4.0 Wards Affected

- 4.1 The recommendations relate to all wards within Cheshire East

5.0 Local Ward Members

- 5.1 All Ward members

6.0 Policy Implications (including carbon reduction and health)

- 6.1 All of the applications contained in this report have been considered in the light of the Council's Policy for the Allocation of Grants, and the recommendations on each one conform to that Policy.

7.0 Financial Implications (authorised by Chief Operating Officer)

- 7.1 All of the proposed grants can be funded from within existing budgets approved as part of the Council's Budget for 2014/15

8.0 Legal Implications (authorised by Borough Solicitor)

- 8.1 The Council has the powers to award grants to organisations using its general power of competence in section 1 of the Localism Act 2011. In exercising the power the Council must satisfy its public law duties. In essence this means that in making the decision the Council must have taken into account only relevant considerations, followed procedural requirements, acted for proper motives and not acted unreasonably. A grant policy is a clear statement of the criteria that the Council is applying and is essential if the Council is to defend any challenge to its decision making process.
- 8.2 Cabinet has approved and Cheshire East Council has put in place a Policy for the Allocation of Grants to Voluntary and Community Organisations 2014/15. This Policy deals with the allocation of community grants which are awarded to defined Organisations following an application process and against set criteria. There are conditions requiring that

Organisations report back to the Council upon expenditure of the grant and to enable further appropriate conditions to be imposed. The decision making process was delegated to the Portfolio Holder in order ensure that decisions can be made expeditiously and at the appropriate level.

- 8.3 Grant funding organisations based on the application of the Council's grant policy satisfies the Council's public law duties.

9.0 Risk Management Implications

- 9.1 The risk of not agreeing an approach to funding the community and voluntary sector is that some organisations may be unable to continue their activities, resulting in a loss of community benefit. This is a particular issue during an economic downturn when other funding sources may not be available.

10.0 Background and Options

- 10.1 Applications received and allocated in accordance with Cheshire East Council's Policy for the Allocation of Community Grants.
