A) Relating to use of the internal club premises and any smaller external events

1. Sale of alcohol shall be ancillary to the main activity of the premises as a Rugby Club and can only be provided in the internal licensed premises pursuant to pre-arranged ticketed functions where full details (name, address and contact number) of non-members are obtained. Such events will be limited to 10 times per calendar year.
2. Sale of alcohol in external areas can only take place to non-club members on 3 days per calendar year.
3. Licensable activities cannot be provided externally after 22.00 on any day with the external premises to be fully vacated by customers/attendees by 22.30.
4. Appropriate fencing will fully delineate any external event spaces, such fencing to be at least 10 metres from the boundary of residential properties
5. The area hatched on the external licensing plan shall not be used for licensable activities or the or the consumption of alcohol at any time (i.e. remove it from part of the proposed licensed area)
OR
The hatched area on the plan attached to the premises licence shall be permitted to be used for licensable activities on the 3 larger event days specified below but shall not be used for licensable activities or the consumption of alcohol on any other days.

B) Conditions specifically relating to proposed larger external events

The following conditions are to apply to any events involving the provision of regulated entertainment in external areas:

i) All licensing objectives

1. Events involving external regulated entertainment shall be permitted to take place on a maximum of 3 days in any calendar year, with the days and details of such event to be notified to local residents in the vicinity a minimum of 28 days prior to the event.
2. The hatched area on the plan attached to the premises licence shall be permitted to be used for licensable activities on the 3 days specified above, but shall not be used for licensable activities or the consumption of alcohol on any other days.
3. Licensable activities cannot be provided externally after 22.00 on any day with the external premises to be fully vacated by customers/attendees by 22.30.
4. No camping shall be permitted in any part of the external licensed area in association with an event involving the provision of licensable activities in external areas
5. Appropriate fencing will fully delineate any external event spaces, such fencing to be at least 10 metres from the boundary of residential properties
6. A record of tickets sold shall be retained for inspection by any authorised officer.
7. The number of ticket holders attending any event shall be monitored and recorded at each entrance.
8. A Special Safety Certificate issued by Cheshire East Event Safety Advisory Group (CEESAG) will be required for event of more than 2,000 persons or such lower capacities required by CEESAG.
9. An Event Management Plan (EMP) shall be submitted to the Licensing Authority at least 3 months prior to the commencement of any event involving external regulated entertainment
10. A final EMP shall be submitted to the Licensing Authority at least 30 days prior to the commencement of the any event.

11. The EMP shall contain detailed proposals for each event in policies and plans to promote all the licensing objectives of public safety, prevention of crime and disorder, prevention of public nuisance and the protection of children from harm. The EMP shall be made up of at least the following documentation:
- Alcohol Management Plan
 - Command, Control and Communications Plan
 - Crime Prevent/Reduction Plan
 - Crowd Management Plan
 - Fire Safety Management Plan
 - Major Incident Plan
 - Medical and Welfare Plan
 - Sanitary Facilities Plan
 - Security and Stewarding Operational Plan
 - Site Plan
 - Ticket and Entry Policy
 - Trader Information Management Plan
 - Traffic Management Plan
 - Venues Plan
 - Waste Management Plan
12. Senior representatives of the premises licence holder with full authority over the event shall be present throughout the event.

ii) Prevention of crime and disorder

13. A secure perimeter fence shall be erected and completed at least 48 hours prior to the public ticket holders being admitted to the site to the satisfaction of the Licensing Authority, in consultation with the Police.
14. Crime and disorder prevention advice shall be written in consultation with the Police and any agreed crime prevention advice shall be displayed on signage around the site and publicised on the event's website and any agreed appropriate social media sites.
15. Security staff shall carry out random searching at all entrances to the event for drugs, offensive weapons and other prohibited items. Ticket conditions shall indicate that searching will be undertaken. Signage shall be displayed at all entrances indicating searched will take place.
16. No glass containers or bottles shall be allowed inside the event site, with the exception of approved event traders. Bottle banks shall be located at the event site entrances to facilitate disposal.
17. All sales of alcohol and other drinks shall be provided in polycarbonate or similar non glass drinking vessels. All glass bottled drinks shall be decanted at the point of sale.
18. The Designated Premises Supervisor (DPS), or nominate deputies being Personal Licence Holders, shall be present on site throughout the event when alcohol is being supplied under the Premises Licence. Details of the nominated deputies shall be provided to the Licensing Authority and Police at least 7 days prior to the commencement of any event.

