Urgent action is needed to avoid temperatures increasing to dangerous levels leading to increased flooding and extreme weather events. We need to recognise the role our open spaces play in assisting carbon reduction.

**Housing** – Cheshire East has a buoyant housing market. The challenge is to create a housing market in the borough that delivers the right type of houses in the right locations at the right price to support the needs of all our residents – existing and new. Furthermore, delivering the right type of housing is a key component in attracting people with the required skills and talent to support our local businesses. All further development in the borough needs to balance effective protection of our countryside and natural environment, support for the regeneration of our town centres and enable new houses to be well designed, carbon and energy efficient.

**Fragile care market** – locally and nationally care providers are under pressure. Delays in national reform of social care funding compound issues of rising costs, difficulty in recruiting and retaining care staff and presents a serious risk to the financial viability of care providers with providers failing, exiting the market and handing back contracts for provision of care services.

**Local transport network** – despite good strategic links, some transport routes in and around Cheshire East by road or public transport are not always as easy due to congestion and a limited commercial bus network.

**Covid-19** – Our response to and recovery from the impact of the coronavirus pandemic continues into 2021. We continue to do all we can to support residents and businesses in our Borough.

**Demographic change** – Cheshire East's population is both growing and living longer. In many ways that is good news, but it does increase demand for health and social care services, school places and other services, and puts additional pressure on the demand for housing and on existing roads and infrastructure which are already over-stretched.

**Inequalities** – Cheshire East is a prosperous place, but it has pockets of deprivation in urban communities in income, health and life chances.

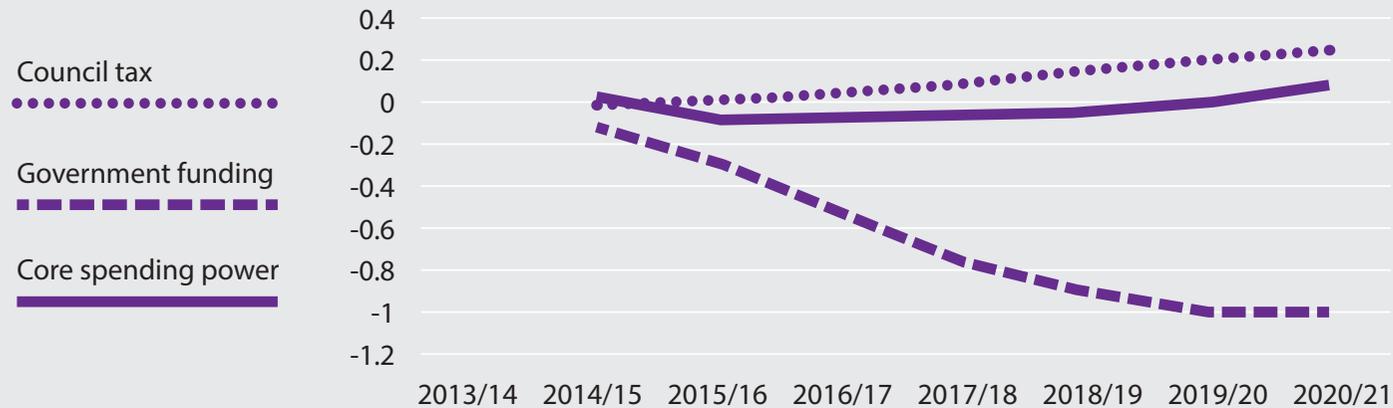

Patterns of inequality between areas have been persistent but are not inevitable. We want to tackle and reduce them.

**Increased demand to services** – locally and nationally over the past few years there has been a continual increase in demand to services that protect and support children and young people. Covid-19 has been an additional pressure for some families, so we can expect to see demand continue to rise. It is more important than ever to intervene early and effectively, providing the right support, by the right service at the right time, so we can help families be strong and resilient.

# Government funding and local spending

There has been a sustained reduction in government grants over the last decade, only partially mitigated by permission to raise more money locally, through Council Tax and other sources.

## Cheshire East Council - Revenue Spending Power, Government Funding and Council Tax

Between 2013/14 and 2019/20, central government grants to Cheshire East Council fell from £55.9 million to £0. Between 2010/11 and 2017/18, the net 'spending power' of Cheshire East Council fell by 6%.

