Annual Complaints Report 2022/23

Report of: Alex Thompson, Director of Finance and Customer Services

Report Reference No: AG/15/23/24

Ward(s) Affected: All

Purpose of Report

1. This report provides a summary and analysis of complaints and compliments received by the Council during the period 1st April 2022 to 31st March 2023.
2. The report highlights any areas of concern and examples of good practice. It provides assurance that matters raised as complaints by customers are being addressed; that action has been taken to rectify issues and that information arising from complaints has informed service improvements. Responsibility for service provision rests with the relevant service committee and members may wish to seek additional assurances from those service committees.
3. The report supports the strategic aims and objectives in the Council's Corporate Plan 2021-25 to become an open and enabling Council and specifically supports the objectives of the Council's Customer Experience Strategy.

Executive Summary

4. The Council provides the facility for customers to report compliments and complaints in relation to Council services in an accessible and consistent way. Improvements have been made to the processes for these customer engagements following the approval of the Customer

Experience Strategy by the Corporate Policy Committee. As part of this approval the Committee continues to receive updated performance information on progress.

5. The Council provides in the region of 500 different services across a population of almost 400,000 residents. These range from place-based services, such as waste collection and highways management which are universal, to individual services such as social care and housing.
6. The Council received 2,637 complaints and 964 compliments in 2022/23 (see Appendix 8 for examples of compliments received). This is a decrease of 13% on the previous year for complaints and a decrease of 12% on the previous year for compliments. Of the 2,637 complaints received, 499 were rejected, withdrawn or not pursued; and the remaining 2,138 were processed as official complaints.
7. Customer feedback is very important in the future development of services and this report provides data and activities related to feedback in the period 1st April 2022 to 31st March 2023. The Customer Services Team has increased engagement with service leads throughout this period in line with the strategy. This has led to process changes, increased awareness and insight as well as additional training.

RECOMMENDATIONS

The Audit and Governance Committee is recommended to:

1. Note the annual Committee complaints and compliments data, and the briefing material in this report relating to the 2022/23 financial year.
2. Note the issues raised and improvements made in respect to the management of complaints across the Council contained within the briefing material in this report
3. Note the Council's compliance with the Corporate Complaints Policy, and with the recommendations of the Ombudsman.

Background

8. The Council has a Corporate Complaints Policy covering all complaints about Council services other than Children's Social Care complaints, which have a separate statutory complaints process.

9. The Policy provides for members of the public to contact the Council in several different ways. Most complaints are received either by email, via the Customer Contact Centre or are self-logged via the Council's website. Appendix 7 shows the combined volume of telephone and digital contact with the Council for each directorate, as well as the specific contact count for customer feedback.
10. The Council has a two-stage complaints procedure. Most complaints are resolved at Stage 1 where a complaint is investigated and responded to by a manager from the service being complained about. The customer will generally receive a written response within 10 working days, unless the matter has been resolved and the customer has been contacted directly by the service by telephone or email. It should be noted that the statutory complaints process for Children's Social Care has the option to go to Stage 3 if required.
11. If the customer remains unhappy following the Stage 1 response and outcome, they can request that the complaint is considered at Stage 2. At this Stage a review of the complaint is carried out by a manager who has not previously been involved with the complaint.
12. The Local Government Act 1974 established the Local Government and Social Care Ombudsman. It empowers the Ombudsman to investigate complaints against councils and adult social care providers and to provide advice and guidance on good administrative practice. Once a complainant has exhausted the Council's Complaints procedure, their next recourse, should they remain dissatisfied with the Council's response, is to contact the Ombudsman.
13. The Ombudsman will assess the merits of each case escalated to them and seek clarification from the Council as necessary before making the decision to investigate a complaint. Once the Ombudsman decides to investigate, they will try to ascertain if maladministration/Fault has occurred and whether there has been any resulting injustice to the complainant because of the maladministration/Fault.
14. In instances where maladministration/Fault with Injustice is found, the Ombudsman will usually make non-legally binding recommendations which they consider to be appropriate and reasonable. Although not legally binding, refusal to accept the Ombudsman's recommendation(s) will trigger a Public Report.
15. A Public Report is a detailed account of the complaint, outlining the failures by the Council in the investigation; this can have a significant damaging effect on the Council's reputation.

