LICENSING OBJECTIVE: PREVENTION OF PUBLIC NUISANCE

In order to protect the interest of local residents and to ensure that the licensing objective of public nuisance prevention is upheld: all necessary steps shall be taken to ensure that any noise from the premises shall not be at a level which could cause a noise nuisance at the boundary of the nearest residential premises, therefore, the following conditions are recommended to be attached to a granted premises licence:

- The use of the beer garden / outside drinking area shall not be used for entertainment
- No music to be played in the outside drinking area.
- All external windows and doors shall be closed whilst entertainment is taking place, except for normal access and egress.
- Regular noise assessments shall be undertaken by a competent person (either the Licensee or Manager) and steps shall be taken to reduce the level of noise where it is likely to cause a disturbance to local residents. The noise assessments shall be undertaken during opening hours of the premises and when entertainment or music is occurring. A written record shall be made of those assessments in a log book, kept for that purpose and shall include; the time and date of the checks, the person making them and the results including any remedial action in order to reduce the level of noise where it is likely to cause a disturbance to local residents.
- Thirty minutes before the end of the time permitted for the provision of entertainment, music levels shall be gradually reduced to a lower volume and temp.
- Door staff must request customers to leave the area quickly and quietly.

- There shall be notices located at the exit(s) requesting that customers leaving the premises do so quietly and with consideration to neighbours.
- There shall be no disposal of bottles outside the premises between the hours of 21.00 and 09.00.