iii) Promotion of public safety

19. A risk assessment of medical provision, in line with the relevant guidelines, shall be conducted at least 3 months prior to the event and shall be made available to the Ambulance Service and the Licensing Authority. Suitable and sufficient medical provision shall be provided, as a minimum, to the standard required as a result of the risk assessment.
20. Any pyrotechnics, lasers, strobe lighting, smokes, fogs and other special effect shall be risk assessed and arrangements put in place to eliminate or minimise the risks to public safety.
21. Details of the food and drink outlets will be provided to the Licensing Authority at least 30 days prior to any event, to include: the location of each individual outlet

on plans provided to the Licensing Authority; name of each outlet, trading name, food business operator and contact details, local authority with which the outlet is registered.

22. Food and drink outlets shall be monitored and managed to comply with food safety legislation, have in place a food safety management system which shall be available for inspection by the event management and the Licensing Authority and that each is registered with a local authority.
23. Any outlet found to be contravening any conditions of this Operating Schedule, the EMP or other part of the premises licence shall be prohibited from trading.
24. Toilet facilities shall be provided in sufficient numbers, as a minimum in accordance with relevant guidelines. They shall be distributed across the entertainment areas and other appropriate locations.

iv) Prevention of public nuisance

Noise

25. Planning for the Event

- The Premises Licence Holder shall appoint a suitably qualified noise consultant, to the approval of the Environmental Health Team, to produce a Noise Management Plan (NMP). The NMP shall be produced no later than 6 weeks prior to the event and shall include details of predicted noise levels at nearest noise sensitive properties based on modelling, or actual noise measurements. The noise level predictions shall only be based on the sound system to be deployed for the event. The NMP shall detail measures for how noise will be monitored and proactively managed during the event. The appointed noise consultant shall liaise between all parties – Environmental Health Team, Production Manager, DPS, sound system suppliers, sound engineers, Licensing Authority, on all matters relating to noise control prior to and during the event.

26. Prior to the Event:

- A noise propagation test shall be undertaken with the Environmental Health Team present, prior to the start of the event in order to set appropriate control limits at the sound mixer position. The sound system shall be configured and operated in a similar manner as intended for the event. The sound source used for the test shall be similar in character to the music most likely to be produced during the event.
- The noise consultant shall ensure that prior to the event during any testing of equipment, minimum noise levels are emitted from the sound equipment to reduce to its lowest level any noise nuisance to local residents.
- Music Noise Levels (MNL) when assessed at the prediction stage or measured during sound checks or concerts shall not exceed the background noise level by more than 15dB(A) over a 15 minute period at 1 metre from the façade of any noise sensitive premises. In accordance with the Noise Council's "Code of Practice on Environmental Noise Control at Concerts – 1995".

27. During the Event:

- The noise consultant shall ensure that noise is monitored at the perimeter of the site (or other appropriate noise sensitive location) throughout the event, and at least during each different artist.
- The noise consultant shall comply with any request made by a nominated officer of the Environmental Health Team to reduce or remix sound emanating from the amplification system.
- Facilities shall be provided on the mixing desk, or other appropriate position, for a nominated officer of the Environmental Health Team to monitor and where necessary secure a reduction in noise level to a reasonable level.

28. After the Event

- A compliance/ evaluation report shall be produced within 6 weeks of the event detailing monitored noise levels during the event, compliance with agreed levels, number of complaints received and action taken as a result of complaints, recommendations for future events.

