CHESHIRE EAST COUNCIL**Minutes of a meeting of the Environment and Regeneration Overview and Scrutiny Committee**

held on Monday, 15th October, 2018 at The Capesthorne Room - Town Hall,
Macclesfield SK10 1EA

PRESENT

Councillor H Davenport (Chairman)
Councillor T Dean (Vice-Chairman)

Councillors C Browne, C Green, P Groves, S Pochin, B Roberts, G M Walton,
J Rhodes, A Moran and S Brookfield

In attendance:

Councillor A Arnold – Portfolio Holder, Housing and Planning
C Hindle – Head of Strategic Infrastructure
F Jordan – Acting Deputy Chief Executive and Executive Director, Place
P Traynor – Head of Highways and Parking

23 APOLOGIES FOR ABSENCE

Apologies for absence were received from Councillors S Hogben, O Hunter, N Mannion and M Parsons.

24 MINUTES OF THE PREVIOUS MEETING

Consideration was given to the minutes of the meeting held on 17 September 2018.

RESOLVED

That the minutes be approved as a correct record subject to Cllr P Groves being included in the list of apologies.

25 DECLARATIONS OF INTEREST

There were no declarations of interest.

26 WHIPPING DECLARATIONS

There were no whipping declarations.

27 PUBLIC SPEAKING/OPEN SESSION

There were no members of the public present wishing to speak.

28 STRATEGIC INFRASTRUCTURE PROGRAMME

Consideration was given to a presentation on the strategic infrastructure programme, which detailed the borough wide 7 major schemes. In relation to Poynton Relief Road, it was noted that the scheme would be completed by late 2021 and not 2020 as detailed in the presentation.

In relation to Crewe Green roundabout, it was noted that the scheme would be delivered on time and within budget. Local Members wished their thanks to officers to be recorded for member engagement and timeliness in delivering the scheme

Members welcomed the replacement of Sydney Road Bridge, however, expressed concern about other bridges in Crewe that needed attention. It was highlighted to Members that the majority of bridges in Crewe were owned by Network Rail and Members agreed that the Council should encourage Network Rail to make the required improvements.

In relation to Macclesfield, it was noted that there were no significant major schemes, however, improvements were scheduled to the key junctions which were outlined in the Macclesfield Movement Strategy.

In relation to HS2, it was agreed that a report on the funding principles would be brought back to a future meeting of the Committee.

RESOLVED

1. That Members thanks to officers be recorded for their engagement and timeliness of delivering the Crewe Green roundabout scheme.
2. That a report on the funding principles of HS2 be considered by the Committee in due course.

29 WELL MANAGED HIGHWAY INFRASTRUCTURE PUBLIC CONSULTATION FEEDBACK

Further to the meeting held on June 2018, the Committee received feedback on the outcomes and progress following the Well Managed Highway Infrastructure Consultation. In total 93 responses were received from a range of consultees and stakeholders, which were highlighted within the report. Members made the following comments and observations:

- It was important to ensure that all schools, hospitals and areas used by the elderly fall within the resilient highways network.
- A similar approach should be used for the boroughs green infrastructure.
- Cycle paths needed to be gritted alongside the rest of the highways network.
- The provision of self help grit bins needed to be assessed, as they enable residents to be resilient.
- Footpaths on housing estates and town centres needed to be addressed as manywere in poor condition.

RESOLVED

That the Well Managed Highway Infrastructure Code of Practice be supported subject to the comments highlighted above.

30 PLACE PERFORMANCE SCORECARD 2018-19

Consideration was given to the Place performance scorecard for 2018/19 for quarter 1, which provided an accessible summary of performance against targets within the Place Department.

In relation to PIH004, it was noted that customer satisfaction levels had decreased and officers were investigating the cause of this.

In relation to PCO002 – average speed to answer calls, it was agreed that that this was a difficult target to achieve and that the quality of the call was more important than the speed it took to answer calls.

In relation to PCO005, it was agreed that a written response providing members with further detail and explanation about the NHS invoices referenced would be circulated to members outside of the meeting.

RESOLVED

That a written response in relation to PCO005 be circulated to members outside of the meeting.

31 FORWARD PLAN

Consideration was given to the areas of the forward plan which fell within the remit of the committee.

RESOLVED

That the forward plan be received

32 WORK PROGRAMME

Consideration was given to the work programme. It was agreed that an update the impact of the legislation relating to houses of multiple occupancy would be considered by the Committee on 21 January 2019.

RESOLVED

That an update the impact of the legislation relating to houses of multiple occupancy would be considered by the Committee on 21 January 2019.

