

Template for BCF submission 1: due on 02 March 2016

Better Care Fund 2016-17 Planning Template

Sheet: Guidance

Overview

The purpose of this template is to collect information from CCGs, local authorities, and Health and Wellbeing Boards (HWBs) in relation to Better Care Fund (BCF) plans for 2016-17. The focus of the collection is on finance and activity information, as well as the national conditions. The template represents the minimum collection required to provide assurance that plans meet the requirements of the Better Care Fund policy framework set out by the Department of Health and the Department of Communities and Local Government (www.gov.uk/government/publications/better-care-fund-how-it-will-work-in-2016-to-2017). This information will be used during the regionally led assurance process in order to ensure that BCF plans being recommended for sign-off meet technical requirements of the fund.

The information collected within this template is therefore not intended to function as a 'plan' but rather as a submission of data relating to a plan. A narrative plan will also need to be provided separately to regional teams, but there will be no centrally submitted template for 2016-17. CCGs, local authorities, and HWBs will want to consider additional finance and activity information that they may wish to include within their own BCF plans that is not captured here.

This tab provides an overview of the information that needs to be completed in each of the other tabs of the template. This should be read in conjunction with Annex 4 of the NHS Shared Planning Guidance for 2016-17; Better Care Fund Planning Requirements for 2016-17, which is published here: www.england.nhs.uk/ourwork/part-rel/transformation-fund/bcf-plan/

Timetable

The submission and assurance process will follow the following timetable:

- NHS Planning Guidance for 2016-17 released – 22 December 2015
 - BCF Allocations published following release of CCG allocations – 09 February 2016
 - Annex 4 - BCF Planning Requirements 2016-17 released - 22 February 2016
 - BCF Planning Return template, released – 24 February 2016
 - **First BCF submission by 2pm on 02 March 2016, agreed by CCGs and local authorities, to consist of:**
 - o BCF planning return template (this template)
- All submissions will need to be sent to DCO teams and copied to the National Team (england.bettercaresupport@nhs.net)
- First stage assurance of planning return template and initial feedback to local areas - 02 to 16 March 2016
 - Second version of the BCF Planning Return template, released (with updated NEA plans) – 9th March
 - **Second submission following assurance and feedback by 2pm on 21 March 2016, to consist of:**
 - o High level narrative plan
 - o Updated BCF planning return template
 - Second stage assurance of full plans and feedback to local areas - 21 March to 13 April 2016
 - BCF plans finalised and signed off by Health and Wellbeing Boards in April, and submitted 2pm on 29 April 2016
- This should be read alongside the timetable on page of page 15 of Annex 4 - BCF Planning Requirements.

Introduction

Throughout the template, cells which are open for input have a yellow background and those that are pre-populated have a blue background, as below:

Data needs inputting in the cell
Pre-populated cell

To note - all cells in this template requiring a numerical input are restricted to values between 0 and 1,000,000,000.

The details of each sheet within the template are outlined below.

Checklist

This is a checklist in relation to cells that need data inputting in the each of the sheets within this file. It is sectioned out by sheet name and contains the question, cell reference (hyperlinked) for the question and two separate checks

- the 'tick-box' column (D) is populated by the user for their own reference (not mandatory), and
- the 'checker' column (E) which updates as questions within each sheet are completed.

The checker column has been coloured so that if a value is missing from the sheet it refers to, the cell will be Red and contain the word 'No' - once completed the cell will change to Green and contain the word 'Yes'. The 'sheet completed' cell will update when all 'checker' values for the sheet are green containing the word 'Yes'.

Once the checker column contains all cells marked 'Yes' the 'Incomplete Template' cell (B6) will change to 'Complete Template'.

Please ensure that all boxes on the checklist tab are green before submission.

1. Cover

The cover sheet provides essential information on the area for which the template is being completed, contacts and sign off. The selection of your Health and Wellbeing Board (HWB) on this sheet also then ensures that the correct data is prepopulated through the rest of the template.

On the cover sheet please enter the following information:

- The Health and Wellbeing Board;
- The name of the lead contact who has completed the report, with their email address and contact number for use in resolving any queries regarding the return;
- The name of the lead officer who has signed off the report on behalf of the CCGs and Local Authority in the HWB area.

