	<p>Good afternoon</p> <p>I would like to raise an objection to the extending of opening hours for the above pizza takeaway on Nantwich road on the grounds of noise pollution</p> <p>Since they opened there have been issues with an excessive amount of noise from their fan at the back of the building. The noise starts at approximately 11 and continues sometimes until 1 or 2 am. I live at XXXXXXXX which is situated behind the pizza takeaway. The noise can at times be intolerable and during the summer months we are unable to have the bedroom or bathroom windows open due to the impact of the noise in the house. The noise can be heard in the kitchen also. Even with the above mentioned windows closed the noise had an impact on our quality of sleep.</p> <p>Several times over the years we have had input from environmental health dept Crewe who issued an order to them with regard to the fan which was at that time repaired but that didn't last long. Now there is addition what appears to be refrigeration units situated on the flat roof of the building adding to the noise</p> <p>At times their delivery drivers use the back alley as a rat run despite the involvement of environmental health advising they had to use the bay at the front.</p> <p>Also an additional factor is the rubbish being left at the back from the premises</p> <p>I would be grateful I'd these factors could be taken into consideration when making your decision. This is residential area not just an area for businesses</p> <p>Thank you for your consideration XXXXXXXXXXXX</p>