16. All complaints are a useful indicator of performance and provide the Council with an opportunity to review the quality of service provided and to make improvements. The Customer Relations Team within Customer Services reports the volume, outcome and time taken to resolve complaints to each Directorate on a quarterly basis. The volume of compliments, overall customer contact and, where appropriate, areas of concern and potential for service improvements are also reported.

Briefing:

Adults, Health and Integration Directorate

17. The Adults, Health and Integration directorate has seen an overall increase in the volume of complaints received between 2021/2022 and 2022/2023 from 160 to 170 (6%). Of the 170 complaints received, 144 were processed. The Social Care Business Support and Finance Team received the most complaints (24%), followed by the Adults Commissioning Team (11%).
18. 54% of complaints about the Social Care Business Support and Finance Team were relating to a disagreement with the charge received. Although the Social Care Business Support and Finance Team received the most complaints, they were able to respond to 73% of the complaints on time (whilst the average across all teams within the directorate is 55%).
19. Out of the 37 complaints processed for Social Care Business Support and Finance, 15 of these were upheld or partly upheld, which indicates that errors were made which resulted in the complaints being raised.
20. The Adults Commissioning Team received the second highest number of complaints (19), these complaints are relating to different causes and there is not a trend in the complaints received. 63% of the team's responses were made on time.
21. The Complaints Team have recommended increased attention to replying to complaints within the agreed timeframe to reduce the number of further dissatisfied complainants. This will continue to be monitored and reported as a performance indicator.

Children and Families Directorate

22. The Children's and Families directorate received a total of 388 complaints. This compares to 307 complaints received in 2021/2022, an increase of 26%. Of the 388 received, 325 were processed. The majority of complaints for Children's Social Care were relating to the Crewe CIN/CP Team, Macclesfield CIN/CP Team and the Cared for

Children Team. Complaints received were about the quality of the service delivered; or the failure to deliver a service; or issues relating to staff conduct. Out of the 85 complaints for these teams, 41 were upheld. During the 2022-2023 period Children's Social Care staff have continued to deal with increasing demand which impacts on caseloads which combined with staff turnover and absence has affected the ability to respond to complaints in a timely manner. The Complaints Team have been proactive in trying to help teams respond to complaints.

23. There is a noticeable increase in the number of complaints assigned to the SEND service starting in February of 2022 and remaining at a constant higher rate throughout the next year. During the 2022-2023 period SEND Keyworkers have been carrying caseloads of over 200 cases each which combined with staff turnover and absence has affected the ability to manage the amount of communication received and the ability to respond in a timely manner. This is backed up by the primary causes given for customers making complaints which are 'failure to do something' (29%); 'not to the quality or standard expected' (20%); 'delays in doing something' (18%); 'delay in communication' (8%) or 'no communication received (7%)'. Compounding this is the complex nature of SEND complaints and the rigidity of the legislation within SEND law, as well as staff lacking the time to carry out recommended actions for complaint resolution – which often results in complaint escalations.
24. Due to developments within case law, there are elements of the SEND Team's process which require amendment and it is recognised that there is a training need within the service to remain compliant.
25. There are a number of complaints across various services which relate to staff attitude. A customer experience e-learning package has been available for some time however attendance from the Children's Directorate is particularly low. The Complaints Team have recommended that all staff are encouraged to attend this.
26. The Customer Relations Team have also raised several areas for improvement in relation to SEND procedures and areas of training needed to prevent key themes of complaints repeating. These should be monitored to ensure they are delivered. Customer Experience training for managers has also been developed which will help managers to further improve services. The Customer Service Team are currently working with Children's Directorate to tailor this to their specific service.

Corporate Directorate

27. The Corporate Directorate received 319 complaints, compared to 375 complaints received in 2021/2022, a decrease of 15%. Of the 319 complaints received, 264 were processed. Council Tax Billing and Collections processed the most complaints, followed by Customer Services Centres (Macclesfield and Crewe).
28. The Council Tax Billing and Collection Team, saw an increase of 21% in complaints in 2022/2023 compared with the previous year (150 versus 181). Of the 181 complaints received, 160 were processed. In 2022/2023, 44% of their complaints were either upheld or partly upheld, which compares to 39% for 2021-2022. 'Quality or standard have not met the customer's expectations' is the most popular complaint type (20%), followed by 'failure to do something' (18%), and 'no communication received' (8%).
29. The Council Tax Billing and Collections Team's Stage 2 complaints are about the use of enforcement agencies, Direct Debit issues, court summons for council tax, incorrect information and advice given, and lack of communication. The Complaints Team have recommended that the department look at why these complaints have gone to Stage 2 and if, in hindsight, anything could have been done at Stage 1 to prevent this escalation.