The meeting commenced at 2.00 pm and concluded at 3.50 pm

BRIEFING REPORT

Environment and Regeneration overview and Scrutiny Committee

Date of Meeting: 12 November 2018

Report Title: Review of Household waste recycling centre developments

Portfolio Holder: Cllr Don Stockton – Portfolio Holder - Environment

Author: Ralph Kemp

Senior Officer: Executive Director - Place

1. Introduction and Policy Context

1.1. During 2017 and 2018 the authority implemented a number of changes to the household waste recycling centre provision in line with the authority's waste strategy and following extensive consultation. This report to the Environment and Regeneration overview and Scrutiny Committee sets out the delivery of these proposals

1.2. The proposals that were introduced included:

- Closure of Arclid household waste recycling centre in September 2017 – the closure of our smallest and least used site. This proposal has been delivered with very few incidents of waste being abandoned at the closed site and no queueing issues at other sites
- Introduction of rubble/construction waste charging – rolled out in January 2018, the amount of material through this waste stream has dropped significantly (over 80%) with no measured impact on rubble fly tipping rates.
- Reduction of opening hours at all sites – introduced in November 2017, this proposal has seen our sites open from 8.30-4pm in the winter and 8.30-5pm in the summer.
- Enabling rubble trade waste to be accepted – this provided a new outlet for very small scale rubble trade waste, one of the sources of rural fly tipping.

2. Background

- 2.1.** One aspect of the Council's Municipal Waste Management Strategy 2030, was to review the household waste recycling centre provision across the borough. This detailed review provided a range of options that, if the authority chose to adopt, would ensure that the service was fit for purpose, efficient and delivered industry best practice.
- 2.2.** A borough wide consultation was carried out (Nov 2016 - Jan 2017) that resulted in over 2,300 responses. A brief summary of results, overall, show a majority of respondents supported each of the 4 proposals within the council's preferred option:
- 60% supported the closure of Arclid HWRC, 28% objected to it
 - 55% supported the introduction of charges for disposal of rubble, 31% objected
 - 63% supported a reduction of opening hours at all sites, 25% objected
 - 68% supported opening sites to trade waste, 15% objected.
- 2.3.** The consultation report and recommendations were taken to Full Council for discussion (see minute items no.88 and no.86 3 & 4). Council agreed to implement the proposals, as laid out within the consultation material, with the exception of the closure of the Arclid HWRC. The decision on whether to close Arclid was deferred, following representation from Sandbach Town Council. Following the pause to discuss the Sandbach Town Council proposals it was concluded that there were no viable alternatives to closure and this was taken to Cabinet for approval on July 11th 2017.

