Service	Environmental and Neighbourhood Services		Other members of team undertaking assessment		Claire Coombs, Principal Planning Officer	
Date	16 February 2021		Version 1.2			
Type of document (mark as appropriate)	Strategy YES	Plan	Function	Policy	Procedure	Service
Is this a new/ existing/ revision of an existing document (please mark as appropriate)	New YES		Existing		Revision	
Title and subject of the impact assessment (include a brief description of the aims, outcomes, operational issues as appropriate and how it fits in with the wider aims of the organisation) Please attach a copy of the strategy/ plan/ function/ policy / procedure/ service	<p><u>Houses in Multiple Occupation Supplementary Planning Document (“SPD”) Background</u></p> <p>Supplementary Planning Documents (SPDs) add further detail to the policies in the development plan. They can be used to provide guidance for development on specific sites, or on particular issues, such as design. SPDs are capable of being a material consideration in planning decisions but are not part of the development plan. They must be consistent with national planning policy, must undergo consultation and must be in conformity with policies contained within the Local Plan.</p> <p>The Draft Houses in Multiple Occupation SPD (“HMO SPD”) was subject to public consultation between the 26 October 2020 and 23 December 2020 in line with the requirements of the Council’s Statement of Community Involvement. This included notification of the consultation taking place with stakeholders registered on the Council’s Local Plan consultation database and media releases. A consultation report (available separately) has been prepared and details the steps taken during the consultation on the draft SPD and the responses received.</p> <p>The HMO SPD provides guidance on the assessment of planning applications for Houses in Multiple Occupation (HMOs) and the issues that will be taken into account by the council when assessing those applications. The overarching aim of the HMO SPD is to manage any over-concentration of HMOs in a particular area (defined by the SPD as being no more than 10% of dwellings within a 50 metre radius) and to ensure that HMOs are of a</p>					

	<p>suitable standard to ensure that living conditions for future residents and impact upon the amenity of an area is acceptable.</p> <p>The SPD does not set new policies but provides additional guidance on how to successfully deliver the policies contained within the Cheshire East Local Plan Strategy and the emerging Site Allocations and Development Policies Document.</p> <p>The SPD has been prepared in accordance with the Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended by the Local Planning, Development Management Procedure, Listed Buildings etc (England) (Coronavirus) (Amendment) Regulations 2020), the National Planning Policy Framework and National Planning Practice Guidance.</p> <p>An Equalities Impact Assessment was prepared alongside the integrated Sustainability Appraisal work which supported the Local Plan Strategy and the emerging Site Allocations and Development Policies Document. The assessment found that the LPS and SADPD are unlikely to have negative effects on protected characteristics or persons identified under the Equality Act 2010.</p>
<p>Who are the main stakeholders and have they been engaged with? (e.g. general public, employees, Councillors, partners, specific audiences, residents)</p>	<p>Public consultation took place on the draft HMO SPD between the 26 October 2020 and the 23 December 2020 in accordance with the Town and Country Planning (Local Planning) (England) Regulations 2012) amended by the Local Planning, Development Management Procedure, Listed Buildings etc (England) (Coronavirus) (Amendment) Regulations 2020 and also in accordance with the council’s adopted Statement of Community Involvement.</p> <p>This included the general public, town and parish councils, statutory consultees, elected members, general consultees on the strategic planning database. Alongside this, groups that were consulted in relation to the making of three non-immediate Article 4 Directions in areas of Crewe were also notified. The consultation included a number of organisations who work alongside groups with protected characteristics in the borough.</p> <p>Further information about the consultation and the responses received can be found in the separate consultation report (available separately).</p> <p>The final SPD will be subject to a further 6 weeks representations period before it can be taken forward for adoption. The Council will notify all parties previous informed plus those that made comments on the draft SPD.</p>
<p>What consultation method(s) did you use?</p>	<p>The Council prepares a Statement of Community Involvement which provides details on how it will consult on Local Plan documents and SPDs. This includes the availability of documents, how residents and stakeholders will be</p>

	<p>notified etc. The Council's Local Plan consultation database, which was notified of the consultation, also includes a number of organisations who work alongside groups with protected characteristics in the borough. A consultation report (available separately) has been prepared that details the steps taken during the consultation on the SPD and details the responses received.</p>

Stage 2 Initial Screening

<p>Who is affected and what evidence have you considered to arrive at this analysis? (This may or may not include the stakeholders listed above)</p>	<p>Ward councillors. Those living and working in the borough, property owners, landowners and developers.</p>
<p>Who is intended to benefit and how?</p>	<p>Local communities. The SPD will provide additional planning policy guidance to the assessment of planning applications for HMOs.</p>
<p>Could there be a different impact or outcome for some groups?</p>	<p>No, the SPD builds upon existing planning policy guidance and provides further information about how the council will consider planning applications for HMOs.</p>
<p>Does it include making decisions based on individual characteristics, needs or circumstances?</p>	<p>No, the introduction of the SPD not based on individual characteristics, needs or circumstances.</p>
<p>Are relations between different groups or communities likely to be affected? (eg will it favour one particular group or deny opportunities for others?)</p>	<p>No, the SPD is not intended to affect different groups or communities in this way.</p>
<p>Is there any specific targeted action to promote equality? Is there a history of unequal outcomes (do you have enough evidence to prove otherwise)?</p>	<p>No, the SPD is not intended to target any group and will be consulted upon in line with the Council's Statement of Community Involvement.</p>

Stage 3 Identifying impacts and evidence

This section identifies if there are impacts on equality, diversity and cohesion, what evidence there is to support the conclusion and what further action is needed

Protected characteristics	Is the policy (function etc....) likely to have an adverse impact on any of the groups? Please include evidence (qualitative & quantitative) and consultations <i>List what negative impacts were recorded in Stage 1 (Initial Assessment).</i>	Are there any positive impacts of the policy (function etc....) on any of the groups? Please include evidence (qualitative & quantitative) and consultations <i>List what positive impacts were recorded in Stage 1 (Initial Assessment).</i>	Please rate the impact taking into account any measures already in place to reduce the impacts identified <i>High: Significant potential impact; history of complaints; no mitigating measures in place; need for consultation</i> <i>Medium: Some potential impact; some mitigating measures in place, lack of evidence to show effectiveness of measures</i> <i>Low: Little/no identified impacts; heavily legislation-led; limited public facing aspect</i>	Further action (only an outline needs to be included here. A full action plan can be included at Section 4) <i>Once you have assessed the impact of a policy/service, it is important to identify options and alternatives to reduce or eliminate any negative impact. Options considered could be adapting the policy or service, changing the way in which it is implemented or introducing balancing measures to reduce any negative impact. When considering each option you should think about how it will reduce any negative impact, how it might impact on other groups and how it might impact on relationships between groups and overall issues around community cohesion. You should clearly demonstrate how you have considered various options and the impact of these. You must have a detailed rationale behind decisions and a justification for those alternatives that have not been accepted.</i>
