

Great British Festivals Limited was founded in November 2022 by brothers Anthony and Edward Prophet who between them have over 20 years experience in the hospitality and licensed victuallers arena.

The company has been established to introduce music and artisan food and products by means of community fairs and events and to benefit the local area by charitable involvement (**Appendix A - Seashell & Children's Adventure Farm**)

The current offering from Great British Festivals Limited is known as The Brit Fest and was developed to create a Cheshire centric event for the benefit of the local community and to be nationally recognised as a positive model for how festivals can deliver positive impact.

The inaugural three day event held in 2024 was applied for in April 2023 and the relevant Licensing Act 2003 procedures for a Licensed Premises application were adhered to. As no representations were received from any responsible authority or local resident, the licence was granted.

**(PREM1489 – Appendix B).** The event was attended by 8,957 attendees, had no incidents or accidents attributable to the event and there were no complaints registered with Cheshire East Council post event. There are plenty of favourable statements and recognitions for the event (**Appendix C (1).**

In April 2024 a new licensed Premises application was submitted for a four day event and the relevant Licensing Act 2003 procedures for a Licensed Premises application were adhered to. Again, as no representations were received from any of the responsible authorities or neighbouring residents, the licence was granted. **(PREM1574 – Committee Papers pages 13 through 37).** The event was attended by 15,629 (a 74% increase on 2024). There were no significant incidents or accidents and no post event complaints brought to the applicants attention, however, this year's event generated more favourable statements and recognition by way of awards (**Appendix C (2).**

The applicant also offers Testimonials and Recognition from two influential bodies in the local area (**Appendix D (1) Altrincham Bid & Appendix D (2) - Altrincham Court Leet**).

In July 2025 a third application for a licensed Premises was submitted for a four day event and the relevant Licensing Act 2003 procedures for a Licensed Premises application were adhered to.

On this occasion a representation was received from a local resident **(Committee Papers – pages 59-60)**. This came as somewhat of a surprise to the applicant as the resident had not objected to the application on two prior instances and was also included in the neighbourhood engagement undertaken by Great British Festivals over the previous two years applications **(Appendix E – Example promotional inclusion for neighbours)**.

The neighbour promotional inclusion has been taken up by the majority of residents surrounding the representor and neighbourhood feedback has resulted in local residents being willing to promote The Brit Fest – Cheshire and Great British Festivals by becoming Board members of the company.

It became apparent that the representor had not received or seen the full extent of the application including the Schedule of conditions, Item M. So in an effort to mediate the situation and in line with Great British Festivals principle of engagement with neighbours and residents, a letter was hand delivered including the schedule and a request to reconsider the representation in light of the content of the letter **(Appendix F – Letter to Representor and Location Map)**.

**No response has been received from the representor.**

The following is noted from the representation :

- Of all residents this is the only one to raise objection and indeed after two years previous events.
- Regular noise monitoring on South Downs Drive/South Road has been undertaken for each event and has remained within tolerance by an independent - Cathddu Festivals and Event Safety
  - *“Our independent monitoring of The Brit Fest confirmed that levels remained within licensing thresholds. Organisers responded promptly to all observations, showing best practice in noise management.”*

**(Appendix G – 2025 Noise Control)**

- Significant traffic works outwith the applicants control have been underway on the bridge and road at the Hale side approach to Ashley Hall.
- On site parking is sufficient for capacity at the event and therefore no parking on external roads has been highlighted to the applicant. The representors property is more detached from the event than on site parking. No other resident has raised this issue with organisers and we would therefore suggest this is a one-off, unforeseen instance.
- Shuttle buses (provided by GMPTE), pick up zones for taxis and car parking are well indicated and substantially marshalled. Event notices had been posted advising respect for neighbours but unfortunately these were removed.
- We respectfully suggest that Item 3 of the representation “increase risk and overuse of an already busy area” does not fall within the purview of the Licensing Act 2003 .
- The application has been accepted and processed for the relevant period under the Licensing Act 2003 and at no time has Cumulative Impact been raised by the Licensing Authority or any Responsible Authority and therefore we suggest is not an aspect that can be considered.

We offer the following in mitigation of Public Nuisance concerns :

- *“It was inspiring to see so many local volunteers involved. The festival is clearly part of the fabric of the community now”* **Hale Civic Society**
- *“The Brit Fest created a real buzz across Altrincham. We do more footfall in those three days as a result.”* **Visit Altrincham**
- *Neighbourhood Supporting Statement : “The organisers were proactive in reaching out to us directly. They made it clear they wanted to work with us, not against us, which reassured many of us that the festival is being run responsibly.”* **Local Hale Resident**

We now request the committee see fit to issue the license as applied for and ensure you of our best endeavours at all times.

