## **10.0 Background and Options**

- 10.1 The attached Work Programme is one that has been inherited from the former Health and Wellbeing Scrutiny Committee and, as this is a new Committee, it is an opportune moment to consider it in detail. A number of items have been on the Work Programme for a while and may no longer be relevant. It is also relevant to take into account the role of the Health and Wellbeing Board and the Clinical Commissioning Groups, together with the transition of public health into the Authority.
- 10.2 In reviewing the work programme, Members must pay close attention to the Corporate Plan and Sustainable Communities Strategy “Ambition for All”.
- 10.3 In reviewing the work programme, Members must have regard to the general criteria which should be applied to all potential items, including Task and Finish reviews, when considering whether any Scrutiny activity is appropriate. Matters should be assessed against the following criteria:
- Does the issue fall within a corporate priority
  - Is the issue of key interest to the public
  - Does the matter relate to a poor or declining performing service for which there is no obvious explanation
  - Is there a pattern of budgetary overspends
  - Is it a matter raised by external audit management letters and or audit reports?
  - Is there a high level of dissatisfaction with the service
- 10.4 If during the assessment process any of the following emerge, then the topic should be rejected:
- The topic is already being addressed elsewhere
  - The matter is subjudice
  - Scrutiny cannot add value or is unlikely to be able to conclude an investigation within the specified timescale
- 10.5 The Work Programme has been updated following the last meeting.
