Councillors H Davenport

61 MINUTES OF PREVIOUS MEETING**RESOLVED**

That the minutes of the meeting held on 28 January 2016 be approved as a correct record and signed by the Chairman.

62 ALSO PRESENT

Ralph Kemp - Corporate Manager Waste and Environment Service
Paul Reeves - Flood Risk Manager
George Broughton Parks Development Manager

63 DECLARATIONS OF INTEREST

There were no declarations of interest.

64 WHIPPING DECLARATIONS

There were no declarations of the existence of a party whip.

65 PUBLIC SPEAKING TIME/OPEN SESSION

There were no members of the public present who wished to speak.

66 FLOOD RISK MANAGEMENT

Paul Reeves, Flood Risk Manager attended the meeting and gave a presentation on flood risk management in Cheshire East.

Paul explained the background to the responsibilities to monitor the Councils flood risk arrangements which emanated from the Pitt report into flooding in England in 2007.

The Flood and Water Management Act 2010 had added additional responsibilities for Lead Local Flood Authorities (LLFAs) including new principal duties

Relating to requirements to maintain an Asset Register

Consent and Enforcement Powers:

Whilst the Environment Agency continued to have responsibilities for main rivers and the sea, LLFAs now had responsibilities for all other water sources including ordinary watercourses, surface water and groundwater .

In summary the act specified:

- Powers to Designate Features/Make byelaws
- Duty to Investigate Significant Flood Incidents
- Delivery of Local Flood Risk Management Strategy
- Sustainable Drainage Systems (revised LLFA statutory consultee arrangements from April 2015)

During 2015 /16, drainage Improvement Schemes had been carried out at:

- Chelford Roundabout Phase 1 completed
- Chelford Phase 2 imminent
- Mill Lane Elworth - 2 Phases nearing completion
- A50 Dog Lane Brereton - 2 Phases of work completed
- Bradfield Green Scheme Phase 1 completed

In addition, the team had established liaison with arrangements with Planning Officers as Statutory Consultee with effect from April 2015, and since that date had been consulted on 242 planning applications.

In response to a question about which body was responsible for enforcing matters affecting the flow of water in river courses, Paul explained that the Highways agency targeted known risks in urban areas which under the current inspection regime meant that inspections were carried out annually on main rivers. Although the responsibility lay with the Environment agency, matters of concern could be reported to the Council and they would be forwarded to the Environment agency.

It was noted that there were 3 vacancies within the flood risk management section and bearing in mind the pressures on the Council in terms of residential development, Members expressed concern that the vacancies should be filled as soon as possible.

RESOLVED

- (a) That the presentation be received;

- (b) That the Chairman be requested to write to the Highways and Infrastructure portfolio holder seeking his assurance that every effort will be made to fill the current vacancies in the flood risk management section as soon as possible;
- (c) That a copy of the draft flood risk strategy be circulated to Members of the Committee outside of the meeting for comment.

67 **PARKS STRATEGY**

The Committee considered a report of the Ralph Kemp, Corporate Manager Waste and Environmental Services providing background and strategic context to the delivery of the Cheshire East parks strategy, which supported the Greenspace Strategy and the Stronger Communities element of the Local Plan.

The strategy provided guiding principles for managing and developing the Council's parks in the future to ensure that they met user needs and aspirations for delivering good quality parks and open spaces.

The strategy was due to be submitted to Cabinet on 12 April 2016.

In response to a comment about the strategy needing to be more specific in respect of its objectives, Ralph acknowledged that specific points within the strategy could be re-drafted to provide highlights.

RESOLVED – That the draft parks strategy be noted.

68 **QUARTER 3 ANSA AND ORBITAS REPORTS**

The committee considered a report of the Corporate Manager Commissioning – Waste and Environmental Services relating to the quarter 3 performance reports for ANSA and Orbitas.

Ansa was maintaining its high standards across the breadth of services that they delivered. A key factor in this quarter was the need to reduce the levels of contamination within the recycling (silver bin) stream. The work to reduce contamination resulted in more bins being unemptied and thus the levels of reported missed bins increasing. The campaign had succeeded in reducing levels of contamination significantly; a key factor in ensuring the recycling reprocessor accepted all the Council's loads.

The construction of the Environmental Hub had stalled pending the outcome of a legal ruling as to whether the decision to grant planning permission on the site in Middlewich could be subject to judicial review.

