Consideration was given to the award of grants from the Transport and Accessibility Grant Scheme (TAG), and from the Local Sustainable Transport Fund (LSTF) Business Travel Planning Grants; these schemes are considered to be a positive way of supporting residents to develop community led transport initiatives which improve access to services.

The report summarised the evaluation of the large grant business plan submissions, a deferred small grant application, and LSTF applications. The grants submitted had been assessed in line with the associated policies and assessment criteria. An appendix to the report summarised the assessment and evaluation for each application.

With reference to the two TAG applications from Poynton Town Council, which were recommended for deferral, it was noted that work on their respective business plans was continuing and the applications were due to be considered by the Portfolio Holder at a meeting on 20 March 2014.

## **27 LAND AT ALTRINCHAM ROAD, WILMSLOW**

Consideration was given to declaring an area of land at Altrincham Road, Wilmslow surplus to requirements for highway purposes. As the land concerned was not needed for operational purposes, and had no reasonable beneficial value to any other parties other to the owners of the adjacent land, it was considered appropriate to sell it to them without offering it on the open market. It was, however, necessary to formally declare the land surplus to requirements.

## **RESOLVED**

That the land at Altrincham Road, Wilmslow (known as land inside bend Altrincham Road, North Brybour Lodge Wilmslow) be declared surplus to requirements for highway purposes in order for the sale of the said land to proceed.

The meeting commenced at 10.00 am and concluded at 10.10 am
