5.5.2	Enhanced Partnership Scheme Variations	29
5.5.3	Decision-making process and bespoke objection mechanism	30
5.6	Revocation of an EP Scheme	30

1. Enhanced Partnership Scheme

THE CHESHIRE EAST ENHANCED PARTNERSHIP SCHEME FOR BUSES IS MADE IN ACCORDANCE WITH SECTION 138G(1) OF THE TRANSPORT ACT 2000 BY:

CHESHIRE EAST BOROUGH COUNCIL

This document fulfils the statutory requirements for an Enhanced Partnership Scheme (EP Scheme).

In accordance with statutory requirements in Section 138 of the Transport Act 2000, the EP Scheme document sets out:

Section 2 – Scope of the EP Scheme and Commencement Date,

Section 3 – Obligations on the Local Authorities,

Section 4 – Obligations on Bus Operators, and

Section 5 – Governance Arrangements.

The EP Scheme can only be put in place if an associated Enhanced Partnership Plan (EP Plan) has been made.

Therefore, this document should be considered alongside the associated EP Plan.

The EP Scheme has been jointly developed by Cheshire East Borough Council as Local Transport Authority (LTA) and Bus Operators that provide local qualifying bus services¹ in the EP Plan and Scheme area.

It sets out obligations and requirements on both the Local Transport Authority and Operators of local bus services in order to achieve the intended improvements, with the aim of delivering the objectives of the associated EP Plan.

¹ A "qualifying local service" is a registered local bus services which has one or more stopping places within the geographical area of the EP Plan or Scheme, and it is not an exempted service.

2. Scope of the EP Scheme and Commencement Date

2.1 Map and description of Enhanced Partnership Plan and Scheme Area

The Cheshire East Enhanced Partnership Plan and Enhanced Partnership Scheme(s) extend across the full extent of the Cheshire East Borough.

Any changes to this boundary will represent an Enhanced Partnership Scheme Variation.

Figure 2.1 demonstrates the extent of the EP Plan and Scheme coverage. It includes all local bus services within it (including cross-boundary services which commence in Cheshire East) and considers the varying needs of different parts of the borough.

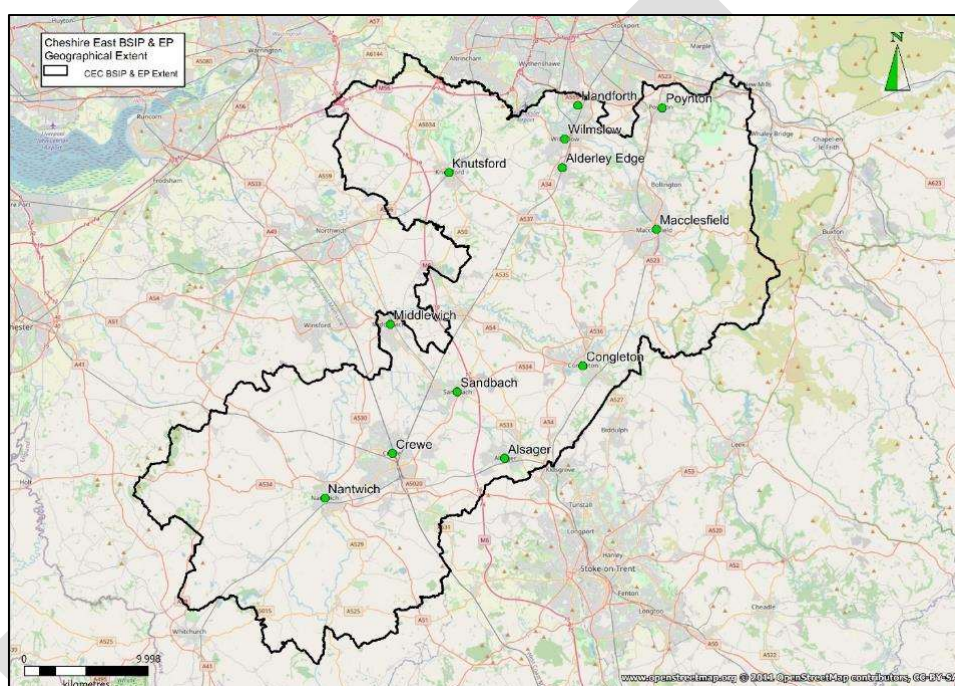

Figure 2.1: Extent of Cheshire East EP Plan and Scheme(s)

The EP Plan and Scheme will support the improvement of local bus services operating within Cheshire East borough, including the following areas across the principal towns and key service centres:

Role and tier in retail hierarchy	Centre name	Cheshire East Centres
Principal town	Principal town centres	Crewe and Macclesfield
Key service centres	Town centres	Alsager, Congleton, Handforth, Knutsford, Middlewich, Nantwich, Poynton, Sandbach and Wilmslow.
Local service centres	Local centres	Alderley Edge, Audlem, Bollington, Chelford, Disley, Goostrey, Haslington, Holmes Chapel, Mobberley and Prestbury

2.2 Commencement Date

The EP Plan and EP Scheme are made on [date, subject to DfT announcement]] (“the Commencement Date”).

The EP Plan will have no end date but will be reviewed on an annual basis from the Commencement Date.

The EP Scheme will have no specific end date but will be reviewed by Cheshire East Borough Council on an annual basis from the Commencement Date.

2.3 Exempted Services

In accordance with *The National Bus Strategy Delivering Bus Service Improvement Plans using an Enhanced Partnership Guidance* exempted services:

- Are services operated under Section 22 of the Transport Act 1985 (a community bus service). The EP does not apply to this type of registered service – although there is nothing to prevent an operator from voluntarily complying with some or all of the EP requirements that would otherwise apply to that service;
- Any other service not registered as a public bus service with the Traffic Commissioner. Examples include:
 - All scheduled intercity bus or coach services
 - All sightseeing tour buses operating in the area
 - School services
- A service which has part or all of its route registered as a local service in the EP Plan and Scheme geographical area, but where that part of its route is 10% or less of the overall route distance covered by the service from its service start to service end point.

3. Obligation on the Authority

3.1 Summary of Obligation on Authorities

The following table summarises the specific interventions that Cheshire East Borough Council, as the Local Transport Authority, has the responsibility to deliver as part of the EP Scheme. These interventions have been categorised as those to be delivered with Local Transport Authority funding and those that could be delivered subject to successful Department for Transport (DfT) BSIP funding.

