### **Medium Term Financial Strategy Consultation 2026/27 - 2029/30**

---

**Report of: Ashley Hughes, Executive Director of Resources,  
Section 151 Officer**

**Report Reference No: HTC/06/25-26**

**Ward(s) Affected: Not applicable**

**For Scrutiny**

#### **Purpose of Report**

- 1 The Highways and Transport Committee is being asked to provide feedback, as consultees, on the development of the Cheshire East Medium-Term Financial Strategy 2026/27 to 2029/30. Feedback is requested in relation to the responsibilities of the Committee.
- 2 The report sets out the latest budget position for 2026/27 to 2029/30 and the list of budget savings proposals. relevant to the remit of this Committee, that has been included in the public consultation which was launched in November 2025.

#### **Executive Summary**

- 3 The Medium-Term Financial Strategy (MTFS) for Cheshire East Council for the four years 2025/26 to 2028/29 was approved by full Council on 26 February 2025.
- 4 The MTFS is underpinned by a set of assumptions around income, expenditure and core funding that result in a 4-year position. The budget could only be balanced for the 2025/26 financial year by use of Exceptional Financial Support (EFS) by way of a capitalisation direction. This is not sustainable in the medium to long term and needed to be addressed urgently for the Council to be financially sustainable. The gaps forecast in later years were addressed as part of the business planning process this year, as well as the Council learning to live within its means

by delivering all savings and containing approved growth within 2025/26, otherwise there will be increased pressures in future years and preparing a balanced budget/ MTFS will continue to be challenging.

- 5 The budget gap in the last update paper received by Corporate Policy Committee and Finance Sub Committee, without mitigations, was £33.3m on the General Fund Revenue budget for 2026/27. This is the year, by law, that elected members must set a legal budget by no later than the 11 March 2026.
- 6 Since that budget assumptions report there have been further changes identified that needed to be worked towards, and details are set out in the [Corporate Policy Committee](#) report of 30 October 2025.
- 7 The proposals are those being consulted on, are not necessarily the final budget items that Corporate Policy Committee will recommend to Budget Council in February 2026.
- 8 Finance Sub-Committee have received a further update highlighting risks and issues that have not been taken into account at this point due to uncertainty or inability to quantify those risks. The risks relating to Highways and Transport Committee remit include:
  - (a) That the Council will exercise the considerable capital programme restraint described in the MTFS in full. This is to ensure that every pound the Council spends, delivers maximum benefits for residents – irrespective of funding sources. Just because a project doesn't rely on prudential borrowing to progress, doesn't mean it is necessarily the project the Council would progress if the funding sources are transferable and other projects meet the Council's strategic aims and objectives described in the Cheshire East Plan.
  - (b) An MTFS can only succeed when a Council's policies and procedures, plans and strategies, and outcomes are focused on the Council's core business. There will be tension between delivering financial sustainability across both capital and revenue budgets and meeting wider objectives which the Council must navigate through the MTFS process.
- 9 Committee should also note that the impact of the new Cheshire & Warrington Combined Authority (CWCA) – and the devolution of funds and powers that come with the CWCA formation – is not factored into the MTFS.
- 10 As a drive towards longer-term, strategic thinking the Council will be shifting its Capital Strategy to a ten-year horizon plus pipeline of opportunities that can be “on the shelf” should the appropriate funding opportunity present itself. This speaks to the capital restraint plank of the

proposed MTFS and allows Council to reprofile its capital expenditure and to align it to the CWCA's longer-term base funding over the ten-year cycle.

- 11 A programme of public engagement during November and December will be undertaken to support the 2026/27 budget setting and consultation.
- 12 The Council must ensure the conditions for successful delivery of budget proposals are in place. Without the following conditions, it will be difficult to confirm the robustness of estimates under Section 25 of the Local Government Finance Act 2003.
  - A robust, consistent, corporate Programme and Project Management approach in a suitably resourced Programme Management Office.
  - Delivery plans for proposals must consist of the cost of change where it is appropriate to do so, including those from services not involved directly in delivery.
  - A strong culture of owning performance and delivery, underpinned by monthly officer-led Performance Boards.
  - Elected members agree to oversee delivery through quarterly Star Chambers and apply the same methodology to challenge the budget process into 2027/28.
  - Delivery, in full, of the Financial Leadership Improvement Plan, particularly around the Enterprise Resource Programme and budget holder accountability.