Question completion tracks the number of questions that have been completed, when all the questions in each section of the template have been completed the cell will turn green. Only when all 6 cells are green should the template be sent to england.bettercaresupport@nhs.net

2. Summary and confirmations

This sheet summarises information provided on sheets 2 to 6, and allows for confirmation of the amount of funding identified for supporting social care and any funds ring-fenced as part of risk sharing arrangement. To do this, there are 2 cells where data can be input.

On this tab please enter the following information:

- In cell E37 ,please confirm the amount allocated for ongoing support for adult social care. This may differ from the summary of HWB expenditure on social care which has been calculated from information provided in the 'HWB Expenditure Plan' tab. If this is the case then cell F37 will turn yellow. Please use this to indicate the reason for any variance;
- In cell F47 please indicate the total value of funding held as a contingency as part of local risk share, if one if being put in place. For guidance on instances when this may be appropriate please consult the full BCF Planning Requirements document. Cell F44 shows the HWB share of the national £1bn that is to be used as set out in national condition vii. Cell F45 shows the value of investment in NHS Commissioned Out of Hospital Services, as calculated from the 'HWB Expenditure Plan' tab. Cell F49 will show any potential shortfall in meeting the financial requirements of the condition.

The rest of this tab will be populated from the information provided elsewhere within the template, and provides a useful printable summary of the return.

3. HWB Funding Sources

This sheet should be used to set out all funding contributions to the Health and Wellbeing Board's Better Care Fund plan and pooled budget for 2016-17. It will be pre-populated with the minimum CCG contributions to the Fund in 2016/17, as confirmed within the BCF Allocations spreadsheet. <https://www.england.nhs.uk/ourwork/part-rel/transformation-fund/bcf-plan>

These cannot be changed. The sheet also requests a number of confirmations in regard to the funding that is made available through the BCF for specific purposes.

On this tab please **enter the following information:**

- Please use rows 16-25 to detail Local Authority funding contributions by selecting the relevant authorities and then entering the values of the contributions in column C. This should include all mandatory transfers made via local authorities, as set out in the BCF Allocations spreadsheet, and any additional local authority contributions. There is a comment box in column E to detail how contributions are made up or to allow contributions from an LA to split by funding source or purpose if helpful. Please note, only contributions assigned to a Local Authority will be included in the 'Total Local Authority Contribution' figure.
 - Please use cell C42 to indicate whether any additional CCG contributions are being made. If 'Yes' is selected then rows 45 to 54 will turn yellow and can be used to detail all additional CCG contributions to the fund by selecting the CCG from the drop down boxes in column B and enter the values of the contributions in column C. There is a comment box in column E to detail how contributions are made up or any other useful information relating to the contribution. Please note, only contributions assigned to an additional CCG will be included in the 'Total Additional CCG Contribution' figure.
 - Cell C57 then calculates the total funding for the Health and Wellbeing Board, with a comparison to the 2015-16 funding levels set out below.
 - Please use the comment box in cell B61 to add any further narrative around your funding contributions for 2016-17, for example to set out the driver behind any change in the amount being pooled.
- The final section on this sheet then sets out four specific funding requirements and requests confirmation as to the progress made in agreeing how these are being met locally - by selecting either 'Yes', 'No' or 'No - in development' in response to each question. 'Yes' should be used when the funding requirement has been met. 'No - in development' should be used when the requirement is not currently agreed but a plan is in development to meet this through the development of your BCF plan for 2016-17. 'No' should be used to indicate that there is currently no agreement in place for meeting this funding requirement and this is unlikely to be agreed before the plan is finalised.
- Please use column C to respond to the question from the dropdown options;
 - Please detail in the comments box in row D issues and/or actions that are being taken to meet the funding requirement, or any other relevant information.

4. HWB Expenditure plan

This sheet should be used to set out the full BCF scheme level spending plan. The table is set out to capture a range of information about how schemes are being funded and the types of services they are providing, which is required to demonstrate how the national policy framework is being achieved. Where a scheme has multiple funding sources this can be indicated and split out, but there may still be instances when several lines need to be completed in order to fully describe a single scheme. In this case please use the scheme name column to indicate this.