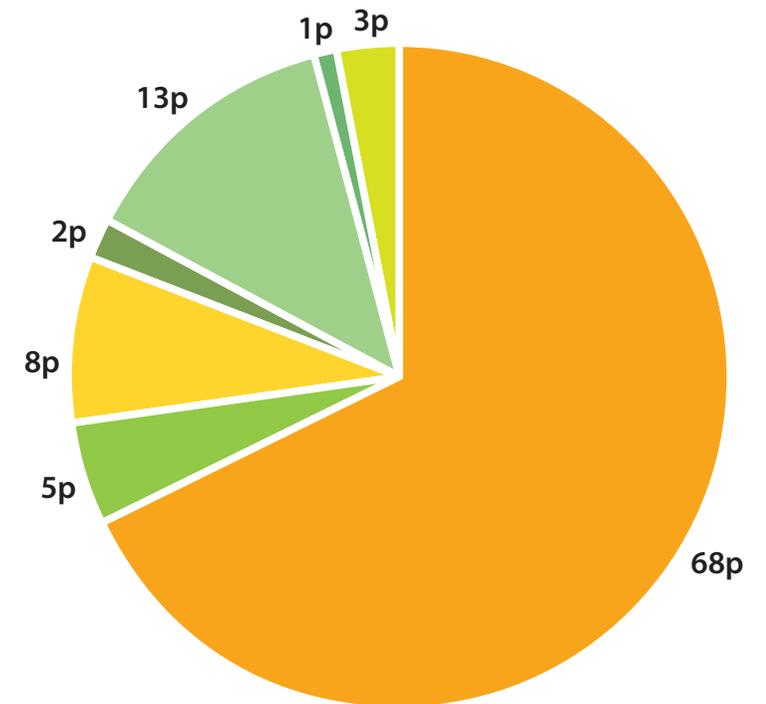

In order to meet this pressure, whilst meeting the needs of a growing population and unavoidable costs e.g. the national minimum wage, the council continues to drive savings and deliver efficiencies.

Against this background it is unsurprising that there are significant strains on capacity and budgets. Apart from adult social care, some of the biggest pressures are in children's services, particularly placements for looked after children and services for children with special educational needs, including home to school transport. New legal responsibilities in terms of special educational needs together with radical changes in the educational landscape, with more academies and a diminished role for the local authority have added to these pressures.

The government was expected to publish a four-year spending review in 2019, together with proposals for a new approach to funding social care. Instead, only a one-year spending settlement was announced. Whilst this provided some increases in funding for 2020/21, it relies on additional Council Tax being raised for Adults Social Care. That does not provide a sound basis for long term planning. More detail is in our MTFS document.

# How is £1 of your council tax spent?

Social care services	68p
Waste management and street cleaning	13p
Education support like home to school transport	8p
Highways and public transport	5p
Museums, parks, libraries	3p
Homelessness and planning	2p
Licensing, elections, trading standards	1p
<b>Total</b>	<b>£1</b>

\* The cost of overheads such as premises/finance/legal services are included within the figures in the table.

# Our vision is for a more open, fairer, greener Cheshire East

## Open

We will provide strong community leadership and work transparently with our residents, businesses and partners to deliver our ambition in Cheshire East

## Fair

We aim to reduce inequalities, promote fairness and opportunity for all and support our most vulnerable residents

## Green

We will lead our communities to protect and enhance our environment, tackle the climate emergency and drive sustainable development

### Aims and Priorities

**The vision is ambitious and long term and we want to start progressing towards it at once.**

To help focus on the right things we have set ourselves three broad aims, each with a set of priorities. Achieving these priorities will help us to realise our vision.

#### Our aims are:

- An open and enabling organisation
- A council which empowers and cares about people; and
- A thriving and sustainable place

For each aim we have identified a set of actions and projects which we will strive to deliver by 2025. We have also identified a set of success measures to monitor our progress. These will be included in the council's Key Performance Indicators and built into the performance management and reporting system.

# An open and enabling organisation

## Priorities

- Ensure that there is transparency in all aspects of council decision making
- Listen, learn and respond to our residents, promoting opportunities for a two-way conversation
- Support a sustainable financial future for the council, through service development, improvement and transformation
- Look at opportunities to bring more income into the borough
- Support and develop our workforce to be confident, motivated, innovative, resilient and empowered
- Promote and develop the services of the council through regular communication and engagement with all residents

## Case Study

In August/September 2019 the council undertook its third public consultation on the draft site allocations and development policies document (SADPD). This resulted in over 2,700 responses, each of which was fully considered. As a direct result of the feedback received and having reviewed the latest housing figures, a number of significant revisions are now proposed to this document. Most notably, Green Belt sites in Local Service Centres that were to be released for immediate development are now proposed to be removed.

## Facts and figures

The council employs over 3500 people working across around 500 services.

The council consistently exceeds the response rates required by the Information Commissioner's Office to Freedom of Information requests, achieving 96% in 2019/20 against a target of 90%

For 2019/20 85% of customers were satisfied with the service received through our customer contact centre.