Place Directorate – comprises Environment & Communities, Economy & Growth and Highways & Transport Committees

30. The Place Directorate received a total of 1,760 complaints during the year. This compares to 2,193 complaints recorded during the 2021/2022 year – a 20% decrease. Of the 1,760 complaints received, 1,405 were processed. Waste & Recycling received the most complaints (758 complaints received, 673 processed), followed by Highways (388 complaints received, 247 processed) and Development Management (202 complaints received, 183 processed). These services received significantly more complaints than any other service in the Place Directorate. In the case of Waste and Recycling and Highways, this could be attributed to the visible nature of the services provided - for example a bin collection being missed, a pothole in the road, or a streetlight not working.
31. In relation to Development Management, complaints have decreased compared to the previous year – 202 compared to 257 in 2021/2022 (-

21%). The main theme has been the delays and lack of communication in the processing of planning applications. Given that 58% of complaints were either fully or partly upheld, the Complaints Team have recommended that issues raised are addressed by the service. The service is currently in a new complaints process, with a view to improving responses to complainants and prevent complaints going to Stage 2.

32. Waste & Recycling saw an increase in complaints received compared to the previous year – 758 compared to 696 in 2021/2022 (+9%). The service received complaints primarily about frequent, multiple missed bin collections. There was a significant increase in complaints starting in January 2022 until September 2022 with a spike in July 2022 (154 complaints). After September 2022, there was a rapid decrease in complaints (to an average of 33 per month), the lowest in the two-year period. We are aware that the service had staffing issues during this period and had to reduce their service provision, causing an increase in missed collections and prompting more complaints.
33. Highways saw a 24% decrease in complaints received compared to the previous year – 509 in 2021/2022 and 388 in 2022/2023. From October 2022 onwards, complaints have consistently decreased with numbers dropping to an average of 25 per month compared to 39 per month in the six months prior (a 36% decrease). 34% of Highways complaints were around ‘failure to do something’ and 33% were around problems with the ‘quality of the service’. As a large proportion of Highways complaints were not upheld, the Complaints Team have recommended that Highways look at these complaints to identify the cause and any action that would prevent these being reported as complaints. For example, communicating and explaining timescales for reported works; explaining why work will or won’t be carried out.

Consultation and Engagement

34. Quarterly reports on complaints and compliments are provided to all Directorates highlighting areas of concern and of good practice specific to their Directorate; and enabling Management Teams to consider opportunities to drive improvements and to share best practice.

Reasons for Recommendations

- (a) To ensure that the Committee is provided with assurances of service departments use of complaints to deliver service improvements in line with the Customer Experience Strategy.

- (b) To ensure that the Committee is kept informed of the Ombudsman’s findings and to provide assurance that the Council is complying with the Corporate Complaints Policy and any recommendations made by the Ombudsman.

Option	Impact	Risk
Do nothing	Poor customer experience would not be addressed, lessons would not be learned and service improvements would not be made	Likely increase in complaints to Local Government Ombudsman with the potential for financial penalties and poor reputational impact

Implications and Comments

Monitoring Officer/Legal

35. There are no legal implications flowing directly from the content of this reports.

Section 151 Officer/Finance

36. If Fault causing Injustice is found, the Council can be asked to pay compensation to a complainant, the level of which is determined on a case by-case basis. The cost of such compensation is paid for by the service at fault. In 11 cases where the Ombudsman found Fault with Injustice during 2022-23, the Council was required to make compensation payments totalling £5,550 – a decrease of 39% on the previous year. In 2021/2022, the Council was required to make compensation payments for 12 cases totalling £9,050.

Policy

37. Analysis of complaints enables services to identify and deliver improvements in service aligned with the Council’s Customer Experience Strategy. If a high volume of complaints were received about a specific policy, a review of the relevant policy could be triggered and referred to the relevant service committee.