#### RECOMMENDATIONS

The Highways and Transport Committee is asked to:

1. Note the updated budget position for the period 2026/27 to 2029/30 as set out in Table 3.
2. Scrutinise and feedback on the list of Highways and Transport budget savings proposals that are contained in the budget consultation launched in November 2025 as contained in Annex 1.
3. Note the conditions for successful budget delivery, as approved by Corporate Policy Committee on 30 October 2025, which are set out in paragraph 12.

## Background

- 13 The Medium-Term Financial Strategy (MTFS) for Cheshire East Council for the four years 2025/26 to 2028/29 was approved by full Council on 26 February 2025.
- 14 As a reminder, Table 1 below sets out the revenue budget estimates for the four years from 2025/26 to 2028/29 as at February 2025.

- 15 The table above highlighted the fact that the Council continued to face a significant four-year funding gap at that time and was only able to balance in 2025/26 with the use of EFS. There continues to be the requirement to increase general reserves to more appropriate levels, to support the future financial sustainability of the Council and the above four-year budget built this level to £20m.

## Budget assumption updates – base scenario (September/early October)

- 16 There was further refinement to some of the assumptions and resulting values since the MTFS approved in February 2025 (Table 1). These changed the overall funding position for 2026/27 onwards as per Table 2 below. A list of updates included in this table can be found in the [previous report](#).

## Budget assumption updates – latest base scenario

- 17 Further work has been undertaken to reduce the £33.3m gap, demonstrating to MHCLG and our Assurance Panel that we are doing what we have been charged with and working towards a route out of EFS.
- 18 Therefore, there has been further refinements to some of the assumptions and resulting values since this time. These change the

overall funding position for 2026/27 onwards as per Table 3 below. The current shortfall in 2026/27 is now estimated to be £18.2m. The full list of updates and all savings proposals can be found in the [Corporate Policy Committee](#) paper:

## Next Steps

- There has been further work carried out to challenge this updated position. Business case submissions for future planned savings were presented to Corporate Leadership Team on 13 October. Further changes that could be made to the above position (Table 3) have been included in the latest figures and a list of savings proposals is included at Annex 1 relevant to this Committee. For a full list of proposed budget savings please see the [Corporate Policy Committee](#) paper.

- 20 Further work to support Children's Services to review the demography and complexity permanent growth budgets of £10m with a target to reduce it by at least £5m per annum to 2030. This work began after the Ofsted inspection on Monday 20 October.
- 21 Savings still need to be delivered through service redesign and as part of the wider transformation programmes and should be considered as stretch deliverables where possible. This work will form part of the final set of proposals for February 2026. As such, stretch transformation numbers in relation to redesign are being completed by December 2025.
- 22 The Council will continue to review its MTFS and budget reductions programme going forward. The assumptions included within this report will be refreshed through November and December to take account of available information on Government funding decisions as well as the macro-economic environment.
- 23 Over the period November to January, these proposals will be further developed to ensure robust delivery plans are in place and work will commence, with a view to maximising the full year effect of delivery in 2026/27. Priority will be placed on income maximisation across all service areas to reduce the burden on expenditure reductions, however there will be a need for efficiencies in costs alongside a genuine requirement to invest in transformation where the return on investment delivers long-term improvements in outcomes for residents in line with the Cheshire East Plan alongside recurrent reductions in costs that support the MTFS.
- 24 The draft budget savings proposals will be subject to consultation and engagement both online and in person sessions with various stakeholders – the full details of Public Engagement in Support of the 2026/30 Budget Consultation are set out in paragraphs 22- 24 of the [Corporate Policy Committee](#) paper. These sessions will likely be prior to the Provisional Local Government Finance Settlement so would be updated with changes as a result of those announcements.
- 25 This position includes the list of savings proposals as contained in Annex 1 and summary Table 4 has been provided below.
- 26 This Committee is being asked to review and feedback on the list of items pertaining to this committee only.

## Consultation and Engagement

- 27 The annual business planning process involves engagement with local people and organisations. Local authorities have a duty to consult on their budget with certain stakeholder groups and in Cheshire East we include the Schools Forum as well as business rate payers. In addition, the Council chooses to consult with other stakeholder groups. The Council continues to carry out stakeholder analysis to identify the different groups involved in the budget setting process, what information they need from us, the information we currently provide these groups with, and where we can improve our engagement process.
- 28 All committees will receive reports during the November cycle of meetings for them to scrutinise proposals relating to the remit of the committee. There will be a further opportunity during the January 2026 committee meeting cycle to comment further as feedback is received.