Interventions	Local Authority funding	BSIP Funding Dependent
Facilities		
Boroughwide Bus Shelter Renewal Programme (3.2.1)	10 per annum	25 per annum
Boroughwide Bus Stop Renewal Programme (3.2.2)	5 per annum	150 per annum
Boroughwide Information Totems (3.2.3)	0 per annum	60 specific locations
Measures		
Develop a Passenger Charter for Cheshire East (3.3.1)	Establish a Passenger Charter	-
Improved process for the management of roadworks in the EP Scheme area (3.3.2)	Establish a mechanism to minimise disruption to local bus services	-
Evidence base study for bus priority measures in the EP Scheme area (3.3.3)	Commission a bus priority feasibility study to support the introduction of Quality Corridors and priority measures.	Identify, prioritise and maintain a list of priority measures. Deliver top prioritised interventions and signal trials
Action Plan and Delivery Programme for retrofitting bus fleet to Euro VI standards (3.3.4)	Develop an action plan	Deliver programme to retrofit buses to Euro VI
Improved Information Provision (3.3.5)	Enhance the dissemination of paper-based public transport information & Encourage Operators to maintain or improve their electronic public transport provision	Develop and coordinate an integrated website or app
Identify locations, routes or corridors for the delivery of two demonstration Quality Corridor (or corridors) or 'Superbus' routes. (3.3.6)	-	Delivery to two demonstration Quality Corridor or superbus routes

Ticketing & Fares		
Multi-operator/Multi modal ticketing (4.4.1)	Work with Bus Operators to develop a feasibility study on the deliverability of multi-operator ticketing.	Commit to participating in a working group for the development of multi-operator ticketing schemes
Simplification of fares (4.4.2)	Work with bus operators to develop a feasibility study to identify fare simplification mechanisms.	-
Integration with other modes (4.4.3)	-	Work with Bus Operators to develop plans for increased bus service coordination and integration. Commit to participating in a working group for the development of multi-modal ticketing schemes.

3.2 Facilities

This section describes the ‘facilities’ that Cheshire East Borough Council has agreed to take to improve buses setting out what is to be provided, for the duration of the EP Plan and Scheme, as adopted on **[the Commencement Date]**.

3.2.1 Bus Shelters

Cheshire East Borough Council will provide the following facilities:

- Boroughwide Bus Shelter Renewal Programme includes **10** per year to align with the existing Cheshire East Borough Council renewal programme.
- Cheshire East Borough Council will also work with Operators, **develop a programme for identifying and improving roadside infrastructure** including bus shelters.
- Develop a **specification for minimum standards** for facilities management and maintenance (in partnership with bus industry).

Subject to a successful DfT BSIP funding allocation, Cheshire East Borough Council is further committed on the following ambitions outlined within the EP Plan:

- identify, within a rolling proactive programme, the next most appropriate 25 shelters per annum to be renewed or refreshed.
- Develop a specification for enhanced standards for facilities management and maintenance in partnership with local Bus Operators operating qualifying services within the EP Scheme area.

Existing bus shelters to be improved, as detailed in Schedule **[Insert Schedule in Annex B]**, and will incorporate:

- Appropriate size and siting (location);
- Information displays (paper-based);

- Bus Stop Flag;
- Lighting (as appropriate to location),
- Bench seating (as appropriate to location), and
- Accessibility adjustments where appropriate both to and at the bus stop (walk access route, hardstanding and kerb)

3.2.2 Bus Stops

Cheshire East Borough Council will provide the following facilities:

- Boroughwide Bus Stop Renewal Programme includes **5** per year to align with the existing Cheshire East Borough Council renewal programme.
- Boroughwide Bus Stop Renewal Programme includes the commitment to **replace existing bus stops when required**.
- As in section 3.2.1, Cheshire East Borough Council will also work with Operators, **develop a programme for identifying and improving roadside infrastructure** including bus stops.

Subject to a successful DfT BSIP funding allocation, Cheshire East Borough Council is further committed on the following ambitions outlined within the EP Plan:

- Boroughwide Bus Stop Renewal Programme (150 bus stops per annum).
- Work to improve local bus stop infrastructure, to generate bus user confidence in using the network, with a commitment to ensure improved paper-based or electronic information is available for all services and all bus stops across the borough.
- Work to improve the physical access to bus services for users through improved bus stop infrastructure, where this will address qualitatively the 'look and feel' of roadside bus stop infrastructure, combined quantitatively with the need for more stops as a result of increased service levels or new routes.

3.2.3 Bus Totems

Cheshire East Borough Council will provide the following facilities:

- As in section 3.2.1, Cheshire East Borough Council will work with Operators, **develop a programme for identifying and improving roadside infrastructure** including key hub stops, with information totems (i.e. at key visitor attractions, interchanges, principal towns/service centres, hospitals).

Subject to a successful DfT funding allocation, Cheshire East Borough Council is further committed on the following ambitions outlined within the EP Plan:

- Focus on the delivery of information 'totems' at key stops, hubs and interchanges to encourage greater information on all modal movements (bus, rail and active mode links).
- Cheshire East Borough Council will install Bus Totems including real-time passenger information across the EP Scheme Area. The initial list of locations is at Annex **[annex]**.

- Cheshire East Borough Council will maintain new screens in a fit for purpose state and replace screens when they stop working.
- In addition to initial list of locations ([Annex]), the programme for subsequent installations will use the Enhanced Partnership Scheme Bespoke Variation arrangements to introduce further locations.

3.3 Measures

This section describes the 'measures' that Cheshire East Borough Council has agreed to take to improve buses setting out what is to be provided, for the duration of the EP Plan and Scheme, as adopted on [the Commencement Date].

Cheshire East Borough Council will provide the following measures:

- Develop, with local bus operators, a Passenger Charter for Cheshire East.
- Improved process for the management of roadworks in the EP Scheme area.
- Evidence Base study for bus priority measures and demonstration corridor(s) within Cheshire East Borough Council boundary.
- The development of an Action Plan and Delivery programme to retro fit buses operating in CEC area to Euro VI.
- Improved public transport information provision including paper-based and online information.

3.3.1 Passenger Charter

Within xx months of the Commencement Date Cheshire East Borough Council as the LTA will establish with local bus operators and bus user groups a **Passenger Charter** outlining commitments to Cheshire East bus passengers.

Engagement with bus user groups, Passenger Focus and other wider conference stakeholders will be included as part of the development of the Passenger Charter.

3.3.2 Managing Roadworks in the EP Scheme area

Within xx months of the Commencement Date Cheshire East Borough Council as the LTA will engage with local bus operators to establish a **mechanism to minimise disruption to local bus services** from both planned and emergency roadworks.

The development of the mechanism will include liaison with bus operators, as part of the EP Forum and Board, to strengthen communication and notifications of planned roadworks, ensuring that the co-ordination of works across the network minimises disruption, as well as setting out their processes and procedures for the provision and management of streetworks permits in the EP Scheme area.

Any mechanism will amend the Scheme using the Enhanced Partnership Scheme Bespoke Variation arrangements at Section 5.

3.3.3 Bus Priority

Cheshire East Borough Council will **commission a bus priority feasibility study** (within xx months of the Commencement Date]) including an evidence base and a process to identify bus priority measures, prioritise and deliver schemes.

The Council will facilitate close engagement with Bus Operators and other stakeholders such as neighbouring authorities and town and parish councils throughout the development of the study.

The feasibility study will identify short term and long-term Bus Priority Facilities and will include as a minimum:

- Description of works
- Area of influence
- Services affected
- Predicted journey time saving
- Predicted journey time reliability improvement
- Predicted patronage effects.

