The Committee considered a report regarding a proposed procedure for hearings in accordance with the Scrap Metal Dealers Act 2013.

If the Council was minded to refuse an application for a Scrap Metal Dealers Licence, the applicant had a right of appeal to the General Licensing Sub-Committee. In order for the hearing to be heard in a fair manner, the Council must have agreed the procedure for such hearings.

RESOLVED –That the procedure for undertaking appeal hearings in accordance with the Scrap Metal Dealers Act 2013, as set out in Appendix 1 to the report, be approved.

14 ANNUAL REVIEW OF THE MOBILE HOMES ACT 2013 (FEES AND CHARGES POLICY)

The Committee considered a report regarding the proposed Regulatory Services and Health Mobile Homes Act 2013 Fees and Charges Policy 2017-18.

In accordance with the Mobile Homes Act 2013, the Council was permitted to charge a fee for administering the statutory licensing function for residential caravan sites. It was also permitted to set fees for other functions such as maintaining a register of site rules and transferring and amending licences.

The Council was only able to set fees on a ‘cost recovery’ basis, and as part of setting the fees it was required to have a Fees and Charges Policy in place for mobile homes, which was reviewed annually in order to ensure that the fees reflected the cost of administering the licensing function.

RESOLVED - That the Regulatory Services and Health Mobile Homes Act 2013 Fees and Charges Policy 2017-18, as set out in Appendix 1 to the report, be approved.

15 REVIEW OF TAXI LICENSING FEES AND CHARGES FOR THE FINANCIAL YEAR 2017/2018

The Committee considered a report regarding a review of taxi licensing fees and charges for the financial year 2017/2018.

On 7 November 2016, the Committee had determined to vary the Council's fees in relation to Hackney Carriage and Private Hire Licensing. In accordance with the relevant legislative provisions, the required notices had been published in several local papers, and notices had been placed at the Council's principal office and at the Customer Contact Centres.

The Licensing Team Leader reported that no objections had been received.

RESOLVED –That it be noted that the taxi licensing fees and charges as set out in Appendix A to the report will come into effect on 1 April 2017.

16 DESIGNATION OF STREETS WITHIN THE BOROUGH FOR THE PURPOSES OF STREET TRADING

The Committee considered a report regarding proposed amendments to the current designation of streets for the purposes of regulating street trading.

The Licensing Team had consulted between 15 September 2016 and 27 October 2016 and no relevant consultation responses had been received.

Following publication of the statutory notices, the Committee would be required to consider any objections received and determine whether or not to pass a resolution changing the street trading designations.

RESOLVED

- (a) That it be confirmed that the Council intends to designate the streets identified in Appendix A to the report for the purposes of Street Trading.
- (b) That the Licensing Team Leader be authorised to follow any necessary statutory procedures, including the publication of the required notices.

CHESHIRE EAST COUNCIL

Licensing Committee

Date of Meeting: 6 November 2017
Report of: Licensing Team Leader
Subject/Title: Review of Licensing Fees and Charges
Portfolio Holder: Cllr Ainsley Arnold – Planning and Housing

1.0 Report Summary

- 1.1 To seek Members approval to increase the licensing fees and charges for the issuing and renewal of licenses, consents and permits issued by the Licensing Team with effect from January 2018.

2.0 Recommendation

- 2.1 That Members confirm the fees payable as set out in appendix A.
- 2.2 To authorise the Licensing Team Leader to publish the Hackney Carriage and Private Hire Licensing fees in accordance with the relevant legislative provisions.
- 2.3 That delegated authority be given to the Director of Planning and Sustainable Development to consider any objections received and determine the final fees payable in consultation with the Chairman of the Licensing Committee.

3.0 Reasons for Recommendations

- 3.1 A review of the fees payable in respect of various types of licence and permits administered, enforced by the Licensing Section, has been undertaken. For the fees to be lawful and levied correctly a review of all licensing fees and charges needs to be made followed by publication in a newspaper.

4.0 Wards Affected

- 4.1 All

5.0 Local Ward Members

- 5.1 All Members

6.0 Policy Implications

- 6.1 The fees proposed are compatible with our charging strategy.