3. Briefing Information

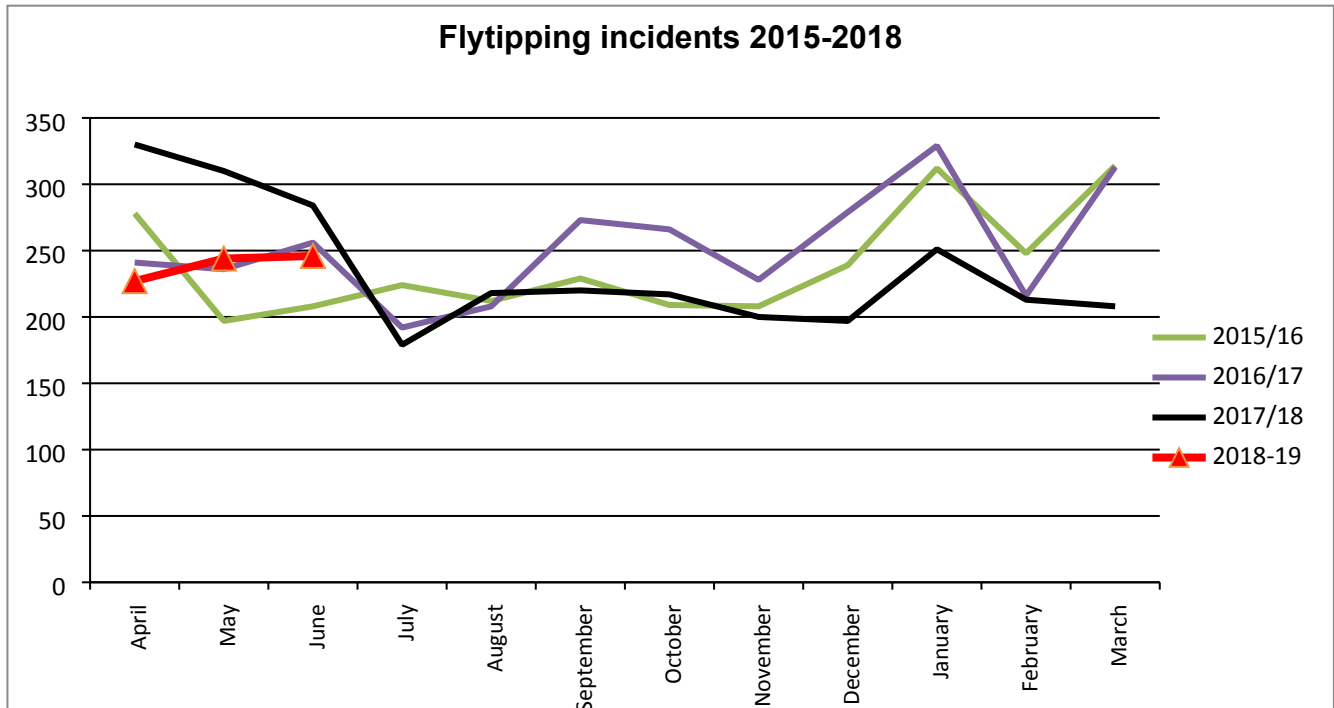

- 3.1.** Closure of Arclid: Whilst there were initial complaints, following the closure, this soon ceased and residents have now adjusted to using other sites. There were fewer than 10 incidents of waste being left at the closed site and now there are none.
- 3.2.** Reduced hours: Our careful analysis of site usage showed that there were occasions during the day when the number of users was very low. During the spring opening hours from 8am – 6pm in March and April 2016, only 3% of all site visits took place after 5pm, and only 4% of all site visits occurred before 9am. Traffic surveys in June indicated that during summer opening hours, across all days and all sites, 84% of visits took place between 9am and 5pm, and around 12% of visits during summer opening hours took place between the hours of 5pm and 8pm. As the chart below shows In order to run our sites more efficiently it was clear that the opening hours could be reduced to deliver this.

Figure 1 - Site visit timings

- 3.3.** The levels of complaints concerning the reduced hours has been minimal and the incidents of waste being left at shut sites, whilst increasing initially, as residents learned of the new times, have now decreased.
- 3.4.** Charging for rubble/construction waste: The proposal to charge for rubble/construction waste has delivered significant positive change to the household waste recycling centres. As anticipated by our specialists, the amount of material that is managed through this waste stream has dropped drastically, by over 80%. During an average month 800 tonnes of rubble used to be handled, this is now nearer to 120 tonnes.
- 3.5.** This material may be being used by residents in their own gardens or managed through the use of skips. There was concern that the incidents of fly-tipping would increase greatly as a result of this charge, this has not been the case in the first quarters of operation as can be seen in the graph below (Figure 2).

Figure 2

3.6. Additional benefits. The anticipated decrease in rubble tonnages has delivered the added benefit of there being fewer users of the site and therefore easier movement around them. Few journeys and less material means there are fewer vehicles on the road as the material is managed more locally. It would also seem that since the charging introduction the levels of residual waste have also decreased, though we are not sure if this is linked to the introduction of the rubble charge.

3.7. Local business waste: Welcoming local businesses to dispose of their rubble/construction waste through our sites has also provided an outlet for very small traders to dispose of small quantities of waste which would otherwise have incurred a much greater charge at commercial sites.

4. Implications

4.1. Legal Implications

4.1.1. The Council is under a duty under s.51 of the Environmental Protection Act 1990 to arrange for the disposal of controlled waste collected in its area and for places to be provided at which persons resident in its area may deposit their household waste.

4.1.2. Final decisions on permanent changes to the Household Waste Recycling Centre services have been subject to public consultation and the responses to the consultation have been conscientiously taken in to account in making any decisions in accordance with established principles of consultation.

4.2. Financial Implications

- 4.2.1. The Council's MTFs set out savings targets for this project based on external consultancy estimates of what could be achieved. Against a savings target of £150,000 for the closure of Arclid household waste recycling centre the Council has achieved £100,000 permanent saving.
- 4.2.2. The Council's MTFS required a further £576,000 from 2018-19 relating to the other measures introduced. It is too early to confirm in year what the final savings on this element will be, however the Council has made assumptions in its 2019-20 budget proposals based on very early data for the permanent saving to be £260,000 for this element.
- 4.2.3. This would mean combined permanent savings from this project would be in the order of £360,000 per annum. This is subject to change however based on usage over the year.

4.3. Human Resources Implications

- 4.3.1. None

FORWARD PLAN FOR THE PERIOD ENDING 31ST JANUARY 2019

This Plan sets out the key decisions which the Executive expects to take over the period indicated above. The Plan is rolled forward every month. A key decision is defined in the Council's Constitution as:

"an executive decision which is likely –

- (a) to result in the local authority incurring expenditure which is, or the making of savings which are, significant having regard to the local authority's budget for the service or function to which the decision relates; or
- (b) to be significant in terms of its effects on communities living or working in an area comprising one or more wards or electoral divisions in the area of the local authority.