The outcome of the feasibility study will be the identification of a prioritised list of demonstration corridors and/or locations for discrete bus priority measures.

These findings will also feed into the LTP Delivery Plan development where additional interventions are identified for the borough.

To inform this study Bus Operators will share a representative sample of patronage and journey time information for all qualifying bus services operating in the study area.

Council data including highway infrastructure, traffic flow, highway delay data and development planning will feed into the evidence base for the feasibility study. This will also include the the outcomes from the ongoing trial of smart signals within Cheshire East.

Cheshire East Borough Council will deliver this **Phase 1** ambition for bus priority from the EP Plan, by focusing on routes (or sections of routes) that serve Crewe or Macclesfield.

Subject to a successful DfT BSIP funding allocation, Cheshire East Borough Council is further committed on the following ambitions outlined within the EP Plan for Phase 2 and Phase 3:

- **Phase 2** – Identify, prioritise and maintain a list of where bus priority measures are needed. Deliver top 20 prioritised interventions and signal trials.
- **Phase 3** – Deliver top 20 prioritised interventions and signal trials.

The EP Board, will direct the specification of the feasibility study and Operators will be involved throughout the development. Where there is a requirement to vary the nature of the feasibility study, this will be agreed by Enhanced Partnership Scheme Variation, for example the adaptation of the programme of feasibility studies.

3.3.4 Emission Standards

Within xx months of the Commencement Date Cheshire East Borough Council as the LTA will develop with local bus operators an **action plan for retrofitting bus fleets to Euro VI standards**.

Subject to a successful DfT BSIP funding allocation, Cheshire East Borough Council is further committed on the following ambitions outlined within the EP Plan for Phase 2 and Phase 3:

- **Phase 2** – Deliver programme to retro fit buses operating in CEC area to Euro VI standard and deliver a number of new bus technologies to support quality corridors / super bus routes.
- **Phase 3** – Continue to deliver programme and increase the number of low and zero emission buses in the total bus fleet.

3.3.5 Public Transport Information Provision

(a) Paper-based provision

Cheshire East Borough Council, as the LTA, will work with the EP Forum and Board to ensure the **dissemination of paper-based public transport information** for every qualifying local bus service operating across the borough (within xx months of the Commencement Date).

Subject to a successful DfT BSIP funding allocation, Cheshire East Borough Council is further committed to improve paper-based information provision across the borough, as outlined within the EP Plan.

(b) Electronic-based information provision

Cheshire East Borough Council, as the LTA, will work with the EP Forum and Board to **encourage Operators to maintain or improve their corporate web- or app-based real time information and timetabled information**.

Subject to a successful DfT BSIP funding allocation, Cheshire East Borough Council is further committed to the following ambitions:

- Develop and coordinate an integrated website or app, collating all real-time information and standardised public transport information for bus services within Cheshire East.

Cheshire East Borough Council will work with the local Bus Industry to coordinate standardised public transport information, in “electronic” format, but not be limited to:

- Service timetables for all registered local bus services within the borough for download or interrogation,
- Maps to illustrate main towns, villages and roads served, and a network overview map,
- Journey planning,
- Bus services fare information and mobile ticket purchasing functionality,
- News and events information, and
- Access to real time information

Coordinated information will be maintained and reviewed annually throughout the EP Scheme. Subject to DfT BSIP funding, the new website or app will be launched and reviewed annually thereafter.

3.3.6 Demonstration Quality Corridor / Superbus routes

As outlined in section 3.2.1, Cheshire East Borough Council will also work with Operators, develop a programme for identifying and improving roadside infrastructure including bus shelters, stops and totems to inform locations along a potential demonstration corridor or corridors.

As outlined in section 3.3.3, Cheshire East Borough Council will **commission a bus priority feasibility study** (within xx months of the Commencement Date) including an evidence base and a process to identify bus priority measures, prioritise and deliver schemes. This will include locations for a potential demonstration corridor or corridors. The Council will work with Operators as part of the development of this feasibility study.

Subject to a successful DfT BSIP funding allocation, Cheshire East Borough Council is further committed to the following ambitions:

- Cheshire East Borough Council will work closely with operators at this point to identify locations, routes or corridors for the delivery of two demonstration Quality Corridor (or corridors) or 'Superbus' routes.

These routes will benefit from the introduction of increased frequencies and headways, new low emission buses and be supported with improved bus priority at key junctions, new bus stop infrastructure and improved at-stop information.

There will also be a commitment to review bus fares on these corridors to supporting increasing ridership. The aim of these corridors is to demonstrate the full potential of a 'step-change' in the upgrade to the quality of all aspects of bus provision to users in Cheshire East.

3.4 Ticketing & Fares

3.4.1 Multi-operator Ticketing

In collaboration with Bus Operators, Cheshire East Borough Council will lead the development of a **feasibility study on the deliverability of multi-operator ticketing** within the EP Scheme area (within xx months of the Commencement Date).

The Council will facilitate close engagement with Bus Operators and other stakeholders such as neighbouring authorities and town and parish councils throughout the development of the study.

The EP Board, will direct the specification of the feasibility study and where there is a requirement to vary the nature of the feasibility study, this will be agreed by Enhanced Partnership Scheme Variation.

Subject to successful DfT BSIP funding allocation, Cheshire East Borough Council will commit to participating in a working group with Bus Operators for the development of multi-operator ticketing schemes, as outlined within the EP Plan.

Ticket types will be arrived by agreement with the Enhanced Partnership, including affected operators, at a level that reflects increased customer utility compared with broadly equivalent single-operator tickets. Undercutting the single-operator ticket is generally undesirable as the impact on the Operator's revenue can adversely affect the commercial viability of its service.

Competition concerns are mitigated by the involvement of the Council as scheme promoter.

For monitoring purposes, Cheshire East Borough Council will receive monthly sales returns for all ticketing schemes, in which Bus Operators within the borough participate, separated by type and period.

The price and technology associated with multi-operator tickets will be developed as part of the feasibility study. Implementation and any amendments to prices will use the Enhanced Partnership Scheme Bespoke Variation arrangements.

3.4.2 Simplification of fares

Cheshire East Borough Council, as LTA, will collaborate with Bus Operators to:

Develop a feasibility study to identify **fare simplification mechanisms** that covers the extent of the EP Scheme area (**within xx months of the Commencement Date**).

Subject to successful DfT BSIP funding allocation, Cheshire East Borough Council, in collaboration with Bus Operators, will commit to the following ambitions as outlined within the EP Plan,

- Work to establish the best mechanisms for simplification of fares and coordinated ticketing across the borough, across operators and across modes.
- CEC and Operators to work together as part of the Enhanced Partnership to identify Operator-led fare simplification across the borough.
- Better value for money on fares. Consideration of fare caps for short-hops and competitiveness (with other modes) and affordability of fares on inter-urban & town/urban routes.

Where there is a future requirement to vary the nature of the fares structure, this will be agreed by Enhanced Partnership Scheme Variation.