# A council which empowers and cares about people

## Priorities

- Work together with our residents and partners to support people and communities to be strong and resilient
- Reduce health inequalities across the borough
- Protect and support our communities and safeguard children, adults at risk and families from abuse, neglect and exploitation
- Be the best Corporate Parents to our children in care
- Support all children to have the best start in life
- Increase the opportunities for children, young adults and adults with additional needs
- Ensure all children to have a high quality, enjoyable education that enables them to achieve their full potential
- Reduce the reliance on long term care by improving services closer to home and providing more extra care facilities, including dementia services

## Case Study

Across children's services, we have focused on developing services together with children, young people and their families. As a result, we have changed how we work so it is based on what works best for families, and families have told us that this is making a difference to them. Some examples of this with services for children with special educational needs and/or disabilities include work around the Education, Health and Care assessment and plan process, including annual reviews, establishing what good looks like and our quality assessment framework and development of training around parent and carers perspectives.

"The commitment, effort and energy by everyone involved is very much appreciated - if I could rate this on a scale of 1 - 5 it would be 100."

## Facts and figures

60% of the council's net budget is spent on providing support for People based services

89% of Adult Social Care users say our services have made them feel safe and secure

Around eight out of ten (78%) working age adults in Cheshire East have a level 2 qualification and 42% with level 4, above the national average

By 2025 we want:	Actions and Projects	Measures of success

# A thriving and sustainable place

## Priorities

- A great place for people to live, work and visit
- Welcoming, safe and clean neighbourhoods
- To reduce the impact on our environment
- A transport network that is safe and promotes active travel
- Thriving urban and rural economies with opportunities for all
- To be carbon neutral by 2025

## Case Study

We have committed to be carbon neutral by 2025 and to influence carbon reduction across the borough. Our Environment Strategy Carbon Action Plan, sets out how we will achieve this. This will affect every aspect of how we work and deliver services.

In an initial project with Storengy we are building a trial hydrogen plant to fuel bin lorries. We are also planting trees and developing green technologies such as solar power and heat networks in Cheshire East.

We can only achieve this with your help to tackle this urgent crisis and thank you for working with us.

## Facts and figures

To achieve carbon neutrality, we target to offset locally over 7,000 tonnes of CO2 per annum by 2025 through a mixture of projects such as energy generation and tree planting - the equivalent of 100 football pitches worth of trees plus a solar array the size of 15 football pitches.

Over the past 4 years, the council has provided over 2,200 affordable properties (against a target of 1,460), available to rent or buy, in partnership with over 25 registered housing providers.

The number of enterprises (businesses) in Cheshire East has increased by 21% from 2010 to 2019 (16,145 to 19,575).

By 2025 we want:	Actions and Projects	Measures of success

**Corporate Peer Challenge** (p.16) – This is a service, commissioned by the council and provided by the Local Government Association, where a small team of local government officers and councillors spend time at the council as peers to provide challenge and share learning.

**Connected Communities** (p.19) – this is the name given to the scheme demonstrating our commitment to supporting and engaging with communities including the voluntary, community and faith sector and the many active volunteer-based partnerships.

**Tartan Rug** (p.19) – this is a population health profiling tool that demonstrates how each ward in Cheshire East compares with all other wards in England across a range of health indicators and outcomes. It provides an overview of local health need and is a tool to aid discussions about local priorities. It takes its name from the colours of the sheet which indicate the varying nature of the ward profiles.

**‘Signs of Safety’ model** (p.20) – an internationally recognised model and the leading approach to child protection casework.

**SEND** (p.22) – special educational needs and disabilities

**Care4CE** (p.23) - Care4CE is a Cheshire East Council team, which in partnership with community-based organisations, directly provides social care services for adults including people with learning difficulties, physical disabilities, long term conditions, dementia and mental health needs. The core purpose of Care4CE is to support people to maximise or regain their independence.

**Shared Lives service** (p.24) – this is a scheme that provides intermediate, respite and session support to vulnerable adults who meet eligibility criteria.

**Storengy** (p.25) – Storengy UK is a company that the council is working with on various carbon reduction initiatives.

**Tenure blind** (p.26) No explicit external indicators of tenure type – e.g. whether for market or affordable – in the design and layout of a development.

**Site Allocation and Development Policies Document (SADPD)** (p.27) – this is the second part of the Local Plan, which sets out the overall vision and planning strategy for development in the borough.

**‘County Lines’** (p.28) – the practice of trafficking drugs into rural areas and smaller towns away from major cities.

**Air Quality Management Areas** (p.28) – parts of the borough likely to breach the annual mean concentration of nitrogen dioxide, which is set as an Air Quality Standard of 40µg/m<sup>3</sup>

**Crewe North Connection** (p.29) – a term used to describe the connectivity of the network north of Crewe in relation to HS2

**Multi modal connectivity** (p.31) – providing many different ways of travelling from A to B

**FHSF** (p.31) – The Future High Street Fund (FHSF) is a government fund “to renew and reshape town centres and high streets in a way that drives growth, improves experience and ensures future sustainability”.

## Next steps

This corporate plan will be used to guide our policies, budget planning, decision-making and service delivery over the next five years.