Approximately £0.1m of the potential pressure related to a forecast shortfall in Markets income. This continued the trend of a gradual decrease in income over the last few years, specifically in Macclesfield, where low rents of vacant shops and a major trader leaving had contributed to the shortfall. Negotiations over the projected transfer of Crewe Markets to Crewe Town Council were continuing.

Bereavement Services projected a potential budget pressure of £0.2m based on the Third Quarter Review income forecast against a net income budget of £1.3m. This related to a realignment of the original proposed income growth over a period of five years to gradually build market share.

Within year, core bereavement income was currently reporting a £0.1m shortfall against a £2.4m income target. The shortfall was due to a reduced service as a result of the contract refurbishment at Crewe Crematorium between July and December 2015.

Orbitas was also forecasting a £173,000 shortfall in Core Bereavement Income due to the disruption to service resulting from the ongoing refurbishment works at Crewe Crematorium.

However, to counter balance this lost income being experienced at Crewe whilst works are ongoing, Macclesfield Crematorium had increased performance by 12% compared to 2014/15 contributing an additional income of £77,000.

The handyman's service had forecast a surplus (£24k) due to holding vacancies in the service and a forecast reduction in the minor adaptations spend.

69 FORWARD PLAN

The Committee considered the forward plan.

RESOLVED

That the forward plan be received

70 WORK PROGRAMME

The Committee reviewed its work programme.

RESOLVED –

That items relating to TSSL and Bus Service Routes be considered at the informal meeting to be held on 23 June 2016.

The meeting commenced at 10.30 am and concluded at 1.00 pm

Councillor J Wray (Chairman)

CHESHIRE EAST COUNCIL

Environment Overview and Scrutiny Committee

Date of Meeting: 14 July 2016
Report of: Fly Tipping Task and Finish Group
Subject/Title: Update Report

1.0 Report Summary

- 1.1 This report provides an update on the work of the Task and Finish Group so far.

2.0 Recommendation

- 2.1 That the progress be noted
- 2.2 That the timescale for the final report be extended in order for the group to monitor the success of the Wardens pilot scheme.

3.0 Wards Affected

- 3.1 All

4.0 Local Ward Members

- 4.1 All

5.0 Policy Implications

- 5.1 Not known at this stage

6.0 Financial Implications

- 6.1 Not known at this stage

7.0 Legal Implications

- 7.1 Not know at this stage

8.0 Risk Management

- 8.1 Not known at this stage

9.0 Background and Options

- 9.1 At its meeting held on 26 November 2015, the Environment Overview and Scrutiny Committee agreed to set up a Task and Finish Group to address the problems of fly tipping within Cheshire East, the scoping report is attached at appendix A. The group commenced its review by meeting with representatives from Ansa, the Commissioning Manager for Waste and Recycling, the Anti Social behaviour Team Leader and Environmental Wardens Team Leader to gain an understanding of the current situation and to hear their views. It became apparent that there is a rising level of reported fly tipping and side waste, with areas of Crewe being particularly affected with contaminated wheelie bins, black bags and bulky items littering the streets.

9.2 Environmental Wardens

- 9.3 There are currently 5 full time equivalent members of staff which cover Crewe North, Crewe South, Central Macclesfield and the north of the Borough (Wilmslow, Knutsford and surrounding area). Their responsibilities include:
- Fly-tipping – investigation, prevention of and prosecution where possible
 - Dog fouling – prosecution where possible, main focus prevention and education
 - Littering – which can include general littering, and “side waste” at the side of black bins for instance.
 - Duty of care – this includes waste that members of public may have paid an unlicensed van to dispose of their rubbish when is later found dumped elsewhere, vans/businesses operating in this way without the proper paper work and trade waste
 - Clear way forward – including advertising on the roadside/fences/roundabouts etc (advertisements that are not fixed/hoardings), shops and businesses that may place their goods for sale out on the street potentially obstructing pavements etc.
 - Abandoned vehicles/vehicles for sale on the highway. Working with the DVLA and Police.
 - Public Space Protection Orders and Community Protection Notices.
- 9.4 The Task and Finish Group has acknowledged that the current work load exceeds the staffing levels which, along with problems in collecting evidence is causing difficulties with enforcement and issuing fixed penalty notices.

