EQUALITY IMPACT ASSESSMENT

EQUALITY IMPACT ASSESSMENT

CHESHIRE EAST COUNCIL - EQUALITY IMPACT ASSESSMENT

Stage 1 Description: Fact finding (about your policy / service /

Department	Strategic Planning		Lead officer responsible for assessment		Tom Evans, Interim Environmental Planning Manager	
Service	Environmental and Neighbourhood Services		Other members of team undertaking assessment		Tom Evans, Interim Environmental Planning Manager	
Date	04/01/2024		Version 1			
Type of document (mark as appropriate)	Strategy YES	Plan	Function	Policy	Procedure	Service
Is this a new/ existing/ revision of an existing document (please mark as appropriate)	New YES		Existing		Revision	
Title and subject of the impact assessment (include a brief description of the aims, outcomes , operational issues as appropriate and how it fits in with the wider aims of the organisation) Please attach a copy of the strategy/ plan/ function/ policy/ procedure/ service	<p>Sustainable Drainage Systems Supplementary Planning Document (“SPD”)</p> <p><u>Background</u></p> <p>Supplementary Planning Documents (“SPDs”) provide further detail to the policies contained in the development plan. They can be used to provide guidance for development on specific sites, or on particular issues, such as design. SPDs are capable of being a material consideration in planning decisions but are not part of the development plan. They must be consistent with national planning policy, must undergo consultation and must be in conformity with policies contained within the Local Plan.</p> <p>The council has prepared a SuDS SPD for adoption. The SPD provides additional guidance on the implementation of policy SE13 (“Flood Risk and Water Management”), in the council’s Local Plan Strategy, adopted in July 2017, and policy ENV16 (“Surface Water Management and Flood Risk”) of the Site Allocations and Development Policies Document (adopted December 2022). The SPD, once adopted, should assist applicants when making planning applications, and the council in determining them. The SPD provides further guidance on existing policies that have already been the subject of EqlA themselves, rather than setting a new policy approach in relation to flood risk and water management.</p>					

EQUALITY IMPACT ASSESSMENT

	<p>The SPD has been prepared in accordance with the Town and Country Planning (Local Planning) (England) Regulations 2012 (as amended by the Local Planning, Development Management Procedure, Listed Buildings etc (England) (Coronavirus) (Amendment) Regulations 2020), the National Planning Policy Framework and National Planning Practice Guidance.</p> <p>An Equalities Impact Assessment was prepared alongside the integrated Sustainability Appraisal work which supported the Local Plan Strategy. An Equalities Impact Assessment was also prepared to support the Site Allocations and Development Policies Document. The assessments found that the LPS and SADPD policies (including policies particularly relevant to the SPD) are unlikely to have negative effects on protected characteristics or persons identified under the Equality Act 2010.</p>
<p>Who are the main stakeholders and have they been engaged with? (e.g. general public, employees, Councillors, partners, specific audiences, residents)</p>	<p>Two stages of public consultation took place, the most recent being on the final draft SPD for four weeks during November and December 2023, in accordance with the Town and Country Planning ((Local Planning) (England) Regulations 2012) and the council’s adopted Statement of Community Involvement. This included consulting the development industry, general public, town and parish councils, statutory consultees, elected members, and consultees who have registered on the strategic planning database.</p>
<p>What consultation method(s) did you use?</p>	<p>The council prepares a Statement of Community Involvement which provides detail on how it will consult on Local Plan documents and SPDs. This includes the availability of documents, how residents and stakeholders will be notified etc. The council’s Local Plan consultation database, was used to notify consultees of the consultation, and also includes a number of organisations who work alongside groups with protected characteristics in the borough. Press releases were also issued.</p> <p>Consultation has taken place on the SPD, and all comments received have been reviewed and considered in making changes to the first and final draft document. A report of consultation has been prepared and will be published alongside the final version of the SPD, which will also be subject to further consultation.</p>

Stage 2 Initial Screening

<p>Who is affected and what evidence have you considered to arrive at this analysis?</p>	<p>Ward councillors. Those living and working in the borough, property owners, landowners and developers, clinical commissioning group, special interest groups.</p>
---	--

EQUALITY IMPACT ASSESSMENT

(This may or may not include the stakeholders listed above)								
Who is intended to benefit and how?		Local communities including landowners and developers. The SPD provides additional guidance on the implementation of existing planning policies related to the assessment of planning applications on matters relating to managing water and flood risk providing guidance on how developers should work with the landscape of a site to manage water (rather than introducing an engineering led approach). Building in landscape features that help to disperse and manage surface water is beneficial to all communities through increasing the provision of natural environmental services, reducing flood risk from surface water and improving design in new development. The means through which SuDS are achieved may also improve access to green space and recreation opportunities in new and existing development, improving overall design quality.						
Could there be a different impact or outcome for some groups?		No, the SPD builds upon existing planning policy guidance and provides further information about how the council will consider planning applications. The provision of guidance on how SuDS should be implemented will assist in clarifying what types of design are acceptable in Cheshire East. The SPD, in applying additional guidance to assist in the interpretation of planning policies should be beneficial to a wide variety of groups including communities, landowners and developers.						
Does it include making decisions based on individual characteristics, needs or circumstances?		No, the introduction of the SPD is not based on individual characteristics, needs or circumstances. The SPD includes information on the management of water in new development. The content of the SPD does not relate directly to the characteristics of human populations.						
Are relations between different groups or communities likely to be affected? (eg will it favour one particular group or deny opportunities for others?)		No, the SPD is not intended to affect different groups or communities in this way. The requirement to provide SuDS in development is a national requirement and the SPD provides detail of how this should be undertaken in CE. The requirements therefore apply to all relevant development, across the whole borough.						
Is there any specific targeted action to promote equality? Is there a history of unequal outcomes (do you have enough evidence to prove otherwise)?		No, the SPD is not intended to target any group and has been consulted upon in line with the council's Statement of Community Involvement.						
Is there an actual or potential negative impact on these specific characteristics? (Please tick)								
Age	Y	N	Marriage & civil partnership	Y	N	Religion & belief	Y	N
Disability	Y	N	Pregnancy & maternity	Y	N	Sex	Y	N

