Dear Sirs

I am a Wilmslow resident and I understand that Wilmslow Rugby Club is seeking to obtain a premises license.

I am not a member of the rugby club but I am very passionate that local sporting clubs and facilities are given every chance to trade and survive, particularly in these incredibly difficult economic times. The rugby club has been and remains a very important part of my partner's life, both in sporting and social terms, as it has been for his children as they played junior rugby there throughout their childhoods.

In my opinion, it has been an extremely well run amateur organisation, providing vital services to the people of Wilmslow - a small town with a very limited number of sporting and social gathering facilities. Without the appropriate license, it would surely struggle to survive, which would be a travesty for the town and the thousands of children and their families who have enjoyed friendship and sportsmanship at the club.

Kind regards