An open and enabling organisation	A council which empowers and cares about people)	A thriving and sustainable place
<p>1. Listen, learn and respond to our residents, promoting opportunities for a two-way conversation</p>		

Equality, Diversity and Inclusion

38. When responding to complaints, the Council must ensure that people are treated fairly and that we comply with the Equality Act 2010, making reasonable adjustments where necessary. This may include providing responses in large font, using coloured paper, or communicating by specific means such as email only.

Human Resources

39. Whilst the primary purpose of this report is to inform Members of the outcome of complaints and to seek to secure improvements in performance, resource implications arise from the high numbers of complaints. These relate to the increased demand upon officers in researching the background to complaints and responding appropriately. Where complaints relate to specific staff members, for example because of behaviour or attitude, these are escalated to the appropriate manager.

Risk Management

40. If recommendations made by the Ombudsman are not followed, this could trigger a public report, as detailed in paragraphs 11 and 12

Rural Communities

41. There are no direct implications for rural communities

Children and Young People including Cared for Children, care leavers and Children with special educational needs and disabilities (SEND).

42. Implications for Children and Young people are included in paragraph 19 and 20 of this report – particularly relating to lack SEND provision or social care support.

Public Health

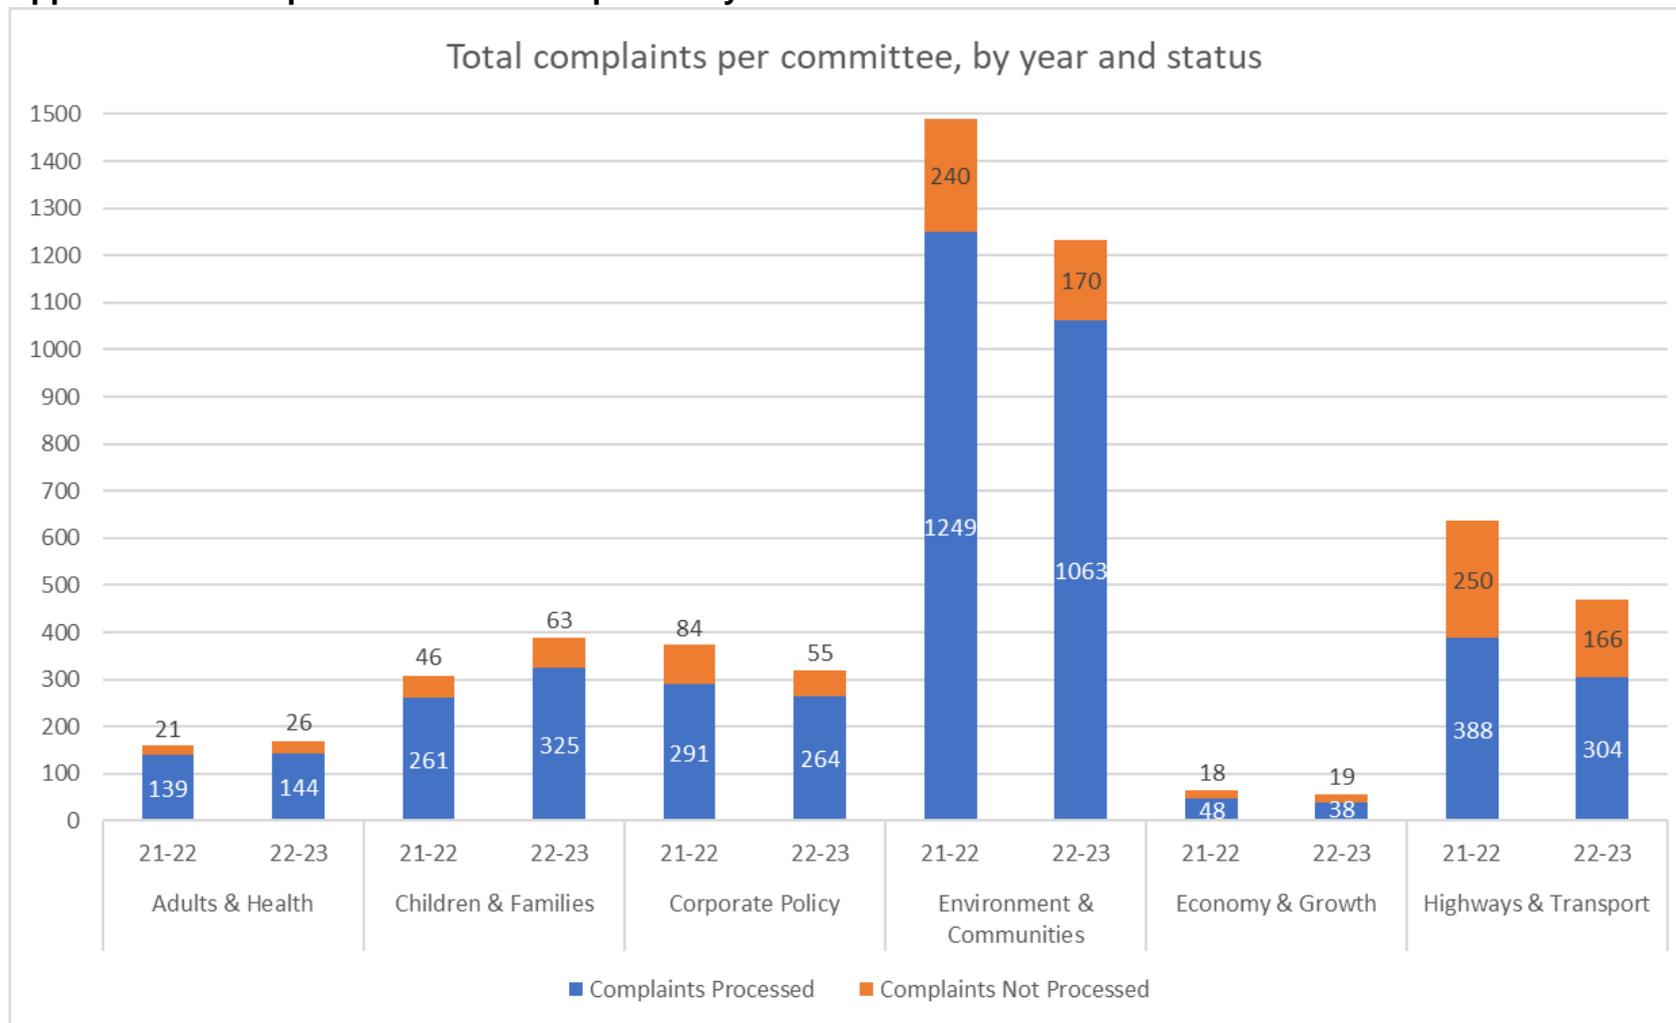

43. There are no direct implications for public health