On this tab please **enter the following information:**

- Enter a scheme name in column B;
- Select the scheme type in column C from the dropdown menu (descriptions of each are located in cells B71 - C78); if the scheme type is not adequately described by one of the dropdown options please choose 'other' and give further explanation in column D;
- Select the area of spending the scheme is directed at using from the dropdown menu in column E; if the area of spending is not adequately described by one of the dropdown options please choose 'other' and give further explanation in column F;
- Select the commissioner and provider for the scheme using the dropdown menu in columns G and J, noting that if a scheme has more than one provider or commissioner, you should complete one row for each. For example, if both the CCG and the local authority will contract with a third party to provide a joint service, there would be two lines for the scheme: one for the CCG commissioning from the third party and one for the local authority commissioning from the third party;
- In Column K please state where the expenditure is being funded from. If this falls across multiple funding streams please enter the scheme across multiple lines;
- Complete column L to give the planned spending on the scheme in 2016/17;
- Please use column M to indicate whether this is a new or existing scheme.
- Please use column N to state the total 15-16 expenditure (if existing scheme)

This is the only detailed information on BCF schemes being collected centrally for 2016-17 but it is expected that detailed scheme level plans will continue to be developed locally.

5. HWB Metrics

This sheet should be used to set out the Health and Wellbeing Board's performance plans for each of the Better Care Fund metrics in 2016-17. This should build on planned and actual performance on these metrics in 2015-16. The BCF requires plans to be set for 4 nationally defined metrics and 2 locally defined metrics. The non-elective admissions metric section is pre-populated with activity data from CCG Operating Plan submissions for all contributing CCGs, which has then been mapped to the HWB footprint to provide a default HWB level NEA activity plan for 2016-17. There is then the option to adjust this by indicating how many admissions can be avoided through the BCF plan, which are not already built into CCG operating plan assumptions. Where it is decided to plan for an additional reduction in NEA activity through the BCF the option is also provided within the template to set out an associated risk sharing arrangement. Once CCG have made their second operating plan activity uploads via Unify this data will be populated into a second version of this template by the national team and sent back in time for the second BCF submission. At this point Health and Wellbeing Boards will be able to amend, confirm, and comment on non-elective admission targets again based on the new data. The full specification and details around each of the six metrics is included in the BCF Planning Requirements document. Comments and instructions in the sheet should provide the information required to complete the sheet.

Further information on how when reductions in Non-Elective Activity and associated risk sharing arrangements should be considered is set out within the BCF Planning Requirements document.

On this tab please **enter the following information:**

- Please use cell E43 to confirm if you are planning on any additional quarterly reductions (Yes/No)
- If you have answered Yes in cell E43 then in cells G45, I45, K45 and M45 please enter the quarterly additional reduction figures for Q1 to Q4.
- In cell E49 please confirm whether you are putting in place a local risk sharing agreement (Yes/No)
- In cell E54 please confirm or amend the cost of a non elective admission. This is used to calculate a risk share fund, using the quarterly additional reduction figures.
- Please use cell F54 to provide a reason for any adjustments to the cost of NEA for 16/17 (if necessary)
- In cell G69 please enter your forecasted level of residential admissions for 2015-16. In cell H69 please enter your planned level of residential admissions for 2016-17. The actual rate for 14-15 and the planned rate for 15-16 are provided for comparison. Please add a commentary in column I to provide any useful information in relation to how you have agreed this figure.
- Please use cells G82-83 (forecast for 15-16) and H82-83 (planned 16-17) to set out the proportion of older people (65 and over) who were still at home 91 days after discharge from hospital into reablement / rehabilitation services. By entering the denominator figure in cell G83/H83 (the planned total number of older people (65 and over) discharged from hospital into reablement / rehabilitation services) and the numerator figure in cell G82/H82 (the number from within that group still at home after 91 days) the proportion will be calculated for you in cell G81/H81. Please add a commentary in column I to provide any useful information in relation to how you have agreed this figure.
- Please use rows 93-95 (columns K-L for Q3-Q4 15-16 forecasts and columns M-P for 16-17 plans) to set out the Delayed Transfers Of Care (delayed days) from hospital per 100,000 population (aged 18+). The denominator figure in row 95 is pre-populated (population - aged 18+). The numerator figure in cells K94-P94 (the Delayed Transfers Of Care (delayed days) from hospital) needs entering. The rate will be calculated for you in cells K93-O93. Please add a commentary in column H to provide any useful information in relation to how you have agreed this figure.
- Please use rows 105-107 to update information relating to your locally selected performance metric. The local performance metric set out in cell C105 has been taken from your 2015/16 approved BCF plan and 2015/16 Q1 return - these local metrics can be amended, as required.
- You may also use rows 117-119 to update information relating to your locally selected patient experience metric. The local patient experience metric set out in cell C117 has been taken from your 2015/16 approved BCF plan and 2015/16 Q1 return - these local metrics can be amended, as required.