9.5 Ansa

- 9.6 It was reported to the group that fly tipping is expensive and not part of Ansa's contracted work. 85% of fly tipping reports are from the Crewe area, two

operatives and a vehicle carry out the removal of fly tipped waste and check the 76 hot spot areas in Crewe on a weekly basis. The annual total current cost to Cheshire East is estimated to be around £160,000 - £180,000

9.7 Estimate of annual cost of the clean-up team;

- Employment of two person team - £46,000
- Vehicle costs - £14,840
- Cost of landfill – c£75,000

9.8 Therefore based on a single 2.5 tonne load per day the estimated annual total cost of dealing with fly-tipping/side waste just for Crewe is around £136,000 (excluding administration, supervision and wardens time)

9.9 The chart below shows the numbers of fly-tipping incidents reported per month for the past three years up to December 2015.

9.10 Visit to Hot Spot Areas in Crewe

The Task and Finish Group, Portfolio Holder for Leisure and Open Spaces and Cabinet Support Member for Communities, visited 6 of the hot spot areas in Crewe to gain an understanding of current situation, see the depth of the problems first hand and what would be required to improve the situation.

9.11 Pilot Scheme

Since the Task and Finish group was established, it has been acknowledged by the Council that the current situation is unsustainable. Therefore a 12 month pilot scheme has been approved to employ 2 additional wardens in the Crewe area to concentrate on education and enforcement. The group intends to monitor the success of the scheme over the next 12 months and make recommendations accordingly.

9.12 Stoke-on-Trent City Council

- 9.13 Stoke-on-Trent has a dedicated Environmental Crime Unit which has made a significant difference to the waste management team. The waste management team operate a 24hr service on a 3x8 hour shift. There is also a large volunteer group that help with litter pick up and clean up days. A volunteer co-ordinator has been employed to ensure recruitment of volunteers and generate income through schools and colleges.
- 9.14 Waste Minimisation Officers provides education to residents, schools, community groups, landlords and students. They also provide students and landlord packs. A Fly Tipping Task Force has been introduced to reduce the demand of the reactive team.

9.15 Procurement of a Private Company

- 9.16 The Task and Finish Group visited Halton Borough Council to discuss how fly tipping and enforcement is dealt with. Members were informed that Halton has outsourced its enforcement service at zero cost to the Council. The private company deal with all aspects of issuing Fixed Penalty Notices including the preparation of prosecution files, a 56% pay rate is required to break even, however the pay rate is currently 70%. The additional income is reinvested into environmental issues, which enables resources to be released to deal with fly tipping.
- 9.17 Subsequently the Task and Finish group has also met with the Portfolio Holder for Communities and Health, who informed that group that in addition to the Councils own Environmental Wardens, the Council intend to procure a private company to deal with fly tipping, litter and dog fouling across the borough. The contract is currently going through the procurement process, will be implemented on 1 September 2016 and reviewed after 12 months. Similar to Halton Borough Council the company will deal with all aspects of FPN, apart from the appeals process.

9.18 Household waste and Recycling Centres/ bulky items

- 9.19 The task and finish group has found that the costs of collecting bulky waste is not comparable to other local authorities, which may be encouraging fly tipping and will therefore be recommending that the cost be reduced.
- 9.20 The group also feel that the permit scheme at Household Waste and Recycling Centres is overly bureaucratic and rules should be relaxed to ensure that customers are not turned away from a centre as this may also encourage fly tipping.

FORWARD PLAN FOR THE PERIOD ENDING 31ST OCTOBER 2016

This Plan sets out the key decisions which the Executive expects to take over the period indicated above. The Plan is rolled forward every month. A key decision is defined in the Council's Constitution as:

"an executive decision which is likely –

- (a) to result in the local authority incurring expenditure which is, or the making of savings which are, significant having regard to the local authority's budget for the service or function to which the decision relates; or
- (b) to be significant in terms of its effects on communities living or working in an area comprising one or more wards or electoral divisions in the area of the local authority.

For the purpose of the above, savings or expenditure are "significant" if they are equal to or greater than £1M."

