Should Members be minded to approve the application, then a S106 legal agreement would be required to include the following total commuted sum of ;

- £29, 000 to be paid to the Council to make additions, improvements and enhancements at South Park (including allotments), Macclesfield.

Broken down this equates to:-

£24,000 in lieu of Public Open Space requirement based on family dwellings and 6 apartments, and

£5,000 in lieu Open Space based upon 5 family dwellings (1 bed apartments exempt)

Levy (CIL) Regulations

In order to comply with the Community Infrastructure Levy (CIL) Regulations 2010 it is now necessary for planning applications with legal agreements to consider the issue of whether the requirements within the S106 satisfy the following:

- (a) necessary to make the development acceptable in planning terms;
- (b) directly related to the development; and
- (c) fairly and reasonably related in scale and kind to the development.

The commuted sum to be paid to the Council will make additions, alterations and improvements to the existing facilities at South Park including the allotments which are in need of substantial works. In lieu of on site provision the Commuted sum will provide opportunities for all parts of the community including the new residents.

On this basis the provision of the commuted sum is considered to be necessary, directly related to the development and is fair and reasonable in relation to the scale and kind of development.

The applicant has confirmed that they are willing to enter into a Unilateral Agreement based on the above mentioned Head of Terms. The Applicant solicitors have been instructed to prepare the agreement for submission prior to the determination date on 4th Jul 2012.
