PC Bassirat advised that the issues can't continue and that the police will be putting the premises on an action plan, the actions were summarised and they were advised PC Bassirat would take the paper work tomorrow Friday. Neil advised Matt not to come when customers in the premises.

PC Bassirat advised the police would visit at times when customers there to see how things are managed, he also advised that patrols may monitor to ensure the pub was closed at appropriate time.

Allegations of lock-ins, Jayne asked a lot of hypothetical questions suggesting the allegations may have some substance.

They were challenged about allowing people in who may cause trouble + suggesting joining pubwatch, however the conversation did not instill confidence that they would refuse entry to anyone on a pubwatch list as Neil could not understand why he should refuse someone who hadn't caused any trouble in his premises.

Actions for action plan agreed, L+H to write up and send to PC Bassirat who will take to premises for signature on Friday 7/8/20