3.4.3 Integration with other modes

Bus service coordination and integration with other modes is wholly subject to receiving BSIP funding from the Department for Transport. Within 'The Plan', Cheshire East Borough Council has identified the following ambition for Phase 1, which aim to offer increased bus service coordination and integration:

Cheshire East Borough Council will work alongside Bus Operators to outline plans for **increased bus service coordination and integration**:

- with rail services at Crewe and Macclesfield Railway Stations, and
- between local bus services or between local buses and other types of road transport such as Demand Responsive Transport (DRT).

Subject to successful DfT BSIP funding allocation, Cheshire East Council will lead a working group for the development of multi-modal ticketing schemes, as outlined within the EP Plan.

DRAFT

4. Obligation on Local Bus Operators

This section describes the standards of service and commitments to be met by bus operators operating registered local qualifying bus services in the EP Scheme area.

These interventions have been categorised as those not dependent on funding and those that could be delivered subject to successful Department for Transport (DfT) BSIP funding.

Interventions	Non BSIP Funding Dependent	BSIP Funding Dependent
Vehicle Standards		
Emission Standards (4.1.1)	Work with CEC to develop an action plan for retrofitting bus fleet to Euro VI standards	Retro fit buses and increase number of low and zero emission buses
Technology (4.1.2)	With CEC set minimum standards for new and existing vehicle technology.	Roll-out minimum standards to all vehicles.
Timetable Changes		
Change Dates (4.2)	Timetables changes to take place on four dates per year.	-
Passenger Charter		
Passenger Charter for Cheshire East (4.3)	Establish a Passenger Charter	-
Ticketing and Fares		
Multi-operator/Multi modal ticketing (4.4.1)	Work with CEC to develop a feasibility study on the deliverability of multi-operator ticketing.	Commit to participating in a working group for the development of multi-modal ticketing schemes
Simplification of fares (4.4.2)	Work with CEC to develop a feasibility study to identify fare simplification mechanisms.	-
Integration with other modes (4.4.3)	-	Work with CEC to develop plans for increased bus service coordination and integration. Commit to participating in a working group for the development of multi-modal ticketing schemes.
Enhanced Frequency		
Network Stabilisation (4.5.1)	Ensure changes to existing commercial networks are minimised and potential mitigations are discussed with CEC before notifications are made on changes.	Frequency and headway improvements to Crewe and Macclesfield town networks.
Quality Improvements (4.5.2)	-	Enhance pre-covid bus networks across Congleton, Wilmslow, Nantwich and Sandbach towns.

Interventions	Non BSIP Funding Dependent	BSIP Funding Dependent
Network Growth (4.5.3)	-	Further enhancements at Crewe, Macclesfield, Congleton, Wilmslow, Nantwich and Sandbach.
Public transport information provision		
Paper based information (4.6.1)	Enhance the dissemination of paper-based public transport information	Work with CEC to improve paper-based information provision
Electronic-based information provisions (4.6.2)	Operators to maintain or improve their corporate web/app based real time information and timetabled information.	Work with CEC on development and coordination of an integrated website or app
Demonstration Quality Corridor(s) / Superbus Routes		
Demonstration Quality Corridor (4.7)	Work with CEC on a feasibility study including an evidence base and a process to identify bus priority measures.	Work with CEC to deliver two demonstration Quality Corridor or 'Superbus' routes.

4.1 Vehicle Standards

4.1.1 Emission Standards

Bus Operators are expected to work with Cheshire East Borough Council to:

Develop an **action plan for retrofitting bus fleet** to Euro VI standards (within xx months of the Commencement Date). This action plan will be reviewed on an annual basis.

The Council will facilitate close engagement with Bus Operators and other stakeholders such as neighbouring authorities and town and parish councils throughout the development of the action plan.

Subject to successful DfT BSIP funding allocation, Bus Operators are expected to commit to the following ambitions as outlined within the EP Plan.

- Deliver programme to retro fit buses operating in CEC area to Euro VI standard and deliver a number of new bus technologies to support quality corridors / super bus routes.
- Increase the number of low and zero emission buses in the total bus fleet.

The EP Board will direct the specification of the initial action plan and Operators will be involved throughout the development. Where there is a requirement to vary the nature of the action plan, this will be agreed by Enhanced Partnership Scheme Variation.

4.1.2 Technology

Bus Operators within the EP Scheme area are expected to commit to the following existing **minimum standards** for new and cascaded vehicles operating across the network which are

registered on or after the EP Scheme Commencement Date, these vehicles must meet the following requirements:

- CCTV installed for safety and security. This will provide images inside the vehicle for safety and security and also facing forwards from the vehicle to help identify traffic issues.
- Automatic Vehicle Location equipment (i.e. linked to electronic ticket machine technology) installed that will feed into any new Cheshire East Borough Council led or coordinated real time information system.
- Customer comfort (i.e. heating and ventilation).

Implementation and any amendments to minimum vehicle standards will use the Enhanced Partnership Scheme Bespoke Variation arrangements. The Council will facilitate close engagement with Bus Operators and other stakeholders such as neighbouring authorities throughout the development of the minimum standards.

Subject to successful DfT funding, new vehicles as part of demonstration or superbuss corridors will be required to comply with further quality vehicle standards as outlined in section 4.7 below.

4.2 Timetable Changes (Network Stability)

Bus Operators will commit to **4 timetable changes** throughout the year within the whole EP Scheme area (within xx months of the Commencement Date).

These changes will take place during the following months over a two-week (14-day) period:

- January (post-Christmas early timetable changes)
- April (Easter timetable changes),
- July (pre-summer holidays) and
- September (post-School summer holiday timetable changes)

This aligns with the following BSIP Ambitions:

- Limit the number of timetable changes per year, to a number which can build confidence in the travelling public in order that they use buses more, are operationally achievable for the local bus operators, and are aligned (as best as they can be) with our local neighbouring authorities.
- Formally monitor every six months to be more proactive in identifying timetable changes and rolling out bus priorities.

The occurrence of these changes may be influenced by external factors including emergencies. It is also noted that cross boundary exemptions may apply where a service is deemed to operate majorly within another LTA. Coordination and appropriate engagement on the timing of these changes across the year will take place with neighbouring local authorities, where local bus operators or their services are represented in other local authority boundaries.

The exact timing of these will be considered by the Board and adapted by Enhanced Partnership Variation.

4.3 Passenger Charter

Within xx months of the Commencement Date, Bus Operators will commit to working with Cheshire East Borough Council (as the LTA) to establish a **Passenger Charter** outlining commitments to Cheshire East bus passengers.

Engagement with bus user groups, Passenger Focus and other wider conference stakeholders will be included as part of the development of the Passenger Charter.

4.4 Ticketing & Fares

4.4.1 Multi-operator Ticketing

In collaboration with Cheshire East Borough Council, Bus Operators will assist the development of a **feasibility study on the deliverability of multi-operator ticketing** within the EP Scheme area (within xx months of the Commencement Date).

The Council will facilitate close engagement with Bus Operators and other stakeholders such as neighbouring authorities and town and parish councils throughout the development of the study.

