### **20 REGISTRATION FEES 2016/17 AND CEREMONY FEES 2017/18**

It was reported that the majority of fees collected by the registration service are set by central government. The Council has legal authority under legislation to set fees for non statutory services including ceremonies at approved premises, grant of approval for approved premises, naming ceremonies, renewal of vows ceremonies, nationality checking service, private citizenship ceremonies, administration fee for booking ceremonies and on demand certificate service.

The specific power to levy fees for Approved Premises is set out in the Marriages (Approved Premises) Regulations 2011. A specific power to charge was introduced by section 93 of the Local Government Act 2003, which gives relevant authorities the power to charge for discretionary services. Further, the new general power of competence contained in the Localism Act 2011 now sits alongside a local authority's power to trade and charge. In common with the Local Government Act 2003 powers, charging for things done in the exercise of the general power of competence is not a power to make a profit from those activities.

Financial advice had been sought on the proposed fees taking into account the full cost of administering the service. The proposed fees for ceremonies would recover the full cost of ceremonies for the year without generating excess fee income.
