They can be used to provide guidance for development on specific sites, or on particular issues, such as design. SPDs are capable of being a material consideration in planning decisions but are not part of the development plan. They must be consistent with national planning policy, must undergo consultation and must be in conformity with policies contained within the Local Plan.</p> <p>The council has prepared a draft Housing SPD for consultation. The draft SPD provides additional guidance on the implementation of polices SC4 (“residential mix”), SC5 (“affordable homes”) and SC6 (“rural exceptions housing for local needs”) in the council’s Local Plan Strategy, adopted in July 2017. The SPD, once adopted, should assist applicants when making planning applications, and the council in determining them. The SPD provides further guidance on existing policies, rather than setting a new policy approach in relation to housing mix in residential sites and the provision of affordable homes.</p> <p>The SPD has been prepared in accordance with the Town and Country Planning (Local Planning) (England)</p>					

EQUALITY IMPACT ASSESSMENT

	<p>Regulations 2012, the National Planning Policy Framework and National Planning Practice Guidance.</p> <p>The SPD has been prepared in accordance with the Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended by the Local Planning, Development Management Procedure, Listed Buildings etc (England) (Coronavirus) (Amendment) Regulations 2020), the National Planning Policy Framework and National Planning Practice Guidance.</p> <p>An Equalities Impact Assessment was prepared alongside the integrated Sustainability Appraisal work which supported the Local Plan Strategy. An Equalities Impact Assessment has also been prepared to support the emerging Site Allocations and Development Policies Document. The assessment found that the LPS policies (including policies particularly relevant to the SPD) and emerging SADPD are unlikely to have negative effects on protected characteristics or persons identified under the Equality Act 2010.</p>
<p>Who are the main stakeholders and have they been engaged with? (e.g. general public, employees, Councillors, partners, specific audiences, residents)</p>	<p>Public consultation will take place on the draft SPD for four weeks in accordance with the Town and Country Planning ((Local Planning) (England) Regulations 2012) and the council's adopted Statement of Community Involvement. This will include the general public, town and parish councils, statutory consultees, elected members, consultees who have registered on the strategic planning database.</p>
<p>What consultation method(s) did you use?</p>	<p>The council prepares a Statement of Community Involvement which provides detail on how it will consult on Local Plan documents and SPDs. This includes the availability of documents, how residents and stakeholders will be notified etc. The council's Local Plan consultation database, which will be notified of the consultation, also includes a number of organisations who work alongside groups with protected characteristics in the borough.</p> <p>Once consultation has taken place on the draft SPD, all comments received will be reviewed before consideration is given to any amendments required. A report of consultation will be prepared alongside the final version of the SPD and this will also be subject to further consultation. This EIA will be kept updated as the draft SPD progresses.</p>

stakeholders listed above)								
Who is intended to benefit and how?		Local communities including landowners and developers. The SPD will provide additional guidance on the implementation of existing planning policies related to the assessment of planning applications on matters relating to affordable housing and also providing for an appropriate housing mix, including older persons and supported / specialist housing accommodation.						
Could there be a different impact or outcome for some groups?		No, the SPD builds upon existing planning policy guidance and provides further information about how the council will consider planning applications. The provision of affordable homes will assist in supporting balanced communities. Further guidance on factors that inform an appropriate housing mix should also support balanced communities. The SPD, in applying additional guidance to assist in the interpretation of planning policies should be beneficial to groups.						
Does it include making decisions based on individual characteristics, needs or circumstances?		No, the introduction of the SPD is not based on individual characteristics, needs or circumstances. The SPD includes information on Cheshire Homechoice and the social housing allocations policy. However, this information is separate to the content of this SPD and can be found on the council's website.						
Are relations between different groups or communities likely to be affected? (eg will it favour one particular group or deny opportunities for others?)		No, the SPD is not intended to affect different groups or communities in this way.						
Is there any specific targeted action to promote equality? Is there a history of unequal outcomes (do you have enough evidence to prove otherwise)?		No, the SPD is not intended to target any group and will be consulted upon in line with the council's Statement of Community Involvement.

EQUALITY IMPACT ASSESSMENT

Age	The SPD may have an impact those living and working in the borough.		X (to be carried out)
Disability	The draft Housing SPD provides further guidance on the implementation of LPS policy SC4 'residential mix' to support independent living and choice, alongside homes designed to be flexible to adapt to meet the changing needs of residents over time. The SPD also provides guidance on policy requirements on specialist and supported housing provision. This is likely to have a positive impact on age and disability.		
Gender reassignment			
Marriage & civil partnership			
Pregnancy & maternity	The SPD makes reference to encouraging developments to provide accessible and adaptable homes and achieving national space standards, where possible to do so. The SPD seeks to support accessible and inclusive developments and spaces so is likely to have a positive impact on age and disability.		
Race			
Religion & belief			
Sex	The guidance in the SPD may be beneficial as it will assist in supporting the provision of affordable homes, where policies in the local plan apply to support balanced and sustainable communities.		
Sexual orientation	The SPD provides further guidance on the policy approach set out in the Local Plan Strategy. No negative impacts are identified at this stage in relation to any of the specific characteristics however public consultation will be undertaken and this may raise issues officers are not currently aware of. The EIA will be reviewed (and updated) once the initial consultation has taken place.

Stage 3 Identifying impacts and evidence

This section identifies if there are impacts on equality, diversity and cohesion, what evidence there is to support the conclusion and what further action is needed

Protected characteristics	<p>Is the policy (function etc....) likely to have an adverse impact on any of the groups?</p> <p>Please include evidence (qualitative & quantitative) and consultations</p> <p>List what negative impacts were recorded in Stage 1 (Initial Assessment).</p>	<p>Are there any positive impacts of the policy (function etc....) on any of the groups?</p> <p>Please include evidence (qualitative & quantitative) and consultations</p> <p>List what positive impacts were recorded in Stage 1 (Initial Assessment).</p>	<p>Please rate the impact taking into account any measures already in place to reduce the impacts identified</p> <p>High: Significant potential impact; history of complaints; no mitigating measures in place; need for consultation</p> <p>Medium: Some potential impact; some mitigating measures in place, lack of evidence to show effectiveness of measures</p> <p>Low: Little/no identified impacts; heavily legislation-led; limited public facing aspect</p>	<p>Further action (only an outline needs to be included here. A full action plan can be included at Section 4)</p> <p>Once you have assessed the impact of a policy/service, it is important to identify options and alternatives to reduce or eliminate any negative impact. Options considered could be adapting the policy or service, changing the way in which it is implemented or introducing balancing measures to reduce any negative impact. When considering each option you should think about how it will reduce any negative impact, how it might impact on other groups and how it might impact on relationships between groups and overall issues around community cohesion. You should clearly demonstrate how you have considered various options and the impact of these. You must have a detailed rationale behind decisions and a justification for those alternatives that have not been accepted.</p>