## Reasons for Recommendations

- 29 In accordance with the Constitution Committees play an important role in planning, monitoring and reporting on the Council's finances. Each Committee has specific financial responsibilities.
- 30 The Council's annual budget must be balanced. The proposals within it must be robust and the strategy should be supported by adequate reserves. The assessment of these criteria is supported by each Committee having the opportunity to help develop the financial proposals before they are approved by Full Council

## Other Options Considered

- 31 The Council has a legal duty to set a balanced annual budget taking regard of the report from the Chief Financial Officer. As such options cannot be considered that would breach this duty. Any feedback from the consultation process and individual committee feedback must still recognise the requirement for Council to fulfil this duty.

| Option     | Impact                                                                                        | Risk                                                                                     |
|------------|-----------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------|
| Do nothing | Not an option as the council must legally set a balanced budget for the coming financial year | The Council would be acting unlawfully if budgets are not aligned to available resources |

## Implications and Comments

### *Monitoring Officer/Legal/Governance*

- 32 The Council must set the budget in accordance with the provisions of the Local Government Finance Act 1992 and approval of a balanced budget each year is a statutory responsibility. Sections 25 to 29 of the Local Government Act 2003 impose duties on the Council in relation to how it sets and monitors its budget and require the Council to make prudent allowance for the risk and uncertainties in its budget and regularly monitor its finances during the year. The legislation leaves discretion to the Council about the allowances to be made and action to be taken.
- 33 The provisions of section 25 of the Local Government Act 2003, require that, when the Council is making the calculation of its budget requirement, it must have regard to the report of the chief finance (s.151) officer as to the robustness of the estimates made for the purposes of the calculations and the adequacy of the proposed financial reserves.
- 34 The Council should therefore have robust processes in place so that it can meet statutory requirements and fulfil its fiduciary duty. It must ensure that all available resources are directed towards the delivery of statutory functions, savings and efficiency plans. Local authorities are creatures of statute and are regulated through the legislative regime and whilst they have in more recent times been given a general power of competence, this must operate within that regime. Within the statutory framework there are specific obligations placed upon a local authority to support communities. These duties encompass general and specific duties and there is often significant local discretion in respect of how those services or duties are discharged. These will need to be assessed and advised on as each circumstance is considered.

- 35 The financial position of the Council must therefore be closely monitored, and Members must satisfy themselves that sufficient mechanisms are in place to ensure both that savings are delivered and that new expenditure is contained within the available resources. Accordingly, any proposals put forward must identify the realistic measures and mechanisms to produce those savings or alternative mitigations.
- 36 This report provides an update on progress towards the setting of the 2026/27 budget.
- 37 It also provides updates and comments regarding the Council's use of Exceptional Financial Support under The Levelling-up and Regeneration Act 2023 which inserted an amended Section 12A as a trigger event within the Local Government Act 2003, in relation to capital finance risk management. The legislation also provides for risk mitigation directions to be given to the Council which limit the ability to undertake certain financial action. The limitations are based on identified risk thresholds.

#### *Section 151 Officer/Finance*

- 38 Please see all sections of this report.

#### *Human Resources*

- 39 Any HR implications that arise from activities funded by the budgets that the budget report deals with will be dealt with in the individual reports to Members or Officer Decision Records to which they relate.

#### *Risk Management*

- 40 Financial risks are assessed and reported on a regular basis, and remedial action taken if required. Risks associated with the achievement of the 2025/26 budget and the level of general reserves were factored into the 2025/26 financial scenario, budget, and reserves strategy.

#### *Impact on other Committees*

- 41 All committees will work towards bringing forward budget change proposals to assist with the medium-term financial strategy.

#### *Policy*

- 42 The Cheshire East Plan sets the policy context for the MTFs and the two documents are aligned. Any policy implications that arise from activities funded by the budgets that this report deals with will be dealt with in the individual reports to Members or Officer Decision Records to which they relate. This contributes to Commitment 3: An effective and enabling Council.

## *Equality, Diversity and Inclusion*

- 43 Any equality implications that arise from activities funded by the budgets that this report deals with will be dealt within the individual reports to Members or Officer Decision Records to which they relate.
