#### **6 COVID-19 - UPDATE FROM ADULT SOCIAL CARE, COMMUNITIES AND PUBLIC HEALTH**

The committee considered a report on the impact of Covid-19 on the wider care sector in Cheshire East to date, including outbreaks, impacts to service delivery and testing. It also updated members on the actions taken by the council to support the sector and minimise the impacts of Covid-19 on service users and staff.

The committee acknowledged the hard work and dedication from all staff that had supported the council's response to Covid-19.

Members asked a variety of questions regarding the immediate impacts of Covid-19 to people in the adult social care system, as well as the steps the council had taken to ensure that it had sustainable plans in place to support service users for the long-term through the pandemic.

Following discussion on the financial implications of Covid-19 to the adult social care sector, the committee agreed that, in addition to the Children and Families Overview and Scrutiny Committee, it would refer any review of these financial implications to a sub-group of the Audit & Governance Committee and Corporate Overview and Scrutiny Committee.

#### **RECOMMENDED –**

- 1 That the report be noted.
- 2 That all staff that had supported the council's response to Covid-19, be thanked for their continued hard work and commitment.
- 3 That the financial pressures faced by the council's adult social care system, created by the Covid-19 pandemic, be referred to a sub-group of the Audit & Governance Committee and Corporate Overview and Scrutiny Committee to review.