Climate Change

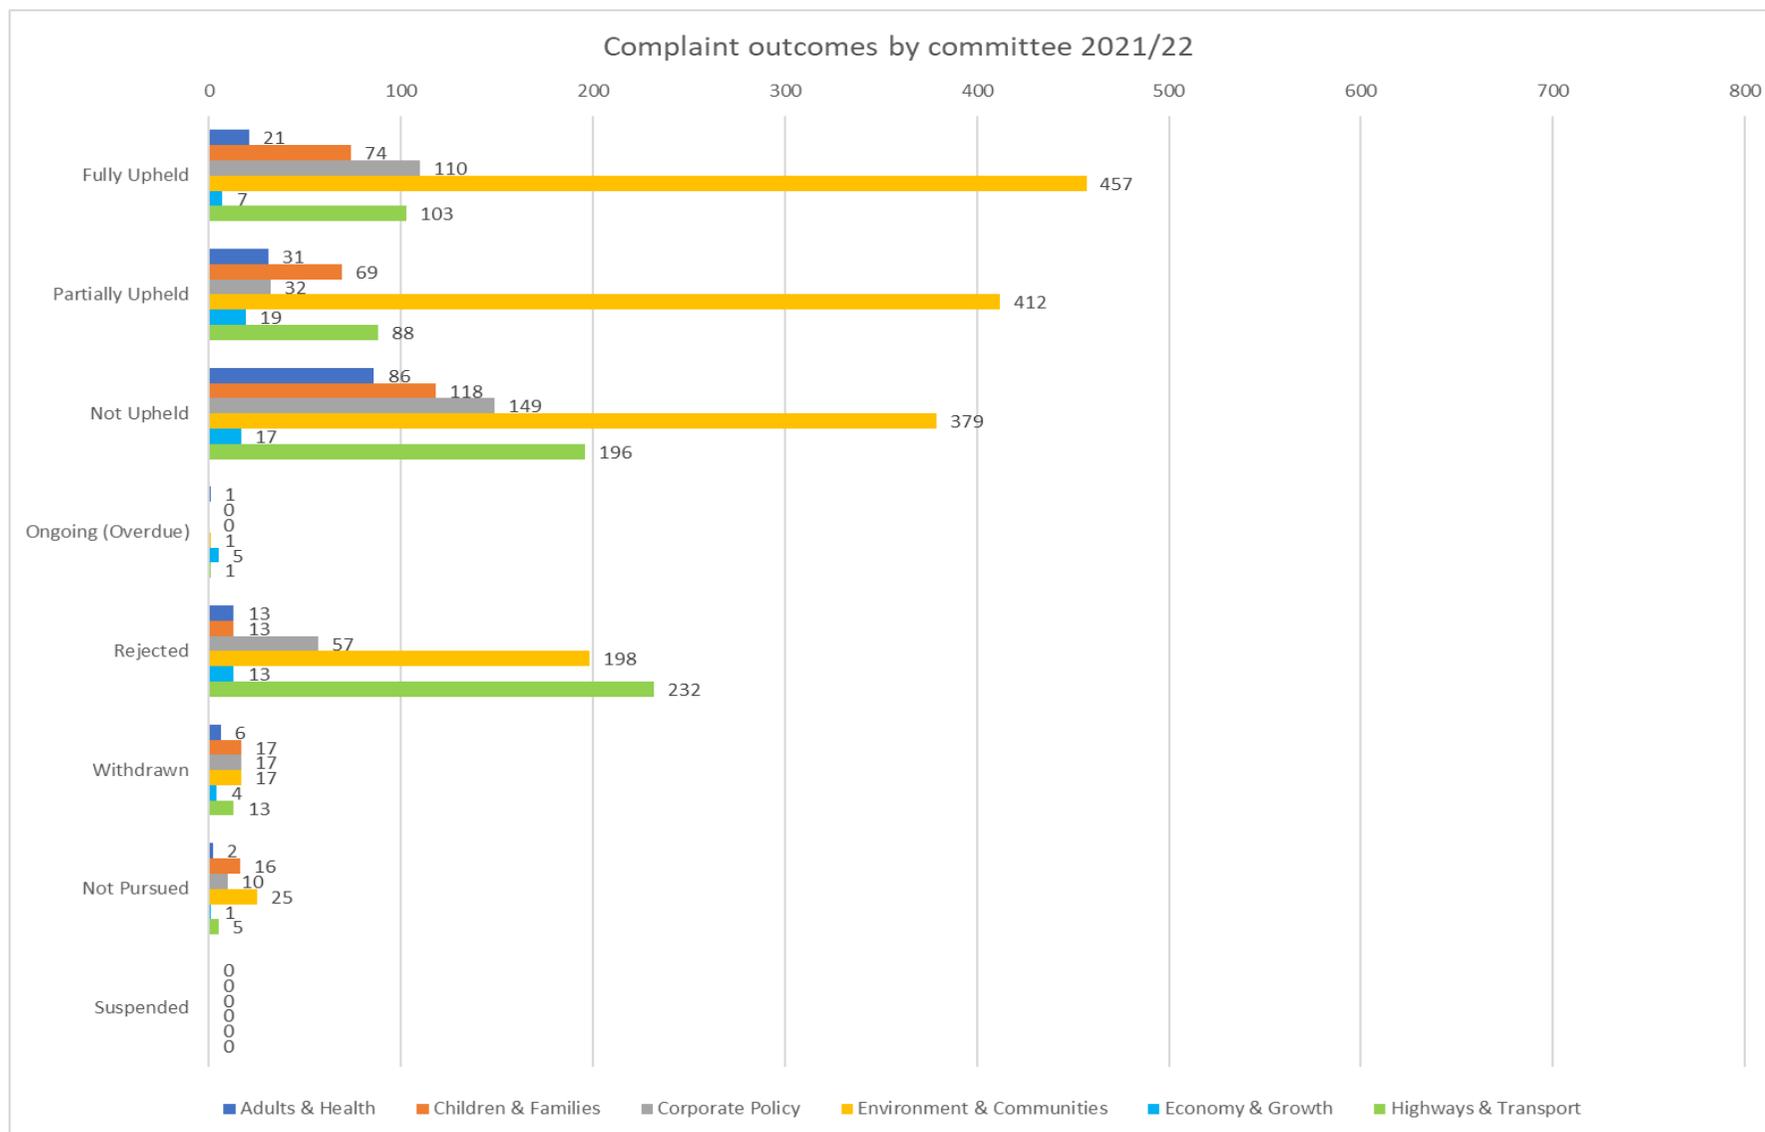

44. There are no direct implications for climate change

Adults Directorate

“I'd like to thank X (Social Care Assessor) for all the work he did on my Nanna's case recently. He has a very busy job but always answers his phone and listens. My sister and I had been having a very stressful couple of years trying to help my Nanna access the care she needed. We both live far away and it was hard to sort out. Once Will became our case worker, things much improved. He is an asset to the adult social care team. Thank you X.”

“Thank you very much to all those who agreed to help me. I would like to thank my carer X for all the tips, for supporting me in difficult moments and for understanding and patience. X is a woman with a big heart and with this heart she goes to her carers!!!”

“I have found the above department [Dementia Reablement, Care4CE] invaluable at this time in my mother's life. The support worker has been amazing and a mine of information which I didn't realise was available to us from filling in forms to appointment making, everything was delivered in a caring and professional way. This has enabled my mum to stay in her own home which is her and our wish. Thank you again, it's taken a lot of anxiety away from me as a carer.”

“Care4CE is an excellent service helping me in many ways including helping me regain my confidence in all the tasks I do. Extremely patient and I must congratulate two of your amazing staff X and X. they helped me come out of a dark hole, after losing my husband and having to rehome all my beloved animals, and I feel with their assistance I now feel free and able to continue a very happy and joyful life. They couldn't have been more supportive. I would highly recommend them to anyone needing services”.

