11.0 Background and Options

11.1 In July 2010 the Local Authority was inspected by OFSTED under section 138 of the Education and Inspections Act 2006, of its contact, referral and assessment arrangements.

11.2 The purpose of the annual unannounced inspection of contact, referral and assessment arrangements within local authorities is to assess the effectiveness of front-line practice in managing potential risks to children and young people and to minimise the incidence of abuse and neglect.

11.3 The outcomes of the inspection can inform the scheduling of future inspections, in particular the full inspection of safeguarding and services for looked after children.

11.4 Attached as an Appendix is the letter confirming the findings of the inspection conducted in July. Critically no Priority Actions were identified. These are areas where there are significant concerns identified by the inspectors that children and young people are not being kept safe.

11.5 Detailed in the letter are areas identified as satisfactory practice and areas for development. Steps are being taken to revise the Improvement Plan currently in place to address the areas identified.

12.0 Overview of Year One and Term One Issues

12.1 Shortcomings in safeguarding arrangements were identified by Cheshire East Council shortly after becoming a new unitary council in April 2009. The

Unannounced Inspection while identifying areas for development has provided a useful external perspective on progress to date and areas for further improvement. The Service is keen to maintain its momentum for securing further improvements.