7.0 Financial Implications

- 7.1 Where possible, the licensing service aims to recover all reasonable costs. In a number of areas, statute dictates whether a fee may or may not be charged and the level of that charge.

8.0 Legal Implications

- 8.1 Regulation 2 (6) of the Local Authorities (Functions and Responsibilities) Regulations 2000 confirms that where the issuing of any licence, permit, or consent is a Council function, the fee must also be set by the Council. The Council has made provision in its Constitution for the setting of fees to be delegated to the Licensing Committee.
- 8.2 The Licensing Act 2003 (along with all licences except those relating to taxis and gambling) are also subject to the EU Service (2006). This directive, which has been incorporated in UK law by the Provision of Services Regulations 2009, confirms:
1. Fee charges must be proportionate to the cost of the process
 2. Fees cannot be used as either a deterrent or to raise funds
 3. Enforcement should not be included in the fees
- 8.3 Sections 53 and 70 of the Local Government (Miscellaneous Provisions) Act 1976 allow the Licensing Authority to charge fees for the grant of licences in respect of hackney carriage and private hire drivers, vehicles, and operators. The fees must be set for these licences on the basis that it only recovers costs which it is entitled statutorily to recover.
- 8.4 In respect of vehicle and operators' licences the Act states that the Council may charge such fees as may be sufficient in the aggregate to cover in whole or in part:
- The reasonable cost of inspecting Hackney Carriages and Private Hire vehicles to ascertain whether any such licence should be granted or renewed.
 - The reasonable cost of providing Hackney Carriage stands
 - Any reasonable administrative or other costs in connection with the above and with the control and supervision of Hackney Carriages and Private Hire vehicles
 - The Act, which dates from 1976, also states that the fee for vehicle and operator licences shall not exceed £25 or such other sum as the Council may from time to time determine. In the light of current costs £25 is not seen as a realistic fee to impose. The fee has not been set at this rate for a significant number of years.
- 8.5 In respect of drivers' licences the Act states that the Council may charge, 'such a fee as it considers reasonable with a view to recovering the costs of issue and administration associated with the grant of Hackney Carriage and Private Hire drivers' licences'.

- 8.6 Any other fees are restricted by legislation (eg Licensing Act 2003) and the Council has no power to vary such fees. There is no power to levy a fee for any Charitable Collection authorisations.
- 8.7 Additionally, there is some case law that has further developed the requirements in relation to the setting of all fees:
- The Licensing Authority cannot make a profit and must carry forward surplus - R v Manchester CC ex parte King (1991) and R (app Simply Pleasure and Ors) v Westminster CC (2012)
 - Deficits can be recouped through increasing fees (this can be done at any time including mid year) - R v Tower Hamlets LBC ex parte Tower Hamlets Combined Traders Association (1994) and R (app Simply Pleasure and Ors) v Westminster CC (2012)
 - Only administration and issue costs can be taken into consideration - R (app Simply Pleasure and Ors) v Westminster CC (2012)
 - Compliance with a licence or conditions etc is compliance rather than enforcement - R v Associated Octel co Ltd (costs) (1996)

9.0 Risk Management

- 9.1 There is a right to object to most fees set following publication of the Statutory Notices. If valid objections are received the matter would be referred to the Director of Planning and Sustainable Development for consideration.

10.0 Background

- 10.1 The Authority may charge a fee for the issuing or renewal of various licences for which they have a statutory duty to issue. Certain fees are set either by Statute or Regulations but some fees can be set by Local Authorities to cover the cost of administration, compliance and some elements of enforcement; Locally Set Fees.
- 10.2 The service where possible aims to recover operating costs and where the Council has the discretion to set the fees, they are subject to review which can take into account operating costs, inflation, purchase costs etc.
- 10.3 The majority of Locally Set Fees have remained the same since 2011 and took account of the Council's aim to recover reasonable costs and the relevant statutory powers that fall within the remit of the service.
- 10.4 A number of fees are fixed by Statute; these are highlighted in Appendix A. It is envisaged that the increase in fees would take effect in January 2018 (subject to consultation and consideration of any objections).
- 10.5 Fees have remained at current levels for several years and the Licensing Team has been able to make efficiency savings that have alleviated most budgetary pressures by reducing costs.

