*Under the Flood and Water Management Act 2010 and its associated Regulations; the European Union Flood Directive 2009 together with associated Regulations; Cheshire East Council is statutorily required as the lead local flood authority to meet certain requirements in relation to Flood and Water Management. Moreover, following the Pitt Review the Council is expected to meet certain expectations. Under the Regulations and the expectations of the Pitt Review it is intended that the Council's scrutiny procedure should review work by public sector bodies and essential service providers in order to manage flood risk. Also, that there should be an annual summary of actions taken locally to manage flood risk in order to meet the regulations and to implement the appropriate recommendations of the Pitt Review.