5b. HWB Metrics Tool

There is no data required to be completed on this tab. The tab is instead designed to provide assistance in setting your 16/17 plan figures for NEA and DTOC. Baseline 14/15, plan 15/16 and actual 15/16 data has been provided as a reference. The 16/17 plan figures are taken from those given in tab 5. HWB Metrics.

For NEAs we have also provided SUS 14/15 Baseline, SUS 15/16 Actual and SUS 15/16 FOT (Forecast Outturn) figures, mapped from the baseline data supplied to assist CCGs with the 16/17 shared planning round. This has been provided as a reference to support the new requirement for BCF NEA targets to be set in line with the revised definition set out in the "Technical Definitions" and the "Supplementary Technical Definitions" at the foot of the following webpage:

<https://www.england.nhs.uk/ourwork/futurehns/deliver-forward-view/>

6. National Conditions

This sheet requires the Health & Wellbeing Board to confirm whether the eight national conditions detailed in the Better Care Fund Planning Guidance are on track to be met through the delivery of your plan in 2016-17. The conditions are set out in full in the BCF Policy Framework and further guidance is provided in the BCF Planning Requirements document. Please answer as at the time of completion.

On this tab please **enter the following information:**

- For each national condition please use column C to indicate whether the condition is being met. The sheet sets out the eight conditions and requires the Health & Wellbeing Board to confirm either 'Yes', 'No' or 'No - in development' for each one. 'Yes' should be used when the condition is already being fully met, or will be by 31st March 2016. 'No - in development' should be used when a condition is not currently being met but a plan is in development to meet this through the delivery of your BCF plan in 2016-17. 'No' should be used to indicate that there is currently no plan agreed for meeting this condition by 31st March 2017.
- Please use column C to indicate when it is expected that the condition will be met / agreed if it is not being currently.
- Please detail in the comments box issues and/or actions that are being taken to meet the condition, or any other relevant information.

CCG - HWB Mapping

The final tab provides details of the CCG to HWB mapping used to calculate contributions to Health and Wellbeing Board level non-elective activity plans.

2. Summary and confirmations

This sheet summarises information provided on sheets 2 to 6, and allows for confirmation of the amount of funding identified for supporting social care and any funds ring-fenced as part of risk sharing arrangement. To do this, there are 2 cells where data can be input.

On this tab please enter the following information:

- In cell E37, please confirm the amount allocated for ongoing support for adult social care. This may differ from the summary of HWB expenditure on social care which has been calculated from information provided in the 'HWB Expenditure Plan' tab. If this is the case then cell F37 will turn yellow. Please use this to indicate the reason for any variance;
- In cell F47 please indicate the total value of funding held as a contingency as part of local risk share, if one if being put in place. For guidance on instances when this may be appropriate please consult the full BCF Planning Requirements document. Cell F44 shows the HWB share of the national £1bn that is to be used as set out in national condition vii. Cell F45 shows the value of investment in NHS Commissioned Out of Hospital Services, as calculated from the 'HWB Expenditure Plan' tab. Cell F49 will show any potential shortfall in meeting the financial requirements of the condition. The rest of this tab will be populated from the information provided elsewhere within the template, and provides a useful printable summary of the return.

3. HWB Funding Sources

This sheet should be used to set out all funding contributions to the Health and Wellbeing Board's Better Care Fund plan and pooled budget for 2016-17. It will be pre-populated with the minimum CCG contributions to the Fund in 2016/17, as confirmed within the BCF Allocations spreadsheet. <https://www.england.nhs.uk/ourwork/part-re/transition-fund/bcf-plan>

These cannot be changed. The sheet also requests a number of confirmations in regard to the funding that is made available through the BCF for specific purposes.