Children and Families Directorate

"I can't stop saying thank you enough to 'K' for all she is doing and already done, I'm emotional all the time that I'm finally getting someone hearing my screams for help"

"During this exceptionally challenging case, which was so full of emotion, I feel that 'N' approached the case with compassion, but she was also firm in the reality of what the outcome was likely to be from the offset."

Safeguarding: "We wanted to acknowledge the support, professionalism and partnership working demonstrated by yourself and that nothing is too much trouble. We wanted to express our thanks and to let you and your managers know we appreciate all that you do to support us".

"I really wish you were an allocated social worker for some of my children at the moment. I loved how calm your meetings were and how much things had improved".

Corporate Directorate

"I would like to commend you guys for exceptional customer service and especially X for going the extra mile to making sure I was catered to. I was frustrated to begin with as I am a student and the last thing I want in my mail is a summons. X's approach was very empathetic and she was able to calm me down and address my concern with effect so thank you for being patient with me and keep up the good job."

"I phoned today to sort my council tax and X was super helpful and friendly and warm and helped me solve a problem had that been ongoing on for weeks."

"I was struggling with the online renewal of my son's Blue Badge. I rang the council and was put through to a lady called X in the Blue Badge department. She was AMAZING! She was super helpful, patient and I couldn't have asked for a better service. She took the time to help me with the form and answered all my queries."

"I just wanted to drop you a line to tell you how impressed I have been with the service I received. Your telephones were always answered in double quick time, and I was able to speak to a very knowledgeable person every single time to attend to any queries. You obviously have an excellent team working in this department which would be a credit to any local government office, so I am just expressing my appreciation."

Place Directorate

"I would like to compliment your team doing black bins in Ulviet Gate (WA16 6TT) this morning. They 'went the extra mile' to help me (an elderly gent) - the extra effort was done willingly and with a smile. It is a pleasure to recognise and thank a driver and a young man who are excellent ambassadors for the Council. A small service, but much appreciated"

"I would like to thank 'R' and the rest of the crew on the green waste bin round for Ploughmans Way, Tytherington for going above and beyond this morning for me. I have a 4 week old baby and had forgotten to put the bins out in time. 'R' was very helpful and understanding even collected my bin from the garden and returned it for me saving me extra stress and hassle. Thank you to 'R' and the rest of the team."

"I just wanted to say what a great job the Highways Team have done in resurfacing Beam Street, Nantwich. I know that people are quick to complain about potholes across the borough but don't often give compliments, so I just wanted to send one in for a job well done. Please pass my compliments to all the people involved. Thanks."