Reports relevant to key decisions, and any listed background documents, may be viewed at any of the Council's Offices/Information Centres 5 days before the decision is to be made. Copies of, or extracts from, these documents may be obtained on the payment of a reasonable fee from the following address:

Democratic Services Team
Cheshire East Council
c/o Westfields, Middlewich Road, Sandbach Cheshire CW11 1HZ
Telephone: 01270 686472

However, it is not possible to make available for viewing or to supply copies of reports or documents the publication of which is restricted due to confidentiality of the information contained.

A record of each key decision is published within 6 days of it having been made. This is open for public inspection on the Council's Website, at Council Information Centres and at Council Offices.

This Forward Plan also provides notice that the Cabinet, or a Portfolio Holder, may decide to take a decision in private, that is, with the public and press excluded from the meeting. In accordance with the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012, 28 clear days' notice must be given of any decision to be taken in private by the Cabinet or a Portfolio Holder, with provision for the public to make representations as to why the decision should be taken in public. In such cases, Members of the Council and the public may make representations in writing to the Democratic Services Team Manager using the contact details below. A further notice of intention to hold the meeting in private must then be published 5 clear days before the

meeting, setting out any representations received about why the meeting should be held in public, together with a response from the Leader and the Cabinet.

The list of decisions in this Forward Plan indicates whether a decision is to be taken in private, with the reason category for the decision being taken in private being drawn from the list overleaf:

1. Information relating to an individual
2. Information which is likely to reveal the identity of an individual
3. Information relating to the financial or business affairs of any particular person (including to authority holding that information)
4. Information relating to any consultations or negotiations, or contemplated consultations or negotiations, in connection with any labour relations matter arising between the authority or a Minister of the Crown and employees of, or office holders under the authority
5. Information in respect of which a claim to legal and professional privilege could be maintained in legal proceedings
6. Information which reveals that the authority proposes (a) to give under any enactment a notice under or by virtue of which requirements are imposed on a person; or (b) to make an order or direction under any enactment
7. Information relating to any action taken or to be taken in connection with the prevention, investigation or prosecution of crime

If you would like to make representations about any decision to be conducted in private at a meeting, please email:

Paul Mountford, Democratic Services Officer paul.mountford@cheshireeast.gov.uk

Such representations must be received at least 10 clear working days before the date of the Cabinet or Portfolio Holder meeting concerned.

Where it has not been possible to meet the 28 clear day rule for publication of notice of a key decision or intention to meet in private, the relevant notices will be published as soon as possible in accordance with the requirements of the Constitution.

The law and the Council's Constitution provide for urgent key decisions to be made. Any decision made in this way will be published in the same way.

REPORT TO: ENVIRONMENT OVERVIEW AND SCRUTINY COMMITTEE

Date of Meeting:	14 July 2016
Report of:	Director of Legal Services and Monitoring Officer
Subject/Title:	Work Programme update

1.0 Report Summary

- 1.1 To review items in the 2016/2017 Work Programme listed in the schedule attached, together with any other items suggested by Committee Members.

2.0 Recommendations

1. That the work programme be reviewed.

3.0 Reasons for Recommendations

- 3.1 It is good practice to agree and review the Work Programme to enable effective management of the Committee's business.

4.0 Wards Affected

- 4.1 All

5.0 Local Ward Members

- 5.1 Not applicable.

6.0 Policy Implications including - Carbon reduction - Health

- 6.1 Not known at this stage.

7.0 Financial Implications

- 7.1 Not known at this stage.

8.0 Legal Implications

- 8.1 None.

9.0 Risk Management

9.1 There are no identifiable risks.

10.0 Background and Options

10.1 Members are asked to review the schedule attached to this report, and if appropriate, add new items or delete items that no longer require any scrutiny activity. When selecting potential topics, Members should have regard to the Council's new three year plan and also to the general criteria listed below, which should be applied to all potential items when considering whether any Scrutiny activity is appropriate.

The following questions should be asked in respect of each potential work programme item:

- Does the issue fall within a corporate priority;
- Is the issue of key interest to the public;
- Does the matter relate to a poor or declining performing service for which there is no obvious explanation;
- Is there a pattern of budgetary overspends;
- Is it a matter raised by external audit management letters and or audit reports?
- Is there a high level of dissatisfaction with the service;

10.2 If during the assessment process any of the following emerge, then the topic should be rejected:

- The topic is already being addressed elsewhere
- The matter is subjudice
- Scrutiny cannot add value or is unlikely to be able to conclude an investigation within the specified timescale
