To whom it may concern,

I am aware that the 8 Farmers at 104 Parkers Road CW1 4PY, has applied for a variation to change the external layout of the premises. To permit the sale of alcahol late night refreshment externally.

My partner [REDACTED] and I have lived on [REDACTED] for almost 4years. In this time our outside space, wellbeing and surrounding area has been totally blighted by this public house and its customers with total disregard for its neighbours.

Noise until all hours of the morning with loud foul language, loud music very late. Patrons using the close as a public toilet, smashing bottles and glasses passing through. The landlord / landlady are flouting laws already with people drinking late into the night / morning. I work nights and return home at 04:00 and it is not uncommon for me to still hear / observe patrons speaking loudly and slamming car doors in the car park at that time and driving away.

This public House and it's clientele currently flout laws and respect for its neighbours. It refuses to comply with regulations. It is a public nuisance and a danger to public safety as there is regular fighting and criminal damage and anti social behaviour.

At times there is a strong smell of illegal substances. Police are called regularly .

There is no evidence of social distancing in these difficult times.

The noise levels and language from this pub has a negative impact on our quality of life every day.

For these reasons I strongly object to any changes to allow it to become a bigger blight on our lives.

I actually would go further and recommend this pub closes as its landlord / lady cannot control what they have in times of social distancing and responsible drinking and noise pollution.

Kind Regards

[REDACTED]