For the purpose of the above, savings or expenditure are "significant" if they are equal to or greater than £1M."

Reports relevant to key decisions, and any listed background documents, may be viewed at any of the Council's Offices/Information Centres 5 days before the decision is to be made. Copies of, or extracts from, these documents may be obtained on the payment of a reasonable fee from the following address:

Democratic Services Team
Cheshire East Council
c/o Westfields, Middlewich Road, Sandbach Cheshire CW11 1HZ
Telephone: 01270 686472

However, it is not possible to make available for viewing or to supply copies of reports or documents the publication of which is restricted due to confidentiality of the information contained.

A record of each key decision is published within 6 days of it having been made. This is open for public inspection on the Council's Website, at Council Information Centres and at Council Offices.

This Forward Plan also provides notice that the Cabinet, or a Portfolio Holder, may decide to take a decision in private, that is, with the public and press excluded from the meeting. In accordance with the Local Authorities (Executive Arrangements) (Meetings and Access to Information) (England) Regulations 2012, 28 clear days' notice must be given of any decision to be taken in private by the Cabinet or a Portfolio Holder, with provision for the public to make representations as to why the decision should be taken in public. In such cases, Members of the Council and the public may make representations in writing to the Democratic Services Team Manager using the contact details below. A further notice of intention to hold the meeting in private must then be published 5 clear days before the

meeting, setting out any representations received about why the meeting should be held in public, together with a response from the Leader and the Cabinet.

The list of decisions in this Forward Plan indicates whether a decision is to be taken in private, with the reason category for the decision being taken in private being drawn from the list overleaf:

1. Information relating to an individual
2. Information which is likely to reveal the identity of an individual
3. Information relating to the financial or business affairs of any particular person (including to authority holding that information)
4. Information relating to any consultations or negotiations, or contemplated consultations or negotiations, in connection with any labour relations matter arising between the authority or a Minister of the Crown and employees of, or office holders under the authority
5. Information in respect of which a claim to legal and professional privilege could be maintained in legal proceedings
6. Information which reveals that the authority proposes (a) to give under any enactment a notice under or by virtue of which requirements are imposed on a person; or (b) to make an order or direction under any enactment
7. Information relating to any action taken or to be taken in connection with the prevention, investigation or prosecution of crime

If you would like to make representations about any decision to be conducted in private at a meeting, please email:

Paul Mountford, Executive Democratic Services Officer
paul.mountford@cheshireeast.gov.uk

Such representations must be received at least 10 clear working days before the date of the Cabinet or Portfolio Holder meeting concerned.

Where it has not been possible to meet the 28 clear day rule for publication of notice of a key decision or intention to meet in private, the relevant notices will be published as soon as possible in accordance with the requirements of the Constitution.

The law and the Council's Constitution provide for urgent key decisions to be made. Any decision made in this way will be published in the same way.

Date of Meeting: 12 November 2018

Report Title: Work Programme

Portfolio Holder: Cllrs A Arnold, P Bates and D Stockton

Senior Officer: Acting Director of Legal Services

1. Report Summary

- 1.1. To review items in the Work Programme listed in the schedule attached, together with any other items suggested by Committee Members.

2. Recommendation

- 2.1. That the work programme be reviewed.

3. Reasons for Recommendation

- 3.1 It is good practice to review the work programme and update accordingly

4. Other Options Considered

- 4.1. There are no further options to consider.

5. Background

- 5.1 The schedule attached has been updated following the last meeting of the committee.
- 5.2 Members are asked to review the schedule attached to this report, and if appropriate, add new items or delete items that no longer require any scrutiny activity. When selecting potential topics, Members should have regard to the Council's new three year plan and also to the general criteria listed below, which should be applied to all potential items when considering whether any Scrutiny activity is appropriate.
- 5.3 The following questions should be asked in respect of each potential work programme item:
- Does the issue fall within a corporate priority;
 - Is the issue of key interest to the public;

- Does the matter relate to a poor or declining performing service for which there is no obvious explanation;
- Is there a pattern of budgetary overspends;
- Is it a matter raised by external audit management letters and or audit reports?
- Is there a high level of dissatisfaction with the service;

5.4 If during the assessment process any of the following emerge, then the topic should be rejected:

- The topic is already being addressed elsewhere
- The matter is subjudice
- Scrutiny cannot add value or is unlikely to be able to conclude an investigation within the specified timescale