EQUALITY IMPACT ASSESSMENT

Gender reassignment	Y	N	Race	Y	N	Sexual orientation	Y	N	
What evidence do you have to support your findings? (quantitative and qualitative) Please provide additional information that you wish to include as appendices to this document, i.e., graphs, tables, charts								Consultation/ involvement carried out	
								Yes	No
Age	<p>The SPD may have an impact those living and working in the borough.</p> <p>The SUDS SPD provides further guidance on the implementation of LPS policy SE13 “Flood Risk and Water Management” and SADPD Policy ENV6 “Surface Water Management and Flood Risk” to support the delivery of SuDS solutions that improve design and work with the landscape of a site. The SPD also provides guidance on policy requirements and methods that applicants can use to demonstrate compliance with relevant policies in the Development Plan.</p> <p>The guidance in the SPD may be beneficial as it will assist in supporting the long-term ability of development to mitigate the impacts of climate change, that can support the economy, recreation and leisure opportunities for human populations.</p> <p>The SPD provides further guidance on the policy approach set out in the Local Plan Strategy.</p> <p>Public consultation has not identified any negative impacts in relation to any of the specific characteristics.</p>						X		
Disability									
Gender reassignment									
Marriage & civil partnership									
Pregnancy & maternity									
Race									
Religion & belief									
Sex									
Sexual orientation									
Proceed to full impact assessment? (Please tick)			Yes	No		Date: 04/01/2024			
Lead officer sign off			Tom Evans	Date		Date: 04/01/2024			

EQUALITY IMPACT ASSESSMENT

			
Head of service sign off		Date	Date: 04/01/2024

If yes, please proceed to Stage 3. If no, please publish the initial screening as part of the suite of documents relating to this issue

EQUALITY IMPACT ASSESSMENT

Stage 3 Identifying impacts and evidence

This section identifies if there are impacts on equality, diversity and cohesion, what evidence there is to support the conclusion and what further action is needed

Protected characteristics	<p>Is the policy (function etc....) likely to have an adverse impact on any of the groups?</p> <p>Please include evidence (qualitative & quantitative) and consultations</p> <p><i>List what negative impacts were recorded in Stage 1 (Initial Assessment).</i></p>	<p>Are there any positive impacts of the policy (function etc....) on any of the groups?</p> <p>Please include evidence (qualitative & quantitative) and consultations</p> <p><i>List what positive impacts were recorded in Stage 1 (Initial Assessment).</i></p>	<p>Please rate the impact taking into account any measures already in place to reduce the impacts identified</p> <p>High: Significant potential impact; history of complaints; no mitigating measures in place; need for consultation</p> <p>Medium: Some potential impact; some mitigating measures in place, lack of evidence to show effectiveness of measures</p> <p>Low: Little/no identified impacts; heavily legislation-led; limited public facing aspect</p>	<p>Further action (only an outline needs to be included here. A full action plan can be included at Section 4)</p> <p><i>Once you have assessed the impact of a policy/service, it is important to identify options and alternatives to reduce or eliminate any negative impact. Options considered could be adapting the policy or service, changing the way in which it is implemented or introducing balancing measures to reduce any negative impact. When considering each option you should think about how it will reduce any negative impact, how it might impact on other groups and how it might impact on relationships between groups and overall issues around community cohesion. You should clearly demonstrate how you have considered various options and the impact of these. You must have a detailed rationale behind decisions and a justification for those alternatives that have not been accepted.</i></p>

EQUALITY IMPACT ASSESSMENT

Pregnancy and maternity				
Race				
Religion & belief				
Sex				
Sexual orientation				
<p>Is this change due to be carried out wholly or partly by other providers? If yes, please indicate how you have ensured that the partner organisation complies with equality legislation (e.g. tendering, awards process, contract, monitoring and performance measures)</p>				

Stage 4 Review and Conclusion

ASSESSMENT

Summary: provide a brief overview including impact, changes, improvement, any gaps in evidence and additional data that is needed			
Specific actions to be taken to reduce, justify or remove any adverse impacts	How will this be monitored?	Officer responsible	Target date
Please provide details and link to full action plan for actions			
When will this assessment be reviewed?			
Are there any additional assessments that need to be undertaken in relation to this assessment?