The EP Board, will direct the specification of the feasibility study and Operators will be involved throughout the development. Where there is a requirement to vary the nature of the feasibility study, this will be agreed by Enhanced Partnership Scheme Variation.

Subject to successful DfT BSIP funding allocation, Bus Operators are expected to commit to participating in a working group for the development of multi-modal ticketing schemes, as outlined within the EP Plan.

To achieve this ambition, Bus Operators in the Cheshire East Enhanced Quality Partnership need to demonstrate a willingness to participate in a multi-operator ticketing scheme. This would offer bus users the opportunity to make journeys which involve several operators, enabling users to travel more conveniently than having to purchase separate tickets for each journey.

Ticket types will be arrived by agreement with the Enhanced Partnership, including affected operators, at a level that reflects increased customer utility compared with broadly equivalent single-operator tickets. Undercutting the single-operator ticket is generally undesirable as the impact on the Operator's revenue can adversely affect the commercial viability of its service.

Competition concerns are mitigated by the involvement of the Council as scheme promoter.

For monitoring purposes, Bus Operators will submit to the Council monthly sales returns for all ticketing schemes in which they participate, separated by type and period.

The price and technology associated with multi-operator tickets will be developed as part of the feasibility study. Implementation and any amendments to prices will use the Enhanced Partnership Scheme Bespoke Variation arrangements.

4.4.2 Simplification of fares

Bus operators are expected to collaborate with Cheshire East Borough Council to:

Develop a feasibility study to identify **fare simplification mechanisms** that covers the extent of the EP Scheme area (within xx months of the Commencement Date)].

Subject to successful DfT BSIP funding allocation, Bus Operators are expected to commit to the following ambitions as outlined within the EP Plan,

- Work to establish the best mechanisms for simplification of fares and coordinated ticketing across the borough, across operators and across modes.
- CEC and Operators to work together as part of the Enhanced Partnership to identify Operator-led fare simplification across the borough.
- Better value for money on fares. Consideration of fare caps for short-hops and competitiveness (with other modes) and affordability of fares on inter-urban & town/urban routes.

All operators applying the price changes are eligible to object, a 28-day operator objection mechanism will be utilised to allow this. Changes can only be implemented if there are no operator objections at the end of the objection period. Where there is a future requirement to vary the nature of the fares structure, this will be agreed by Enhanced Partnership Scheme Variation.

4.4.3 Integration with other modes

Bus service coordination and integration with other modes is wholly subject to receiving BSIP funding from the Department for Transport. Within 'The Plan', Cheshire East Borough Council has identified the following ambitions for Phase 1, which aim to offer increased bus service coordination and integration:

- Bus Operators are expected to work alongside Cheshire East Borough Council to outline plans for **increased bus service coordination and integration**:
 - with rail services at Crewe and Macclesfield Railway Stations, and
 - between local bus services or between local buses and other types of road transport such as Demand Responsive Transport (DRT).

Subject to successful DfT BSIP funding allocation, Bus Operators are expected to commit to participating in a working group for the development of multi-modal ticketing schemes, as outlined within the EP Plan.

4.5 Enhanced Frequency

Bus Operators within the EP Scheme area are expected to work alongside Cheshire East Borough Council to ensure

Any changes to the existing commercial networks are minimised and potential mitigations are discussed with CEC before notifications are made on changes to service frequency.

Frequency enhancements within the EP Scheme area are entirely subject to receiving appropriate BSIP funding from the Department for Transport. Within 'The Plan', Cheshire East Borough Council has identified the following phasing of ambitions:

4.5.1 Phase 1: Network Stabilisation

Specifically consider bus service frequencies and headway improvements, and temporal enhancements to our principal Crewe and Macclesfield town networks. This is a commitment, beyond stabilising the network, that we will work with our local operators on how to develop the local bus networks in our principal towns. Working with operators to deliver increased service frequencies to:

- Our Macclesfield town services to every 15 minutes to Weston Estate, Upton Priory and Moss Rose
- Our Crewe town services to every 15 minutes to serve Wistaston, Sydney and Elm Drive
- An existing service between Macclesfield to Bollington to every 15 minutes
- An existing service between Crewe and Nantwich to every 15 minutes, with a 30-minute frequency between Crewe and Hanley
- An existing service to every 15 minutes to serve Leighton Hospital, Brookhouse Estate, Shavington and Crewe
- The route between Crewe and Chester, from its current 60 minutes to every 30 minutes (Monday to Saturday)
- An evening link between Northwich – Winsford – Crewe – Shavington (Monday to Saturday).

4.5.2 Phase 2: Quality Improvement

Deliver enhancements to pre-covid bus networks across our Congleton, Wilmslow, Nantwich and Sandbach towns, by improving (AM and PM) peak and inter-peak timetables, and how we can better connect smaller communities to key attractors (i.e. health and education establishments). This will include working with operators to deliver:

- New or improved pre-AM Peak, inter-peak and post-PM peak service frequencies to Bromley Estate, Mossley and Buglawton, and
- New pre-AM Peak service frequencies to Newcastle.

4.5.3 Phase 3: Network Growth

This will bring further enhancements across Crewe, Macclesfield, Congleton, Wilmslow, Nantwich and Sandbach, by improving (AM and PM) peak and inter-peak timetables, and inter-urban services to better connect key service centres and smaller communities to main attractors (i.e. hospitals and health centres, employment and education establishments).

This will include working with operators to deliver:

- Additional temporal enhancements across the remainder of our Crewe and Macclesfield services every 15 minutes from 06:30 to 21:00 (as a minimum) Monday to Friday, at a minimum of every 30 minutes between 07:00 and 21:00 on Saturdays, and a minimum of hourly on Sundays,

- Bringing our Congleton town services to every 15 minutes from 06:30 to 21:00 (as a minimum) Monday to Friday, at a minimum of every 30 minutes between 07:00 and 21:00 on Saturdays, and a minimum of hourly on Sundays,
- Improved service frequency links to Leighton and Macclesfield Hospitals and assess enhancements to existing and new services for improved health service access to locations which lie outside of the borough.

4.6 Public Transport Information Provision

4.6.1 Paper-based Information Provision

Bus Operators will work with Cheshire East Borough Council to ensure the **dissemination of paper-based public transport information** for every bus service operating across the borough (within xx months of the Commencement Date).

Subject to a successful DfT BSIP funding allocation, Cheshire East Borough Council is further committed to improve paper-based information provision across the borough, as outlined within the EP Plan.

4.6.2 Electronic-based Information Provision

Bus Operators will work with Cheshire East Borough Council to **maintain or improve their corporate website or app-based real time information and timetabled information.**

Subject to a successful DfT BSIP funding allocation, Bus Operators are further committed to supporting Cheshire East Council in the following ambitions:

- Develop and coordinate an integrated website or app, collating all real-time information and standardised public transport information for bus services within Cheshire East.