### CHARITABLE PARTNERS – Seashell and Childrens Adventure Farm

To be present at The Brit Fest for the last two years has been priceless for us at The Children's Adventure Farm Trust, @CAFTcharity: a safe, inclusive space for us to shine a light on our charitable work, with all who attend the festival.

The chance to be embedded in The Brit Fest community, with huge support from Anthony & Edward Prophet and their amazing team, alongside the incredible festival community's understanding of our specific local charity challenges, has been priceless. Our work supports children across the North West who are living challenging lives, and each year, day in, day out, we increase the number of children we support, with a free day visit or residential stay here. That means we need to spread the word about our work and having the free opportunity, for us to welcome children and the parents to engage at our stall at the festival, and to be able to share information regarding how people can support our work, is of enormous benefit to us!

Our engagement with The Brit Fest has extended support further than the days of the festival itself: new volunteers have come forward, meaningful connections with other businesses and charities present across the festival have been made, revenue was contributed: we had had positive reactions from so many. For any small charity, building strong personal relationships and providing a personal, responsive, and caring approach, creates strong local networks which connect in so many positive ways. This is exactly what happened due to the space we had, and the engagement from all staff & volunteers at the festival and beyond.

Finally, I must add that the free passes you offered for those who volunteered for us at our stand across the festival, allowed us to reward the many wonderful people who contribute their time freely, to support our work. We are cautious with all funds we raise and make sure they are spent ethically & wisely, so to be able to reward them for their commitment and kindness with free passes (extended beyond their volunteering time), made such a huge difference for us. Thank you for truly understanding what we do it and how to extend the community impact of your generosity. We love The Brit Fest – here's to 2026!

I hope that's what you wanted. If you need to tweak or re-write this in any way, feel free. Just let me know.

I see you signed up for 5<sup>th</sup> October BBQ too. Who's coming with you? It will be good to catch up then if not before! PS Jason Manford is signed up to attend too (shh! fingers crossed you can meet then and have a chat re him doing Brit Fest set!)

Let's have a cuppa soon ☺

The Children's Adventure Farm Trust, Booth Bank Farm, Reddy Lane, Millington, Cheshire, WA14 3RE is a registered charity.

We were absolutely delighted to be the charity partner for Brit Fest 2025. The festival created so many meaningful moments for Seashell, and its impact on our students, families, and wider community was truly profound.

One of the most powerful outcomes was the opportunity for some of our students to attend a music festival, an experience that had previously felt out of reach. For many families, the uncertainty around accessibility and whether their child could cope with the environment made attending such events a risk they weren't willing to take. Brit Fest changed that.

Thanks to the inclusive and supportive atmosphere of the festival, our students were able to attend. One standout moment was we had one student who along with their family managed to attend both days. Not only did they stay until the end each day, but the entire family enjoyed two full days out together, something they had rarely experienced. We have since found out his sibling, who has autism, found the confidence through Brit Fest to attend another music festival that they had always been keen to attend but never thought they could.

Being Brit Fest's chosen charity also gave us a vital platform to raise awareness about the work we do to supporting children and young adults with complex disabilities. We were able to connect with attendees who may know someone who could benefit from our support, share our mission, and raise much-needed funds. The money raised over the three days will go directly toward providing life-enhancing experiences, specialist support, and essential equipment for our students. We are incredibly grateful to Brit Fest for their generosity, inclusivity, and commitment to making a difference. Their support has helped us open doors to new possibilities and create lasting memories for the children and young adults we work with.

VISIT**Altrincham**

To Whom It May Concern,

On behalf of Altrincham BID (Business Improvement District), the organisation behind Visit Altrincham, I am writing to express our support for The Brit Fest and to outline the positive impact the festival has on the town. Altrincham BID represents and supports over 500 businesses in the town centre, with a core focus on promoting Altrincham, driving footfall, and strengthening the local economy.

The Brit Fest has proven to be an extremely positive addition to Altrincham's calendar of events. It attracts a significant number of visitors to the area, benefitting local businesses particularly retail and hospitality, while also providing a platform for Altrincham-based businesses to be directly involved on-site. The Visit Altrincham stand at The Brit Fest also provides an excellent opportunity to showcase the town, promoting everything Altrincham has to offer to festival-goers and encouraging repeat visits throughout the year.

The festival is a strong example of partnership working, with local organisations and businesses coming together to deliver an engaging, large-scale event for the community and visitors alike.

In addition to the economic benefits, The Brit Fest raises the profile of Altrincham on a wider scale. The media coverage and publicity generated by the event reinforce the town's reputation as a thriving, welcoming, and culturally vibrant destination, helping to attract further interest and investment.

For these reasons, Altrincham BID is proud to be the official tourism partner for The Brit Fest and is grateful to the organisers for the contribution it makes to both the business community and the wider town.
