Integrated Care Systems

NHS England

Performance manages and supports the NHS bodies working with and through the ICS

Care Quality Commission

Independently reviews and rates the ICS

Statutory ICS

Integrated care board (ICB)

Membership: independent chair; non-executive directors; members selected from nominations made by NHS trusts/foundation trusts, local authorities and general practice

Role: allocates NHS budget and commissions services; produces five-year system plan for health services

Integrated care partnership (ICP)

Membership: representatives from local authorities, ICB, Healthwatch and other partners

Role: planning to meet wider health, public health and social care needs; develops and leads integrated care strategy but does not commission services

Return of intra partum maternity services to Macclesfield District General Hospital – a potential and significant early example

- Focus is on returning service suspended at beginning of COVID.
- Risks around staffing and bed availability
- Complex stakeholder landscape:
 - NHS organisations; principally East Cheshire NHS Trust (ECT)
 - Place partners including Cheshire East Council (CEC) and ECT
 - Scrutiny – Council and Cheshire and Merseyside
 - Political: local and parliamentary
 - NHS Cheshire and Merseyside