Bus Operators will work with Cheshire East Borough Council to coordinate standardised public transport information, in “electronic” format , but not be limited to:

- Service timetables for all registered local bus services within the borough for download or interrogation,
- Maps to illustrate main towns, villages and roads served, and a network overview map,
- Journey planning,
- Bus Services Fare information,
- Mobile ticket purchasing functionality,
- News and events information, and
- Access to real time information

Coordinated information will be maintained and reviewed annually throughout the EP Scheme. Subject to DfT BSIP funding, the new website or app will be launched by [date: e.g. end of the second year of the EP Scheme] and reviewed annually thereafter.

4.7 Demonstration Quality Corridor(s) or Superbus Routes

Subject to successful DfT BSIP funding allocation, Bus Operators are expected to commit to work closely with Cheshire East Council on the delivery of two demonstration Quality Corridor or 'Superbus' routes.

These routes will benefit from the introduction of increased frequencies and headways, new low emission buses and be supported with improved bus priority at key junctions, new bus stop infrastructure and improved at-stop information. Any new vehicles will be subject to standards outlined in section 4.1.2, as well as the following requirements:

- Audio visual announcements, where manufacturer permits:
 - Next stop audio announcements on both decks, including through an induction hearing loop at every wheelchair space and priority seats.
 - Next stop visual announcements on both decks.
 - Take all reasonable steps to alert passengers on both decks to route diversions through audio announcements on the vehicle.
 - Take all reasonable steps to alert passengers on both decks to route diversions through visual displays on the vehicle.
- A display showing onward connection details by bus, where applicable, from open data sources.
- Option to pay for tickets through contactless ticketing.

There will also be a commitment to review bus fares on these corridors to supporting increasing ridership. The aim of these corridors is to demonstrate the full potential of a 'step-change' in the upgrade to the quality of all aspects of bus provision to users in Cheshire East.

5. Governance Arrangements

5.1 Enhanced Partnership Forum & Board

The future content and arrangements for the variation and revocation of the EP Plan and EP Scheme will be subject to consideration by the EP Forum and Board.

- **Enhanced Partnership Forum** (section 5.2) – Within the Forum all Bus Operators who operate within the Cheshire East Enhanced Partnership Plan and Scheme area will be invited and entitled to participate. However, attendance by individual operators is voluntary.
- **Enhanced Partnership Board** (section 5.3) – The Board has the mandate to make decisions using an Enhanced Partnership Scheme Variation mechanism on proposals and issues put to them by the Enhanced Partnership Forum, and other issues identified as being relevant to partnership delivery.

The EP Forum and Board governance structure is summarised within Figure 5.1 and detailed within the remainder this section of the document.

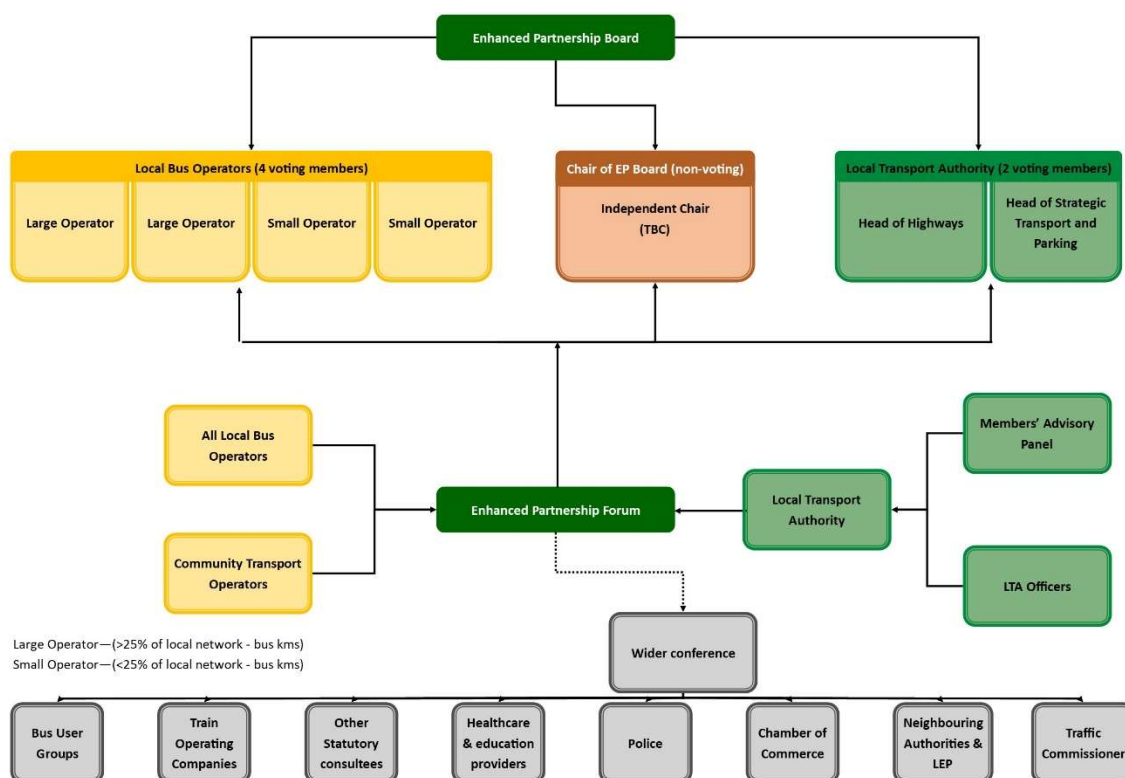

Figure 5.1: EP Forum & Board Governance Structure

5.2 Enhanced Partnership Forum

The Enhanced Partnership Forum will provide a platform for discussions regarding all opportunities and issues currently faced by the Cheshire East Bus Network, consulting with and building consensus across the various stakeholders and making recommendations for decisions to the Enhanced Partnership Board.

5.2.1 Membership of the Enhanced Partnership Forum

Membership of the Forum will comprise the following:

- All bus operators running qualifying bus services
- Cheshire East Borough Council

A service is a "qualifying local service" for objection purposes if it is a registered local bus service which has one or more stopping place within the geographical area of the EP plan or scheme concerned and it is not an exempted service. In accordance with DfT Guidance, an exempted service:

- Are services operated under Section 22 of the Transport Act 1985 (a community bus service). The EP does not apply to this type of registered service – although there is nothing to prevent an operator from voluntarily complying with some or all of the EP requirements that would otherwise apply to that service;
- Any other service not registered as a public bus service with the Traffic Commissioner. Examples include:
 - All scheduled intercity bus or coach services
 - All sightseeing tour buses operating in the area
 - School services
- A service which has part or all of its route registered as a local service in the EP Plan and Scheme geographical area, but where that part of its route is 10% or less of the overall route distance covered by the service from its service start to service end point.

External organisations may also be invited to participate in the Enhanced Partnership Forum on an advisory basis for fixed periods to provide specialist expertise.

A wider conference of all relevant parties, including representatives of organisations such as bus user groups, businesses and the Local Enterprise Partnership, in addition to existing Enhanced Partnership Forum members may be invited to review and discuss the progress of, and future opportunities for, the partnership.

