Dear Sir/Madam

**Re – Knutsford Masonic Club, Leicester Warren Hall,
Bexton Lane, Knutsford, Cheshire, WA16 9BQ
(Application for review of a premises Licence)**

I refer to our letter of 16th October 2017 (copy enclosed), recording our opposition to the increased level of music and general noise coming from the above premises.

Since our last letter, the music and noise has increased way beyond what would be properly expected from a Masonic Lodge function Room and shouting is a regular occurrence at the weekends well into the night.

This is a Masonic Lodge and NOT a Commercial Wedding Venue and as such we object strongly to the proposed escalation and effective change of use of the premises to a Commercial Wedding Venue.

This rural corner of Knutsford is no place for uncontrolled disturbance to its Residents.

We strongly object to these premises being granted an unrestricted Licence to both continue and even worse, increase the serious disturbance and sleep deprivation that is being endured by us as residents.

Yours sincerely

To Whom It May Concern

Dear Sir/Madam

RE – LEYCESTER WARREN - NOISE INTRUSION

I and my wife would like to record our opposition to the increased level of music and noise in general coming from the above premises.

We have lived at [REDACTED] for the past 25 years and have noticed a distinct increase in noise levels on particularly Saturday nights and now more recently Fridays also.

We believe that it is reasonable to grant a licence to a Masonic Lodge, but it should be for the purpose intended for the members and visiting guests from other lodges.

This lodge appears to rent the premises out on a commercial basis for all kinds of Functions and with no controls on noise levels nor any consideration for neighbours.

Whilst one might expect this in a town centre Public House, there is no place for it in this rural corner of Knutsford .

Our house is approximately 250 yds as the crow flies from the premises and we are now regularly disturbed by loud music and people shouting.

Yours sincerely