Adults Commissioning	<p>The Ombudsman's Final Decision – 7.11.2022</p> <p>Summary: Mrs X complained about the way a care provider, commissioned by the Council, ended its contract to provide care for her son. South Learning Disability Team	<p>The Ombudsman's final decision – 14.4.2023</p> <p>Summary: Ms K complained the Council and its social worker failed its social care duties towards her daughter. We did not find enough evidence of fault in the processes the Council followed to reach its view. We cannot therefore criticise the merits of its decision. There was some fault in how it progressed and communicated a charity's grant. The Council agree to make payment to acknowledge the distress and uncertainty this caused Ms K.</p>	<p>To remedy the injustice the Council caused to Ms K, the Council should, within one month of the final decision:</p> <p>a) apologise in writing to Ms K and pay £100 to acknowledge the distress and uncertainty and time and trouble its failure to progress and follow up on the charity's grant and the confusion it caused her; and</p> <p>b) contact the Charity to agree how the approved grant payment can be used to purchase the epilepsy band for Miss X and inform Ms K if no agreement can be reached.</p>	<p>Apology letter issued 17.5.2023</p> <p>Payment made 17.5.2023</p> <p>Ms K to be informed that the Council is unable to support accessing the epilepsy band via the charity.</p>

SEND	<p>The Ombudsman's Final Decision – 28.11.2022</p> <p>Summary: Miss X complained that the Council failed to issue her daughter's Education, Health and Care plan within the statutory timeframe. She also complained that the Council failed to deal with her complaint in line with its policy. Miss X said this meant a delay in her daughter getting provision she needed. She also said it caused her unnecessary distress and frustration. We find the Council at fault for delays issuing the plan. This fault caused Miss X injustice. The Council has agreed to apologise and make a payment to reflect the injustice caused. We do not find the Council at fault for its complaint handling.</p>	<p>Within four weeks of this decision, the Council has agreed to apologise to Miss X for the uncertainty, undue significant stress, and frustration caused by failing to issue C's EHC plan within the timeframe set out in the Regulations. The Council has also agreed to apologise to Miss X because the delay issuing the EHC plan denied her right to appeal (which is injustice).</p> <p>Within four weeks of this decision, the Council has agreed to make a payment to Miss X of £100 to remedy the uncertainty, undue significant stress, and frustration caused.</p> <p>In arriving at this figure, I have considered the Ombudsman's published guidance on remedies. I have considered the length of time involved. I have also considered the Council's efforts to chase the educational psychology service and keep Miss X informed regularly about progress, delays, and managing her expectations, which I consider somewhat mitigated the injustice.</p> <p>I therefore consider a payment of £100 is an appropriate and proportionate remedy for the injustice caused.</p>	<p>Letter of apology issued 23.12.2022.</p> <p>A payment of £100 has been made to Miss X.</p>

Planning Enforcement	<p>The Ombudsman's Final Decision: 31.3.2023</p> <p>Summary: Mrs X complains about a lack of enforcement action by the Council after a developer removed an understory that provided privacy to her property. We have concluded our investigation having made a finding of fault by the Council. We found there were significant delays in the process which have impacted the time taken to find a resolution and restore privacy to Mrs X's property. The Council have accepted our recommendations.</p>	<p>As per our guidance on remedies, where a loss of amenity is temporary, we normally recommend a payment in the range of £75 to £350 a month, until a permanent solution is found and established.</p> <p>I consider there is a total of 14 months of avoidable delay, this considers the 10 months between August 2020 and June 2021, and the 10 months between January 2022 and November 2022. I have reduced the total number of months to account for the Council's targets, and some additional time for the application to have been submitted by the developer. I have also used the bottom range of the recommended payment to suggest an award of £1,050.</p> <p>To resolve matters, the Council have agreed to:</p> <p>a) Apologise to Mrs X for delays throughout the process and failing to negotiate a meaningful resolution with the developer in a timely manner.</p> <p>b) Pay Mrs X an amount of £1,050 for the inconvenience and distress caused by the delays in the process which has subjected her property to an ongoing lack of privacy.</p> <p>c) Inform the Ombudsman of the outcome of the developer's application and confirm whether the planting has taken place by the end of March, or what action it intends to take going forward.</p> <p>Final decision 6</p> <p>41.