- 10.6 However, efficiency savings have now been maximised and an increase in certain fees is required as a result of annual increases in staffing costs.

- 8.1 The Local Government (Miscellaneous Provisions) Act 1976 provides the Licensing Authority with two ways to suspend licenced vehicles.
- 8.2 Section 60 Local Government (Miscellaneous Provisions) Act 1976 - Suspension and revocation of vehicle licences:

(1) Notwithstanding anything in the Act of 1847 or in this Part of this Act, a district council may suspend or revoke, or (on application therefore under section 40 of the Act of 1847 or section 48 of this Act, as the case may be) refuse to renew a vehicle licence on any of the following grounds—

- (a) that the hackney carriage or private hire vehicle is unfit for use as a hackney carriage or private hire vehicle;
- (b) any offence under, or non-compliance with, the provisions of the Act of 1847 or of this Part of this Act by the operator or driver; or
- (c) any other reasonable cause.

(2) Where a district council suspend, revoke or refuse to renew any licence under this section they shall give to the proprietor of the vehicle notice of the grounds on which the licence has been suspended or revoked or on which they have refused to renew the licence within fourteen days of such suspension, revocation or refusal.

(3) Any proprietor aggrieved by a decision of a district council under this section may appeal to a magistrates' court.

8.3 Section 68 Local Government (Miscellaneous Provisions) Act 1976

Fitness of hackney carriages and private hire vehicles:

Any authorised officer of the Council in question or any constable shall have power at all reasonable times to inspect and test, for the purpose of ascertaining fitness, any hackney carriage or private hire vehicle licensed by the County Borough Council or any taximeter affixed to such a vehicle, and if he is not satisfied as to the fitness of the hackney carriage or private hire vehicle or as to the accuracy of the taximeter he may by notice in writing require the proprietor of the hackney carriage or private hire vehicle to make it or its taximeter available for further inspection and testing at such reasonable time and place as may be specified in the notice and suspend the vehicle licence until such time as such authorised officer or constable is so satisfied.

Provided that, if the authorised officer or constable is not so satisfied before the expiration of a period of two months, the said licence shall, by virtue of this section, be deemed to have been revoked and subsections (2) and (3) of Section 60 of this Act (i.e. Notice of Revocation and Right of Appeal, respectively) shall apply with any necessary modifications.

9.0 Risk Management

9.1 There is an opportunity to appeal against a suspension under section 60 of the Act as soon as the Notice is issued. In respect of a suspension under section 68 a right of appeal does not apply until a notice of revocation is issued.

10.0 Background and Options

10.1 The Council's Scheme of Delegations makes provision for Officers to suspend vehicles in certain circumstances. This would include:

- Where the vehicle is in breach of a Council condition (eg failed to attend a 6 month test or incorrect signage),
- A breach of legislation or byelaws (eg not having a meter in a hackney carriage)
- Accident damage to the vehicle
- Where the vehicle is not fit for use (ie invalid or expired insurance)

10.2 There are two powers of suspension conferred upon officers under the Council's Scheme of Delegation. These are:

- I. Section 60 of the Local Government (Miscellaneous Provisions) Act 1976. The suspension does not date effect until 21 days after the service of the suspension notice. There is an immediate right of appeal to the Magistrates' Court. Where an appeal has been logged the suspension does not take effect until the appeal has been disposed of, unless the suspension is over turned.
- II. Section 68 of the Local Government (Miscellaneous Provisions) Act 1976. The suspension takes immediate effect upon service of the suspension notice. If the vehicle is not presented for test/inspection (and passes) within two month an automatic notice of revocation of the licence is issued. There is then a right of appeal to the Magistrates' Court where a revocation notice is issued.

10.3 In practice, most suspensions are issued under section 68 of the Local Government (Miscellaneous Provisions) Act 1976. This is because the suspension takes immediate effect and adequately deals with potentially unfit, unsafe or unsuitable vehicles.

10.4 In addition, to the suspension notice issued, the relevant Enforcement Officer will also issue a notice under section 58 of the Local Government (Miscellaneous Provisions) Act 1976. This notice requires the return of the vehicle licence and plates.

10.5 The Licensing Team periodically reports these suspensions to the Licensing Committee.
