<p>Title and subject of the impact assessment (include a brief description of the aims, outcomes , operational issues as appropriate and how it fits in with the wider aims of the organisation)</p> <p>Please attach a copy of the strategy/plan/function/policy/procedure/service</p>	<p><b>Permission to commence formal consultation on proposed school expansions of Ash Grove Primary School and Nursery , Macclesfield from 105 to 210 pupil places.</b></p> <p>There are any other associated policies and procedures as set out below:-.</p> <ul style="list-style-type: none"> <li>Children and Families, Capital Strategy 2013/2014</li> <li>Statutory consultation will be undertaken on the proposal as the changes, if approved, will fall within the category of a significant enlargement as the additional accommodation proposed for Wheelock Primary would increase the capacity by more than 30 pupils and by more than 25%.</li> <li>The Local Authority must comply with statutory requirements as set out in The Education and Inspections Act 2006 (EIA 2006) and The School Organisation (Prescribed Alterations to Maintained Schools)(England) Regulations 2007 (as amended by The School Organisation and Governance (Amendment)(England) Regulations 2007 which came into force on 21 January 2008 and The School Organisation and Governance (Amendment)(England) Regulations 2009 which came into force on 1</li> </ul>					

	<p>September 2009).</p> <p>The aims, objectives and outcomes of this proposed change are as follows:-</p> <p>The proposal to expand the school is to address the increasing demand for places from the school's local community. This school had an intake at the normal point of entry of 47 pupils up until 2005 when it was reduced to a 25 intake following a review of surplus places implemented by the former Cheshire County Council. A further reduction was made in 2011 taking the school to a half form of entry primary school with an intake of 15 pupils at the normal point of entry and reducing the school's overall capacity to 105 places.</p> <p>The number of children resident within the schools catchment area has increased in recent years and, for the last 3 years, the number of first preferences for the school has exceeded the 15 places available in the reception class. In order to accommodate children resident in the school's catchment area for whom there was no other schools with vacancies within a reasonable distance, the Local Authority, in agreement with the school agreed additional places over the school's published admission number for September 2011 and 2012 and has agreed admission of up to 30 children for 2013</p> <p>The proposals will therefore have a significant positive impact on parental choice and vulnerable and minority groups in the community.</p> <p>The outcomes of consultation will be summarised in a report to the Portfolio Holder for a decision to progress to the next stage of the process and issue public notices. In deciding whether or not to give permission to publish proposals it is a requirement both under DfE guidance and case law that the decision maker should consider the views expressed during consultation and take into account the Equality Impact Assessment. It is therefore imperative that full details of all views submitted are made available at the decision meeting.</p>

Age	This will positively impact on the number of school places for young people of primary school age in the area and thereby increasing opportunities for parental choice, in line with DfE guidance.					✓					
Disability	The proposal will have a marginally positive impact on young people and parents with a disability because the provision of additional places will overall provide sufficient places closer to person's place of residence. The proposal will also offer greater parental choice for those families with wider caring responsibilities for household members with a disability.					✓					
Gender reassignment	Admission Authorities are bound by the Admissions Code and Regulations and this does not allow for any discrimination in this respect.  However, given the very young age of the pupils it is unlikely that any issues					✓
