| To: LICENSING (Cheshire East) Cc: MACFARLANE, Iain (Councillor) Subject: Wilmslow Rugby Club premises licence  Follow Up Flag: Follow up Flag Status: Completed  Dear Sirs, I am writing to you in support of Wilmslow Rugby Club's application for a premises licence.  I aware that some local residents have objected to the application but I wanted to ensure that you were aware that not all of us oppose the application (I live at number from the rugby club).  We have so far had three leaflets posted through our door with various levels of scaremongering based on nothing more than speculation and hysteria.  My at the club in the past, and I have no doubt that the club brings enormous benefit to the community. We, as local residents, should be supporting a local sports club's efforts to raise revenue after what has been a difficult time for such clubs up & down the country.  I do not believe that the club hosting events will bring about any risk of crime or public disorder. Quite the opposite in fact, a few well run events throughout the year (particularly in summer) are better than the site being unused for significant periods of time.  I sincerely hope the club are successful with their application and when they go ahead. | From:  |                                      |
