Equality impact assessment is a requirement for all strategies, plans, functions, policies, procedures and services under the Equalities Act 2010. We are also required to publish assessments so that we can demonstrate how we have considered the impact of proposals.

## **Section 1: Description**

ICT Strategy on behalf of Adult Social Care and Independent Living		Lead officer responsible for assessment		Paul Wright	
Chief Operating Officer		Other members of team undertaking assessment		Gwyn Arrowsmith, Lynn Laverick, Janet Regan	
8 <sup>th</sup> December 2015		Version		Draft	
<u>Strategy</u>	Plan	Function	Policy	Procedure	<del>Service</del>
<u>New</u>		Existing		Revision	
The Care Act 2014, to develop over the new framework of care a users and carers. It makes it the responsituations. It therefor care and support (not to be a composed or care)  The Act aims to achian Clearer, fair Wellbeing Prevention or Put people in the outcome will be Information E-Marketpla	develop over the next few decades. Part one of the Act (and its Statutory Guidance) consolidates and mo framework of care and support law; it set out new duties for local authorities and partners, and new right users and carers. It enshrines the new statutory principle of individual wellbeing, the driving force behind makes it the responsibility of local authorities to promote wellbeing when carrying out any of their care at functions. It therefore requires local authorities to establish and maintain an information and advice serv care and support (not limited to council services) in the area.  The Act aims to achieve  Clearer, fairer care and support  Wellbeing – physical, mental and emotional – of both the person needing care and their carer  Prevention and delay of the need for care and support  Put people in control of their care  The outcome will be the deliver of 4 key areas  Information and Advice				modernises the ights for service hind the Act, and re and support service about all

	The delivery will adhere to the principles and initiatives being delivered by the Digital Customer Services programme who's aims are  • For services to be primarily delivered through digital channels  • Designing and promoting services that are 'digital by default'  • Help meet the councils commitment to be a 'resident first'
Who are the main stakeholders? (eg general public, employees, Councillors, partners, specific audiences)	Both Residents and non-residents of Cheshire East (e.g. Relatives), employees of the authority, Cheshire East Councillors, Community partners, Carers and Care Providers

# **Section 2: Initial screening**

Who is affected?	Both Residents and non-residents of Cheshire East (e.g. Relatives), employees of the authority, Cheshire East Councillors,
(This may or may not include the stakeholders listed above)	Community partners, Carers and Care Providers
Who is intended to benefit and how?	Residents / Non Residents will benefit from
	Information and Advice
	Self Assessments
	Care Users will benefit from
	Personal Budget
	Person-centred care
	Information and Advice
	Carers will benefit from
	Assessment
	Carers Support Plan
	Personal Budgets – Direct Payments
	Care Providers will benefit from
	<ul> <li>Prevention, including intermediate care – consider what preventative services are currently offered and what could be delivered in the future.</li> </ul>
	<ul> <li>Independent advocacy – consider offering this service to local authorities in future.</li> </ul>
	Personal budgets and direct
	payments – providers should review their commercial terms to enable people using their services to use personal budgets and direct payments.
	• Integration, cooperation and partnership – provider to consider what services it might offer now and in the future as a result of integration.
	<ul> <li>Smoothing transition to adult care and support – understand local authorities' duty to conduct a transition assessment.</li> </ul>
	Ordinary residence – understand which geographical local authority is responsible for each service user.
	Delegation of local authority functions – providers should consider what existing services they might want to offer, and

			any new services t	hey mi	ght wis	h to develop, that may fit w	ith funct	ions de	legated by local authorities.		
Could there be a different in	mpact (	or	- '	es. Some groups are less likely to use or may be unable to use the digital channels to access the online services provided by							
outcome for some groups?			the Care Act.