On this tab please enter the following information:

- Please use rows 16-25 to detail Local Authority funding contributions by selecting the relevant authorities and then entering the values of the contributions in column C. This should include all mandatory transfers made via local authorities, as set out in the BCF Allocations spreadsheet, and any additional local authority contributions. There is a comment box in column E to detail how contributions are made up or to allow contributions from an LA to split by funding source or purpose if helpful. Please note, only contributions assigned to a Local Authority will be included in the 'Total Local Authority Contribution' figure.

- Please use cell C42 to indicate whether any additional CCG contributions are being made. If 'Yes' is selected then rows 45 to 54 will turn yellow and can be used to detail all additional CCG contributions to the fund by selecting the CCG from the drop down boxes in column B and enter the values of the contributions in column C. There is a comment box in column E to detail how contributions are made up or any other useful information relating to the contribution. Please note, only contributions assigned to an additional CCG will be included in the 'Total Additional CCG Contribution' figure. - Cell C57 then calculates the total funding for the Health and Wellbeing Board, with a comparison to the 2015-16 funding levels set out below. - Please use the comment box in cell B61 to add any further narrative around your funding contributions for 2016-17, for example to set out the driver behind any change in the amount being pooled. The final section on this sheet then sets out four specific funding requirements and requests confirmation as to the progress made in agreeing how these are being met locally - by selecting either 'Yes', 'No' or 'No - in development' in response to each question. 'Yes' should be used when the funding requirement has been met. 'No - in development' should be used when the requirement is not currently agreed but a plan is in development to meet this through the development of your BCF plan for 2016-17. 'No' should be used to indicate that there is currently no agreement in place for meeting this funding requirement and this is unlikely to be agreed before the plan is finalised.

- Please use column C to respond to the question from the dropdown options.

- Please detail in the comments box in row D issues and/or actions that are being taken to meet the funding requirement, or any other relevant information.

Funding Contributions Narrative

Eastern Cheshire CCG plans to retain its maximum ringfence as part of a risk share agreement whilst South Cheshire CCG does not plan to retain any. Figures still being worked up regarding additional pooling value from Cheshire East Council. Expenditure plan is incomplete and requires further updates and refining to separate out scheme lines particularly for integrated teams and intermediate care provision.

The final section on this sheet then sets out four specific funding requirements and requests confirmation as to the progress made in agreeing how these are being met locally - by selecting either 'Yes', 'No' or 'No - in development' in response to each question. 'Yes' should be used when the funding requirement has been met. 'No - in development' should be used when the requirement is not currently agreed but a plan is in development to meet this through the development of your BCF plan for 2016-17. 'No' should be used to indicate that there is currently no agreement in place for meeting this funding requirement and this is unlikely to be agreed before the plan is finalised.

- Please use column C to respond to the question from the dropdown options;

- Please detail in the comments box in row D issues and/or actions that are being taken to meet the funding requirement, or any other relevant information.

4. HWB Expenditure Plan

This sheet should be used to set out the full BCF scheme level spending plan. The table is set out to capture a range of information about how schemes are being funded and the types of services they are providing, which is required to demonstrate how the national policy framework is being achieved. Where a scheme has multiple funding sources this can be indicated and split out, but there may still be instances when several lines need to be completed in order to fully describe a single scheme. In this case please use the scheme name column to indicate this. On this tab please enter the following information:

- Enter a scheme name in column B;
- Select the scheme type in column C from the dropdown menu (descriptions of each are located in cells B71 - C78); if the scheme type is not adequately described by one of the dropdown options please choose 'other' and give further explanation in column D;
- Select the area of spending the scheme is directed at using from the dropdown menu in column E; if the area of spending is not adequately described by one of the dropdown options please choose 'other' and give further explanation in column F;
- Select the commissioner and provider for the scheme using the dropdown menu in columns G and J, noting that if a scheme has more than one provider or commissioner, you should complete one row for each. For example, if both the CCG and the local authority will contract with a third party to provide a joint service, there would be two lines for the scheme: one for the CCG commissioning from the third party and one for the local authority commissioning from the third party;
- In Column K please state where the expenditure is being funded from. If this falls across multiple funding streams please enter the scheme across multiple lines;
- Complete column L to give the planned spending on the scheme in 2016/17;
- Please use column M to indicate whether this is a new or existing scheme.
- Please use column N to state the total 15-16 expenditure (if existing scheme) This is the only detailed information on BCF schemes being collected centrally for 2016-17 but it is expected that detailed scheme level plans will continue to be developed locally.