5.2.2 Meeting Arrangements

Enhanced Partnership Forum meetings will take place no less than twice per year, normally midway between each Enhanced Partnership Board meeting. Forum meetings will be arranged and minutes taken by Cheshire East Borough Council. Meeting length will vary according to agenda content but ordinarily expected to be one to two hours.

Agendas and meeting papers will be circulated by the Council no less than 14 days in advance of each meeting, and draft minutes circulated no more than two weeks after each meeting. Draft minutes will be approved at the next Forum meeting.

5.2.3 Enhanced Partnership Forum Annual General Meeting (AGM)

The final Enhanced Partnership Forum meeting of each financial year will be the Enhanced Partnership Forum AGM. During the AGM, all Bus Operators within the EP Plan and Scheme area will be invited to self-nominate or nominate other willing Operators for Enhanced Partnership Board membership, to represent themselves and all other operators in their category. A ballot will be held at the AGM to select the preferred Board representatives as selected by the Operators. The ballot will be organised by Cheshire East Borough Council.

5.3 Enhanced Partnership Board

The Cheshire East Enhanced Partnership Board will be the decision-making body of the Enhanced Partnership.

Certain decisions of the Board may constitute Enhanced Partnership Scheme Variations if the requirements are met. Membership of the Board will comprise the following representatives:

- Two Large Operators (voting)
- Two Small Operators (voting)
- Two Cheshire East Borough Council Officers (voting):
 - Head of Highways
 - Head of Strategic Transport and Parking
- Chair of EP Board – Independent (non-voting)

Board meetings will require a quorum attendance of one Bus Operator per category (Large/Small) and one Council representative. An Operator representative may, if necessary, arrange for an alternate or deputy from the same category to participate with voting rights.

Cheshire East Borough Council will provide a secretary for Board Meeting arrangements and minuting.

5.3.1 Operator representative selection

Operators representing each of the categories of Operator Membership above will be invited to self-nominate or nominate other willing operators in writing to the secretary for the Enhanced Partnership Board (care of Cheshire East Borough Council Democratic Services) prior to each Forum AGM.

Where there are more than two nominees for a single category, all Bus Operators in the same category will be given the opportunity to vote by secret ballot undertaken among those present at the Enhanced Partnership Forum AGM for a preferred representative.

Voting will be on the basis of one vote per Operator (where Operators are part of the same holding company or group, they will only be entitled to one vote between them). Operator representatives will be reselected on an annual basis.

The voting procedure for membership selection will be a simple majority and be administered by the Council. Where there is a tie, a run-off vote will take place between the leading tied Operators.

It is expected that the EP Board will provide an annual progress report to the Council's Highways and Transport Committee.

5.3.4 Cheshire East Borough Council Veto

These controls ensure that the voting system does not allow an individual Operator to influence the Enhanced Partnership to its own commercial benefit or to harm competitors; there is no opportunity for a group of Operators to vote in a co-ordinated manner to mutual benefit on a sustained basis; there is no discrimination between Operators; and that actual or potential competition, entry to new services and by new Operators, or innovation, is not inhibited.

The Council may, in exceptional circumstances, **exercise a veto over Board decisions** which it may reasonably believe or suspect as having **anti-competitive implications** or **not within the wider public interest**.

Should the Council seek to exercise its veto, this will be via a report to the Executive Director of Place (as the Delegated Officer for the Councils' Highways and Transport Committee). If the Council decides to exercise its veto, notification of intent will be at the Enhanced Partnership Board meeting, this will allow the need for the veto to be discussed by all Board Members.

In any instances where commercially sensitive matters arise these would be considered by the Executive Director of Place (as the Delegated Officer for the Councils' Highways and Transport Committee) via private submission by affected bus operators.

5.3.5 Meeting Observers

Any other Bus Operator and Council representatives will be able to attend the Board meetings as observers but will not have the right to vote.

Observers may be invited to make comments or ask questions of the Board at the Chair's discretion or invited to defer these until the next Forum meeting.

5.3.6 Meeting Arrangements

Enhanced Partnership Board meetings will take place no less than twice per year at regular intervals between each Forum meeting, with provision for additional meetings as required to take decisions which in the opinion of the Chair cannot be deferred to a scheduled meeting, provided that a minimum number can be achieved, with no less than one week's notice being given.

Meetings will be arranged and minutes taken by the Council and will normally be held at Delamere House. Meetings will be chaired by the Chair of the EP Board. Meeting length will vary according to agenda content but ordinarily be one to two hours. Agendas and meeting papers will be circulated to all Board members no less than one week in advance of each meeting date, and draft minutes circulated no more than two weeks after each meeting. Copies will also be distributed to all Forum members so any issues or concerns can be discussed with the relevant Operator representative, to be raised at the Board meeting. Draft minutes will be approved at the next Board meeting.

5.3.7 Enforcement

Where the Council has Traffic Commissioner Powers delegated to it, the following arrangements will apply to relevant local bus service registrations.

- If a Bus Operator should fail to observe or perform any of the Requirements of this agreement or meet the Punctuality and Reliability standards to the reasonable

satisfaction of the Council, then the Council shall be entitled to serve a written warning notice on the Bus Operator.

The warning notice will detail the failure to observe or perform the Requirements or Punctuality or Reliability standards in question with sufficient detail as the Bus Operator may require to enable it to understand and identify the alleged failure(s) (a 'Warning Notice'). The Council may also, at its discretion, invite the Operator to participate in discussions about any specified failures before a Warning Notice is issued.

- In the event that a Warning Notice is served on a Bus Operator which, in the opinion of the Bus Operator (acting reasonably) is factually inaccurate, is unfair or unreasonable, or has been issued in error, the Bus Operator shall be entitled to provide evidence to support their claims. The Operator may also request a face-to-face meeting with the relevant representatives of the Council to discuss the evidence and express its concerns in person. The parties shall meet as soon as reasonably practicable at a mutually convenient location and discuss the Warning Notice and the Bus Operator's concerns in good faith. In the event that the Council is of the view that the Bus Operator's concerns are valid, it shall withdraw and cancel the Warning Notice with immediate effect. Such withdrawn and cancelled Warning Notice shall not be deemed a valid Warning Notice for the purposes of calculating the number of Warning Notices issued against a Bus Operator as below.

The Warning Notice shall state on its face that it is a Warning Notice and shall set out the measures which the Council requires the Bus Operator to take (acting reasonably) to ensure that the Requirement(s) or Punctuality or Reliability standards are met, do not occur again, and the reasonable timescales within which the Bus Operator is to effect such measures. The Bus Operator shall use all reasonable endeavours to comply with the terms of the Warning Notice. In the event that the Council serves more than three Warning Notices on a single Bus Operator within any continuous twelve-month period, or the Bus Operator fails to remedy a Warning Notice within the specified timescales without reasonable excuse, the Council shall, subject first to the outcome of the statutory appeals process available to the Bus Operator if engaged, be entitled to cancel the local bus service registration.

