To the Licensing Officer,

As a resident of [REDACTED] I have many objections to the WRC licence being changed from a Club Premises Certificate to a Premises licence.

With the new Premises Licence I understand that WRC can have an unlimited number of events for up to 500 people with music and alcohol And 3 events a year of up to 5000 run by Events Companies (eg FATSOMA who are organising Party on the Pitch Sat July 3rd 2021 - 5am to midnight for 18+) My objections are numerous

1: I think there is a great risk of damage to adjoining houses and gardens. WRC has already had several incidents of vandalism with neighbours having to call the police.

Anti- social and disruptive behaviour late at night in a quiet residential neighbourhood.

2: Heavy equipment lorries accessing the site via Kings Road, already pot holed and in urgent need of repair, could be a potential safety risk to children and pedestrians.

It has a 20mph speed limit for safety reasons.

Carrwood Road is a private and unmade road, totally unsuitable for heavy and increased traffic.

3: These occasions will inevitably cause public nuisance, with excessive noise from late night outdoor events and significantly increased traffic and parking issues on a private road and a 20 mph cul de sac.

4: Trying to protect young people at these events is impossible. Nearly half of the grounds boundary is bordered by a public footpath with no security. So under 18s (or the unpaying public can access the site with ease. Unless the organisers propose to have security guards literally standing shoulder to shoulder.

For all these reasons I object to the Premises Licence in its entirety.

I would appreciate acknowledgment of receipt of this email.

Thank you.