Scheme Type	Description
Reablement services	The development of support networks to maintain the patient at home independently or through appropriate interventions delivered in the community setting. Improved independence, avoids admissions, reduces need for home care packages.
Personalised support/ care at home	Schemes specifically designed to ensure that the patient can be supported at home instead of admission to hospital or to a care home. May promote self management/expert patient, establishment of 'home ward' for intensive period or to deliver support over the longer term. Admission avoidance, re-admission avoidance.
Intermediate care services	Community based services 24x7. Step-up and step-down. Requirement for more advanced nursing care. Admissions avoidance, early discharge.
Integrated care teams	Improving outcomes for patients by developing multi-disciplinary health and social care teams based in the community. Co-ordinated and proactive management of individual cases. Improved independence, reduction in hospital admissions.
Improving healthcare services to care homes	Improve the quality of primary and community health services delivered to care home residents. To improve the consistency and quality of healthcare outcomes for care home residents. Support Care Home workers to improve the delivery of non-essential healthcare skills. Admission avoidance, re-admission avoidance.
Support for carers	Supporting people so they can continue in their roles as carers and avoiding hospital admissions. Advice, advocacy, information, assessment, emotional and physical support, training, access to services to support wellbeing and improve independence. Admission avoidance
7 day working	Seven day working across health and/or social care settings. Reablement and avoids admissions
Assistive Technologies	Supportive technologies for self management and telehealth. Admission avoidance and improves quality of care

Sheet: 5. Health and Well-Being Board Better Care Fund Metrics

Selected Health and Well-Being Board:
 Cheshire East
 Data Submission Period:
 2016/17
 HWB Metrics

This sheet should be used to set out the Health and Wellbeing Board's performance plans for each of the Better Care Fund metrics in 2016-17. This should build on planned and actual performance on these metrics in 2015-16. The BCF requires plans to be set for 4 nationally defined metrics and 2 locally defined metrics. The non-elective admissions metrics section is pre-populated with activity data from CCG Operating Plan assumptions for all contributing CCGs, which has been mapped to the HWB Report to provide a robust HWB level NEA activity plan for 2016-17. There is then the option to adjust this by indicating how many admissions can be avoided through the BCF plan, which are not already built into CCG operating plan assumptions. Where it is decided to plan for an additional reduction in NEA activity through the BCF the option is also provided within the template to set out associated risk sharing arrangements. Once CCG have made their second operating plan activity updates via UHFV this data will be populated into a second version of this template and sent back in time for the second BCF submission. At this point Health and Wellbeing Boards will be able to amend, confirm, and comment on non-elective admission targets again based on the new data. The full specifications and details around each of the metrics is included in the BCF Planning Requirements document. Comments and instructions in the sheet should provide the information required to complete the sheet.

Further information on how when reductions in Non-Elective Activity and associated risk sharing arrangements should be considered is set out within the BCF Planning Requirements document.

5.1 HWB NEA Activity Plan

- Please use cell E43 to confirm if you are planning on any additional quarterly reductions (Yes/No)
 - If you have answered Yes in cell E43 then in cells G45, H45, I45 and M45 please enter the quarterly additional reduction figures for Q1 to Q4.
 - In cell E45 please confirm whether you are putting in place a local risk sharing agreement (Yes/No)
 - In cell E44 please confirm or amend the cost of a non-elective admission. This is used to calculate a risk share fund, using the quarterly additional reduction figures.
 - Please use cell E47 to provide a reason for any adjustments to the cost of NEA for 16/17 if necessary.

There is no data required to be completed on this tab. The tab is instead designed to provide assistance in setting your 16/17 plan figures for NEA and DTOC. Baseline 14/15, plan 15/16 and actual 15/16 data has been provided as a reference. The 16/17 plan figures are taken from those given in tab 5. HWB Metrics.

