As a resident of [REDACTED] - adjacent to this pub I am appalled to find that this application is is being considered for approval this Friday. None of us have been asked for our input, indeed we did not know about it until yesterday. Why haven't the local residents included in this? No notices have been seen in the area.

Since the pub has reopened it has been a source of late night noise profanity intoxication and antisocial behaviour, particularly on Friday and Saturday nights. It is obvious that drugs are being used, the smell wafts across from the car park. As we have a cut through at the [REDACTED] of our cul-de-sac, it is often used by drinkers returning late at night. I hear from the neighbours that vehicles have been damaged and urinated on. The police are aware of the present transgressions and have urged us to keep them aware of future events. If the pub cannot control the external activities of their drunken or drugged up customers with the present licence, they certainly won't care about doing so in an enlarged outside serving area. This ridiculous idea must be quashed.

The licensee wishes to use the car park for all sorts of activities unconnected with the business, and serve food and alcoholic drinks till quite late. They want to attract people to their Christmas or Farmers Markets, Bonfire Night, Car Boot Sales and no doubt more. At present, any of those activities will not be 'Socially Distanced' occasions will they? Also, if the car park is being used for 'retail', where will the customers park? My guess is, on the narrow roads of our estate! As such, this part of the application must be turned down too.