- In arriving at a decision regarding the issuing of a Warning Notice or cancelling a bus service registration, the Council will take into account the effects of any agreed scheme or improvement which was anticipated to have a beneficial effect on the Bus Operator's operations, but which has not been delivered or materialised, to the extent that the delivery of such scheme or improvement was outside the Bus Operator's control.

5.3.8 Implications for small (and medium) sized operators

Given the variety of bus operators involved (in terms of market share, fleet size, company turnover and structure), it is important to ensure that the effects of the partnership do not unduly impact upon smaller operators' ability to engage or to comply with requirements.

The Enhanced Partnership Board will therefore allocate operator votes based on a small and large market share, measured as a proportion of total registered mileage.

In addition, Bus Operator Requirements will not be placed upon certain categories of service (non-qualifying services), which represent many smaller operators' main commercial interests.

5.4 Review of EP Scheme

Once the EP Scheme is made, it will be reviewed by the EP Board annually following publication of data on progress towards targets, as required by the BSIP – this will ensure any necessary action is taken to deliver the targets set out in the BSIP as outlined in the EP Plan.

Cheshire East Borough Council will initiate each review.

The EP Forum can also decide to review specific elements of the scheme on an ad-hoc basis. EP Forum members should contact the Cheshire East Borough Council using the following email address [\[email address\]](#) explaining what the issue is and its urgency.

Cheshire East Borough Council will then decide whether to table at the next scheduled meeting or make arrangements for all or the necessary EP Board members to gather more quickly.

5.5 Bespoke Arrangements for Varying or Revoking the Enhanced Partnership Scheme

Under powers at s.138E of the Transport Act 2000, Enhanced Partnership Scheme Variations where this section is quoted will be subject to the bespoke voting mechanism also as set out in this section.

Changes to or new flexibility provisions added to the EP Scheme under s.138E of the Transport Act 2000 shall only be included in the EP scheme if they satisfy the statutory objection mechanism as set out in The Enhanced Partnership Plans and Schemes (Objections) Regulations 2018.

5.5.1 Proposer of a variation

Consideration will be given to potential EP Scheme variations highlighted either by a local authority, one of the organisations represented on the EP Forum, or by an operator of local bus services. The proposer of a variation should demonstrate how this might contribute to achieving the objectives set out in the BSIP, EP Plan and current local transport policies. Such requests should be in writing and submitted to [\[email address\]](#).

Cheshire East Borough Council will forward all requests onto all EP Board members within 5 working days.

5.5.2 Enhanced Partnership Scheme Variations

Enhanced Partnership Scheme Variations to area-wide Facilities and Measures described in section 3 and 4 will be subject to a bespoke voting mechanism as set out within section 5.3.3.

Any Enhanced Partnership Variation requires both of the following conditions to be met:

- An unanimous vote of the EP Board in favour of the Scheme Variation; and
- Council veto on the EP Board has not been invoked in response to this vote.

The following process will be followed in response to variation proposals:

1. Variation discussed at EP Forum

2. EP Forum discussions captured and minuted by Cheshire East Borough Council
3. Variation presented by Cheshire East Borough Council from EP Forum minutes to EP Board
4. Recommendation accepted, accepted subject to variation or rejected by EP Board vote
5. Once accepted by unanimous vote of the board and not vetoed by Cheshire East Borough Council Formal Enhanced Partnership Scheme Variation is created
6. Enhanced Partnership Variation is then circulated to the EP Forum.

5.5.3 Decision-making process and bespoke objection mechanism

Cheshire East Borough Council is committed to working collaboratively with local bus operators to arrive at decisions for the betterment of the local bus network and its passengers.

Upon receipt of a request for a variation to the EP Plan or EP Scheme, Cheshire East Borough Council, under this section, will reconvene the EP Board, giving at least 14 days' notice for the meeting, to consider the proposed variation.

If the proposed variation is agreed by all representatives present at the EP Scheme Board, and provided Cheshire East Council does not exercise its veto in accordance with the terms of this EP Scheme, the Proposed Variation shall be made in accordance with its terms.

If there is not full agreement to a proposed variation at the EP Board pursuant to paragraph above, then the proposed variation may be put to the operator objection mechanism as set out in The Enhanced Partnership Plans and Schemes (Objections) Regulations 2018, as if the proposed variation was a variation to this EP Scheme notified under section 138L of the Transport Act 2000.

5.6 Revocation of an EP Scheme

If Cheshire East Borough Council or another member of the EP Board believes it is necessary to revoke the EP Scheme, the EP Board will be reconvened.

If at any point in the future, any area covered by this EP Scheme is included in a new or modified EP scheme, the relevant requirements set out in this EP Scheme document will cease to apply to areas covered and incorporated in line with the proposed future arrangements.

Appendix A Schedule of Facilities

DRAFT

Appendix B

Schedule of Measures

DRAFT

Appendix C Definitions for use in the Document

Automatic Vehicle Location (AVL) – means for automatically determining and transmitting the geographic location of a vehicle, allowing it to be tracked in real time.

Bus Stop (stand or halt) – bus stop clearway as defined in accordance with paragraph 1(a) of Part 1 to Schedule 19 of The Traffic Signs Regulations and General Directions 2002 but which will permit a local bus to stand within the clearway for as long as maybe necessary up to a maximum period of 10 minutes.

CCTV – closed circuit television system, whereby static or mobile cameras are used to record offences or for surveillance and safety and security purposes.

EP Scheme Area – area to which this EP Scheme document applies.

Euro VI equivalent standards – Euro VI diesel bus or a bus with CVRAS approved technologies retrofitted to a diesel bus to reduce NOx and PM emissions and achieve Euro VI equivalent standards

Facilities – physical assets that are provided at specific locations along particular routes (or parts of routes) within the EP scheme area or new and improved bus priority measures. This is deemed for such purposes of section 138D(1) of the Transport Act 2000.

Measures – improvements with the aim of:

- Increasing the use of local bus service serving the routes to which the measures relate or ending or reducing a decline in their use; or
- Improving the quality of local bus service.

Local Authorities – prescribed under section 23 of the Local Government Act 2003.

Local Highway Authorities – Local Authority with responsibility for the maintenance of highway infrastructure in its local authority area. In the case of this EP Scheme, this means Cheshire East Borough Council.

Local Transport Authority (LTA) – collective name of authority(ies).

Multi-Operator Capping – common fares and ticketing product, applied across multiple bus operators, that will cap a user's travel cost according to the lowest price available for the journey or journeys made.

Multi-Operator Ticketing – common fares and ticketing product applied and accepted by multiple operators.

Network Stability – specified dates through the year, agreed between Cheshire East Borough Council and bus operators, on which local bus service changes take place.

Real Time Information – using technology to track the location of buses in real time. Information is transmitted to bus stops or devices to indicate to passengers the predicted arrival time at a particular point.

Registered Local Bus Service – as set out in Section 2 of the Transport Act 1985.

Cheshire East Borough Council Enhanced Partnership Plan – document made pursuant to section 138A of the Transport Act 2000 and which is required to be in place for an EP Scheme to be made.

Zero Emission Vehicle – vehicle that emits no pollutants at its tailpipe.

DRAFT
