To whom it may concern – Governing Body support statement for the proposed expansion of Mobberley C of E Primary School

It is the opinion of the full Governing Body that our oversubscribed school urgently needs additional space to accommodate the children who live in the Mobberley catchment area. The present location of the school close to the church attracts many parents who want their child to attend a village school and to grow up contributing to the life of their wider community.

The fundamental objective of the school is to be able to provide a high quality primary education to the children of Mobberley who choose to come to Mobberley CE Primary School. This is why the Governing Body are fully supportive of Cheshire East proposal to expand the school to accommodate demand from our village and our catchment area. We would expect to work closely with Cheshire East to minimise the impact of expansion on our neighbours.

C Owen (Head Teacher)

H Mountney (Chair of Governors on behalf of the Governing Body)