For NEAs we have also provided SUS 14/15 Baseline, SUS 15/16 Actual and SUS 15/16 FOT (Forecast Outturn) figures, mapped from the baseline data supplied to assist CCGs with the 16/17 shared planning round. This has been provided as a reference to support the new requirement for BCF NEA targets to be set in line with the revised definition set out in the "Technical Definitions" and the "Supplementary Technical Definitions" at the foot of the following webpage:

14/15 baseline and plan data has been taken from the "Better Care Fund Revised Non-Elective targets - Q4 Playback and Final Re-Validation of Baseline and Plans Collection" returned by HWB's in July 2015. The Q1 15/16 actual performance has been taken from the "Q1 Better Care Fund data collection" returned by HWB's in August 2015. The Q2 actual performance 15/16 and the Q4 15/16 plan figure have been taken from the "Q2 Better Care Fund data collection" returned by HWB's in November 2015. Actual Q3 and Q4 data is not available at the point of this template being released.

SUS 14/15 Baseline, SUS 15/16 Actual and SUS 15/16 FOT (Forecast Outturn) figures were mapped from the baseline data supplied to assist the CCGs with the 16/17 shared planning round.

Over the last year the monitoring of non-elective admission (NEA) activity has shifted away from the use of the Monthly Activity Return (MAR) towards the use of Secondary Users Service data (SUS). This has been reflected in the latest planning round where NHS England, Monitor and TDA have worked with CCGs and providers to create a consistent methodology to enable the creation of consistent NEA plans. The SUS CCG mapped data included here has been derived using this methodology. More details on the methodology used to define NEA can be found in the "Technical Definitions" and the "Supplementary Technical Definitions" at the foot of the following webpage:

6. National Conditions

This sheet requires the Health & Wellbeing Board to confirm whether the eight national conditions detailed in the Better Care Fund Planning Guidance are on track to be met through the delivery of your plan in 2016-17. The conditions are set out in full in the BCF Policy Framework and further guidance is provided in the BCF Planning Requirements document. Please answer as at the time of completion. On this tab please enter the following information:

- For each national condition please use column C to indicate whether the condition is being met. The sheet sets out the eight conditions and requires the Health & Wellbeing Board to confirm either 'Yes', 'No' or 'No - in development' for each one. 'Yes' should be used when the condition is already being fully met, or will be by 31st March 2016. 'No - in development' should be used when a condition is not currently being met but a plan is in development to meet this through the delivery of your BCF plan in 2016-17. 'No' should be used to indicate that there is currently no plan agreed for meeting this condition by 31st March 2017.

- Please use column C to indicate when it is expected that the condition will be met / agreed if it is not being currently.

- Please detail in the comments box issues and/or actions that are being taken to meet the condition, or any other relevant information.

National Conditions For The Better Care Fund 2016-17	Does your BCF plan for 2016-17 set out a clear plan to meet this condition?	Please detail in the comments box issues and/or actions that are being taken to meet the condition, or any other relevant information.
1) Plans to be jointly agreed	No - in development	Plans will be jointly agreed and papers to HWB are scheduled.
2) Maintain provision of social care services (not spending)	No - in development	To be agreed
3) Agreement for the delivery of 7-day services across health and social care to prevent unnecessary non-elective admissions to acute settings and to facilitate transfer to alternative care settings when clinically appropriate	No - in development	Likely to be achieved as a result of work initiated in 15/16
4) Better data sharing between health and social care, based on the NHS number	No - in development	Likely to be achieved as a result of work initiated in 15/16
5) Ensure a joint approach to assessments and care planning and ensure that, where funding is used for integrated packages of care, there will be an accountable professional	No - in development	To be delivered through integrated teams - currently partly in place.
6) Agreement on the consequential impact of the changes on the providers that are predicted to be substantially affected by the plans	No - in development	Consensus required across the Pioneer geography
7) Agreement to invest in NHS commissioned out-of-hospital services	No - in development	Awaiting technical guidance
8) Agreement on a local target for Delayed Transfers of Care (DTOC) and develop a joint local action plan	No - in development	Awaiting technical guidance
