Subject: The Bar 58 Sandbach Road South, Alsager, ST7 LP

Dear Sirs

I understand that the above premises have applied to have music played outside the building.

As a close neighbour, I believe this to be a very bad intrusion into the privacy of the surrounding premises.

In an age where the majority of the probable clientele have a phone or other electronic device more or less permanently fixed to their ear what possible reason could there be for music to be broadcast from the premises.

I object strongly to this proposed amendment to the License.

Yours faithfully