Parking

28. For a period commencing 2 hours prior to the commencement of any event and lasting until 1 hours after the scheduled end of the event parking marshals shall direct attending traffic away from residential areas surrounding the site and advising them to parking areas provided.

Litter

29. Litter bins shall be provided throughout the site, including the car parks and shall be regularly emptied by the litter teams to prevent a build-up of waste.
30. A dedicated litter crew shall be provided on the day of any event and the following day for all surrounding residential areas

v) Protection of children from harm

31. Challenge 25 shall be implemented to the satisfaction of the Licensing Authority and Police with signage being displayed in all locations relevant to the sale of alcohol.
32. No person under the age of 13 shall be permitted access to the event unless they are accompanied by an adult.
33. The EMP shall include a plan to deal with all lost / found children.
34. Any site / event staff having responsibility for the welfare of children on site shall be checked via the Disclosure and Barring service (DBS) and their name, date and place of birth made available to the Police at least 30 days prior to the event.

Cheshire East Council – Licensing Policy

Para	Summary	
2.4	Duty of Council	The Council has a duty to protect the amenity of its residents.
2.8	Location	The Licensing Authority will have proper regard to amongst other issues: <ul style="list-style-type: none"> • Location and environmental impact of the proposed activity
5.3	Crime and Disorder Act 1998	In undertaking its statutory licensing function the Licensing Authority may have regard to: <ul style="list-style-type: none"> • Section 17 of the Crime and Disorder Act 1998 and requirement that the Council do all that it reasonably can to prevent crime and disorder in its locality
6.1	Crime and Disorder Act 1998	The Licensing Authority recognises that in addition to the requirements for it to promote the Licensing Objectives, the Council has a duty under section 17 of the Crime and Disorder Act 1998 to do all it reasonably can to prevent crime and disorder within its area.
6.2	Loss of amenity	The objective of the licensing process is to allow the retail sale of alcohol and the provision of other licensable activities in a manner that ensures the public's safety and which is neither to the detriment of residents, nor gives rise to loss of amenity.
7.2	Crime and disorder	The Licensing Authority will consider whether the premises make or will make a detrimental contribution to levels of crime and disorder, and whether the Operating Schedule is based on an adequate risk assessment, undertaken by the applicant, of the likelihood of crime and disorder occurring as a result of the application.
9.1	Public Nuisance	If Relevant Representations are received the Licensing Authority, when making an objective judgment about what constitutes a nuisance in respect of an application or review of a premises licence or certificate, will take a broad common law meaning when considering matters such as: <ul style="list-style-type: none"> • Noise from premises • Waste • Litter • Car parking • Light pollution • Noxious odours
9.2	Public Nuisance	In considering the potential impact of licensed premises on the surrounding locality the Licensing Authority, when in receipt of any Relevant Representations will take into account the type of entertainment activity proposed hours of operation, the capacity of the premises, the character of the areas and the proximity to local residents. Consideration will be given to the potential steps which could be taken to reduce the risk of nuisance occurring. This will particularly apply in areas where there is residential accommodation in the proximity of the premises.
9.4	Noise	Consideration will be given to whether the operating schedule contains adequate measures to prevent noise and vibration, generated from within the premises, outside it, or from an open site, that may cause disturbance. Stricter conditions will be considered on premises in areas that have denser residential accommodation or have residential accommodation close to them.
9.5	Operating Schedule	Applicants will be expected to have included measures in their Operating Schedules that make adequate provision to... <ul style="list-style-type: none"> • Restrict the generation of any noise within the premises and from activities associated with the premises in the vicinity, or from an open air site • Limit the escape of any noise from the premises or open air site • Restrict any noise emissions to below levels that could affect people in the vicinity going about their business, at work and when at home both while relaxing and while sleeping • Minimise and control any noise from customers arriving and departing from the premises
